Important Advance—Other Features.

The local stock market yesterday was the

there was a vacancy on the board.

New York was steady and dull, the princi-

pal bull factor being a report of the settle-ment between the Chicago Gas Company and the city. The settlement is said to be

favorable to the company. No reduction will be made in the price to consumers until 1883. By 1898 the company contracts to reduce the price of gas to \$1. The city is to get 3½ per cent of the gross receipts, \$169,000 per year at the very least. The city is to withdraw all litigation. London was weaker.

draw all litigation. London was weaker. The Bank of England rate of discount was

The Chicago Gas Settlement and the Reduction in the Bank of England Discount Rate-Interest Lost in the Mar-THE HOME ARTICLE IN THE LEAD.

ket When These Influences Cease. New York, June 18.-There were two in-The local stock market yesterday was the tamest of the month, not a single transaction taking place when the third call opened. There were five reporters and three brokers present. The usual number of the latter strolled in afterward, but as their orders and the market did not correspond, they did nothing but fan themselves. In the language of Capt. Barbour, there was a vacancy on the board. fluences which exerted a favorable effect upon the stockmarket. The announcement of a final settlement between the Chicago Gas Trust and the city, and the reduction of the minimum rate of discount by the Bank of England, as anticipated. The first of these showed a positive result in the very material advance in the price of the stock interested, but the latter failed to have any marked effect anywhere in the list. The fractional gains which marked the opening may be fairly attributed to it, but the higher prices were met by freer offerings and the gains were quickly neutralized, and with the completion of this movement all interest and animation in the market ceased.

The revealing continent on the street is

The prevailing sentiment on the street is now bullish, but the duliness makes the room element favor the short side, and the scalping of eighths and quarters makes up the bulk of the business now transacted and keeps the market within the

the bulk of the business now transacted and keeps the market within the narrowest limits. The interest in the Western stocks seems to be dying out, though St. Paul was again very active to-day, which, however, may be explained by the anxiety of the clique which now controls its movements to keep it prominent in the trading.

Confidence in the future is unimpaired, but the disposition to await developments of a more positive character than those of the last week prevents any new ventures, and, while holders are not inclined to surrender their stocks to the manipulation of the room element, no efforts are put forth to advance the prices of their specialties.

Railroad bonds were still very dull, but showed a firm tone in close sympathy with the share list, and most issues are slightly better to-night.

The following table shows the prices of active-stocks on the New York Stock Exchange yester-day. Corrected daily for The Disparct by Whitneys & Stephenson, oldest Pittsburg members of the New York Stock Exchange, 57 Fourth avenue:

THURBDAY, June 18.

Country Produce (Jobbing Prices)—Strawberry supply to-day was in excess of demand, especially Southern crop, and prices touched their lowest point of the season. A fair article sold as low as 5c per box, and the best home-raised berries were sold at loc per box. The general run of markets was 6 to 8c. Raspberries are in good supply and prices are lower. New Southern potatoes at East Liberty yards for the week:

PIG IRON IS QUIET.

The Northern Furnacemen Are Holding Stiffly at Quotations.

SOUTHERN IRON IS MORE ACTIVE.

No Very Heavy Orders for Steel Rails Coming to the Front.

SPECIAL TELEGRAM TO THE DISPATCH.] New York, June 18.—The condition of the fron and steel markets is reported as follows

'STATEFOR THE FOREIGN METAL MARKETS

American Pig-Sales agents agree in reporting the local pig from market as being very quiet. Northern furnacemen generally

