Governor Campbell will arrive in this city at noon to morrow. The Thurman Club, 600 strong, accompanied by two bands and a glee club, will be on this train from Colum-bus. The Jackson Club, also from the capiglee club, will be on this train from Columbus. The Jackson Club, also from the capital city, will send 500 men here, and these 1,100 will all work for Campbell. Cincinnati, with its \$\overline{g}\$ delegates and a very large army of workers, will be here working against Governor Campbell's renomination, but from present indications they will not prove any more successful than the Indian who attempted to lassoo an engine on the Pacific Railroad.

Raifroad.

There is a great deal of feeling over the fact that the Chairman of the Central State Committee, Norton, telegraphed that he would take charge of all tickets to the State Convention. "Well, we guess not," said the other member of the committee, The Neal men say that Norton is trying to pack the convention in Campbell's interest.

Kline's Strength Is Limited.

It is not thought that Kline will develop much strength outside of this (Cuyahoga) county. He will receive 41 votes here. For Attorney General, John W. Canary, of Wood county, and State Senator Corcoran are being considered. The former has been a promising candidate for several weeks, while the latter was only recently sprung for the place. Both gentlemen are well while the latter was only recently sprung for the place. Both gentlemen are well qualified for the position.

Ex-County Auditors T. E. Peckenpaugh, of Wayne, and Daniel Kunkel, of Deflance, and Hon. Willia in Maize, of Franklin county, are possibilities for the nomination for Auditor of State, and others are likely to develop within the next 24 hours. C. F. Ackerman, of Mansfield, seems to have the call for the Treasurership nomination since the declination of Hon. W. W. Armstrong, of this city, but it is not unlikely that he may find several gentlemen contesting for the place before the time arrives for his name to be presented to the convention. There is some talk of John Q. A. Smith in connection with this nomination. Prof. C. C. Miller, the present state Commissioner of Common Schools, is one of the men having a sure thing. His nomination by acciamation is not questioned by any one, nor is his fitness for the position doubted.

The other offices to be filled will unruestionably be sought after by competent Democrats, but there is as yet little contest

for the places. Besides the offices mentioned above, candidates are to be nominated for Supreme Judge, Member of the Board of Public Works and Food and Dairy Com-missioner. Judge Hutchins, of Cleveland, is looming up in connection with the nomi-nation for Supreme Judge. Should Canary be nominated on the ticket with Campbell, the Democrats will have a regular menagerie in Oilo—"the only perfect aggregation"— while the Republicans have a white elephant only. Campbell's headquarters at the Hollenden

is where the big crowds are, while Neal's quarters at the Weddell are not so extensive. It is a remarkable fact that the fight for the Democratic nomination for Governor is not half so funny to the Republicans as it was a month ago.

A silly story is being circulated for effect to-night that Campbell will withdraw, if nominated, in favor of John A. McMahon, of Dayton. The Neal men claim that if Campbell is nominated Ohio will give McKinley 25,000 majority, and that Cincinnati will go at least 10,000 kepublican.

Tactics of the Opposition. It now looks as though the anti-Campbell

delegates, when nominations are declared in order on Wednesday, will ask for an informal ballot, but the Governor's friends a formal ballot. In this event Campbell will be found before the roll is closed to have three-fifths of the votes of the conven have three-filting of the votes of the conven-tion. But the result will not be announced without many changes. The Neal men it is understood, with the consent of their leader, desert their candidate and go solidly to Kline, in the hope of creating a stampede of lukewarm Campbell delegates to the Cuya-hoga county candidate and insuring his negulation.

If the logic of the situation does not han-If the logic of the situation does not hap-pen to suggest Mr. Kline as the most availa-ble candidate, the strength of the opposition may be thrown to either General John A. McMahon, of Dayton, or Hon. Tom L. Johnson, the free trade Congressman of Cleveiand. Despite all these clever political maneuvers, however, the indications are that the Campbell phalanx will remain prac-tically unbroken and that the Governor tically unbroken and that the Governor will be renominated on the first ballot.

The Platform to Be Adopted.

