LOCAL LIVE STOCK.

Receipts of Common and Low Grade Beeves Exceed the Demand, With

PRICES LOWER THAN LAST WEEK.

Light Tidy Butcher Cattle Are in Small Supply and Firm.

SHEEP AND SWINE A SHADE LOWER.

OFFICE OF PITTSBURG DISPATCH, WEDNESDAY, July 29, 1891. Markets opened on Monday morning at the Liberty yards with 130 loads of cattle on sale, a large proportion of which were com-mon and low grade. About 40 loads were from Chicago, and the balance from Ohio and Indiana. Since Monday about 10 loads have been added to the offerings, making a total of 140 loads against 155 loads last week and 150 loads the week before. Prime beeves were conspicuous for their absence. There were no heavy primes on sale and few light rimes, the kind that our trade especially ills for. Light tidy cattle, weighing 1,100 to calls for. Light ridy cattle, weighing 1,100 to 1,200 lbs have not been in over supply in this market for months past, and this is the only grade that suffers not from depression of prices. Beeves of good quality weighing 1,200 lbs, were in good demand at last week's prices, but all common and low grade stock was dull and slow at a decline of 15 to 25c per cwt. Buyers were on land in fair force on Monday, but their ideas of values were different from sellers, and the large run was worked for all that was in it. Frime heavy beeves are no longer in demand at the East Liberty yards.

Liberty yards.

The few butchers who call for this class of cattle buy directly from Chicago. Prime heavy beeves sold there this week as high as \$i. 20 per ewt, and at East Liberty, there were no sales above \$5.65. All this season this control of the control of heavy beeves sold there this week as high as \$1.20 per cwt, and at East Liberty, there were no sales above \$5.65. All this season there has been a silort supply of light, tidy butcher stock, and an excess of low and common grades. We never have too many ripe beeves of 1,100 to 1,300 hs weight. Fresh cows were in better supply at East Liberty this week than last and demand was good at a range or \$25.00 to \$40.00 per head. Calves were in larger supply than usual and markets were off from 25c to ble per cwt. Venlets ranged in price from \$5.25 to \$5.75 and only a small proportion reached the outside figure. Grassers soid at \$25 to \$5.75 and only a small proportion reached the outside figure. Grassers soid at \$25c to \$c per h. Sheep—There have been about 30 carlonds on sale this week, mostly medium and low grade stock. The few primes on sale sold at about last week's prices, and all below prime are off flot to 15c per cwt. The top price for sheep is 5c and for lambs se per h. Hogs—Receipts for the week \$5 carlonds, against about a dozen hast week. Prices off 20c to 25c per cwt., and markets slow. Top price, \$5.75. Best Yorker, \$5.50 to \$5.00. Grassers, \$5.00.

Report of a Leading Firm.

Report of a Leading Firm. The following is the weekly review of Helmes, Howen, Briggs & Co.: We report De loads of cattle on sale Monday, which were principally of common to fair butcherttie of 200 to 1 200 weight. There were to prime to extra stock offered on the market. Common to medium cattle were very dell and slow sale at 15 to 20 cents lower than last week, while the better grades were steady to strong. Cows and bulls were in excess of demand and were generally 20 to 25 cents per cwt, lower. We quote prime 1,500 to 1,500 to 1,600, \$5 25 to \$5 40; good 1,500 to 1,500, \$5 25 to \$5 40; good 1,500 to 1,500 to 1,500 to 1,500 to 1,000 t ower than last week, while the better grades \$2.50 to \$5.75; thin and common cows and bulls, \$1.50 to \$2.25; fresh cows and springers, \$15.00 to \$40.00 per head.

GRAIN AND PROVISIONS.

Wheat Weak and Fluctuating-Corn Weak, but Advances Before the Close-Oats Lacks Strength-Provisions Share in the General Want of Stamina.

