

THE BELL FARM WELL Still Producing Nearly Twelve Hundred Barrels of Oil a Day. A SMALL WELL SHOWING AT MOON. Several New Locations Made in the Northwest End of Wildwood. THE PRICE OF PIPE MAY BE ADVANCED

The interesting feature of the new field reports yesterday was from the Orion Oil Company's well on the Bell farm, at McCurdy, showing an increase in production to a big figure, and last evening was putting from 45 to 50 barrels an hour in the tanks. It is an exception in the field with its production for the first 24 hours, and the remarkable manner in which it is holding up. The other wells which have come in big in that territory have all dropped with surprising rapidity to a normal, or at best mediocre, output. This, it is alleged, is because the other big wells were surrounded by completed wells. The Bell farm well is alone in an immense territory, and therefore has a large amount of first-class rock to draw from. The owners were recently offered \$50,000 for the property. The offer was withdrawn, however, before any action had been taken on it.

The Other McCurdy Wells. McCurdy-Inhett, Shirley and the Fisher Oil Company's No. 3, on the W. E. Riddle farm, which started off a couple of weeks ago at 80 barrels an hour, is down to 20 barrels a day. Their No. 2, on the same lease, which was delayed by the dropping of the casing, will be in production in a few days. The Bell farm well on the Andrews farm, near the Bell, which was expected to today, will have to be drilled 200 feet below its present level. Patterson & Co.'s well on the Harpina farm, on the western edge of the well, is on top of the sand and making a strong showing of gas. Black & Emerson have the rig completed for their well on the Harpina farm. Fisher & Wilson's well on the McCurdy site in the north end, which is making 20 barrels a day, is showing for a 300 barrel well.

In Wildwood Sand. Wilwood-Black & Co. have made a location on the Fox farm, northeast of the Babcock-Guffey & Kretzer No. 2, is through all sands and has 600 feet of oil in the hole. It made one small flow. The Smith Farm Oil Company's No. 2, on the same lease, is showing seven barrels an hour. The Metropolitan Oil Company's No. 2, on the Whitehill, is doing 30 barrels an hour. Fox & Greenlee's No. 2, on the Alston farm was shot yesterday, and is making 20 barrels an hour.

The Moon District. Moon-Forest Oil Company's No. 3 on the Getty farm is in the sand and showing light. The Kanawha Oil Company's No. 2, on the Meeks is due to-morrow. Boggs & Meachin's well on the William Springer, which was expected to reach the sand to-day, will not be in before the last of the week.

Drilling at Cliff Mines. Cliff Mines-The Fisher Oil Company's No. 6 on the Stewart farm is filled up 1,500 feet with oil. It is showing for a 40 or 50 barrel well. Their No. 2, on the William Adams is due this week. The Jefferson Oil Company's No. 2, on the Jeffreys' farm will make a 20 or 25 barrel pumper. The daily production at Cliff Mines from six wells is about 300 barrels a day.

The Butler District. The Fisher Oil Company has commenced a well on the Jack farm in the gold field territory.

That Hookston Well. Hookston-The Augustus Oil Company's well, on the John Kennedy farm, is doing between two and three barrels a day. It is looked upon as an edge well and the owners are preparing to drill another in the vicinity.

Pipe Makers to Meet. A meeting of the Executive Committee of the Wrought Iron Pipe Manufacturers' Association will be held at the Monongahela House to-day. The association will meet to-morrow. From sentiment expressed by the members it is probable that there will be a slight advance in the price on certain classes of pipe.

Personal. M. Compton, one of the leading executive officers of the Forest Oil Company, who has been lying critically ill at his home in Washington, Pa., from an attack of inflammatory meningitis, is convalescing. He was in Pittsburgh yesterday for the first time since his illness.

Colonel P. M. Shannon, the well-known producer, went to Bradford yesterday. He was formerly Mayor of the latter city.

R. Jennings, the veteran producer, is visiting his son, E. H. Jennings, of the Kanawha Oil Company.

Yesterday's Local Features. There was no oil market yesterday, there being no sales and no figures except a bid of \$7. Refined was unchanged. Average daily runs were 7,600; average daily clearers, 30,847. Clearers: June 1-Petroleum, 5,000; June 2, 110, 65c; 74 gasoline, 55c; 80 gasoline, 55c; 85 naphtha, 65c.

91c. City, June 1-National Transit Certificates opened at 95c; highest, 95c; lowest, 95c; closed, 95c. Sales, 100 barrels; clearances, 45,000 barrels; shipments, 10,000 barrels. Rule runs, 210,000 barrels.

Bladensburg, June 1-National Transit Certificates opened at 95c; closed at 95c; highest, 95c; lowest, 95c. Clearances, 20,000 barrels.

New York, June 1-Petroleum opened firm and moved up 3/8c on a few small buying orders, then reacted and sold off. Pennsylvania oil, spot, closing at 68c. July option—opening, 68c; highest, 68c; closing, 68c; total sales, 100,000 barrels.

SATISFACTORY PROGRESS.

Mr. Westinghouse Reports to the Annual Meeting of the Electric Company—More Than One-Half the Stock Has Been Deposited With the Mercantile Trust Company.

In Mr. Westinghouse's absence in New York, where he was detained by pressing business, Vice President Lemuel Bannister presided at the adjourned meeting of the Westinghouse Electric Company, in the Westinghouse building yesterday morning. There were about a dozen stockholders present, and the proceedings were exceedingly lengthy. Mr. Bannister presented a very encouraging report from Mr. Westinghouse on the progress of the plan of reorganization, as follows:

To the shareholders: Since the announcement on May 7 of the plan of reorganization, very gratifying progress has been made toward its consummation. In pursuance of the plan of reorganization, more than half of the stock has already been deposited with the Mercantile Trust Company, and the remaining stock is being secured in its complete possession.

