RIPE CATTLE SCARCE.

Receipts at East Liberty Lighter This Week Than Last, With

A SHARP ADVANCE IN FIGURES.

Quality of Beeves Offered This Week Above

the Late Average.

OFFICE OF PITTSHURG DISPATCH, WEDNESDAY, July 1. There were 85 carloads of cattle on sale at the East Liberty yards on Monday morning igninst 120 loads the previous Monday and 8 loads the week before. Quality of offerings was a decided improvement on receipts of the past few weeks. The complaint of excessive supply of low-grade beeves, which has become very common of late, had no grounds this week. There were more me enttle on sale than usual and comcratively few of the common and inferior ick which has been the bane of our markets for months past. Buyers were present in larger force than usual, and this fact toeither with lighter receipts and improved reality of offerings imparted an activity to assist which has not been known for some caeks past. Prices were strong, 15 to 25c per cet, higher than they were a week ago.
A half dozen loads of prime 1,400 to 1,500-h
Southern Onio beeves were sold at \$6 10.
The highest price attained last week was ce Monday about a dozen loads have

A Loss After the Gain.

Under the influence of the additional receipts, Tuesday's markets partially lost the ground which had been gained on Monday. ckmen are all agreed that the number of ripe grain fed boeves in the land is unuslly small. Grain has been so high the past winter that cattle received a moderate allowe and the effect is seen in the scarcity of

ance and the effect is seen in the scarcity of posse beeves. Price of primes is more apt to advance than to go lower.

Sheep and Lambs—There have been on sale this week close to 40 loads against the same number a week ago. Markets opened Monday at last week's prices, but lost somewhat on Tuesday, when a 405 decline on sheep was reported. Spring lambs, however, were unusually scarce, and for this reason faily held their own.

Hogs—The number on sale for the week has not been above a dozen carloads. Market active, at a slight advance. Top prices were faily the per cwt. above those of last week.

A Leading Firm's Review.

A Leading Firm's Review. Pollowing is the weekly review of live stock markets by Holmes, Rowlen, Briggs & Co.: We report #8 loads of cattle on sale for onday and Tuesday of this week which wis made up principally of fair to good 1,000 to 1,200 pound butchering. There were five or six loads of prime 1,500 pound cattle and but few loads of common trushy stuff offered. The attendance of buyers was good, and all wishing to buy a few loads to accommodate their trade, there was no trouble to see an desirable guades at about 25c advance.

prices. Ours...The receipts have been light all eek, scarcely enough to make a market; rices have been steady to strong. We note tops and a 9355; good yorkers, 45524.75c; cht yorkers and pigs, 4,244c; ronghs, 334

icep—Receipts for Monday and Tuesday re 50 loads; demand fair, but dull to steady hast week's prices. On sheep we quote: od 30 to 10 fts. 42, 35c; 80 to 30 fts. 44094.05c; 0 80 fts. 13464c; spring lambs were steady

t 18865c.
Calves—Receipts light and market slow at range of \$1 60@1 85 by deck loads. Heavy rass calves soid at 25@25c per h, and a few mall prime yealers brought 5@55c per h.

Following are the principal sales reported by commission firms for the week: B. CORN TO THE RESCUE.

Wheat Weak and Declining Until Near the Close, When It Makes an Upward Spurt-Corn and Oats Strong and Advancing-Provisions Active.

CHICAGO-Wheat opened weak and lower. The situation for a time seemed wholly in the bears' favor. The weather in the Southwest was all that could be desired, and cables were among the weakest yet received. Beerbohm quoted Liverpool 1@2d lower, London 6d to 1s lower on California, and hardly any demand even at the reduc showing. They said that the weather was fine, that Europe had overbought, that hold-ers would have to let go, and that French holders were anxious sellers. Antwerp re-ported no prospect for an improvement until the heavy receipts of April and June

ported no prospect for an improvement until the heavy receipts of April and June had gone into consumption.

The markets on this side all ruled lower, and for a time there was a weak and sluggish feeling here; but the deliveries in July contracts were very light—in fact almost nothing—and it was found that, weak as the market appeared to be, there was little or no pressure to sell. New York reported liberal clearances yesterday, and then came Braddree's report showing a decrease in the available supply during the week of 1,482,000 bushels hast of the Rockles, and 182,000 bushels increase on the West coast. This improved the feeling a little.

