### DOGS IN A DILEMMA.

The First Day's Catch Turns Out to Be Quite a Large One.

People Turn Out to Stare at the Wagon With Its Howling Captives.

TWENTY-FIVE CANINES CAPTURED.

EXECUTIONS BOOKED FOR TO-MORROW

The first execution of dogs will take place at the pound to-morrow night at 10 o'clock. Superintendent Weir has not yet decided whether or not to issue special invitations for the affair, but at any rate it will be wit-nessed by only a select few.

The dog patrol made its first trip yester-

day, starting out at 8 o'clock in the morning and returning at 2 r. m. with 25 captives. With the wagon were Driver John Bracken and Dog Catchers Washington Alexander and Peter McNally.

After leaving the pound they drove down to City Hall, where Superintendent Weir in-spected the outfit. Then the traveling prison crossed the Smithfield street bridge nd turned down Carson street toward the

During the next few bours there was consternation among the ranks of the illegal brute population of Limerick. Scores of snapping, snarling curs, woolly and otherwise, who had lived all their lives unmolested, nothing to disturb the peace of their lives except an occasional noisy altercation among themselves, suddenly found them-selves beset by unknown enemies. The net-dropped with astonishing quickness over them, and, tangled confusedly in its meshes, they were tossed howling with terror into

#### AN OBJECT OF INTEREST.

As the wagon moved along the streets its errand soon became known, and its ap-proach was heralded several squares ahead. Following it at a respectful distance was a crowd of men, women and boys, enjoying crowd of men, women and boys, enjoying the novel sight hugely and frightening away half the intended victims with their cries.

Mr. Alexander, a colored man, who captured does eight years in Washington, D. C., proved himself quite expert in the business. When once he got fairly in the wake of an unlicensed cur he seldom failed to land it in the wagon. Mr. McNally, though new at the business, turned out to be more of an enemy to the violators of the dog ordinance than some of the unlucky animals suspected. The tour was not made, however, without accident. Alexander had his net over a large Newfoundland dog and was waiting for his partner to come to his assistance in petting it into the wagon when the animal succeeded in fixing its sharp teeth in his hand. The wound biled considerably, but was not very serious. was not very serious.
One case where Mr. Alexander showed his

ability was when he had a large dog under his net and another one came running up, somiling and barking furiously. Holding the net down firmly with one hand he reached he other out quickly, and in an instant had aught the intruder by the neck and tossed im into the wagon.

SOME ANGRY OWNERS REBEL. In several places the catchers met with rious remonstrances on the part of angry owners; but they paid no attention to the nd kept on with the work. Finally all were tired out, and with the cage well filled they started toward the pound. As the wagon came along Smithfield street and pulled up again in front of the City Hall it attracted

Twenty-five dogs were crowded behind the network of wire, and most of them were garing wistfully out on the crowd, as if wondering what it all meant. Others were more inclined to do battle with their fellow prisoners, and attogether they made a decidedly noisy collection. Half a hundred hors followed the wagon, each laying claim in vociferous language to one or more of the cars. When the wagon reached the pound on Ruch's Hill fully 500 recople were awaiting its arrival, eager to witness the first consignment of applicants for the drowning cage. All those not chaimed before to-morrow evening will go under the water.

Licenses are still being issued at Centraj police station. Superintendent Weir said vests, day be did not yet know how many increases had been issued, as the records are still at the various stations. But he is consider there are from 1,500 to 2,000 dogs in the city still unlicensed, and before many weeks a large proportion of them will be "ducked."

PLENTY of choice in Andersea. he attention of everybody.
Twonty-five dogs were crowded behind
he network of wire, and most of them were

#### SOMEWHAT DIVIDED.

The Opposition to the County Committee Action Not Unanimous as to Another Meeting-To-Day Likely to Settle Several

Eather Interesting Questions. While enthusiastic as ever the straight-out Republicans are somewhat divided as to the advisability of calling for another meeting of the County Committee. This will be settied at the meeting to-day, Judge Fetterman regards the proposition to call another meeting of the committee as a mistake, but one attended with happy consequences, as it brought an expression from Republicans who laid hitherto kept quiet. They advise against the calling of a meeting of the com-

Secretary Donn expresses the opinion that from different parts of the county show a ority of Republicans in favor of calling a vention and the nomination of a straight

convention and the nomination of a straight Republican ticket.

James H. Fatterson, of Sharpsburg, returns a list of 155 names of voters who repudiate the County Committee's action, and request a convention. A North Fayette canvasser returned a list of 21 signers to a request for a call for a convention, and said he had soked only 2 Republicans to sign.

Chairman Gripp said vesterday that he had not been asked to call the committee together again, but that he could have no hestation in doing so, as the rules would make it obligationy on him.

t obligatory on him.
Reports of what will be done to-day are colored somewhat to suft the views or those making them, but the issue of the meeting will determine the complexion of the move-

#### THE ADVANCE SHIPMENT.

Seven Car Londs of Machinery for the American Vault, Safe and Lock Company Delivered on Their New Siding at

Hundreds of people flocked to the new siding and station site at Blaine on Monday when it became known that the first consignment of machinery for the new safe works at that point had arrived. Seven ears standing on the Blaine switch, loaded cars standing on the Blaine switch, loaded with massive, highly finished machinery, were surrounded during the rest of the day by a curious and admiring throng. Thirty to 40 more cars will be required to transport the remainder of the safe company's and samplies from Chicago, and chinery and supplies from Chicago, and the work of constructing their mammoth buildings at Blaine will be urged vigorously forward. Residents of that vicinity and lot holders are naturally jubilant over the assurance of the speedy completion at Blaine of a plant to employ 1,200 to 1,500 men.

