But this was more than counterbal anced by the wretelsed fielding of the fellows from Cleveland. They started like a lot of veritable amateurs and for a time it looked as if each member of the team was

HE PITCHED VEEY WELL.

Vian pitched an excellent game, but he ne bad mistakes and had three wild pitches, two of which were cestly. With these exceptions he did well, and the sluggers could do very little with him. At the early part of the game he ought to have support given him, but he held himself well ogether, and at one time it looked as if his side had a good chance to win.

Aside from the bases on bails King did celluls: He was in good form, barring his wildress, and when he got the ball over the plate he generally had the batters in difficulties. But he cond not possibly have had better support, as his colleagues did not make an error. Miller again was a hero for the time helm by cutching, in a remarkable make an cerror. Miller again was a hero for he time being by catching, in a remarkable namer, a long foul fly beyond the end of he left field bleachers. He was presented with a box of cigars. But Miller's catch, williant as it was deemed, was not so remarkable as a one-handed catch made by benny. The latter was running at full peed and, just caught the foul fly with one and a few feet from the left field bleachers.

s indeed, a great feat, and he was was at third for the home team, as Newell was at third for the home team, as Reilly had his leg highred in the dressing room before the game started. He was standing on a chair and slipped off, cutting his leg, but not very badly. At one stage of the game Newell alleged that Tebeau

In the first inning after Hanlon was out Sbugart got his base on balls and reached third on Johnson's muff of Beckley's fly to night field. A wild pitch scored Shugart and itschier went to third. The latter scored on Tebena's furnile of Miller's grounder. In the fourth inning Mack led off and knocked an easy grounder to McKean. The latter made a most miserable throw to first and acted as if he didn't care. As a result Mack got to first all right and scored on Carroll's sacrifice and Newell's single to center.

In the sixth imming Mack led off again and made a single to left garden and got to second on a wild throw by Viau. Bierbaner knecked an easy one to Viau, and the latter innde a very lad throw to second to head off Mack. A sacrifice and another wild throw by McKean scored Mack.

HOW THEY STAND

have been beaten because of King's wild. An Exciting Bace Going on Among the National League Teams.

The National League pennant race con tinnes to be as exciting as ever although the Chicagos have a larger lead than ever. But they are still not far ahead and to-morrow they will commence a long series of games away from home. Boston is putting up a trying to excel the other in making the good article and has, after a good struggle, stepped into second place, New York droj-

ping to third.

The New Yorks are crippled for lack of spitchers and if they do not get stronger in the box their hope of winning will be very remote. The Clevelandsare also very weak in the box and at present the absence of Davis from the team has a bad effect. Phila could do very little with him. At the part of the gam? he ought to have disc auraged because of the wretched of movements, but he held himself well with the chances in favor of Pittsburg getting out of it.

William Snyder Defeats Zetwo in an Excellent Sculling Contest on the Allegheny, One of the most exciting sculling races that has been seen here for a long time took place last evening on the Allegheny river. The contestants were John Zetwo and Will iam Snyder, both members of the Columbia Boat Club. The object of the race was to select the better sculler to represent the club at the annual amateur regatta at Washington this month.

The course last evening was marked off, and the rowers were compelled to row in the middle of the river and there was a strong current running. The course was from the Ninth street bridge to the Point bridge and return, a distance of a mile and a half.

The contestants were sent on their journey to a capital start, but Zetwo got out of his course a little at the Sixth street bridge and lost a length. HAS CHALLENGED THE WORLD. Commy Burns Will Jump Bridges Against Anybody-Jem Smith Deserted.

[BY CABLE TO THE DISPATCH.]

LONDON, Aug. 1 .- Tommy Burns, of Liverpool, who claims to be the champion bridge diver, has challenged the world. He is prepared to stake any amount of money that he will beat any man at diving "both in height and ornamentally and in endurance under water," and will do all this in New York or water," and will do all this in New York or anywhere else. Burns is in earnest, and has backers who mean business.

Jem Smith, who made such a lamentable show against Pritchard this week, is now a friendless man. Even Abington Baird, who who has found money for his last two battles, is disgusted with his protege. If Smith had made a good showing he would still have had friends, but to exhibit cowardic in the ring and turn his back upon a man of not half his strength was something which couldn't be overlooked, and nothing seems left to the man now but to resume his lumber carrying occupation. But his conduct was suspicious.

Until September 1 Drs. Copeland and Hall Will Continue This Bate for Medicines and Treatment.

The summer is the best time for the treatment and cure of catarrhal troubles. The climatic conditions are then most favorable, liability of catching fresh cold being then reduced to the minimum, and the even tem-perature and the condition of the atmosphere favoring the progress of the patient. Drs. Copeland & Hall have decided to treat all patients, old and new, applying to them for treatment before September 1 at the merely nominal rate of \$5 a month, furnishing all medicines. This applies to pa-tients by mail as well as patients in the city. It is to all patients, old as well as new, and for all diseases. All patients taking treatment from Drs. Copeland & Hall during September 1 will be treated until cured at the rate of \$5 a month.

It should take from two to four months of regular treatment to cure catarrh, com-mencing at a favorable season of the year. Patients troubled with catarrh taking treat-ment under the above conditions who are not cured in that length of time will be TREATED THEREAFTER FREE until