Corn made a spinge about this time, and other influences combined put some life and vigor into the trade, but the business developed was not large. Theadvance brought out free offerings, both in the way of realizing on purchases made early and also in the way of short selling, and the bull news, as weil as the bull enthusiasm, being exhausted, here was a drop in values.

Prices remained rather steady, with a light

ishing to buy a few loads to accommone their trade, there was no trouble to see estimble grades at about 25c advance last week's prices, except cows and which do not appear to be wanted, and to be sold at near last week's prices. We good to prime 1.400 to 1.300 hs., at \$5 50 lie grood 1.200 to 1.300 hs., at \$5 50 lie grood 1.200 to 1.300 hs., st \$5 to \$5 70 lie grood 1.200 hs., \$4 50 to \$4 75; mixed and springers are slow at stendy prices. I show to been steady to \$35 a few grood selling at \$40 to \$45 per head. All scartle close 10 to 15c below the open-rices.

LATE NEWS IN BRIEF.

-Berlin 'bus drivers demand increase wages under penalty of a strike.

-France won't sign the renewal of the North Sea convention preventing illicit traffic in alcohol among fishermen.

—The North German-Lloyd Company has partially conceded the demands of Bremen fremen and coal trimmers. The strike is adjusted. —The Michigan lower House, after a long night, has passed the Senatorial gerrymander without any change, and it has been approved by the Governor.

—The United States cruiser Chicago broke her port engine coming from Norfolk. Ad-miral Walker transferred his flag to the Newark and sailed with four vessels. —A negro named Dan Buck, at Biuffton, Ga., was hanged and his body riddled with bullets by a mob the other day. The negro had been caught in a young lady's bedwarm.

room.

-Four Irishmen and women, just landed at Queenstown from New York, were arrested for smuggling tobacco and fined. Bridget Shea's bustle was well filled with the weed.

—French troops have occupied the prov-ince of Luang Probang, Siam, east of Mekong river, the whole valley of which, it has been always claimed, belonged rightly to the kingdom of Annam and Cambodia. This is likely to lead to international complications.

kingdom of Annam and Cambodia. This is likely to lead to international complications.

—While preparing for a balloon ascension on the 4th at-Cloquet, Minn., the parachute jumper, Bruce, had a narrow escape. He ascended to a height of about 900 feet, but was unable to use the parachute. The balloon dropped to within 46 feet of the earth and rolled across the town, dragging Bruce with it. Finally he was dashed against the roof of a church, where he lost his hold and rolled off the roof to the ground, receiving but slight injuries.

—Gertrude Potter, daughter of O. W. Potter, the Chicago millionaire, will soon be married to F. Lee Rust, of Boston, a student at Harvard. Miss Potter's name appeared in the newspapers some time ago. She fell in love with a young man who carried the morning papers, and her wealthy parents tried to break the engagement. In the end it was broken and the lover sent to Joliet for theft. In a bill which he afterwards filed in court he charged Mr. Potter with conspiring with several others to land him in the penitentiary.

Brimstone Corner People May Buy

The Last Half of the Year Opens With Every

SALE OF GILCHRIST HOMESTEAD.

Another element of uncertainty has en-Another element of uncertainty has entered into the final disposition of the Christ Church property. It was stated a short time ago on good authority that the Smithfield Street Church people had no notion of selling, but would likely put up a larger building in the course of two or three years. Some of the leading members of the congregation now think the lot is too small for the contraction of the congregation and are in

such a structure as they require and are in favor of selling it and buying the Christ Church property. This change of sentiment seems to have taken place since the publication alluded to. The trustees held a meeting Tuesday evening and talked the matter
over, but postponed definite action until
next week. It was learned yesterday that the drift of opinion was in favor of putting in a bid for the Christ Church lot. Among other bidders, according to report, are Joseph Horne, a prominent clothing firm and a Philadelphia capitalist. Bids will be opened Philadelphia capitalist. Bids will be opened on the 18th, when the longest pole will probably knock the persimmon. About 18 months ago a local syndicate made an offer of \$200,000 for Brimstone corner.

