and elastic conception, was selected by Manager Me-Gunnigle to lead Palmer O'Neil's pirates to the slaughter to-day, and he acquitted himself with signal ability and artistic finish. Mr. King, in common with several other members of that band which started out at the beginning of this calamitous season of 1891 to bluff its way to the pennant with no other particular claim to merit than the

fact that it members had a batting average of "300," has discovered by this time that he is constructed of the same clay as other less pretentions pitchers, and that although he receives a salary out of all ortion to his worth, he is still subject to the knocking-out process. To-day he was a cross between marmalade and tapioca, and beginning with the second inning until the end of the fifth, when he was relegated to the bench to ruminate upon the mistakes of life, the music of the base hit was a cheeraccompaniment to the march of the Ounkers around the bases, but when old

SPORT GALVIN TOOK CHARGE of things in the sixth; there was a change and but for Lou Bierbauer's failure to handle Hamilton's grounder in the eighth he would have retired the Phillies without scoring. While King was being hammered scoring. While King was being hammered for keeps, Gleason was pitching ball with which the Pittsburgs connected spasmodically. In the first six innings they secured hat five hits, scattered through as many different innigs and as the Phillies fielding was above proof, run getting was out of the question. In the seventh they touched him up for a cofipie of unproductive singles, but in the eighth they got his gauge for three successive singles which, with a fumble by Brawn, yielded two runs, all they made rown, yielded two runs, all they made the game. In the absence of Allen, Shindle aved short and played it right up to the midle. Mayer took Saindle's place at third al handled everything that came his way. The Phillies went out in order in the first, they got there in the second, thanks to little wild throwing on the part of the opsition. Clements rather queered the snap the start by striking out, but Myers was better luck and was sent to first as a parer for a large sized carbunele which ginner for a large street care mampant in-ing raised on his left arm by a mampant in-anost. Stindle hit to right for a base and Brown followed with a single to left, on which Myers scored. Mayer flied to Carroll.

SHINDLE MADE A BLUFF ng up to third and Carroll threw to Rellly. Brown was seduced into believing that Shindle was going up to third and made a sort of left-handed start for second. He lisenvered his mistake and started back for first and Rellly threw to Beckley. It was one of those sinuous clusive throws, and when Miller, who was backing up, secured the ball, shidnic had scored. Meyer filed to Carroll. Hamilton opened the third with a double to it and advanced to second on King's wild from to Shugart to eatch him (Hamilton) ng off second, scoring on Thompson's Delahanty followed with a double to center, Thompson going to third. Clements made it more binding with a single over second, and Thompson and Defananty came in. The next turce men died at first. Bieroauer and Reilly assisting. In the fourth Mayer and Gleason made scratch hits, and ench advanced a base on a passed bail. Hamilton filed to Hanion and Mayer scored. Behannity hit safely to center and Gleason crossed the plate. Clements fouled to Miller. King cried quits at the ead of the fifth. Myers led off with a double to right and went to third on Shindle's scratch. Brown was filrown out by Shugart, Shindle taking second. Mayer hit safely to left and Myers and shindle scored. King intercepted Maul's throw in and retired Mayer, who attempted to go to second.

# LOOKS LIKE A COLLAPSE.

Some Strong Rumors About the Disbanding of the Cincinnati Association Club. CINCINNATI, Aug. 14.—The air is full of wild rumors about the probable final disposition of the Cincinnati Association Club. Manager Bancroft says he has not been ordered to disband his club. On the contrary, he has been ordered to go to St. Louis with the has been ordered to go to St. Louis with the tenm. The stories that the club had gone under, as published in the morning papers here, brought the players of the club down early demanding their pay. They were refused money, but were told to return in the afternoon and they would be paid. There are telegrams at the Dennison House for Manager Gillette, of the Milwaukee Club, something has been going on, but what it is cannot be learned certainly.