CHICAGO-The wheat market was wabbly -day. The news was not of a character to give it a decided impetus in either direction, closing near the lowest prices of the day December opened at 90% against 99% at the close yesterday. In the afternoon there was considerable pressure to sell, but as the big buyers had filled up and withdrawn it was very difficult to place it and weakness

was very difficult to place it and weakness was the result. December sold off to 85% cand closed at 89% c, a loss of le compared with yesterday's close.

Corn was weak early, owing to an excess of selling orders. Starting at 58658% c, September sold off to 57% c, and rested for a time at about 37% c. Later on wheat making a partial recovery, corn rallied some, September selling back to 53% c, then broke to 57% c.

There was a little spurt in July caused by an attempt to cover a small short line, and it sold from 61% up to 64 cents, while September was on the down grade. There was a reaction later, and it sold to 62c and closed at 63c. In the afternoon September was very weak, and finally touched 56%. Toward the close there was a raily, and the close the close there was a raily, and the clowns at 57%, against 55% vesterday.

Outs weak during most of the session.

Provisions weak in sympathy with grains most of the day. There was a recession in pork to a point 15 cents below the opening, followed by an advance to the highest point followed by an advance to the highest point of the day, and then another decline to medium figures at which it closed. Lard and ribs firm, closing at about the opening.

The leading futures ranged as follows, as corrected by John M. Oakley & Co., 45 Sixth street, members of Chicago Board of Trade:

Old Sterrett Township Clipped Almost Out of Existence.

NEED OF LEADERS TO PUSH THINGS

The Famous Stewart Farm Reported to Have Been Absorbed at Last.

FINANCIAL AND SPECULATIVE TIPS

Hints of a big deal in acreage were thrown out early in the week and referred to in this column, but specific facts could not be ob-tained until yesterday, when it was learned on good authority that the transaction in-volued the Stewart farm of 200 acres, adjoining Kensington on the north, and that the Burrell Improvement Company was the purchaser. The price could not be ascer-tained, as members of the company were not in a position to talk, but it is safe to place it in the neighborhood of \$100,000. This is the property that was offered to the city for a poor farm at \$700 an acre and raised such a breeze in Councilmanic and political circles a few months ago.

Almost Wiped Out.

Sterrett township has been clipped so much that very little of it remains. The first break occurred when Wilkins township was formed. The organization of the boroughs of Wilkinsburg, Edgewood and Brushton made further inroads. All that remains of the township is a narrow strip adjoining Brushton and the Crab Hollow district above Wilkinsburg. The former will probably be absorbed by Brushton, but the fate of the latter is not so clear. Inasmuch as Wilkinsburg does not want it for political reasons, it will no doubt be annexed to Braddock township. This accomplished, Sterrett township will disappear. The Value of a Leader.

Speaking of the backward condition of Frant street yesterday, a real estate broker remarked: "If you will furnish a leader the vicinity of the Court House, I will guar antee that Grant street will soon become one of the most progressive in the city." He added: "A leader is indispensable in every line of development. About a dozen years ago I was agent for considerable vacant ground on Elisworth avenue. I offered it at ground on Elsworth avenue. I offered it at very low prices, but failed to find buyers. Finally I almost donated an acre to a well-known business man on the sole condition that he would put a house on it costing not less than \$20,000. He did so, and in addition put up nice fences and improved his grounds. When all was finished he had his grounds. When all was finished he had one of the handsomest places in the East End. This called attention to the locality and gave it such an impulse that I soon sold out." Incidents of this kind are numerous. A few years ago Mr. A. H. Rowand purchased five acres in what was then an obscure part of Edgewood, and built a \$20,000 house. He had no near neighbors then but has plenty now. This plan will work as well to-day as it did ten years ago. All that is necessary to stir up things in a dead district, other conditions being favorable, is to make a start—break the ice—find some one to pioneer the way—and there will soon be no lack of followers."

To Boom Petroleum.