porting the local pig irou market as being very quiet. Northern farancemen generally are reported to be holding stiffy at quotations. There has been a little more doing in Southern iron and there has been some inquiry for charceal brands. Northern brands are quoted at \$15 7,6815 to for No. 1; \$16 906 ft \$25 for No. 2; \$15 75,616 50 for No. 1; \$16 906 ft \$25 for No. 2; \$15 75,616 50 for No. 1; \$16 906 ft \$25 for No. 2; \$15 75,616 50 for No. 1; \$16 906 ft \$25 for No. 2; \$15 75,616 50 for No. 1; \$16 906 ft \$25 for No. 2; \$15 75,616 50 for No. 1; \$16 906 ft \$25 for No. 2; \$15 75,616 50 for No. 1; \$16 906 ft \$25 for No. 2; \$15 75,616 50 for No. 1; \$16 906 ft \$25 for No. 2; \$15 75,616 50 for No. 1; \$16 906 ft \$25 for No. 2; \$15 75,616 50 for No. 1; \$16 906 ft \$25 for No. 2; \$15 75,616 50 for No. 1; \$16 906 ft \$25 for No. 2; \$15 75,616 50 for No. 1; \$16 906 ft \$25 for No. 2; \$15 75,616 50 for No. 1; \$16 906 ft \$25 for No. 2; \$15 75,616 50 for No. 1; \$15 906 ft have become convinced that a large tonnage must be hauled for the new crops they will be in a position to buy more liberally for repairs. How light the production has been thus far this year is indicated by the Board of Control. The mills in the association, which include all, with the exception of the Colorado Works, a small concern relatively, shipped in the aggregate up to June 1, 337,255 gross tons of standard rails. The orders booked up to June 1 figure up 725,376 tons. During May the shipments were 110,390, at which rate it would take more than three months to work off present orders. The indications, however, are that the mills will run fuller in the near future. Last year the deliveries of the mills up to June 1 were 596,000 tons exclusive of the Allegheny Bessemer and the Colorado, while the sales footed up to 1,485,000 tons. This year is, therefore, far behind the record of 1590, so that unless there is a very decided change in the market in the next few months, the total shipments of steel rails of standard sections from works in the association are not likely to exceed 1,490,00 tons. If we reach this figure the mills will be forced to produce in the second Jaffort of the first six months.

From present indications the shipments of

half at a rate more than double that of the first six months.

From present indications the shipments of standard rais will not be much more than 450,000 gross tons by July 1. These indications have considerable bearing on the pig iron consumption during the second half of the year. Even at a moderate estimate of 1,400,000 tons of rails, the consumption of Bessemer pig for that industry must rise to about 1,600,000 tons in the second half as compared with barely 500,000 tons in the first half year. From the West come reports of somewhat more rapid buying in Bessemer pig during the past few days. Reports in the trade have it that at the last meeting between the coke interest and the Valley furnacemen a lending coke producer offered to take \$50 tons of Bessemer pig at \$16, and that this offer has been accepted in a number of cases. Quotations remain \$30.73@31.00 at tidewater.

Rail fastenings—We continue to quote fish-plates \$1,7001 75; bolt, \$2,0002 65, and spikes, 1 30@1 25, delivered.

Manufactured iron and steel—The collapse of the strike in the structural trade has led to a rush of orders to send forward material previously contracted for. While the majority of the mills had continued to roll on ity of the mills had continued to roll on part of their specifications, they have I been pressed during the current week, contracts of any magnitude have been cod during the past few days, but it is outed that considerable work is in sight, dge contracts are still being taken at y low figures, and much curiosity is wn as to who will secure the two largest actures now being figured out. The Allemy bridge contracts are still being taken nery low figures, and much curiosity is wn as to who will secure the two large actures now being figured upon. We not angles 1.662.180; sheared plates, 1.958 or trees, 2.4662.76c and beams and chan-

FOREIGN METAL MARKET.

Holders of Pig Iron Stock Waiting for Bet-

ter Prices to Be Offered Them. NEW YORK, June 18 .- The Iron Age thus reports the foreign metal markets: In London the movement in Scotch warrants has been moderate. Outside accounts appear to ave been settled to a great extent, and the syndicate that controls most of the stock seem inclined to hold for better prices, although the consumptive demand is quiet and the production increasing. There are now 16 Scotch furnaces blow-ing, and stocks in Connal's stores amount to 514,000 tons. The stock of mount to 514,000 tons. The stock of leveland warrant iron has increased to \$2,000 tons, but the demand for warrants is setter and prices have stiffened to 40s 6d@ during the week. Hematite warrants calso been given more attention and ight somewhat better prices. There is improvement in the finished fron trade, iny's sales of warrants were at 4's for ch,4's for Cleveland and 50s for Hematite.

nessure from ocar operators, who made the nost of the opportunity to cover short sales. All offerings were well absorbed, however, and prices have since recovered, with good awing at the advance. In tin plate there as been a fairly large business, chiefly spot of a of Bessemor cokes, at about 15s 6d for rompt delivery. Prices are unsettled and ather weak.

New Your, June 18.—Copper steady; June, \$12 85. Lead steady; domestic, \$4 40. Tin quiet and fairly steady; straits, \$20 60.

IN FULL SWING AGAIN.

The Production and Shipments of Coke Largely on the Increase-Over 121,000 Tons of Coke Sent From the District-The Work of the Week.