The platform upon which the coming battle is to be waged is the subject of much discussion, and Chairman Norton, of the State Central Committee, and other prominent politicians of the State have held several onferences on the subject. It has been de cided that the party will stand by its position of a year ago on all leading issues. The Campbell administration will be commended and the Harrison administration and the Fifty-first Congress denounced for profligacy

Fifty-first Congress denounced for profligacy and extravagance. The tariff plank, it is understood, will be as follows:

"We demand the reduction of tariff taxes and we will continue the battle for tariff reform until the cause of the people is triumphant. All money taken by law from the people should go into the public Treasury. Tariff taxes should be for revenue only. All so-called protective tariff taxes are dishonest, wasteful and corrupting. They plunder the masses to enrich the few. They have crippled agriculture, retarded manufacturing, created trusts, destroyed They have crippled agriculture, retarded manufacturing, created trusts, destroyed commerce and corrupted our law-makers. We denounce the McKinley tariff law. passed by the Billion Dollar Congress as an passed by the Billion Dollar Congress as an iniquitous and oppressive measure and an injury to the American farmer and laborer." The party will also congratulate itself on the passage of the recent Australian ballot system, but upon the financial question there will be a division of sentiment. While the free comage sentiment is strong, there is a lively opposition to it, and many conservative Democrats are urging that the financial question be let alone.

ISPECIAL TELEGRAM TO THE DISPATCH, 1 DOYLESTOWN, Pa., July 13,-The Bucks County Convention, to elect delegates to the State Republican Convention in Harrisburg on August 19, was held here to-day. The delegates elected under the new rules adopted at the last meeting of the standing committee may be put down to appear when wanted as Quay-Gilkeson men, and mutter-ings loud and deep are heard on every side as to how utterly futile were the remedies which were supposed to care the defects in nominating conventions. A resolution attempted to be adopted in committee censuring Chairman Andrews was no sooner moved than it was sat upon, and Dr. J. R. Walter, who introduced it, was quickly relegated to silence. Resolutions were then agreed to indorsing the administration of President Harrison. The Republican National platform of 1888 was also indorsed and Congress commended for passing the McKinley bill.

ISPECIAL TELEGRAM TO THE DISPATCH. STRUBENVILLE, July 13 .- The Republican Convention, for the purpose of nominating two candidates for Judges of the Common Pleas Court of this district, will be held here to-morrow in the Opera House. The present Judges are Joseph C. Hance, of Tuscarawas county, who will retire at the expiration of his term, and John S. Pearce, of Harrison county, who is a candidate to succeed him-self, and brings to the convention 23 dele-gates from his county, all solid for him. Fletcher Douthett is the candidate from Tuscarawas county, and has the solid vote of the delegates from that county, numbering 41. Judge John A. Mansfield, of this city, is the candidate from this county, and also has his delegates solid with their 38 votes. There is great interest manifested.

There is a great deal of human nature among Alliance men. They have stood a good deal from Democratic leaders, but are weary and may turn on their detractors."

Colonel Polk denies with a good deal of earnestness the current reports that the Alliance is going to pieces in Kansas and that its members will go back to the Republican party. "I want to tell," he says, "that such notions are absurd. In Kansas alone to-day we have gained from 15,000 to 20,000 members since the adoption of the California platform. Does that look like losing ground? We are growing stronger than ever and are thoroughly united."

money to pay his children's board and for other purposes." Although Mrs. Waldo is well-to-do she has the vaguest notions of business. THE PEARY EXPEDITION

Proceeding Toward the North Greenland Coast in Good Order.

[SPECIAL TELEGRAM TO THE DISPATCH.] NEW YORK, July 13 .- A letter received at the Sun office, dated "Steamer Kite, June 15" gives the latest information received about the North Greenland exploring expedition commanded by Lieutenant Peary. After leaving Cape Breton it was the intention of Lieutenant Peary to pass through the Strait of Belle Isle. The steamer made an effort to get through, but failed, and was compelled to go east to the open water. A few codishing boats were about, and they brought the letter. The Peary and Heilfrin parties were all well, and were devoting much of their time to catching codfish, which are very plentiful in those waters.

