The attraction in stock circles yesterday was the auction sale on the floor of the Exchange ly John D. Bailey. The sale was by order of the Boatman's Insurance Company,

National Bank at \$61, followed by 50 more at \$60 25. This was about the board price. Then came 169 shares Exchange National Bank at \$87 25. This was a big jump, the board quotation being about \$80. Citizens National Bank, 143 shares, went at 65, and 13 shares of People's Savings Bank at \$150—both slightly better than last sales on 'Change. Safe Deposit Company was withdrawn on a bid of \$61. Monongaheia Water Company, \$0 shares, sold at 29, half a point higher than the board quotation an hour or two earlier, and 120 shares at \$28 50. The attendance was small and made up almost entirely of buy-

Nothing transpired on call demanding ex-tended notice. There was better inquiry for stocks, but the tone was bearish, and in this respect in full accord with the trend of speculation elsewhere. Philadelphia Gas submitted to a further fractional concession, but this was offset by the steadiness of hold-ers. Luster and Electric improved a frac-tion each. Switch, Airbrake and Under-ground Cable were steady. Sales were: First call—15 Electric at 11½, 25 Luster at 124. 30 at 1234.

THE STOCK MARKET FULLY AS DULL

Prices More Easily Depressed Than For-

New York, July 21 .- The stock market today lacked the moving causes which yester-day made things interesting, and conse-

quently was less animated, with smaller fuctuations and less significance to the

trading. The situation remains the same.

and while larger operators distrust the as-

and while larger operators distrust the aspect of affairs on the other side of the ocean the market is left among the trading element, weak and favorable to the bear side, because there is less resistence from any organized opposition, and in the limited business done prices are more easily depressed. The ventures, however, are confined strictly to a correspondingly small scale, and short sales are covered as quickly as posssible.

as posssible.
The exchange market was firmer, and as

no material amount of commercial bills has appeared in the market, further exports are predicted in some quarters. Louisville and Nashville sold ex-dividend and ex-right to-

predicted in some quarters. Louisville and Nashville sold ex-dividend and ex-right to-day, and was one of the strongest stocks on the list, but Burlington and St. Paul were still the only active stocks, and all the leading shares, including Lake Shore, Atchison and Union Pacific exhibited considerable strength. Sales by London and the bears caused a week opening, but the pressure was soon withdrawn and a slow but steady recovery was started in the first hour, which continued almost without interruption until the last hour, when the usual reaction occurred on the realization of profits on the limited advances of the day.

The dealings throughout the day were devoid of any feature of interest, but late in the day silver certificates developed marked strength, rising above 1,600. Tennessee coal, after a rise of 1 per cent, lost all the improvement. On the other hand sugar became very weak and dropped over 1 per cent, closing at the lowest figure. The close was barely steady at irregular and insignificant changes from the opening figures, though most stocks showed advances. Sugar shows a net loss of 1% and silver of 1 per cent, while the rest of the market is practically unchanged.

Railroad bonds were again very dult to-

cent, while the rest of the market is practi-cally unchanged.

Railroad bonds were again very dull to-day, the animation in the Atchison incomes having entirely disappeared, and the trad-ing, more than usual of late, was barren of feature. There was some weakness in Read-ing 1ste and Richmond and West Point 5s. The other issues showed only important fluctuations, and the market remained with-out decided tendency in either direction throughout the day. The business done reached only \$585,000.

The following table shows the prices of active

TUESDAY, July 21. COUNTRY PRODUCE (Jobbing Prices)-Home raised potatoes are in full supply, and South-ern stock is dull and slow at inside quotations. All garden products are dull, for the reason that supply exceeds demand. Home grown fruits and vegetables are now in full supply. Elgin creamery butter is steady at supply. Elgin creamery butter is steady at quotations. Eggs are weak and lower, and our quotations are reduced in accordance with stubborn facts. Cheese is very firm, and markets are higher in accordance with actual sales. At the Monday meeting of the Elgin Butter Board last week's prices were reaffirmed. In lines of tropical fruits markets are slow, with a general tendency toward lower prices. Donestic fruits are now coming in so freely that fruits from the tropics have little show.

OFFICE OF PITTSBURG DISPATCH Tuesday, July 21. The fruit crop was never better than it is this season. From all sections of the country comes the report of large fruit crops. ughout the section of which Pittsburg is the center farmers and gardeners are rejoicing over the splendid yield. The one ex-ception to the rule is in vineyard lines. The t of the vine which is the most reliable erop taking one year with another, is this raimost a failure throughout Pittsburg's fruit which could be depended on in his section. This senson the fruit of the time is a failure. The May frosts caught the

rds at their most sensitive time, and all is that grapes which are the most the result is that grapes which are the most reliable fruit in this section will this year be in very short supply. Last year grapes were about the only fruit to be relied on. This year the fruit of the vine proves to be least reliable of all fruits. A California correspondent of the Phila-delphia Fruit World, a journal recently hunched, has this to say of the situation: "The shipments of green fruit East from this State this year are fast reaching large interpretations. A MARKET BOOM.