The Gilchrist estate has sold for M. McCormick, Esq., 74x100 feet, with a two-story brick residence, on Penn avenue, beyond Dennison, for \$15,000. The purchaser will put some improvements on the place and occupy it as a residence.

A Puzzle to Some People.

This question was asked by a business man the other day: "Where is the volume of lot buyers recruited?" There is no difficulty in answering. Pittsburg is so prosperous that almost every toiler, skilled or unskilled, is a buyer. The mills and shops are full of them, and there is a steady ac-cession from other cities and towns. Pittscession from other cities and towns. Pitts-burg is the Mecca of the workingman, and so long as she holds that position there will be no abridgement in the number of lot buy-ers. The yearnings for proprietorships is so strong in this community, and the means of achieving it so clearly within the reach of all, that few are content to occupy rented quarters longer than they can make provi-sion for homes of their own. This is a land-able ambition, and should be encouraged by owners and builders.

The Last Shall Be First.

The last half of the year opens under more favorable auspices than the first half. Then financial distrust was general, money was tied up, crippling enterprise, a great strike impending, and the outcome of the crops problematical. Now money is abundant and easy, confidence is restored, large crops are assured, and the strike in the building trades has almost, if not quite, run its course. Conhas almost, if not quite, run its course. Conditions are all right for a forward movement, but as this is the dull season of the year, a bulge is not expected. By the middle of August, however, when the crops begin to move, unless hitherto infallible signs fail, Pittsburg and the country will see a revival in all lines of business that will more than make up for the deficiency of the past six months. Owing to the urgent demand for houses, building operations will be pushed with great vigor. Sites have been purchased and plans prepared for a large number of public and private structures, which will be begun as soon as workmen can be obtained.

Business News and Gossip.

Business News and Gossip. Several architects visited yesterday were confident that building operations would soon be resumed. Two of them had received

orders to finish plans for handsome suburban residences,

Directors of the Iron and Glass Dollar Savings Bank, elected yesterday, are: T. B. Atterbury, John Gallaher, F. Baxmyer, E. P. Logan, Charles Poth, John Davies, M. Kimmel, W. J. Lewis, Robt. McDonald, Thomas Evans, Geo. A. Macboth, Wm. Schuette and James E. Duncan.

London and New York markets were active and higher vestarday, indicating the section of the section of the section of the section and the section of the section and London and New York markets were active and higher yesterday, indicating that stock buyers are coming out of their holes. The street railway system of Pittsburg has been revolutionized in the last decade. Ten years ago there were seven horse car lines, the total earnings of which were \$299,670. Now the Citizens' Traction Company carries almost as many people as all the lines did ten years ago. This will serve for an example of the superiority of the modern system over the old.

A list of banks and other corporations which have just declared dividends appears in the advertising department. A dividend is nearly always accepted as evidence of prosperity.

dend is nearly always accepted as evidence of prosperity.

The Pleasant Valley Company will settle the question of a dividend some time this month. The date for the meeting will be decided on in a day or two.

A special meeting of stockholders of the Fidelity Title and Trust Company has been called for September 3 for the purpose of voting upon the proposition to increase the capital stock to \$1,000,000. The present capital is \$500,000.

News of an assuring character was received from the Luster mine yesterday, and insiders were a little stronger on the stock. The Building Record. Permits for the erection of the following buildings were issued yesterday: Herman Shaefer, brick two-story and mansard dwelling, 18x32 feet, on Stanton

treet, Eighteenth ward. Cost, \$1,900.

Demas Lacy, frame addition one-story and Demas Lacy, frame addition one-story and basement kitchen, 18x20 feet, on Kaercher street. Twenty-third ward. Cost, \$200.

Louis Metzger, frame two-story dwelling, 19x34 feet, on Chess avenue, Thirty-second ward. Cost, \$1,400.

Central District and Printing Telegraph Company, frame storchouse, 20x20 feet, rear, of corner Center and Highland avenues, Twentieth ward. Cost, \$100.

J. F. Reese, brick three-story dwelling, 20.6 x18 feet, on Washington avenue, Thirty-first ward. Cost, \$3,000.

William N. Harvey, frame one-story carpenter shop, 12x24 feet, on Reulah street, Twenty-seventh ward. Cost, \$100.

