The Finding of the Coroner Upon the Ravenna Disaster.

CREWS OF THE TRAINS TO BLAME.

The Company Was Remiss in Not Having Airbrakes on the Train.

DANGER SIGNALS SHOULD BE PROVIDED

ISPECIAL TELEGRAMS TO THE DISPATCH.] RAVENNA, Aug. 5,-The decision of Coroner Sherman in the Eric wrock was filed to-day. It is an exhaustive review of the case, being principally devoted to the dissection of the evidence. The sensational story told by the

transp is entirely discredited. Following is a summary of the Coroner's finding: First, To summarize my findings, I hold J. Pendergast, engineer of train No. 8, guilty of carelessness in not notifying the condutor of his train that he had work to do on his engine, that all the crew might have been on the alert for approaching trains. Second, I hold Conductor W. H. Young, of

Second, I hold Conductor W. H. Young, of train No. 82, guilty of gross neglect of duty, for registering and leaving Rent in violation of the rules; in not using due care or diligence in controlling the speed of his train when crossing the C. 2 P. R. R., crossing at 2 miles an hour in violation of the rules and law; and especially in not ordering his men to apply brakes at Morgan's curve, to assist the engineer to come into Ravouna with his train under control.

Third, I find George J. Holmes, engineer of train No. 82 guilty of neglect of duty in not blowing his whistle at Morgan's curve, as that would have notified those at Ravouna of his coming; also of carelessness in not having his train under centrol.

Fourth, I hold Bernard Dyer, the watchman at the interlocking station at the Cand P. crossing, guilty of gross carelessness in not blocking the treight train when he saw the danger imminent, and thus havenvoided the accident.

Fifth, I hold that certain rules of the New

Fifth, I hold that certain rules of the New York, Lake Eric and Western Railway Company are defective in this: that rule 87, which permits a fast freight to follow a persenger train at an interval of 5 minutes is dangerous and not in accord with sound judgment and public safety.

Sixth—I hold that the companies are remiss in duty, in not equipping all fast ireight trains with arbankes to insure perfect control of heavy trains.

A FLOOD AT HARRISBURG.

Paxion Creek Overflows and Submerge Several of the Streets.

Haumsnung, Aug. 5.—Early this morning a midden rain storm swelled Paxton Creek, and carried away the upper dams. The creek overflowed its banks from Rockville, five miles west of here, to Harrisburg, and ordges and fences went down in the rush of saters in an incredible short space of time,

staters in an incredible short space of time. The upper portion of Harrisburg, along Paxton Oreck, was under water, and by day-hight Eleventh, Paxton and Race streets were everflowed, and water was running into the front dears of the residences.

Manufactories along the creek were flooded and were obliged to cense operations, but none of the large iron industries were affected. The several brick works slong the creek were overflown, and millions of burk, ready for burning, are mud to-day, culverts were swept away between this city and Steelton and the street car tracks submerged to a depth of two feet, completely stopping travel for a time, and causing great inconvenience. Nearly 1,500 persons were obliged to leave their homes for a time, and the damage from the unexpected flood is estimated at \$50,000.

KNOCKED OUT THE LAW.

Game May Be Kept in Captivity During the

ZANESVILLE, Aug. 5.—In a suit to-day Judge Philitips, of the Common Pleas Court, held that a section of the Revised Statutes which makes it an offense, punishable with fine and imprisonment, to have in one's possession a squirter (or any other animal) during the time when the killing thereof is made penal, is invalid, because it does not limit the unhwful possession of an animal to those killed or captured during the period be-tween the 1st day of July and the 15th day Decamber. He holds that if one captures a squirrel in

August he may lawfully keep it in his pos-possion forever, and it is not in the power of the Legislature to require him to release it in Becomber. It is lawful to kill squirrels m the lith day of December. Can the Leg-slature make it lawful to keep it the next chay? That is what the Statute undertake to do. If the Statute limited the possession of those caught between July 1 and Decem-ber 15 it might be lawful.

An Engine Strikes a Fallen Tree and Overturns, Killing One.