On the morning of June 15 the steamer passed through a school of whales, one of which approached within 20 feet of the bow of the Kite. Several of the sportsmen of the party had been shooting at puffins and guillemots, which were flying about in great flocks or were resting upon the water. The passage from Sydney had been fair, but one day the party encountered a slight gale, and, although the leaving Cape Breton it was the intention of day the party encountered a slight gale, and, although the Kite was heavily loaded, the deck being full of coal, she rode the waves

London, July 13.—The Times to-day, in a long article on the World's Fair, reviews the growth of the importance of Chicago, and says that it is not doubted that the exhibition will, in many respects, surpass all exhibitions previously held. Concerning the advantages to English exhibitors, the Times says that "while it is not doubted that no advantage can accrue to some traders, it must be remembered that the exhibition is likely to attract visitors from many countries, including China, Japan, South America and Australia and rom many markets in which American and English manufacturers are now, or soon may e, in competition, while even in America itself the, perhaps, only temporary exis-tence of high import duties may not induce the wealthier portions of the community to leny themselves the luxury of English manufactures in those departments in which England stands without rival. The more hey see the wares England can produce, he more certain they are to become impathe more certain they are to become impatient at the system which loads these wares with almost prohibitory duties."

The Times enumerates the disadvantages arising from the distance of Chicago from England, the high cost of labor in the United States and the alien labor act, but it says it may at least be hopefully remembered that the Government has supreme control of the Exhibition, and that there will be therefore ample time and willingness to set aside for a time all impediments which might threaten to diminish the success of the fair.

The Result Will Be a Great Success.

It has been decided that the Royal Commission to represent Great Britain at the World's Fair will be composed of the Conncil of the Seciety of Arts, which carries with it the prestige of having the Prince of Wales as its President, and Sir Richard Webster, the Attorney General, as its Chairman. The Council contains many members who are well qualified to insure a successful issue. The appointment of the Council as a Commission also implies that Sir Henry Wood will be its Secretary.

The Council is a fluctuating body, some of its members retiring annually, when others are elected to fill the vacancies caused by their retirement. The Royal Commission has received a grant of \$125,500 which is less in amount than any previous grant made n amount than any previous grant made for a similar purpose. Mr. Robert S. McCormick, the United States Commissioner for the World's Fair, and all the other friends of the Fair in this city, are pleased with the decision which places the management of the British exhibit in the hands of Sir Henry Wood, Mr. James Dredge and Sir Phillip Unnliffe Owen, who have been foremost in working in the interests of the success of the Chicago World's Fair. In addition, the Council of the Society of Arts includes among a host of notabilities the Duke of Edinburgh, the Duke of Charence and Avondale, and the Duke of Abercorn. Sir Philip Cualliffe Owen was Secretary of the Royal Commission in charge of the British exhibit at the Paris exhibition of 1978, at the exposition at Vienna in 1874, the British Commissioner to Philadelphia Centennial in 1876, and of the Indian and Colonial Exhibition in 1885. He is considered to be the greatest authority on exhibitions. Also on the Royal Commission for the Chicago Fair are Sir Frederick Bramwell, Chairman of the Inventions Exhibition held in London in 1885. Rogers, of London, were elected Vice Presidents.

Dr. Dale in a sympathetic speech referred to the illness of the Rev. Charles H. Spurgeon. Among other things Dr. Dale said: "It is not time and let us hope the time is far distant to speak at length upon Mr. Spurgeon's great qualities and conspicuous services. We simply desire to tell him how extrestly we entreat God to arrest the progress of his disease and to restore him to health." Dr. Dale then moved that the Secretaries be instructed to draw up on behalf of the council a resolution to the above effect, and to take it to Mr. Spurgeon's family. The Rev. Dr. Palmer, of Bridgeport, Conn., seconded the resolution, which was supported by Dr. Noble, of Chicago: Dr. Gorman, of Melbourne, and Dr. Jarvie, of Melbourne. The resolution was unanimously carried.