Martin Bacher, frame addition one-story kitchen, \$x14 feet, 1910 Larkins alley, Twenty-sixth ward. Cost, \$200.

Movements in Kealty.

Movements in Realty. Baxter, Thompson & Co. sold for W. I. Miller, lot No. 49, McClintock place plan, fronting 24 feet on Elysian avenue by 109 to 20-foot alley, for \$900 cash. Sloan & Co. sold two lots, 22x110 each, on Rosetta street. Nineteenth ward, to C. Kor-man for P. B. McWilliams. for \$850.

Alles & Bail y sold for E. P. Menzenmaier, No. 134 Colwell street, a brick dwelling of five rooms, etc., and lot to M. Perry, for

Black & Baird sold lots Nos. 95 and 97 in the Alta Land Company plan, of Duquesno Heights, to John Nagle, 10r 8144.

John K. Ewing & Co. sold for L. McKnight to Chester T. Hoag a corner lot, 27x230, on Perrysville avenue, being No. 1 and part of No. 2 in William A. Black's plan, Tenth ward, Alleghen, for \$1.100.

No. 2 in William A. Black's plan, Tenth ward, Allegheny, for \$1,100. Mr. Hoag will build at once.

W. A. Herron & Sons and A. D. Wilson sold on Esplanade street, Allegheny, a brick house of eight rooms, lot 20x120 feet, for \$8,000.

S. A. Dickie & Co. sold for J. D. McKelvey to W. H. Wyman a lot 20x120 feet on Gerrett street, for \$500.

A HALF YEAR'S WORK. Volume of Business Larger Than Ever Be-

The financial showing for the first half of the year, and especially for June, is much better than expected. So much had been said about depression and stagnation that the average citizen had come to think that everything was flat on its back. This, as figures show, was a misconception of the situation. The first half of the present year piled up a larger aggregate of business than any corresponding period in the history of the city, with the single exception of 1890. The first six months of 1890 were so prosperous, fore, With One Exception.

and the volume of trade so large, that many thought the limit of expansion had been reached for at least a decade. Yet 1891 breaks that magnificent record by many millions, bank clearings for June alone showing a gain of more than \$16,000,000 over the same month in 1889.

The city is not at the top of her bent, but she is far from the bottom, and those who, making proper allowance for the depressing influences with which she has been environed, find fault with the result of the first half of the year, are hard to please indeed. Their position may be compared to that of the Illinois bermit, who, ragged and starving, enlisted the sympathy of a neighboring farmer, who gave him a jag of corn in the ear, "I think you might have shelled it," was the only response the ungrateful wretch deigned to make.

The money market was easy yesterday, funds being largely in excess of calls, and

was the only response the ungrateful wretch deigned to make.

The moncy market was easy yesterday, funds being largely in excess of calls, and notes unchanged at 5½@7 per cent, according to date and collateral. Routine business was about up to the usual level. The disbursement of large amounts in interest and dividends during the next week or two may induce private capitalists to shade rates, but there will be no change at the banks. The prospect for the employment of idle capital in the near future is so good that bankers would rather keep their funds than put them out at a shave. Exchanges were \$2,420,1459 and balances, \$417,612.57.

At New York yesterday money on call was easy at 2 to 4 per cent, last loan 2 closed offered at 2; prime mercantile paper, 5½@7; sterling exchange quiet and weak at \$4.85½ for 69-day bills and \$4.87½ for demand.

HOME SECURITIES.

RUMOR OF A BIG DEAL BY THE SWITCH AND SIGNAL COMPANY.

The Westinghouse Patents Said to Be Involved-Signs of Friction at the Coming Meeting of the Electric and Manufactur ing Company-Market Features.

There was a better feeling in business circles yesterday, owing to the signing of the iron scale and the belief that the carpenters would soon resume work, but there was no improvement on the Stock Exchange. Sales of 110 shares comprised the day's business.

As compared with the previous close, Philadelphia Gas and Citizens' Traction were about steady. Pittsburg Traction and Pleasant Valley were down ¼ and ½ respectively. Luster advanced ½ and Electric ¼. The unlisted Tractions held to their former posi listed Tractions held to their former posi-tions, except Manchester, which was frac-tionally weaker.