The plan of reorganization adopted by the company has been very favorably received by both in New York and Pittsburgh, and they have provision for a 7 per cent annual preference upon the "assenting" stock legal and authorized by the Board of Directors.

Your officers take pleasure in announcing that the reorganization Committee, in pursuance of the plan of reorganization, have concluded an agreement with the United States Electric Light and Power Company, which will result in the purchase of the stock of that company, and the stockholders of this company, in the simplest and most expeditious manner, and with a minimum of expense.

Poems, Departments, etc.

HERE IS THE LATEST! This cut represents the very latest style of HAT out. It's something entirely new, and is extremely comfortable on the head. Altogether, there's no more becoming shape worn—look at it both trimmed and untrimmed—all colors now in stock. BARGAINS IN RIBBONS! If in need of ribbons you'll consult your best interests by examining our stock and prices without delay. We are selling an excellent gface ribbon this week at 33c per yard that good judges say is well worth 65c. Better come soon. The shades are all choice, but this is too good a bargain to last long. ANOTHER SPECIAL! See our full three inches wide No. 22 pure silk gros grain ribbon with satin edge in all the most desirable shades—white, pink, light blue, mauis, lilac, gobein, old rose, mousse, cardinal, brown, coral, etc. This ribbon is selling all over at 38c per yard; our price is 23c. It is of this season's manufacture and a first-class ribbon in all respects. Send for samples and make comparison. The display of flowers here is the largest and most select in the city. The stock is replenished daily, and includes many exclusive novelties. Stistles, pompons aigrettes, quills, chrysanthemums, clover and morning glories in choicest shades.

HATS, TOQUES AND BONNETS. For fine Millinery at moderate prices this establishment has long been the recognized headquarters. This season we are as heretofore abreast of all competitors. Our line of hats, toques and bonnets is complete, and every shape on which Dame Fashion has set her seal of approval can always be found here. LEGHORN HATS: The nicest in the city at 50c, and the very finest imported at \$1 75. Every quality between these prices in white and black. TRIMMED HATS: The variety shown is great, the stock is strictly fresh, and, what is more, there are no fancy prices to scare customers away. We can in all sincerity say to patrons and friends that the values offered in our Millinery Department can't be duplicated in these two cities. Other houses may advertise "clearance" sales, but when it comes down to hard figures our prices are invariably the LOWEST.

EPPS'S COCOA. BREAKFAST. "By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which will save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure Cocoa and a properly nourished frame."—Chief Surgeon General. Made simply with boiling water or milk. OTHER VICTORIES. A Miner's Troubles Are Successfully Ended. NOTABLE RESULTS. The most prevalent disease of this climate is catarrh. It has only been treated scientifically a few years, and but few doctors have fitted themselves to successfully treat the disorder. Those who have charge of fees, consequently a man with a moderate income is unable to incur the expense such treatment would necessitate. Drs. Copeland and Blair's treatment of all catarrhal diseases of the eyes, ear, throat, etc., is acknowledged absolutely pre-eminent. The results are always successful in curable cases, and the charges the most reasonable, so much so that it is placed within the reach of all sufferers. Mr. Michael McMarra, a miner, employed at the Robinson mines, living at Glenshaw, Pa., says: "I have been a terrible sufferer for over a year. Constant pain in the head. Was afflicted with dizziness. Had ringing in the ears. My throat was raw and sore. Pain in the chest. Sometimes dull, other times sharp. Always coughing and spitting. Had no appetite. Just as tired in the morning as when I retired at night. Had to lay off work. Consulted several doctors. They all told me that I could get no relief until I tried Copeland and Blair's treatment. To-day I am feeling well in every way."

Mr. John Robt. living at 1830 Howard street, E. E. says: "I suffered terribly for over four years from catarrh trouble. I could get no relief until I tried Copeland and Blair's treatment. To-day I am feeling well in every way."

Mr. George Brown, residing on Murphy street, this city, says: "I was troubled with catarrh for over a year. Doctors could give me no relief. Today, after treating with Drs. Copeland and Blair, I feel like another man, perfectly restored to health."

Mrs. Walker, living at 309 Locust street, McKeesport, Pa., says: "My son, Jesse, had suffered for nearly eight years. I consulted many physicians, but they could give no hope. I thought he must surely die. Drs. Copeland and Blair's treatment cured him."

Mr. P. A. C. Beavers, who lives at Wilkinsburg, and employed at the Union Switch and Signal Company, at Swissvale, Pa., says: "My catarrh troubles were hereditary. My constitution was undermined until I was little better than a dead man. Drs. Copeland and Blair's treatment saved my life. The best I could say would not do these specialists half justice. Their treatment saved me from the grave."

Mr. R. M. Anderson, of Haysville, Allegheny Co., Pa., says: "I suffered for years. Could get no relief. Drs. Copeland and Blair's treatment relieved my sufferings. I am a well man—as well as could be expected of a man 74 years of age."

Drs. COPELAND and BLAIR have established a permanent office at 66 Sixth avenue, Pittsburgh, Pa., where all curable cases will be successfully treated. Office hours, 9 to 11 A. M., 2 to 7 P. M., and 7 to 9 P. M. (Sundays included). Specialties—Catarrh and all diseases of the eye, ear, throat and lungs, chronic diseases. Consultation free. Many cases treated successfully by mail.