It is sure, however, that Gillette's visit to Louisville had some significance, and that Louisville had some significance, and that Von der Ahe and Brush and he have not been holding consultations for nothing.

After Another Pitcher. New York, Aug. 14.-For-some days past Westervelt, the pitcher of the Englewood Field Club of the Amsteur League, has, on invitation, been giving the New York mangone up to the Polo Grounds on several mornings recently and pitched to the batsmen of the home team. The result of his work has evidently been satisfactory to the management, for yesterday he was asked to pitch the remainder of the season for \$1,000. with a proposition of \$3.000 for next year pro-vided he gave satisfaction. Westervelt now has this offer under consideration and there

is hardly any question but that he will ac-Westervelt is about 22 years of age, smooth Westerveit is about 22 years of age, smooth faced, is short but very stoutly built, and weighs about 150 pounds. In the games he has pitched against the amateur batters in this neighborhood he has developed terrirific speed and had his men completely at his mercy. The management feel confident he will develop into a valuable pitcher.

St. Louis, Aug. 14.-President Von der Ahe said this morning that the Cincinnati club will not be disbanded, but will play its regular schedule for the remainder of the season The temporary arrangement perfected at Louisville practically assures this. If Mil-wankee is admitted to the American Asso-ciation it will be as a ninth club and it will play no games unless some other club sur-renders a franchise.

Providence May Also Go. PROVIDENCE, R. I., Aug. 14.—The Providence Raseball Club will probably have to go under. Umpire Cheney received a telegram from President White of the Eastern Asso. from President White, of the Eastern Asso-ciation, last night announcing that the League could not provide funds to meet the pay roll of the club. The players may de-cide to continue together on the co-opera-tive plan, but this is hardly probable.

It was the lose of the grand circuit at this point, and he finale was one that will be memorable in urf history. The weather came near preventing a cleaning up of the programme, as the rain fell before the last two events were over, but the track kept good enough for the horses to go on. '

Alvin led till very near the wire in the first, but McDoel beat him by a head in 2:17%. The next time the clip was faster, but again the gelding out finished the Canadian horse in 2:17%. The race began in carnest then with the betting 5 to 6 on McDoel. Alvin went away in the lead for the third heat, and held Rosalind Wilkes at his wheel to the home stretch. McDoel kept back till the third quarter and then made a spurt which carried him up to the leaders. Alvin's driver evidently wanted McDoel to win, as he laid out far enough for McDoel to win, as he laid out far enough for the latter to get through at the pole. Doble improved the opportunity, and when Alvin dropped back the two cracks had a

It was a close call for both, but the decision favored Turner, as his mare was evidently able to go more fast miles than McDoel. The fourth heat was the easier for her when McDoel went to pieces at the first turn, and she played with Alvin in 2:17½. It was raining when they came out again, and Rosslind was never headed in 2:21½. This left only the two heat winners for the deciding mile, and Doble, who is far from well, resigned and Doble, who is far from well, resigned and Doble, who is far from well, resigned the reins to Starr. NEW YORK, Aug. 14.-General W. H. Jack son, of Belle Meade Stock Farm, near Nashville. Tenn., was a visitor at the Jorom. Park race track yesterday, and concerning the statement which recently came from the West to the effect that Huron, now the prop-erty of Ed Corrigan, had been declared out of the Futurity Stakes of the Coney Island Jockey Club, said that such a declaration Jockey Club, said that such a declaration could only have been made or authorized by Mr. Corrigan. General Jackson bred Huron, which is by Iroquis—Brunette, and sold him at the Belle Meade annual sale to Mr. Corrigan. The colt was sold with his engagements, one of which was in the Futurity. General Jackson's rule to avoid forfeits accumulating against himself is to inquire of purchasers whether or not they wish colts to remain in stakes they are entered in. If they do, the purchasers are liable for forfeits, and if they do not, General Jackson obtains authority for his agent to declare feits, and if they do not, General Jackson obtains authority for his agent to declare them. Now it is said that Huron, which Mr. Corrigan hoped to win the great race with, was deciared out, and Mr. Corrigan says he did not authorize the declaration. General Jackson asserts that it is impossible that his agent could have made the declaration without being authorized to do so, but he will investigate the matter. He said yesterday that if Huron had been declared he would ascertain who was responsible for it. Huron is one of the most prominent of the Futurity candidates.