CCERRENAND, Aug. 5.—An ugly accident is reported from Elk Garden, W. Va. While a gang of workmen were crowded on an en-gine on their way to work on the Whitmore struck a log on the track near Elk Garden. The little engine jumped the track and completely turned over. The steam pipes burst and the hot vapor rushed through the burst and the hot vapor rushed through the cal and completely enveloped the engine. John McKenzie, of Frostlorg, was scalded to death, his body being burned in a horrible manner, while six others were badly burned, one of whom is not expected to live. It was at first thought the log had been placed on the track with the purpose of wrecking the cagine, but a later investigation showed that a tree lind fallen completely across the line. The engineer is blamed for running inster than necessary, but the accident occurred on a curve where it was impossible to see shoul.

DEATH CAUSED BY A DOCTOR.

A Pretty Typewriter's Statement Found to Be True by a Coroner.

UNIONTOWN, Aug. 5 .- Coroner Holbert today brought in a verdict in the case of the pretty typewriter, Miss Lida Lawrence, who dled suddenly last evening. The autopsy held this afternoon developed the fact that the girl's dying statement was sustained. Medicine bottles left, bearing the name of Dr. T. P. Walker, of Dunbar, and other evidence, caused the Jury to bring in a verdict chargcaused the jury to bring in a verdict charging the doctor with the crime. time since firebugs set fire to the large noted building owned by Mrs. Graff, at that place, and also the real estate office of Wiley & Roth and several other similar buildings. Prior to this several other attempts were made to burn the town.

At an early hoar yesterday morning the inmates of a house owned by John M. Mikeloff were awakened by the cries of an infant who was sleeping in the front room. One of the men in the house went to the room just in time to save the little one from suffocation, and just in time to put out a fire that just started in the front door. The house was soon filled with smoke, and in a few minutes more would have been beyond control. It was found that someone had poured oil on the doorstep and put a match to it.

THE MYSTERY OF A GRAVE.

in the meadow of the farm of William Norcross, of Redstone township, a few days
ago. Epsey Lynn discovered a new-made
grave. It was of ordinary size, being between six and seven feet long. It had evidently been dug recently. Mr. Norcross was
notified at once, and the finder wanted to
dig it up to see what it contained.

Mr. Norcross said there might be a body
found and he did not want any trouble. The
neighborhood is now thoroughly excited,
and nothing less than an investigation will
satisfy the people, who are somewhat indignant at Mr. Norcross for refusing to let
them dig up the grave, but they are determined to have the mystery cleared up by
the Coroner, who was notified to-day. in the mendow of the farm of William Nor-

A Glorious Sensation

It is to feel that you are recovering vitality and flesh, improving in appetite and the ability to sleep. These are the invariable results of using Hostetter's Stomach Bitters, most reliable of invigorants. So also are a departure of indigestion, the disappearance of malarious symptoms and those which mark the presence of billous, rheumatic and kidney complaints.

Atlantic City.

Offtimes when Senator Quay would bid Ben Sooey goodnight at the wreck and tell him to come back for him at daybreak, little did he think that a real, live mermaid was fiirting around his little boat, for at this very spot McMillen and Fleming were fish-ing all night on Monday and toward the gray of morning were startled when draw-ing their line, the hook of which became entangled in the hair of a beautiful maid of the sea. She has a baby face and, like Tom Cooper, is red-headed and hopeful; she Cooper, is red-headed and hopeful; she laughs and cries alternately, relishes ice cream like Philadelphia school girls. DRUNKENNESS

Or the Liquor Habit Positively Cured by Administering Dr. Haines' Golden Specific.

It is manufactured as a powder, which can be given in a glass of beer, a cup of coffee or tea, or in food, without the knowledge of the patient. It is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases, and in every instance a perfect cure has followed. It never fails. The system once impregnated with the Specific, it becomes an utter impossibility for the liquor appetite to exist. 48-page book of particulars free. To be had of A. J. We have inaugurated one of the most extraordinary sales in the history of the Clothing Trade. From today, and until we give up possession of our store September 15th, we make a clear, clean-cut allowance of 25 per cent off your purchase of Ready-Made or Made-to-Measure Clothing. The regular selling prices are marked in plain figures on each garment, and you just pay 25 per cent less than you see on the ticket.

The determination is to turn the goods into money

and not ship them back to our Philadelphia house. If

you miss this sale you lose money. Examine our peerless stock, and see if we don't mean

just what we say. You want the best.

WANAMAKER & BROWN, Cor. Sixth St. and Penn Ave.

This is your chance.