It is stated that considerable Electric stock held here will not be surrendered to the Reorganization Committee, and this prom-ises to lead to grave complications at the meeting to be held on the 15th. The follow-ing from the New York Journal of Finance is of interest in this connection:

ban residences.

A good feature of the financial situation is the comparatively small amount of money tied up in wild Western and Southern real estate. Last year it reached such a sum as to materially contribute to the financial stringency.

The semi-annual disbursements of interest and dividends will be so large as to assure an easy money market the remainder of the year. A number of Pittsburg banks and industrial corporations have already made their declarations.

The best authorities now estimate the wheat crop at about 545,000,000 bushels,

a bare majority, and hence has waited until it had about 10,000 shares.

"The placing of this time limit is expected to work very satisfactorily, and the friends of the company say it should have been done some time ago. Those shares which remain unassented will, it is said, be treated quite differently from the assented stock, which really becomes a second preferred stock."

The street has settled down to the opinion that the Switch and Signal Company is working an important deal of some kind, but what it is is so far a close secret. This opinion is partly based on the fact that certain brokers have lately received orders to buy several 100 share lots, but as there is none offering they have so far been unsuccessful. That there should be none on the market, with these orders known to exist, is suspicious, and bears out the idea that something is going on. A prominent broker said yesterday he believed it involved the purchase of the Westinghouse patents. So far as known there is no trouble in the management.

Bonds of the Manufacturers' Natural Gas

far as known there is no trouble in the management.

Bonds of the Manufacturers' Natural Gas Company, amounting to \$15,000, fell due yesterday. The holders of \$15,000 of the bonds have already assented to an extension at 7 per cent till July 1, 194. The company proposes to deposit \$4,000 per month in the Germania Savings Bank, and when such deposits amount to 10 per cent of the outstanding bonds and interest it will be paid to the bont holders.

Sales of local stocks on call yesterday were:

were: First call—10 Luster at 1214.50 Citizens' Traction at 65. Second call—50 Electric at 12%. Third call—No sales.

*Ex-dividend.
At New York yesterday the total sales of stocks were 176,438 shares, including Atchison, 12,775; Louisville and Nashville, 22,150; Missouri Pacific, 3,435; Northern Pacific preferred, 4,210; Richmond and West Point 4,343; St. Paul, 31,185; Union Pacific, 4,016.

day the demand from shorts who were forced to cover yesterday ceased, and the higher figures met with a supply of stocks which for the moment checked the upward movement, though no reaction was seen, even when the market had settled down into the old dull-ness. London was still a buyer to a limited extent, and the continued weakness in ex-change neutralized the influence of the further small gold export, and the prevailing sentiment was decidedly bullish. There never was a t.me when the July settlements were carried through with so little disturbance of loans. The rates for money to-day

list, but these were afterward fully recovered, with something in addition. The Industrials came to the front with the increasing duliness in milroud stocks, and the rumors in regard to Sugar, with the granting of an injunction against the payment of the dividend, resulted in a decline of 2½ per cent, which, however, was afterward practically recovered, while Cordage scored a substantial improvement for the day.

Among the specialties there were a few marked advances, and Louisville, New Albany and Chicago rose from 3% to 23½, and Colorado Coal and Tennessee Coal each 1 per cent. Among the railroad stocks only 8t. Paul, Louisville and Atchison and Burlington showed any animation, and the fluctuations in the general list were confined to the limits usual during the last month. The market finally eased off slightly in the afternoon, closing barely steady at insignificant changes for the day in most stocks, while Louisville rose 1½ and Tennessee Coal 1½. Silver Certificates weakened somewhat during the day, but offered no feature.

Railroad bonds were even more than usual devoid of feature. There was little trading and small fluctuations. The total transactions reached only \$577,000, and no material change occurred in any issue.