A DISPATCH from New Haven says: It is pretty generally understood here, both by the patrons of baseball and the players, that the New Haven team will disband after competing the games scheduled for this week. Providence disbanded yesterday, and the Albany team, which was to have played there, went home. In discussing the probability of the disbanding of the New Haven team, Manager Burnham says: "I can see no satisfaction for the directors in continuing the club with any such support as it has received." The loss to the local management will be about \$3,000 for the season, provided the club is continued. A meeting of the representatives of the teams comprising the league will be held in New York next Monday or Tuesday.

Hal Pointer has lost but two faces since he has been on the turf. His first appearance was made at Columbia, Tenn., on October 2 1888. On that occasion he was defeated by the gray horse Engineer after he had won two heats in what proved a six heat contest. His fastest mile that day was finished in 233½. Two days later he staried again and won a five heat race taking a record of 225½. As is well known, his next appearance was at Cleveland, during the Grand Circuit meeting of 1890 and the only defeat he sustained since the time was when Chapman met him at Rochester. It is not generally known that when Chapman won his engagements at Detroit and Rochester he was owned by F. Veits, of Ashtabula, O. He was purchased for a tride, looked after very carefully and proved a successful horse.

an aged man living in the outskirts of Ebensburg, was foully murdered last night. He had been working for a neighbor during the day and returned home at 6 o'clock. Shortly after George McCoy, who lives near, heard a shot fired and other noises in the Reese house. He hurried to the place and saw Reese lying in the door with a bullet through his head, and heard the sound of a horse and buggy in hasty retreat. It was afterward learned that a man and woman had been seen in the buggy in question by several parties, among them two boys at the Reese honse. Inquiry seemed to establish the fact that the two were Albert and Sadie Price, who were accomaanied by a little boy. The Sheriff at once organized a posse and followed the trail of the buggy through to Armagh, where the trail was

The Sheriff then went on to Blairsville, but the parties in the buggy had evidently got away in the mountains near the wild regions of Black Lick creek. The County Commissioners have offered a reward of \$500 for the apprehension of the murderers, and the town is wild with excitement. Sadie Price is an old offender, and has been a frequenter of the criminal dock in Johnstown, where she has lately made her residence. Albert Price, her supposed husband, has also been in jail in this city.

THE MOTIVE IS UNKNOWN. Nothing is known as to what prompted the murder, as Reese was a shiftless fellow and had no money of any consequence. Recently Reese had a falling out with his wife, and she left him alone in the home, Mrs. Reese going to her friends. The Price woman then started to keep house for him, but suddenly left about a week ago. It is stated by some parties that Reese had valuables in the house and that the woman

valuables in the house and that the woman wanted them.

A dispatch from Ebensburg says: It was found that the parties interested in the murder had broken into the house in the old man's absence by means of a window on the first floor. Trunks and desks in the house were broken open and ransacked and their contents strewn over the floor. They evidently had plenty of time to look over the whole house before the old man returned. Reese came in the front door and had evidently been shot down without a moment's warning as he reached out to turn the knob of the door.

There is no doubt in the minds of the officers that they are on the track of the guilty guere is no doubt in the minds of the officers that they are on the track of the guilty pair, as it has been ascertained later that the Prices drove into Ebensburg during the afternoon from the direction of Altoona. They were in a buckboard, which was abandoned for a time, then they started toward the Black Lick region.

