MINOR NEWS FROM THE TREES STATES

PERFORMANCE THE PURPAGE TO THE DISPATCH. McKrussont, July 22.—The heavy increase of the freight and passenger traffic of the Baltimore and Ohio Company will compel

the company to secure more track room in this city, and in fact all along the line from here to Pittsburg. The necessity for insed yard capacity here has long been felt and grows daily. To secure this the company cannot acquire ground located below its line, as the Lake

Eric road, running parallel and at most mints very close to it, cuts the Baltimore and Ohio off, but it can secure the same above the line, and will probably do so. The McKeesport yards of the read will be enlarged to double the present size within the next year, and while this extension will cre-ate yard room the present business will monopolize, it will be needed all the more.

All lines west of Pittsburg and Eric for June, 1891, as compared with the same month in 1890, show an increase in gross carnings of \$56,417; a decrease in expenses of \$109,000; an increase in net earnings of \$175,417. The six months of 1891, as compared with the same period of 1890, show a decrease in gross carnings of \$1,182,228; a decrease in motors of \$1,182,238; a decrease in not of \$1.402,488; an increase in not

HARRISHURG, July 22.-A conference was held this afternoon between the ministers' committee and the Electric Street Railway in reference to running cars on Sunday.
