"I suffered constant and unremitting pains for years. Consulted and was treated by different doctors, in vain. Tried the electrical treatment as administered by the physicians of the Electropathic Institute, 507 Penn avenue, and, as a result, my trouble has disappeared."

The speaker was Mrs. M. A. Sankey, aunt of the great evangelist, Ira Sankey, residing at 115 Lacock street, Allegheny.

Open the Tennessee River.

CHATTANOOGA, Aug. 11.—A most remarkable mass meeting of the clitzens of Chattanooga was held in this city this afternoon to give public indorsement to a movement now on foot in this city to establish a steamboat line on the Tennessee river to ply between Chattanooga and St. Louis. The recent completion of the Government work at Mussel Shoais caual, costing nearly \$5,000,000, makes such a route practicable and feasible. The movement on foot in this city is to raise \$100,000 to buy, equip and run a boat independent of any railroad alliances.

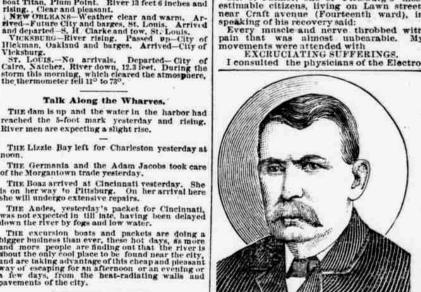

A series of resolutions were adopted arraigning the railroads and pledging financial aid and support to the steamboat line. The fund will doubtless be raised to-morrow. Fully 500 business houses were closed during the meeting. tration until I became so had that I shared the belief of my friends that I would never regain my health.

"Their first treatment was followed by

marked improvement and in a short time my pains, aches and ailments disappeared as if by magic. Although 83 years old, I am enjoying as good health to-day as ever before in my life."

Mr. J. Palmer, one of Pittsburg's most estimable citizens, living on Lawn street, near Craft avenue (Fourteenth ward), in speaking of his recovery said:

Every muscle and nerve throbbed with pain that was almost unbearable. My movements were attended with EXCRUCIATING SUFFERINGS.

THEY COULD CURE ME.
Their promise is fulfilled beyond my highest expectation, and I have only words of praise and commendation to offer in their behalf.

St. Louis 6 Washington PERSONAL TELEGRAM TO THE DISPATORAL HOCHESTER, Aug. 11.—Happy Bee, a little mare of 4 years, lauded the Flower City stake here to-day, aided by John Turner's clever driving. None of the miles were very fast, though some of the quarters were, particularly the last one of the deciding heat, when Little Albert forced Happy Bee to finish at a 2:13 clip, and then was only beaten by a neck. It was a trying day on the horses, and an expensive one for those who backed the favorites. But the sport was just of the character to please the crowd, which numbered close to 10,000. The hot wave was moderated somewhat by

s lively breeze, and the grand stand was quite comfortable. George Archer was at is old post as starrer, with Colonel E. B. Parsons, of this city, and C. H. Page, of Hartford, noted the time made by the fivers, and two horses, Grant's Abdallah and the Seer improved their records, the latter get-ting into the 2:20 list. For the 2:15 pace there was nothing but Masco; at \$100 to \$40 over the Seld, but the favorite laid up two heats,

The next heat found Mascot stendier and he won it away off in 2.17. This made him again favorite at \$50 to \$25, but he went so fast to the quarter in the fifth heat, official time being 324, seconds, that he tred in the third quarter and dropped back trant's Abdallah rushed up and ended the race by beating Vitello just at the wire, with Crawford only a neck behind. Maggie R., who has been running this class from Detroit to Buffalo, had to be drawn after the third beat as she took sick to-day, and it was unsafe to keep her going in the heat.

LITTLE ALBERT'S HEAT. Paul kept the pose to the quarter, but the elin was too much for him, and a break gave Trim the lead. Little Albert was close up, and, on the home stretch, pulled out and best the other chestnut handily in 2:18%. Happy Bee had looked dangerous at one

Happy Box had looked dangerous at one time, but the long scoring had fretted her so that Turner did not make much of a drive for the first heat.

Little Albert sold for \$50 and the field for \$20 before the second heat, but Starr took it case to the third quarter and played into Turner's hand by so doing, for when Happy Bee challenged Little Albert he could not and enough to keep in front, and the beat him our by a short head in 221, though the last quarter was frome in 235 seconds, Both Ryland T and Harry Gould were out of the race, and there was less trouble in getting the remainder

THEY PERFORMED AGAIN. Pittsburg's Sluggers Make Another Appearance at Boston With the Usual Result-The Beancaters Thump Mr. King Hard and Often and Some Very

Bad Fielding is Done. ISPECIAL TELEGRAM TO THE DISPATCH. 1 Boston, Aug. II.—Boston won to-day's game from Pittsburgh with comparative ease and was so far ahead after the fourth inning as to deprive the contest of much of its interest. King was in the points for the visitors, and he was touched up for 15 hits with a total of 21. The Bostons would have won the game handsomely by their batting, so that they did not need the ragged fielding work of the visitors to win. Clarkson, on the other hand, was quite effective when good pitching was needed, and the visitors did all their batting, with the exception of did all their batting, with the exception of Beckley's three-bagger, after the game was well in hand and John declined to exert himself. In the last two innings the ball was hardly more than tossed over the plate. The Bostons put up a very sharp fielding game, and some fine catches were made in the outfield, Quinn's muff of an easy fly was the only error and it counted nothing in the run-getting. Stovey led in the batting with a single, two doubles and a triple. Berger's home run was a beauty over the left field fence and Heckley's three-bagger a corking liner to right center. The fine fielding of Long, Lowe and Quinn was specially noticeable.

able.

Pittsburg opened the game and Hanlon was hit by the first ball pitched, and was sent home by Beckley's three-bager. The latter was, however, left on third. A wild throw by Miller gave Long his base and Stovey's double and Lowe's sacrifice sent nim home tieing the score. Pittsburg was blanked in the next four innings, not getting even a hit, while Boston added a couple of runs in the second on a little timple bitter. even a hit, while Boston added a couple of runs in the second on a little timely hitting after Tucker had been hit by the ball and five in the fourth on two doubles, a single, three fielding and two batting errors. None of these five runs were earned. After that the Bostons dropped in a long run occasion-ally until a total of 12 had been placed to their credit, while the visitors added four earned runs and would have had more of

For various reasons I was unsuccessful, through no fault of my own, of obtaining the Mole St. Nicholas for the United States and the affair has been made a hook on which to hang all manner of charges of failure, incapacity, slothfulness and lack of interest, which, as I have said, I propose to answer in time. For 50 years I have labored more or less successfully, and I do not propose that at this late date my career shall have added to it the intimation of a failure in the diplomatic service. olor either added to or detracted from my usefulness as Minister to Haiti. I have seen in the papers, and have no doubt the argument has been made to the President, that a white man would be able to accom-plish more in Haiti than a black. The makers of these statements, however, show little knowledge of the Haitian nation. "At Haiti it was not deemed incongruous that a black man should hold the position of Minister at a black Republic. Haiti has been free a hundred years and appreciates her position. Among the lowest plantation laborers there may be found still a slavish howing to the white reachest processing to the public reachest processing to the public reachest process." The greatest Federal place in the State will then be formally transferred to Mr. Fassett, An interesting report was heard to-day, and traced down. It appears to have trickled from eminent Republicans in the management of their party's politics in the State. A dead set is to be made against A. K. Tingle, Chief of all the Treasury agents. Some of these leading Republicans think that Mr. Tingle should be immediately removed. They hope that Secretary Foster will listen to their appeals. The merchants, led by Cornelius N.