A PROFESSOR IN TROUBLE. A great social scandal has been caused here to-night by the arrest of Prof. Seigfried Brutzelwicz, Director of the Conservatory of Music, which is connected with the Morrell Institute, a leading institution of learning here. The Professor is charged by Miss here. The Professor is charged by Miss Carrie Furman, the 16-year-old daughter of Rev. Mr. Furman, with a very serious offense. A strong effort was made to keep the matter quiet, but the facts became known to-night, when Brutzeiwicz was bound over for court in the sum of \$1,000. The father of the girl was a missionary pastor of the Baptist Church, and after the flood became minister of the church here. Recently he tendered his resignation because the church did not pay him the salary promised.

Professional Patrons of the Green Cloth. ESPECIAL TELEGRAM TO THE DISPATCH 1 McKeesport, Aug. 14.—The gamblers of this city must go and the final order has been signed sealed and delivered. Some time ago the Mayor issued an order against these concerns, along with the speak-easies, these concerns, along with the speak-eastes, and finally the Councils have passed ordinances upholding the Mayor in his action. This city has been infested with gambling places for years, it having served as a retreat for those driven out of Pittsburg, and consternation will prevail when orders are given Monday to pull all the dens, no matter who the inmates might be. The police have definitely stated that the gambling dens must follow the speak-easies, and several sensations are promised next week when the pulling begins.

## A JAIL DELIVERY FRUSTRATED.

One of the Prisoners Found to Have Duplicate Keys in His Possession. WAYNESBURG, Aug. 14.—A very clever at-tempt to release the prisoners in the jail here was frustrated by the deputies last

evening. One Kirby is at present in the institution on a charge of breaking into a gro-cery store, and last evening he was noticed to act very suspiciously, in trying a key into the door of his cell and also in the outer He was promptly searched, when it was ound he had an exact duplicate of the jail

PERISHED IN A ROCK CLEFT.

The Skeleton of a Man Found by Picnickers on Slippery Rock Creek. New Castle, Aug. 14.—This county seems prolific of skeletons. Only a few days ago the remains of a human being were found in

Perry township. Yesterday while William Wick and resterday while within wice and william Barrack, of this city, were picnicking with their families at the mills on Slippery Rock, they ran across the complete skeleton of a man lying in a cleft in the rocks, about ten feet below the surface. The bones were completely uncovered, and the stranger had evidently fallen into the cleft, where, in all likelihood, he starved to death.

A MURDERER IN BRADDOCK.

He Was Captured in a Hungarian Hou but Afterward Disappeared. READDOCK, Aug. 14 .- Last pight the officers made an important capture in a house owned by a Hungarian. Paul Clossick, a young Hun from Cleveland, was among the captured, and it was learned this morning captured, and it was learned this morning that he had been boasting of killing a man in Cleveland before coming here.

Clossick did not plead ignorance of the crime, but implicated a young man named George Sabol. This evening Clossick disappeared. His companions say he stabbed a man to death in Cleveland.

UNION MEN HELD FOR COURT.

They Are Charged With Preventing a Workman From Earning His Living. New Castle, Aug. 14.-William McBride Robert Wait and David Wilson, of this city, had a hearing this morning on a charge of trying to deprive J. H. Johnston of a means of livelihood, the charge being that they secured the man's discharge because he wa working a non-union laborer for a contracto here.

The men on trial claimed that the rules of their union forbid them working with a non-union man. They were held for court in the sum of \$600 each.

Being Last Seen in Two Places. DAYTON, Aug. 14 .- A young man answering the description of the Columbus Grove bank robber lost \$193 playing fare in Sam Wagner's gambling house here yesterday. At 10 o'clock this morning the man walked into the gambling room upstairs, where the game was going on, and with a cocked revolver in each hand compelled the dealer, old San Wagner to refund the money. With revol vers still covering Wagner and his lookou and helper, the young fellow backed out of the room and walked through the crowded barroom into the street, and was gone before the news of the deed had gotten downstairs. JOHNSTOWN, Aug. 14.-Samuel Reese,

the news of the deed had gotten downstairs. Pursuit was not attempted.