The maintenance of an oil department in the New York Produce Exchange is being advocated by some of the members with considerable carnestness. Some of them say there is no good reason why the speculation in petroleum should not assume considerable importance next fall. There is erable importance next fall. There is a probability that the rules and regulations will be revised for the purpose of inducing the public to take more interest in the mar-ket. One of the changes which has been suggested is a reduction of the commission

Business News and Gossip. big deal on Perrysville avenue, reported yesterday, will accelerate the im-provement of that progressive thorough-

Lot selling at Kensington is as active as at any time since the opening sale. Building and other improvements are making good

The largest shifting sheds on the Pennsylvania Railroad are at Wall. This is a new town, but it has already passed the doubtful state. Its close proximity to Pittsburg, and

the number and variety of its industries, make it desirable for home seekers.

The Pittsburg and Western Railway Company has placed a mortgage for \$40,000 with the Safe Deposit and Trust Company, as trustee. The money is to be used for the betterment of the road.

Sixty buildings, residence and business, are in course of erection at Kensington, costing from \$500 to \$3,500. These do not include the factories.

There are indications that Standard Oil interests are willing to sell Lead down if it

interests are willing to sell Lead down if it could be done without the loss of too much stock. There is talk against the reorganization plan by brokers who have heretofore been bullish. It is said the coming statement of the Philadelphia Company will show that heavy inroads have been made upon the debt. This will be good news but not a sur-

heavy inroads have been made upon the debt. This will be good news but not a surprise.

The Pittsburg Oil and Gas Supply Company has leased 1.170 acres of land near New Castle, and arrangements will be made for sinking wells for oil and gas immediately.

Reports of railroad earnings continue to figure on the bull side.

New York closed heavy and lower. London was dull and weak.

The Central Trust Company of New York, and the Franklin Trust Company of Brooklyn, give notice that they will receive subscriptions for \$500,000 of the 8 per cent cumulative preferred stock of the Demorest Publishing and Sewing Machine Company. The preferred stock is the only one offered for public subscription, the whole of the company stock being retained by the present management and associates of the company. The subscription books are now open and will close on August 10 or earlier. The business is earning over \$100,003, sufficient to pay 8 per cent on both preferred and common stock and leave a surplus.

The Building Record.

The Building Record. Permits for the erection of the following

buildings were issued yesterday: Southwestern Land Company, two frame two-story dwellings, 176x30 feet, near Fairman and Rebecca streets, Nineteenth ward G. W. Dilworth, frame two-story dwelling

G. W. Dilworth, frame two-story dweling. 10x40 feet, on Atwood street, Fourteenth ward. Cost, \$1,740.

J. J. Weldon. brick addition, two-story dwelling, 20x16 feet, on Atwood street, Fourteenth ward. Cost, \$1,325.

John Kenworthy, brick two-story dwelling, 19.2x32 feet, Liberty avenue, Twelfth ward. Cost, \$2,400. Movements in Realty.

Baltensperger & Williams sold for Henry Kreiling to George Schmidt, the well-known real estate dealer, the property No. 117 Charles street, Allegheny, consisting of a lot 24x90 to Snyder street, with a frame dwelling of eight rooms, for \$4,600.

Reed B. Coyle & Co. sold for the Hon. Ar-thur L. Thomas, of Sait Lake City, Utah, a property consisting of a five-roomed brick dwelling, with lot 80x150 feet, situate on Wayne street, Idlewood, Pittsburg, Cincinnati and St. Louis Rallway, for \$3 003 cash. W. A. Herron & Sons sold in North Fayette ownship, near Oakland, on the Panhandle Railroad, about 12 acres of land, for \$2,500

cash.

A. Z. Byers & Co. sold for J. W. Stedeford to George Schwelkert a vacant lot, 3x40 feet, on Bell avenue, Twelfth ward, Allegheny City, for \$800 cash.