PARIS, July 18.—There was considerable ex-citement to-day throughout Paris caused by the report that President Carnot had been shot. The rumor proved, upon investiga-tion, to be untrue, but there was foundation for the report. The President was present to-day at the ceremonies of the official opento-day at the ceremonies of the official opening of a new thoroughfare, the Avenue De La Republique, where he received an enthusiastic welcome. Suddenly a man, wild eyed and unking insane gestures, forced his way through the crowd and pushed past the soldiers on duty about the spot where the ceremonies were taking place. This man rushed up to the carriage in which the President had driven up to the new avenue, and fired a pistol at M. Carnot. As he did so the man shouted: "Fil prove that there are more Bastilles to be demolished."

President Carnot was undoubtedly alarmed at what appeared to be a direct attempt upon his life, but he was undurt and soon regained his entire presence of mind. The man who fired the shot was promptly

He Starts on His Way to Scotland and the Empress Goes to Fellix Stowe-Cordial Sentiments Expressed at the Parting-Two Newly-Made Knights. LONDON, July 13.-The Emperor William

this morning rode through the most inter-esting parts of Hatfield Park, Lord Salisbury having issued orders to the effect that every part of the park was to be thrown open in order to enable the Emperor to roam in any direction he desired. Upon the Emperor's return to Hatfield House a farewell luncheon was served in the Marble Hall. All the Ambassadors and

Marble Hall. All the Ambassadors and Ministers and their wives and Mr. and Mrs. Joseph Chamberiain were present.

It is reported that the Emperor has invited the Prince and Princess of Wales to visit Germany in full state during the coming autumn, and that the Prince and Princess have, with the consent of Queen Victoria, accepted the invitation.

The Emperor has presented Lord Salisbury with a splendid Dresden clock, made especially for the British Premier. The announcement is made that the Rt. Hon. Joseph Savery, Lord Mayor of London, will shortly be knighted by the Queen, in recognition of his gorgeous entertainment of the German Emperor at the Guildhall. It is also stated that Mr. Harris, the theatrical manager, will be elevated to the dignity of a knighthood, he having been lucky enough to number the Emperor and party among the occupants of his boxes, instead of some other equally able but less fortunate impressario. In the case of Savery the dignity was a foregone conclusion, but to Harris his elevation comes like the fulfillment of a dream. Long ago, it is said, his hopes were set upon the attainment of the title "Sir," and he has several times seen it glide away from him when it seemed almost won.

After lunchoon the Emperor bade farewell to Lord Salisbury and to the latter's guests declaring that he was highly pleased with his visit, and left Hatfield House for Windsor Castle in order to bid adicu to the Queen. Upon his arrival at Windsor the Emperor was met by an escort of the Life Guards, who conducted him to the castle. The Queen met the imperial traveler at the entrance to her private apartments. KNIGHTS ARE INCENSED AT PATTISON

PHILADELPHIA. July 13.—The nublication to-day of the embryo pamphlet to be put forth by the Knights of Labor in this State, defining their political change of base from the Democratic to the Republican side of the fence, caused a sensation in the organithe lence, caused a sensation in the organi-zation, as well as in political circles. It was James A. Wright, the youngest, most aggressive and most popular of the general lecturers of the order, who gave the diplomatic interpretation of the forthcom-ing pamphlet to a representative of THE DISPATCH, and the intimation of the change of base on the part of the Knights of Labor as regards their political affiliations was conveyed by Mr. Wright in the following

language:
"The desire of the Knights of Labor to get certain laws passed in this State induced us to support candidates pledged to ballot re-form in the last campaign. We therefore form in the last campaign. We therefore supported Pattison and Black and those candidates for the Legislature who were pledged for it. It was, however, the Republicans at Harrisburg who gave us the Constitutional Convention that will be voted on this fall. On this account a report of our committee will be issued in pamphlet form to the public, showing how each Representative and Senator has voted on all labor and corporation bills. It is a report that will cause a great sensation."

Mr. Wright is a member of the Legislative Committee that drew up the report in question. His colleague on that committee is Captain M. H. Butler. The advance publication of the report and the discussion aris-ing from it appear to have created some division in the order. Captain Butler was one of the leaders who assembled to-night at the Windsor Hotel, a well-known gathering spot for the secret conclaves that be, and he said, when addressed on the subject of the report, "the publicity given to it is regretted."