The following table shows the prices of active stocks on the New York Stock Exchange vesterday. Corrected daily for The Disparch by Whirt-NEY & STEPHENSON, oldest Pittsburg members of the New York Stock Exchange. 5 Fourth avenue:

GARDEN STUFF SLOW. THE SUPPLY OF FRUITS AND VEGETA-BLES IN EXCESS OF DEMAND.

features of the Coffee Trade-The Cerea

Markets Quiet and Are Still in Favor of

Buyers - Improved Tone to Lumber

OFFICE OF PITTSBURG DISPATCE, | WEDNESDAY, July 1. COUNTRY PRODUCE' (Jobbing Prices)-The COUNTRY PRODUCE (Jobbing Prices)—The supply of raspberries and cherries was large to-day, while demand was light. Petches from the Chesapeake and the Pacific are coming in freely. Quality of peaches arriving from Maryland is inferior and movement is slow. California peaches and apricots are of delicious quality and in active demand. As predicted in this column a week ago, bananas are scarce and the looked-for adbananas are scarce and the looked-for advance is here, as our quotations will disclose. From present outlook there will hardly be enough bananas to go around this week. Poultry is scarce and firm, and good young chickens are a shade higher. Strictly fresh eggs are firm at quotations. There is an improved tone to markets for choice dairy products since the beginning of the week.

Week.

A TEMPORARY CHECK

HAS NO PERMANENT EFFECT ON STOCK

MARKET BULLS.

The Money Question Ceases to Be Much of a
Factor—Sugar Down Owing to a Court
Decision—Industrials Are Stronger Than
Railroad Shares

New York, July 1.—In the stock market today the demand from shorts who were forced
to cover yesterday ceased, and the higher
figures met with a supply of stocks which for
the moment checked the upward movement,
though no reaction was seen, even when the
though no reaction was seen, even when the
taker thad settled down into the old dullness. London was still a buyer to a limited
extent, and the continued weakness in exchange neutralized the influence of the further small gold export, and the prevailing
sentiment was decidedly bullish. There
never was a t.me when the July settlements
were carried through with so little disturbnever was a t.me when the solk market
tile money question is evidently not a factor.
Movements proved that the shorts are easily
driveneto cover, and are nervous.

The opening this morning was decidedly
strong, and Louisville and Nashville was
154 per cent. The new selling by the tranlay common, \$5.50

Residen

Groceries,

The following from the Boston Herald pr

thation:
"The feature in the coffee trade is an about The feature in the coffee trade is an advance in the wholesale market of about ½c on nearly all classes. This has been brought about by the continued small receipts at Rio, and nothing coming in at Santos. New York speculators and dealers have got hold of the idea that it is possible to boom the market, for a while at least, and they have been buying, and at stronger prices. The Maracaibo steamer got in on Tuesday, and immediately her coffees sold off at an advance in price of about ½c over the last sales. The feeling in the market is, however, that this boom and firmness can last only till the new crop gets to coming in freely, and coffees begin to accumulate.

firmness can last only till the new crop gets to coming in freely, and coffees begin to accumulate.

"The statistical position is firm. The New York market was wired steady and unchanged. The Rio cable gave receipts at Rio of 9,000 bags, but nothing at Santos. The weekly Rio cable quotes the market very firm, with exchange at 18½d. The daily average of receipts for the week were 9,500 bags; sale quotes the market very firm, with exchange at 18½d. The daily average of receipts for the week were 9,500 bags; shipments to Europe, 14,000 bags; to the United States, 26 000 bags. The total stock on hand at Rio is now 189,000 bags; hast year same time, 183,000 bags. The total visible supply is now 210,995 bags; same time last year, 373,005 bags; same time in 1889, 600,376 bags. On the crop, up to June 25, the receipts at Rio were 2,364,000 bags; same time a year ago, 2,368,000 bags; same time in 1889, 4-170,000 bags.

"A gentleman living very near to the coffee districts of Santos, and now on a visit to Portland, Me., explains to a member of the coffee trade here the reason for the present light receipts of Santos coffee. He says that the crop is really very light along the line of the coast, from which districts the coffees are now coming in, but back in the interior there is a magnificent crop, which will be coming in later. He also explains that there is a vast increase in the number of coffee trees in both Rio and Santos, that this increase is going on, and that for this reason future crops of coffee are sure to be larger and larger. The planters have made money so rapidly since the high prices in coffee that it has greatly stimulated the culture of coffee trees."
