English Opinion of the Resignation of Sir Hector Langevin.

LONDON, Aug. 13 .- Sir Hector Langevin's resignation of his portfolio in the Dominion Cabinet as Minister of Public Works, is the subject of much comment. The Chronicle hopes that he will be able to clear himself from the charges against him, but it says that it cannot longer doubt that the whole system of public works in Canada reeks with wastefulness and corruption. Only by bringing the offenders to justice can the Dominion Government avert political catastrophes. The Advertiser also strongly condemns the corruption existing at Ottawa.