#### His Experience in Texas.

William Hutchinson, of Benton, Ill., while dealing in cattle and horses in Texas last September, was taken with a very severe attack of cholera morbus and diarrhoa, coming, he supposed, from a change of drinking water. A local druggist advised him to take Chamberlain's Colic, Cholera and Diarrhea Remedy. The sec-ond dose, he says, effected a complete cure, and he now takes pleasure in recommend ing it to others.

PROFITABLE PHILANTHROPY,

Making a First-Class Investment and at the Same Time Benefiting Many Working-

Attention has frequently been called to the fact that the surest way to benefit the mass of the people is to construct healthful dwellings that can be reuted at reasonable rates. Fully 1,000 workmen, principally machinists and moulders employed by the Westinghouse Airbrake Company, are obliged to go by special train every day to and from Wilmerding for the want of suitable houses that can be rented at that point. The majority of these men are anxiou reside near their work and would gladly reside near their work and would gladly do so if houses could be obtained at rentals ranging from \$10 to \$20 per month. Although there are now some 250 houses in the village, mostly owned, however, by the occupants, it will require fully three times that number to supply the present demand. The special need is for conveniently arranged five reput houses which if desire.

ranged five-room houses, which, if desira-ble, could be built in blocks of eight or ten so cheaply that at a very moderate rental they would yield at least 10 or 12 per cent on the investment from a good paying class

As to Wilmerding, as it stands to-day, there is, without doubt, no new town in the country so completely equipped. By the enterprise of its projectors the streets have been graded, sewered and provided with sidewalks without cost to the taxpayer. An excellent water works system, natural gas mains and an electric light plant leave little to be desired in the way of city advantages. The town is well lighted by the tower system, at a nominal cost, and both fire an police protection are afforded.

In this connection it may be said that, in marked contrast with the usual plan pur-sued by large corporations, the Westing-house Airbrake Company favored the early erection of Wilmerding into a borough, the boundaries of which should include its immensely valuable plant. This liberal ac-tion assures to the borough a large revenue for borough and school purposes, and to the citizens and other property owners many improvements and benefits, coupled with reasonable valuations and low tax rates. As a matter of fact, thus far taxes in the rough of Wilmerding have been less than

in the surrounding townships.

A noticeable feature of the town is the very substantial character of buildings already erected and now under way. The general office and Library building, with its extensive and lovely grounds, would be an ornament to any city. The new school house is equally handsome in design and a model of completeness. A number of well built business houses and a very attractive brick block known as the Bank building impress the visitor with the marked perma ney of all improvements, while the neat and artistic dwellings to be seen on all sides strengthen the impression and gratify

The plant of the Westinghouse Airbrake Company is the only manufacturing estab-lishment within the borough, but it is gigantic in size and in achievement, employing 2,000 men and paying out over \$100,000 per month for wages alone. Dividends aggregating 12 per cent on the capital stock of \$5,000,000 have been declared out of the earnings of the first six months of 1891, and with a constantly increasing business there is scarcely any limit to the growth and prosperity of this wonderfully

successful concern.

In view of these facts, the security of money invested in permanent buildings at Wilmerding cannot be questioned. The history of McKeesport and Braddock will be repeated there, and those who are first in the field will reap the most bountiful har-vest. The East Pittsburg Improvement

CHOICE PROPERTIES. AN IDEAL RESIDENCE.

New--9 Rooms--Stone Front.

Situated on a prominent asphaltum paved street in Oakland, among fine properties, within 15 minutes' ride of the postoffice and only a short distance from the Forbes street entrance to Schenley Park. The exterior design, although plain, contains new and attractive features with substantial and lasting qualities. The interior is excellent and complete, embodying comfort and elegance, convenience and healthfulness. It is supplied with every modern improvement in house appliances. It is papered and decorated superbly. The rooms have been exceedingly well arranged, utilizing every foot of space and providing for a sufficiency of light and ventilation. Good sanitary plumbers' work upon scientific plans is assured, a good, deep, dry cellar, with cement floor, and a roof laid with slate bedded in asphalt on heavy roofing paper, fireprof and indestructable, are some of the good points. Call at our office at an early day and get prices, terms and exact location.

BLACK & BAIRD,

NO. 95 FOURTH AVE.

**OLIVER TERRACE** LOTS,

HAZELWOOD.

They are the finest and most beautiful building lots in the Twenty-third ward.

They are situate only 3.8 miles from Pittsburg Postofflee, and are on the line of the B. & O. R. R., which has 46 trains stopping daily at Hazelwood station, and front on Second avenue, where the electric cars, with 5-cent fare, pass every few minutes.

They are convenient to the churches, and only three minutes' walk from the Peeble's Public School.

Enhancement certain, owing to the vast Enhancement certain, owing to the vast nprovements being done in that vicinity. IKA M. BURCHFIELD,