ISPECIAL TELEGRAM TO THE DISPATCH.1 SCOTTDALE, June 18.—There was more notivity in the coke region last week than here has been for several months. The pro-action and shipments were the heaviest this year. There was, course, a demand equal to the shipments. In round numbers there were ever 121,000 tons of coke sent from the district, or an average of nearly 20,167 tons per day. The demand was unusually heavy were dampened this week and the one wer week idleness made its appear-The Frick Company shut down 22 per their ovens at Mutual, Calumet tone, and are idle at all their plants No other companies have as yet

Redstone, and are idle at all their plants as. No other companies have as yet i down any of their ovens to restrict the duction, but McClure, with a number of cignidents, has decided to remain idle, Frick, one day each week. This is reded as a wise novement, here are over 12,000 active ovens in the trict and the number last week was rapaproaching the 14,000 mark. There are v 2,000 idle ovens, and this forcibly illustes the satisfactory state of trade. There oversionally a rumor of dissatisfaction casionally a rumor of dissatisfaction of the valley furnacemen over prices, here has been no serious results. The producers will maintain the present

tices.
Coke shipments last week averaged 1.125
atts per day. The record of the distribuon shows the following: To points west of
ittsburg, 4,000 cars; to Pittsburg and river
pplos, 2,100 cars; to points east of Pittsurg, 450 cars; total, 6,750 cars. Durices are as follows: Furnace coke, \$1 90; Can be used freely with only good results. The finest summer wink.

BULLS DISAPPOINTED.

The Early Promise of Better Wheat Prices Soon Disappointed-Corn Strong for a Time, but Weakens-Oats and Provision

Follow Corn Closely.

prices in all classes of property traded in on the opening this morning, but the promise was broken before the session closed, and prices broke, with everything closing at about the bottom figures of the day. Wheat showed steadiness and a little strength at

CHICAGO-There was a promise of high

showed steadiness and a little strength at the opening. It was said to be still mining in many parts of Kansas, and where the rains had ceased the fields were too wet to admit of harvest operations. Cables were steady, and for a time there was a fair demand and the market held steady.

July started at 50%c and sold up to 95%c, and held between that figure and 85%c for a considerable length of time. Later, however, it was announced that there was a prospect of clearing weather in the Southwest, and in the Northwest as well, and the feeling began to weaken, corn making a sharp ing began to weaken, corn making a sharp break about the same time wheat prices began to decline.

As the weakness increased the selling be

Iron City Brewery's Beer

POINTS IN REALTY

Deals Down on the Panhandle Railroad and at Wilkinsburg.

THE GERMANIA BANK BUILDING. One of the Greatest Booms of the Season Afflicting the Hoosiers.

THE DRIFT OF LOCAL SPECULATION There is a brisk demand for and a good movement in property for subdivision, C. H. Love sold to A. L. Watkins for A. P.

Gangwisch a piece of ground at Ingram sta-tion, containing ten acres for \$7,500, or \$750 an acre. The purchaser, it is understood, will lay it out in lots and erect a number of dwellings for sale. Ready for the Carpenters.

Plans and specifications for the new Ger-mania Sevings Bank building have been com-pleted, and work on it will begin as soon as the strike is over. Mr. Meyran was asked for details yesterday, but said he was not quite

mains Savings Bank building have been completed, and work on it will begin as soon as the strike is over. Mr. Meyran was asked for set the tealis yesterday, but said he was not quite ready to give them out. He added: "We would have had the work under way before this but for the strike. Although plans have heep prepared they are subject to some change, as new ideas are suggested. You may say, however, that the new building will be different in many respects from the old one. It will be larger and inner. Our intention is to erect one of the finest bank buildings in Pittsburg."

Thomas Hackett, of Stewart, Hackett & co., has purchased through Straub & Morris an elegant residence on Belvidere avenue, Crafton, for which he paid \$6,29 cash. Mr. Hackett will move to his new home in a short time.

Big Real Estate Profits.