A special dispatch from St. Mary's, O., says: Word has just been received here that the Columbus Grove bank robbers are being traced down to Kenton, O., and that they will be located within the next 24 hours. It is now almost certain that the central figure in the robbery is the man under suspicion by Detective Boerguin, his home being in New Bremen, this county, and his father a very prominent man. Trouble is bound to follow his arrest, as he will shoot on sight.

### TONS OF POWDER EXPLODE.

Two Men Killed and Others Seriously Injured Near Huntington.

HUNTINGTON, W. VA., Aug. 14.-Early this norning the powder mills of the Kellogg Powder Company at Kellogg, about three miles above this place, exploded. The re port was something terrifle, and every house within miles of the place on both sides of the Ohio was shaken on its foundations. The Kellogg Company is an extensive concern, and fully a dozen build-ings were located at the place, three of which were blown to atoms, the remaining being slightly wrecked.

At latest reports J. W. Boler and Timothy Cooney, both employes, were so terribly injured that they died to night. John Justice and five other employes were badly burned, though it is thought they will recover. The Kellogz Company was employing at the time of the explosion fully 50 hands, and it is a marvel that so few were killed. The concern has a capacity of 800 jugs of powder a day, and there were in the two buildings which exploded 14,000 pounds or powder. The windows of many houses among the Ohio were blown in by the force of the explosion. which were blown to atoms, the remaining

WEST BRIDGEWATER, Pa., Aug. 14.-Mrs. James Moore, wife of a well-known stone mason and contractor here, shot her hus-band through the right lung this morning, and it is thought that he cannot recover. The alleged cause of the act was a contro The alleged cause of the act was a controversy growing out of Moore's refusal to give his wife \$2 last evening.

From other sources it was learned that the real cause of the shooting is to be found in the alleged jealousy of Mrs. Moore, entertained toward her sister, whom she charges with receiving undue attention from her husband. Moore was still living at noon today, and no action has been taken against his wife.

HIGH WINDS IN WESTERN OHIO.

Hail Four Inches Deep on a Level and Banked Up in Places, LIMA, O., Aug. 14.-At 4 o'clock this after noon a tornado passed just northwest of this dace. In the city proper there was a high wind but no great damage. Beaver Dam reports heavy wind and hafl storms there with serious damage to crops. Several large barns were unroofed and at Rawson hail was four inches deep, banked Rawson hall was four inches deep, banked up to a height of several feet in some places. At Ada the wind was high and the heavy hall did great damage to the corn and other growing crops. The barn of Henry Miller, near West Cairo, was struck by lightning and totally destroyed, while crops suffered several.

the latter \$2,300. No insurance on either.
The fires were both accidental. CHARLES WILSON and John Thompson, both CHARLES WILSON and John Thompson, both colored, employed on the streamboat Hudson, got into a quarrel on the boat while lying at the wharf yesterday morning, and Wilson was cut and severely wounded. Wilson was captain of the watch, and ordered Thompson to perform some task. Thompson refused and a fight followed. During the struggle Thompson drew a knife and cut Wilson in the left breast. The wound is about eight inches long, but is only a fiesh wound, and while severe is not dangerous. Thompson escaped and Wilson was taken to the Mercy Hospital.

At Braddock yesterday evening fire was discovered in the handsome Episcopal church on Fifth avenue, and before the fire church on Fifth avenue, and before the fire department could effectively respond the structure had burned to the ground with all its contents. The loss will be about \$20.00., with \$11.000 insurance. All of the church furniture was destroyed, including three organs, one being a magnificent pipe organ. The congregation will rebuild the structure at once. The origin of the fire is a mystery, though by some it is thought it had been set on fire during the thunder storm that passed near that city last evening.