Biack & Baird sold to A. W. Rupel, lot No. 28, in J. W. Hay's plan of Kenliworth Place, on Herron Hill, for \$630.

M. F. Hipple & Co. sold lot No. 52 in the M. S. Dickson plan, Thirteenth ward, to Frank Kelch, for \$675.

HARD CASH.

A Fair Movement in Financial Circles, but

No New Departure. There was no perceptible change yestervious reports. Checking and depositing were good for the season, discounting fair, rates steady at 5@6 as the rule, and the supply of funds sufficient for all purposes. Ex-

change and currency were quoted even. Bank clearings were \$1,872,831 31, and balances \$300, 14 73.

The Journal of Finance remarks: "A change for the better has been noted in the last few days in the foreign money market situation. Official statements published show that the conditions of the Bank of England, of the Bank of France and or the Imperial Bank of Germany are immeasurably better as compared with their conditions a twelvemonth back. The Bank of England, which for a fortnight had been showing very large losses of gold, and for four weeks, but exhibited

continuous and heavy reductions in its banking reserve, has turned a sharp corner on both points.

At New York resterday money on call was easy, ranging from 1½ to 2 per cent, last loan 2 per cent, do offered at 2 per cent. Prime mercantile paper, 5% T. Sterling exchange quiet and steady at 48 8½ for 60 day bills and \$4 86% for demand.

HOME SECURITIES.

NO BUSINESS TO BRAG ABOUT, BUT VALUES GENERALLY STIFFER.

Iore Emphasis Given to the Bullish Sen timent-Bidders Making Advances-Westinghouse Meetings Postponed -Reorganization Practically Completed. Bearish sentiments, so long the dominant feature on 'Change, seem to be giving way to a more hopeful and buoyant temper. Big crops and steady improvement in the financial situation furnish sufficient reasons for

the change. Trading was slow yesterday, footing up only 100 shares, and narrow as well, only two stocks, Philadelphia Gas and Duquesne Traction, being handled, but values were stronger for almost everything upon which quotations were made. Philadelphia Gas sold up to 111/4 at the last call against 111/4 at the first, and closed steady at the outside figure with more wanted than offered. Luster was a fraction off in the bidding, but holders refused to make concessions. Switch and Signal, Airbrake, Underground Cable and Pipeage were more aggressive. Scarcely anything was said about Electric. The adjournment of the annual and special neetings for four weeks was something of a

meetings for four weeks was something of a disappointment. This means more delay in listing the new stock. Mr. Westinghouse said everything was progressing nicely and that the reorganization would be completed within the prescribed 60 days. He added that new stock certificates were being engraved and printed.

The market is so sensitive that as soon as it becomes known that orders for anything are out up go prices and business is blocked. This is illustrated by the course of Philadelphia Gas during the last two or three days. It shows that sellers are expecting an upturn and are holding out for it.

The following from a New York source fits the local situation exactly: "During the long-continued liquidation in the stock market, a liquidation which has gone on without disturbance, the market has been gaining strength day by day. The stock has been passing from the hands of brokers into the hands of investors, and where the sales have been forced if the group form these school and passing from the hands of brokers into the hands of investors, and where the sales have been forced it has gone from those who had no money into the hands of men with

no money into the hands of men with money."

Outside speculation has been practically at a standstill, and it is reasonable to suppose from these facts that very little stock will be offered for some time to come, except at high prices such as would remunerate cantious investors who pay for what they get and have no reason for selling except a desire to realize the highest sum possible.

Sales on call yesterday were:
First call—60-Philadelphia Gas at 11½.

Second call—20 Duquesne Traction at 15; 20
Philadelphia Gas at 11½.

Third call—No sales.

Bids and asking prices at each call are appended:

A DULL BEAR DAY.

THE STOCK MARKET IS PROFESSIONAL AND NARROW.