Whatever may be the final outcome of the proposed big three' stock yards down in Indiana," said a Chicago broker, their purchase there has given a most fabulous inflation to values. In the fall of ISS R. W. Hyman, Sr., purchased 1,100 acres of the Hart estate, bordering on Lake Michigan and the Calumet river. He paid \$29 an acre. As of linear the country was, it is said that, though the Hart estate owned over 30,000 acres of it for about \$29,000. This sale gave him a profit for the time he held the land of almost 100 per centa and the calumet river. He paid about \$29,000 to the big three' for about \$29,000. This sale gave him a profit for the time he held the land of almost 100 per centa and the calumet river. He paid about \$29,000 to the big three for about \$29,000. This sale gave him a profit for the time he held the land of almost 100 per centa and the calumeter of \$20 an acre. As of big three for about \$29,000. This sale gave him a profit for the time he held the land of almost 100 per centa and the calumeter of \$20 and made \$30,000 during the season. The sale of the proposition was a more stable of the proposition was a more stable of the proposition was a profit of the boom. Oscar Daube bought

000. This sale gave him a profit for the time he held the land of almost 100 per cent a month on his investment. The next purchase was at the rate of \$275 an acre, so rapidly had values appreciated. Other people made haste to reap the benefit of the boom. Oscar Daube bought a tract of 170 acres for \$60 an acre, and almost immediately afterward sold ten acres of it for \$359 an acre. Another firm is said to have gone into this region last year with about \$1,000 and made \$30,000 during the season. These are only specimens. A large number of men made big money in this region, the amount varying with the magnitude of their operations. I have seen many phenomenal things in real estate, but I don't think I ever saw anything quite as phenomenal as this Indiana stock yards region."

Some Wilkinsburg Deals.

Some Wilkinsburg Deals. Wilkinsburg furnishes its share of real estate items, showing an active property movement. Here are two: Phillip Vordish sold a few days ago six lots and half an acre in the Third ward, below the railroad, to C. C. Hindman, of Dubols, for \$7,000. He also sold a house and lot on the corner of Alfred and Union streets to Andrew Coverman for \$2,200. It is understood that a Pittsburg firm is negotiating for the Singer property, consisting of 30 acres and a fine residence. It is held at about \$100,000.

Business News and Gossip. So far as can be learned, the clothing firm alluded to a few days ago in this column has the inside track for the purchase of the church property.

On August 18 the stockholders of the Pitts-burg and Chicago Coal Company will con-sider the proposition to increase the capital from \$200,000 to \$350,000, and to increase the indebtedness from \$100,000 to \$175,000.

It is pretty certain that the Pleasant Val-

ley Bailway will not consolidate with the Manchester before the return of Colonel Stone and W. H. Graham from Europe.

Northwestern Indiana is having a real esterday were 140,597 shares, including Atchison, 10,850; Louisville and Nashville, 12,160; tate boom. The Southern California disaster has no terrors for the Hoosiers.

The long continued depression in Northern Pacific stocks and bonds is said to be due to German liquidation.

An entire caravan, conveying gold dust to the value of \$20,000,000 rubles and belonging the value of \$20,000,000 rubles and belonging to the Russian-Government, has mysteriously disappeared in the sands of Eastern Siberia.

A number of properties will be offered at the real estate auction rooms next Thursday by S. W. Black & Co.

It is stated that the Union Pacific Company's refunding plan will in all likelihood be formally announced to-day or to-morrow.

The Denver preferred dividend is due in August. No action will be taken on it until next month.

The Burrell Improvement Company reports the sale of 20 more lots in the new town

ports the sale of 20 more lots in the new town of Kensington. A number of improvements are under way. The New York Real Estate Record remarks The New York Recal Estate Record remarks duliness in the real estate market comparable with that in the stock market, in truth, general trade differs little from real estate and stocks in this particular.

The Distilling and Cattle Feeding Company has declared a regular monthly dividend of per cent payable July 1.

The Osceola Mining Company has declared a dividend of \$1 per share, payable July \$1 to the record of June 22. The books will reopen July 9.

The Michigan Legislature has repealed the law imposing a specific tax upon mining properties.

The Building Record. Permits for the erection of the following

buildings were issued yesterday:
William Caniar, two-story dwelling, 18x32 feet, on Sciota street, Twentieth ward. Cost. Frank McKnight, two brick two-story and Frank McKnight, two brick two-story and attic dwellings, 22x50 feet each, on Center avenue, Twentieth ward. Cost, \$10,000 for both.

Jacob Rimler, two-story frame dwelling, 18x23 feet, on Salisbury street, Twenty-seventh ward. Cost, \$1,600.

William M. Conway, frame \*two-story dwelling, 27x33 feet, on Bedford street, Thirteenth ward. Cost, \$3,500.

Henry Robson, frame two-story dwelling, 16x30 feet, on Breed's Hill, Nineteenth ward. Cost, \$300.

J. E. Glass sold for A. C. Watkins to Welfer Brothers, the well-known grocers, four lots in the Riverview plan, for \$1,600. They will

build three handsome dwellings on them in two lots on the ridge at Crafton for \$250 cash.

