#### INTENSE DULLNESS VARIED BY A FEW DEPRESSIONS.

Burlington and Louisville Stocks Suffer Most

Bonds Very Dull.

NEW YORK, July 23 .- The stock market to day was even more stagnant than those of the few preceding days, and remained from opening to close almost entirely devoid of eature, while no important change in valies occurred in stock. The two parties in the market maintained the same attitudes,

Inderial influence upon variaes, the dufiness is likely to continue. St. Paul, Burlington, Louisville and Nash-ville and Rock Island were the only stocks showing any animation, Louisville and Richmond being most prominent in the de-cline. After a partial rally the most intense dullness oversprend the market. Some lit-tle buying of Western Union was regarded as significant, but did not assume large pro-portions and failed to move the stock more than ½ per cent. The pressure was increased on Louisville in the afternoon, and its loss was brought up to about 1 per cent, and at the last hour there was a severe drive at Burlington, under the old story of an increase in its securities, and its net loss was made larger than Louisville. The market closed dull and heavy to weak at the lowest prices of the day. The final changes are generally for small fractional losses, but Burlington is down 1½, Louisville 1½ and Wheeling and Lake Erie preferred 1 per cent.
