YESTERDAY'S ASSOCIATION GAMES. .13 Louisville. ...... 2 ...11 Baltimore.

[SPECIAL TELEGRAN TO THE DISPATCH.] PHILADELPHIA June 3 -- Palmer O'Neil's all-star combination of ball players arrived

was in the box, and he was given a most cordial re ption, every one of Harry Wright's young men hitting him safely at least once. Clements especially showed a lamentable want of respect for old age, making a home run, a triple, and a double, and Hamilton and Thompson also made three hits each.

While the Phillies were hammering Galvin in this satisfactory style, the Pittsburger were laboring in vain to connect with Thornton's delivery, and it was not until the seventh that they succeeded in making more than one hit in the same inning.

### Kept the Fielders Busy.

The fielders of both teams were kept bus in handling the many chances offered, but notwithstanding there were only two plays that produced any marked applicase from owd. Both sides scored in the first he Phillies making one on doubles by Delahanty and Thompson. Beckley got around for Pittsburg on a base on balls, Browning's ingle to center, which was fumbled by Mayer, and Carroll's out. In the second, Mayer reached first on balls, went all the way to third on Galvin's wild throw to eatch him napping, and scored on Allen's care him impling, and scored on Alten's cour. Pittsburg should have counted in the second. Hanlon led off with a three-harger. Berger was thrown out by Albre, who held Hanlon started in. The latter was finally run out and Reilly, who essayed to go to second, was thrown out by Shindle. o second, was inflown out by Shindle.
Hamilton was thrown out by Reilly,
inty, Shindly and Thompson made
in succession the first named scor-lyers fouled to Mack. Then Clements

## And Still They Scored.

In the fourth Allen was sent to first on ils and Thornton followed with a single, both scoring on Hamilton's two-lineser to left center. Delahanty hit to Reilly and that uncertain youth made a wild throw. Shindle contributed a single and Hamilton scored, Delaimanty taking third. Thompson was thrown out by Berger and Delahanty was caught napping at third by Galvin. Myers followed with a double and Shindle came in. Clements struck out. In the sixth Hamilton reached second on a muff by Hanlon and cored on Thompson's single. Clements riple and Mayer's single earned a run in the enth and another was made in the eightly on Myers' single and Clements' double.

The Pittsburgers unde two in the seventh. Handon opened with a single and Berger struck out. Reilly was sent to first on balls: A wild pitch advanced Handon and Reilly each a base. When Galvin came to bat he was given a handsome bouquet and Fred Carroll, who was coaching the third, sing out, "Touch every base." Jeems lined a fly to center, which was taken to Mayer. Miber hit safely and Handon scored. Beckley pat a single into left and Reilly scored. Browning closed the landar with a fly to Hamilton. Attendance, 2,315. ## PALMER WILL JOIN THEM.

Wrong With the Boys. President O'Neil will leave for Philadelphia t: is evening to try and find out what is wrong with the local sluggers. He will likely remain with the team until they return

The resolve of the directors to send the President to investigate matters is certainly a wise one; indeed, there was probably a slight lack of judgment in not keeping President O'Neil East with the team when he was there. Of course, defeats, as a rule, always produce a desire for the overhauling of som thing, and it is well that it is that way.
The very bad defeats recently suffered by The very bad defeats recently suffered by the best team ever sent out of Pittsburg have naturally caused all kinds of rumors to be in circulation. One rumor yesterday was to the effect that everything was not going smoothly along among the boys; but President O'Neil gives no credence at all to this report. He is inclined to believe that the team has run into a streak of very hard luck. Whatever may be the cause of their wretened playing, the fact remains that they must do better. Certainly the best team in the world are likely to make a series of very miserable exhibitions, just as did the great D-croits and the Giants.

But efforts to secure improvement must oc

miscrable exhibitions, just as did the great Decroits and the Giants.

But efforts to secure improvement must or made at once, and the first thing that should be done is to send President O'Neil East to inquire into the matter, as suggested in yesterday's Disparch. The team are on a very big trip in all respects, and it is hardly reasonable to expect that Manager Hanlon can do himself, the directors or the public justice in thoroughly looking after everything. Beyond all, he has himself to keep in condition to play, and when to that is added that he has the finances, traveling and hotels and all the players to look after, it will readily be seen that he has too much to do. He is a Trojan for work, and may think he is equal to the task, but help will certainly be beneficial to all concered.

Notwithstanding yesterday's defeat President O'Neil is confident of the team's returning home in a very high position. Two or three straight victories will make a great change, and it may be that the tide of ill-luck will turn to day.