Black & Baird reported sales in Kenilworth
place, on Herron Hill, at the grand auction on Wednesday, as follows: To Michael Kuehn lot No. 14 for \$575, to J. Linenbrink lot 15 for \$560, to J. C. Earhart lot 16 for \$550, lot 15 for \$550, to J. C. Earhart lot 16 for \$550, to W. H. Wood lots Nos. 33 and 38 for \$1,300, to R. Babbit lot 10 for \$70), to E. L. Porter lots Nos. 27 and 29 for \$1,670, to H. B. Ewing lot 2 for \$590, to R. B. Burk lot 3 for \$385, to S. Schreck lot 3 for \$575, to Paul Frenzel lot 4 for \$570, to Earnest Baur lot 8 for \$560, to D. R. Evans lots Nos. 6 and 7 for \$1,300; in the Heywood plan at the same time and place to Michael O'Hagen lot 8 for \$560, to S. Broido lot 12 for \$525, to Mrs. Mary Kearns lot 26 for \$600, to John Faherty lot 27 for \$600, to W. A. McClurg lot 18 for \$555, and to A. Rosenberg lot 13 for \$525.

Reed B. Coyle & Co. soid lots Nos. 200 and 201 in their Marion place addition, fronting 56 feet on Parnell street and extending back an average depth of 153 feet, for \$800.

901 in their Marion place addition, fronting 50 feet on Parnell street and extending back an average depth of 153 feet, for \$800.

John K. Ewing & Co. sold for F. G. Rohr-kaste to J. S. Logan a not 20x100, on Grant avenue, Tenth ward, Allegheny, being lot No. 7: in the Rohrkaste plan, for \$250.

Baltensperger & Williams sold lot No. 10 in the Kreiling plan No. 1, Tenth ward, Allegheny, to Mrs Toomey for \$300 cash.

W. A. Herron & Sons sold a lot 78x120 feet, on Alder street, in the midstof the East End, for \$4,500 cash. They also report further sales in the third plan of the Wilkins estate, at Wilkinsburg, one a corner lot, No. 108, size 52x129 feet, for \$830.

The Schenley Park Land Company sold to J. M. Guffin a lot 25x100, on Haldane street, for \$220; also to W. J. Woods a lot 25x100 for \$220; also to W. M. Constine a lot 25x100, on Haldane street, for \$285, on easy terms.

The Burrell Improvement Company reports the following sales at Kensington on Wednesday: To William F. Bowser, of Kittanning, lots Nos. 15, 152, 153 and 154 in block 7 for \$1,812 50; James Stamtes, of Tarentum, lot 162 in block 6 for \$276 25; John McCaskin, Pittsburg, lots 190 and 191 in block 6 for \$977 50; E. D. McCarken, of Jeannette, lot No. 56 in block 5 for \$1,147 50.

The Owners of Domestic Financial Institutions Urged to Unload. Money, in a general way is abundant in have had such a good run for loans as to have only a moderate surplus above the legal reserve. This was the condition of two Wood street banks visited yesterday Their clientage is among large merchants and manufacturers.

The cashier of one of these institutions

A FAMINE IN DIMES.

27,600; Union Pacific, 5,575.

The cashier of one of these institutions said: "I think our position is exceptional, as from information I believe most of the banks have more money than they can find immediate use for. This seems to be the rule all over the country, and should convince everybody that there is no danger of a stringency when the crops begin to move. Money was never more abundant or better distributed than now. Business should boom the coming fall."

The interest rate was 6 per cent for the bulk of the business, with 5½ and 7 in exceptional cases, regular customers being favored with the former and outsiders being taxed the latter. Currency was abundant taxed the latter. Currency was abundan everywhere and exchange at a small pre

everywhere and exchange at a small premium as a rule.

A bank officer remarked: "Dimes are scarce and getting scarcer every day. We see so few of them that they are almost a novelty. What is the reason? Well, they are being hearded away in the thousands of dime savings banks in the city and country. Almost every family has one, and some of them one for each child. I wish you would urge the owners of these domestic financial institutions to unload. We are starving for dimes. Nickels are abundant."

A prominent New York banker, who has given the subject very close attention, is quoted as saying that there is more actual money in circulation at present than there was last year at this time, even though \$60,000,000 of gold have been exported. The fact is that there is a great deal more money in the country than most people have any idea of.

Bank exchanges through the Clearing