Wheat Leads the Advance, Closely Followed by Provisions, Corn and Oats-

The Latter Weakens in the Afternoon-A Grist of Bult News, CHICAGO, July 21.-Wheat started this orning with a rattling boom as booms go these days, and it held most of the advance to the close. It was a bull day as to news. Cables reported Liverpool higher with a good demand and Paris firm, while there re "seary" disputches about the situation Russia and India. The receipts were 140 here under the estimates, and rains were recuted in the Northwest where the spring at imprest has just begun. A story also ear the rounds that rust had appeared in ov fields and was working serious damthe intelligence that the amount of wheat passage had decreased 2,712,000 bushels ing the last week. Clearances from New k were reported at 280 000 bushels, and dispatch said that 60 boat londs had

on already engaged to-day.
All domestic markets were higher, specialNew York, Totedo, St. Leonis and Minneolls. The short interest was quickly

The Drygoods Market. The Drygoods Market.

New York, July 21.—The drygoods market was apparently quiet, the demand not being prominent in any direction, though considerable business was being transacted in clothing woolens. The demand from jobbers was fair as the day's sales are footed up and agents were very busy with deliveries. For a few articles getting scarce, as low grade bleached goods and fancy woolen dress goods, demand seemed active. In other respects buyers are not hurrying to extend their preparations for the fall trade.

FEATURES OF LOCAL SPECULATION

The Citizens' Traction Company has purchased 60 feet on Butler street, near the cemetery gate, for \$5,000, or thereabouts. The buildings will be torn down to make room for a loop for the Lawrenceville end of the electric road which is being built to Sharpsburg. This purchase gives the company all the road facilities required, and the work will be prosecuted with renewed energy. Sharpsburg people are anxious for its completion, as it will place them in direct completion, as it will place them in direct and easy communication with the city and contribute materially to building up one of the finest districts on the Northside.

No. 17 Clark street, owned by Mrs. Perry, changed ownership yesterday for \$2,900. The property consists of a lot 20x55, and a three-story brick dwelling.

Bad for Lumbermen. One of the best markets for lumber has been practically cut off. A wholesale dealer explained the matter in this wise: "The yellow pine industry has been particularly affected by the distressed financial condition of South America. For several years South America has taken about 200,000,000 feet of lumber per annum. During the last year it did not take one fifteenth of that amount. The country's financial affairs are in a terrible condition, and there is no money to buy with. The worst of it is that there does not appear to be any prospect of junrous ment. improvement,
"The lumber which has been taken by
South America is now thrown upon the
Northern market, causing a glut and consequently a weak demand and low prices,"

THE FINANCIAL PULSE.

A Better Call for Loans and Interest Rates Rather Stiffer. The improvement in the call for money classes, previously noted, was the feature at the city banks yesterday. As financiers predicted some time ago, there is strong probability that the upturn will absorb all the idle cash, or, at least, reduce the surplus to a moderate working basis; and in antici-pation of this, interest rates are stiffening.

The bulk of business here is at 6, with 51/207 as the extremes, but the inside figure is exceptional. Exchanges were \$2,955,815 25, and balances, \$506 493 68.

Financially, Chicago is the West, and the tone of the market there reflects the sentiment and feeling of the trans-Mississippi region. The *Tribune* of that city says: "The money market continues reasonably easy, and but for the fact that withdrawals for country use are expected before long of quite a large scale, rates would doubtless be quite a large scale, rates would doubtless be materially lower than those now quoted by the banks. The duliness of speculation has reduced the demand for call loans to a minimum, but the requirements for legitimate purposes are quite as large in Chicago as for the corresponding period last year. The bank clearings are now showing a moderate gain, and the best feature of the improvement is the fact that none of it is due to speculative activity."

At New York yesterday money on call was easy, ranging from 1½ to 2 per cent, last loan 2 per cent, closed offered at 2 per cent. Prime mercantile paper, 3½67. Sterling exclange quiet but firm at \$4 84½ for 66 day bills and \$4 85 for demand.

My Dear Siri-I am writing to you in behalf of a widow, who is a member of my congregation, and I shall feel greatly obliged if you will kindly obtain the information asked for. Her eldest son, of the name of Ciarence William Walton, left this place for America three years ago. The last letter she received from him was daten New York, October 10, 1881. In November, 1889, she received a message stating that he was leaving New York, In February, 1891, she heard from a friend that he was in Pittsburg and that he had been there about a year, employed in an Iron factory. He learned the blacksmith trade here and he was also a dispenser of medeches. His age is 25 years. This is all the incommation I am able to give about him. His maker is very joor and you will kindly make inquiry about him for her. Thanking you in anticipation, I am faltorially yours,

Rev. J. Marquis McCormey, JOHN HAMMILL'S FUNERAL Attended by a Large Number of Firemen and Friends of the Deceased. The funeral of John Hammill, the ex-fireman, took place yesterday. The cortege was headed by the Second Brigade Band.

Gourley:

Then came a detail of 75 men from various fire companies and six members of the Burfire companies and six members of the Bur-cau of Electricity. The pall bearers were: Magistrate McKenna, John McElroy, John Ringley, George Whitefield, Daniel Wolf, Ed-ward Jackman and George Earle, all mem-bers of the old volunteer fire department. Services were held at the Cathedral. Rev. Father O'Neil delivered the address. The body was buried in St. Mary's Cemetery.