## A PLAIN CHALLENGE

Manager Thompson, of the Climax Team Calls the Wilmerdings Down. W. M. Thompson, manager of the Climax and left the following business-like chal-

"The manager of the Wilmerding team has repeatedly stated that his team can defeat my team, the Climax. I visited the Wilmermy team, the Climax. I visited the Wilmer-ding manager to-day and could get no satis-faction relative to a match. Now I will test him. I now put up a forfeit of \$25 to match the Climax team to play a ball game against the Wilmerding team for \$50 or \$100 a side. Any suitable date will do for me. I await the reply, through The Dispayen, of the manager of the Wilmerdings. I mean business."

### New Grounds at Wheeling. [SPECIAL TELEGRAM TO THE DISPATCH, ]

WHEELING, June 3.-The management of the home ball club have at last secured suit the home ball club have at last secured suitable grounds where their team can play during the sames in the Ohio Valley League scheduled for this city. Up to date the several games intended for this city have been abandoned, owing to lack of a suitable locatiou. The lumber used on the old grounds on the island will be removed to fite new location, and in order to defray the expenses a number of season tickets will be offered for sale at \$5 each.

Baseball Notes. AND the Old Sport was the victim yesterday. We are down to our accustomed place, but we won't stay there. THE Glants have won ten out of the last 12 games BIERBAUER will leave for New York Saturday evening, and play on Monday.

In no championship contest has the race ever been so close and exciting as it is this year. If is very piain to see that the great cause of our cam's last two defeats lay in the pitcher's box. THE Giants are evidently getting into line to lay Anson and his youngsters low when they meet. Ir may safely be said that both King and Bald-win do better work when they pitch nearly every other day.

The idea of sticking to the old-fushioned custom of pitting pitchers in to pitch because it is their turn is a very foolish one.

THE Minersville Grays want to play any "i7 year-old" team in the two cities, Address M. M. Wilson, Mahon avenue, city. T<sub>4</sub> < Red Diamonds would like to play any local tent whose members are under 15 years of age. Ad-dre - J. B. O'Nell, 6 Crawford street,

A NATCH game will be played between the mem-bers of the Concordia Club and a picked nine at Exposition Park to-morrow afternoon. ZIMMER, of the Clevelands, has caught in 2 games, all but six that his team has played. He is one of the most earnest, conscientious players in the profession.

Some Crooked Work Folled at the Baltimore Trotting Meeting-The Race for the Big Stake Unfinished After Lively Contests-The Runners on Eastern and Western Tracks.

ISPECIAL TELEGRAM TO THE DISPATOR 1 BALTIMORE, June 3.-Trotting had quite a revival here this afternoon, the Pimlico stake for 2:30 horses proving a great drawing card, and some 5,000 people patronized the sport. They did not see the stake finished, dark. Of the 12 that came out for the big purse only five were left in the seventh heat, and one of these, Number Seven, who carried a lot of money, got distanced. The contest caused some of the liveliest pool selling ever seen here, and a very palpable job developed during its progress. The sum-maries follow:

Proud flesh has formed about the hoof, and it may be months before he is fit to gallop. I don't intend to race him at this meeting. He will remain idle until the fall, when I shall send him East." This is unfortunate, as Huron in public form showed himself the equal of the best 2-year-olds out this season.

## MISCELLANEOUS SPORTS.

A Little More Trouble for Luther Cary on Account of His New 220-Yard Record-Mr. Avery Makes a Statement About the

NEW YORK, June 3 .- Luther Cary is a phe omenal sprinter, and has done some wonderful work on the track. It is unfortunate the fact, however, that his attempts to break records have always been so burdened with suspicion of inaccuracy or trickery as to engender a feeling of distrust in the athletic community. It aprears that his last great feat in the 220-yard run, in which he is credited with lowering the world's record to 21½ seconds, rests or a rather shaky foundation, and while the the record seems liable to be accepted, still it will always be regarded be accepted, still it will always be regarded with a certo'n amount of distrust. The time of the onal heat was originally given out at 21 s. Late on Saturday night C. C. Hughes see a communication to the press setting Lindt that the correct time was 21½ that there were four official timekeepers—Messrs. Avery, Hughes, Robertson, 21½, and Reed, and that their watches registered as follows: Hughes, 213-5; Robertson, 21½, and Reed, and that their watches registered as follows: Hughes, 213-5; Robertson, 21½, and Reed, 214-5. Mr. Avery's time was not given, for the reason, as stated in Mr. Hughes' communication, that he (Avery) had forgotten to inspect his watch when he started it. According to rule, the middle time of 21½ seconds was taken. William B. Curtis, who was referee of the games, was asked concerning the matter, and replied:

"Yes, I announced 21½ seconds as the official time, but that was the extent of my duty. The timers settle on the time between themselves, and I simply announce what they agree on." affair. At the close of the heat, and before the time was announced, George W. Carr and F. W. Janssen were standing convers-ing, when approached by Timer Avery. What happened is related by Mr. Janssen as follow:

What happened is related by Mr. Janssen as follows:

"What was your time?" said Mr. Carr, addressing Mr. Avery.