Four Issues Furnish Nearly All the Business Done, and They Are All Down-Several Material Losses-Railroad Bonds

Unusually Dull and Lower. NEW YORK, July 29 .- The stock market today had more of a professional look and was narrower than during the last few days, displaying a weak tone. The bears were inne-

tive except in Burlington, Northern Pacific, Louisville and St. Paul, while a few specialties, including Tennessee coal, scored ma-terial declines on small transactions. The bears for the present are certainly on top, but they can't press the advantage too far. In to-day's market four stocks furnished the greater portion of the business done. In to-day's market four stocks furnished the greater portion of the business done. The traders raided the leading stocks, making a weak opening, but the extent of the declines was insignificant. While the final changes in most of the list are confined to small fractions, the few active shares suffered large losses for the day. The earlier efforts were aimed at Burlington and Northern Pacific preferred, but Louisville, Lackawanna and finally St. Paul and Chicago Gas felt the pressure to sell. There were frequent small railies, but no material progress was made toward higher figures, and the market closed dull but weak at or near the lowest prices of the day. The important losses include Tennessee Coal, 2½; Chicago Gas, 2½; Northern Pacific preferred, 1½; Colorado Coal and Wheeling and Lake Erie, each 1½; Louisville and Nashville, 1½, and St. Paul 1 per cent.

Railroad bonds were unusually dull. There was a drop of 1 per cent fine Richmond and West Point Trust 5's to 5', and a subsequent recovery, and a decline in Louisville, New Albany and Chicago consols to 93½ with a recovery to 92½. The tone of the market was heavy and most issues are slightly lower. The trading reached only \$23,200.

The following lable shows the prices of active stocks on the New York Stock Exchange yesterday. Corrected daily for The Disparach of Whithaman Chicago Consols to 93½ with a recovery to 925.

GARDENS AND FARMS

RE YIELDING MORE THAN MARKETS ARE NOW ABLE TO ABSORB.

Happy Time for the Consumer-Buyers of Cereals Cautious on Account of Speculators-Hams and Pickled Meats Strong -Coffee Markets Firm. OFFICE OF PITTSBURG DISPATCH, WEDNESDAY, July 29.

Country Products (Jobbing prices)-In all lines of farm and garden products supply is still in excess of demand and the uyer has the field. Potatoes have found a lower level and are slow at quotations Home-grown potatoes are now coming in so freely that Southern stock is forced to the rear. Cabbage is worth what it will bring. The same is true of apples. Markets are The same is true of apples. Markets are bountifully supplied with early apples by nearby farmers, and only the choicest stock is in demand. Peaches are also coming in freely, and are slow at quotations. Melons are abundant and slow. Grapes from North Carolina are on sale at the commission houses this week for the first time. In tropical fruit lines lemons are the strong factor. Prices are advanced 50c per box in the past few days and are firm at the advance. Bananas and oranges are quiet. Eggs are quiet at quotations and poultry is firm. Dairy products are strong and tendency of markets is upward.

Appless—36656 a bushel, \$1.0654.50 per barrel.

APPLES-3650c a bushel, \$1 0.64 50 per barrel, BUTTER-Creamery, Elgin, 20621c; Ohio brands, 17@18c; common country butter, 12c; choice coun-ima b ans, 55-66c.

The new coffee crop is coming in slowly and markets are still firm. Up to the present there have been received only 21,000 bags ent there have been received only 21,000 bags of Santo coffee at New York, against 67,000 bags at this time last year. The crop of Santos was light last year and is heavy this year. It is plain that the crop is held back for reasons not yet discovered. Javas and all mill coffees are firm, and prices are a shade higher within the past few days. Sugars are quiet at the decline noted yesterday.

The Pittsburg committee of freight agents held a short meeting yesterday. They claimed only routine business was transacted. The business is beginning to boom, and a good fall traffic is expected.

ICE FOR SALE.

OF WHICH 20,000 SHARES ARE PREFERRED. All shares issued to be full paid and non-assessable, and stock-

will be divided EQUALLY between the preferred and common stock.

