1 MOVE AGAINST JUNKETING

Lay Preachers.

DETROIT, June 2.-The General Assembly assed to-day in hearing various resolutions, loing unfinished business and in rambling discussion, at the close of which it dis-solved. Many of the commissioners had cone home and those who remained were veary and impatient of long addresses. usiness done was mostly routine. Talk juside consisted in reviewing the acts of the Assembly. It was agreed that the Briggs ase had been disposed of as far as the Assembly was concerned.

The committee of conference with the

Union Seminary trustees, consisting of such stalwarts as Drs. Patton, Wm. H. Robertsand McIntosh, and such liberals as Drs. Johnson, McCail, Moore, Alexander, Junkin and McCook on the one hand and Durant and McCook on the one hand and Durant and Mctchum on the other, with Spence and Broadwell, will have the more serious work o do. It is believed that the Board of Publication is out of the ring for five or six years at least.

trips to Oregon. A movement is practically naugurated by this Assembly to abolish several of the committees that stand from year to year. The vacancy supply and ministerial adjustment scheme has been smothered. The increase of the ministry project, by letting down the bars, escaped only in part for another year. Upon the whole the Assembly regards itself, as every one has for 8 years, the most important Assembly since

congratulated the Assembly on having done such important work in settling great and fundamental questions pertaining to the very life of the church. He alluded tenderly to the deaths of Dr. Van Dyke and Judge Breckenridge during the session of this Assembly.

Breckenridge during the session of this Assembly.

A telegram of congratulation was read from the Synod of the German Reformed hurch. The following were elected members of the Board of Church Erection: The Rers. David McGee, Elders Robert Jaffray, Hezekiah King, R. H. P. Vall and John J. McCook. The Rev. J. W. Torrence reported back the resolutions on worldly amusements with the words which referred to the use of discipline stricken out. Rev. James Lewis remarked that the game of progressive euchre and run its course and the Assembly was too into in acting, so that part was stricken out and the report left general in its terms and adopted. A Good Financial Showing.

The Committee on Finance reported that all the funds of the Assembly had been cared for in a most business-like manner, and that the interest received had more than paid the salary of the Treasurer. The balance on hand in the treasury of the Assembly and meral funds held by trustees is \$505,117 10. The Finance Committee reported that the backsonville, Fia., church, worth \$25,000, was inble to be lost, and that the Assembly owed he church \$10,000, but the church would take 87,500, and it was ordered to pay that amount, as it was a debt which the Assembly was in honor bound to meet. A committee of five was appointed to collect the funds to pay the

debt.
The Committee on Systematic Benevolence reported that there had been a steady increase in the amount given to benevolent objects. The total amount given during the year was \$2.653,751, an increase of \$229,000 for car was \$2,553,751, an increase of \$229,000 for be year. It was recommended that the committee be continued with Rev. Rufus F. freen as Chairman; that the expenditures of be committee be limited to \$500; that all resbyteries have each object presented to he churches, so the opportunities should be tiven to all to contribute to every branch of tork of the church. The report was ac-

work of the church. The report was believed and adopted. The Rev. Joseph T. Smith, Chairman of the committee on Church Unity, reported progress, and was continued for another year. The Rev. James Lewis presented the report of the Committee on the Increase of the Min-arry, recommending certain changes in the ales governing the reception of ministers from other denominations into the Presby-

guite a heated debate, but was sent over to the next Assembly as being too important a question to be settled in the closing hours of this. The committee also recommended that the patronizing of denominational schools be urged as a means of recruiting for the ministry, and that ministers be sent to the various colleges to urge young men to enter the ministry. The recommendation was adopted.

the ministry. The recommendation was adopted.

The Rev. John L. Nevins, from the Committee on Concert of Prayer, recommended that the last Thursday in January be fixed for a general day of prayer. Adopted. It was recommended that the week of prayer be not changed from the first week in January, as established in the Evangelical Allisnee. It was agreed that business interfered with the week of prayer being held the first week in January. The Rev. C. A. Dickey said he was married in what is now the week of prayer, and had never been able to celebrate his wedding anniversary, not even his silver anniversary. The whole matter was sent to the Evangelical Allisnee, so that definite action by all denominations could be had, with the view of changing the date. It was suggested that the time when the Episcopal and Catholic Churches hold the services of Lent would be a good time to hold the week of prayer.

The Committee on Mileage reported receipts from the mileage entertainment and contingent fund of \$51,725 97. The balance left, after paying all bills of the present Assembly, was \$0,02 84.

Assessment for the Year. the mileage fund for the past three years be excluded from the benefits of the surplus und in going to Portland next year. The committee to whom was referred the matter of holding a general missionary conference, reported that it was inexpedient to hold such a meeting. The matter was disposed of by referring it to the secretaries of the Home and Foreign Missionary Boards.

John J. McCook was elected Treasurer of the General Assembly. The Moderator announced the following committee to consult with the directors of Union Seminary: The Revs. F. L. Patton, J. H. Worcester, Jr., W. E. Moore, W. H. Roberts, S. J. Nicholis, George Alexander, Herrick Johnson, John I. McCook, Russell Murdock, George Junkin, John J. McCook, Russell Murdock, George H. Ely, Samuel I. Broadwell, Edward P. Durant, George Ketcham.

The Assembly then dissolved.

commands a large sale and gives genuine satisfaction. It is an excellent preparation and cheap." Mr. Dyer purchased a bottle, and the next day when we saw him he said he was much better, and the day following appeared to be entirely restored. This is a specimen of the effectiveness of this preparation.—Des Moines Mail and Times. ws