Avery—It was 22 1-5.
Carr—Why don't you put it in?

Avery—Oh, it's no good. I didn't look when I started.

Carr—Well, put it in anyway.

Avery—Well, I can't do it now. I haven't got it. I turned the hands back.

It can be readily seen that had Avery turned in his time Cary would not now be credited with the world's record for 220 yards. In the event of Avery's time being taken, the time submitted would have been: Hughes, 21 3-5; Robertson, 213; Reed, 21 4-5; Avery, 22 1-5. Any equalization of those four records would have increased Cary's time.

It is interesting to note that Robert Stoll, E. C. Carter and other good timers, held watches on the heat and made the time 21 4-5 seconds.

## SOME NEW YORK GUSH.

A Few Funny Statements About How Easily Darrin Defeated Priddy. (SPECIAL TELEGRAM TO THE DISPATCH, 1

New York, June 3.-Harry Darrin, the English professional runner, was interviewed at "Mart" Kirby's to-day in regard to a return match with Peter Priddy, Darrin looked very spruce since his return from the Smoky City, and the New York crowd must have brought back a pot of Pittsburg money, for it has been a continual round of pleasur

for it has been a continual round of pleasure since their return.
"Will I run Priddy another match?" queried Darrin, as he gave the barkeeper the familiar sign. "Well, I should think so. I'd like nothing easier, you know. There's only one thing in his challenge I object to, and that is the two months' time. Priddy, or any other runner, can get in condition this warm weather in a month, and I'll run him three miles for \$1,000 a side in a month, or have it a sweepstakes of \$500, open to Mc-

three miles for \$1,000 a side in a month, or have it a sweepstakes of \$500, open to McClelland, Grant or any other runner who may want to come in. If Priddy means business let him send a forfeit of \$50 to the Police Gazette and \$11 cover it."

Darrin won Saturday's race with ridiculous ease. He is a great "mud horse," for the mud was a foot deep in some parts of the track, while one puddle of water extended for 75 yards. There has been some comment on the apparently slow time, 17:40, but it was fast considering the condition of the track. Priddy set the pace as fast as he could, for he was well acquainted with Darrin's speed, and knew the latter could outsprint him at the finish. The Englishman stuck like a burr, however, and on the second mile took burr, however, and on the second mile took a turn at setting a fast clip. Priddy hung on, but the effort exhausted him, and in the stretch Darrin went away from him as if he was standing still. The Pittsburg talent bet the New Yorkers to a standstill, offering as high as 3 to 1 against Darrin at the close.

## THE EAST END GYM.

Great Progress Being Made by Its Athlete and Its Baseball Players. The East End Gymnastic Club is making the most remarkable success in every department con-nected with it. Its membership is increasing at a very rapid rate and its treasury is in a very healthy very rapid rate and its treasury is in a very healthy condition. Not only has the club expended \$800 in new grounds, but a very large sum of money is being spent on indoor improvements.

The club has particularly a good baseball team and they are out for the County League pennant. Without doubt, if all goes well, the ball team should make a good showing. But an interesting feature of the ball team is that arrangements are being made to pit them against the nine of the Allesheny Athletic Association. It is expected that the live teams will play a series of three games, and that the first will be played at Exposition Park on June 17. A contest of this kind would certainly be interesting and ought to attract a large crowd.

HOT FOR WHEELING SALOONS.

The Mayor and Solicitor Differ Over the

Number of Fines to Be Levied. WHEELING, June 3.-The fining of saloon recepers who kept open Sunday still goes on though there appears to be a difference of opinion between the Mayor and City Solicitor as to the number of times a saloon keep er can be fined for the same offense. The latter says a man can be fined for every offense, while the Mayor only fined the de-fendants on one case, and dismissed the

others.

Mayor Scabright still maintains his position is the proper one, and that it would not be right to inflict more than one fine for selling on one day, though the selling is continuous. It is reported that the many saloon keepers who have been fined and compelled to close, are organizing to take active steps against the many saloons outside of town that are still kept wide open in defiance of the law.