Dividends will be payable at the offices of the company or will be sent by mail to shareholders upon request. The two classes of stock will have the same voting power.

All of the common stock will be taken by the present management and associates. The preferred stock only being offered for subscription at par, the right being reserved to accept subscriptions in part, should the applications exceed the amount offered.

The right is also reserved to give preference to em-

The right is also reserved to give preference to embond, with the additional privilege of sharing with the common stock in sarplus profits. The dividend of 8 per cent, is cumulative, and in case of non-payment it will remain until paid a charge against the earnings of the Company prior to all claims of the common stock. In case of liquidation, the preferred stock will be paid in full, oth principal and accrued dividends, before any payment is made upon the common stock. The value of the real and personal property acquired by the Company, as will appear by accompanying statements, is nearly double the amount of the

issue of preferred stock. STATEMENT OF VENDORS.

The Mme. Demorest pattern and fashion business was established in 1845, and has necome one of the best known and most successful enterprises of its class. There are in the factories and publication departments constantly employed between two hundred and fifty and three hundred en and women. There are two thousand agencies in this country and more than two lundred agen-cies in England and France. Every department of the business has from the beginning been profit-

sold in large quantities in London, Paris, Berlin and elsewhere in Europe almost as readily as they

The company acquires the paten's of one of the best sewing machines ever invented, and has the ndvantage of its millions of publications for free advertising, by means of which a trade is already secured, only limited by ability to supply the demand for machines. The new company will be emand for machines, the new company will be enabled to increase the capacity of the factories (at present 30,000 machines per year) and greatly enlarge the business, as the proceeds of \$100,000 of the preferred stock are set aside as a cash fund for working capital and improvements.

The real estate and other property acquired by the Demorest Company, free from all debts and obligations, embraces:

The real estate, factory buildings, tools and machinery at

ings, tools and machinery at

CAPITAL STOCK - - - \$1,000,000 DIVIDED INTO 40,000 SHARES OF \$25 EACH,

holders will have no personal liability whatever. The 20,000 shares of preferred stock is preferred both as to dividends and assets, and is entitled to a c unulative preferential dividend of 8 per cent, payable semi-anand is entitled to a cumulative preferential dividend of 8 per cent, payable semi-an-nually on the 1st days of February and Au-gust in each year before any dividend shall All of the publishing equipment, records, copyrights and

be paid upon the common stock.

The remaining 20,600 shares are common stock, entitled to a noncumulative dividend of 12 per cent per annum after the payment of the camulative dividend upon the preferred stock.

The surplus profits over and above these dividends will be divided EQUALLY between the preferred and addition thereto the company In addition thereto the company acquires six acres of land near the city of Williamsport, a gift from its citizens, upon a part of which its factory buildings are located, which at the time of its conveyance was valued at \$3,000 and is much more

veyance was valued at \$5,000 and is much more valuable now.

As appears from the following certificate, the books have been examined by Messra. Bergthell, Horley & Co., Public Accountants, of 35 Pines street, New York:

"We have examined the books of the Demorest Fashion and Sewing Machine Company for the 15 months ending the 13th day of April, 1891, during which period the company manufactured and sold its sewing machines, and after making due provision for depreciation of machinery and plant, and charging off all expenses, including the expenses of management, we find the net carnings for that period to have been \$104,782 43.

BERGTHEIL, HORLEY & CO., loyes and regular customers.

The preferred stock offers a security almost identical with that of a first mortgage \$000,000 per annum, and, it is believed, that with the advantages obtained from this incorporation, it will be able so to lucrease its business as nearly, if not quite, to double the amount of its net profits. No greater proof of confidence in the profits of the business could be shown by the present owners than the fact that their interest will be represented entirely by common stock, which under no circumstances can receive a dividend until after the dividend upon the preferred stock has been paid.

The present management and its able staff of employes will continue with the new Company to con-
