particularly in a baseball came, and a little mistake or two causes the defeat of one's favorites, the result is much more irritating than if the defeat had been a crushing one. There was a feature of this kind in yesterday's defeat of our sluggers by the League lenders from Chicago. Generally speaking, the contest was one of the prettiest that anybody would like to see, but a little mistake or so turned victory into defeat. Certainly in neck and neck struggles it only needs a slight mistake on one side to turn the scales in favor of the other side, and the side that keeps clear of these mistakes is the one which is, as a rule, the winner. But it has, as a rule, been the lot of our sluggers to lose almost every brilliant and close game by committing blunders, and yesterday was no exception. There was a chance to knock the Chicagos off their perch, but the chance or chances were not accepted. KING DID EXTREMELY WELL.

Whatever shortcomings Silver King may have had or may not have had is in the past; he pitched a remarkable game yesterday. In fact, he pitched a winning game, and it is In fact, he pitched a winning game, and it is only fair to give him that credit, although the credit will not show on the record. Certainly it was no famit of his that the home players added one more defeat to their already too great a number. The two runs secured by the visitors were almost entirely the result of mistakes of Bierbauer and Hanlon. They were excusable mistakes, no doubt, but they go on record as errors just the same. At least if they do not they ought to by all means.

Trobably there never was a team of ball players so anxious to win a game as the local sluggers. There was a good Mondry arrendance considering the many de-

the head sluggers. There was a good Mondey attendance considering the many defeats of the team, 1470 being present. If the spectators didn't see a local victory they most assuredly saw a very interesting ball game and one worth the money. There was carnestness pictured in every player's face, and at the end of the sixth inning, when the score was I to 9 in. Invor. of the home team, Anson's movements and anxious look were a study. He was struggling for first place, and King was pitching in a way that gave little hope indeed of run getting. But the final mistakes came just when almost everylody thought the Chicago people were going to be whitewashed and before the cranks knew where they were the battle was lost and won.

and won.

The visitors played a great game and moved about as if they are here to do business, and that means that they are determined to do some ball playing during their just visit to Pittsburg this year. Hutchison was in good form and was extremely well supported. Had he not been the result would have been otherwise.

The disposition made of some of the players is as follows: King Kelly goes to the Boston American Association team as captain and manager; Milwaukee will get Canavan, shortstop: Carney, first base; Dwyer, pitcher, and Seery, left field. Wasnington wants Marr, right field; Mains, pitcher, and Vaughn. The rest of the players are not yet disposed of. Manager Bancroft, of the Cincinnatis, will manage the Milwaukee club. While the Association abandons Cincinnati for the balance of this season, a club will be placed there next year. The reason given for the transfer is that the Latonia races will interfere with the attendance of the g. mes scheduled for September.

AFFAIRS IN HAITI. All Factions in the Island Will Soon Unite in an Attack on Hippolyte.

[SPECIAL TELEGRAM TO THE DISPATCH.] NEW YORK, Aug. 17 .- Advices from Kingston, Jamaica, of August 8, say : The Haitian exiles from St. Thomas arrived here on June 30, and have since that time been delayed at quarantine. They will be allowed to land on August 12. It is understood here that Auseine Prophete has won over to his party by means of heavy bribes a large number of Haitians. He has also secured several partisans of Boisroud-Canal and Edmond Paul by distributing among them, in advance, the Ministeries and important military commands. The exiles at quarantine, however, are mostly the insti-gators of the revolt of May 28, and will undoubtedly remain faithful to the leaders

for whom they then fought.

The English Government realizes the violence of the feeling between the two factions, and is slightly anxious for the future. It is probable, however, that there will not be time enough for anything to happen, for the attack on the common enemy, Hippolyte, will soon unite them. This attack may be made at any moment Rumor has it that the inhabitants of the island may not even wait for the arrival of the exiles to begin the revolution. Reports already reached here of partial up-risings in the south of the island.

[SPECIAL TELEGRAM TO THE DISPATCH, ] NEW YORK, Aug. 17 .- A commission was appointed by Justice O'Brien, of the Supreme Court, to-day to inquire into the mental condition of Elliott Roosevelt, with a view of having a committee appointed to care for his person and estate. The application for the writ was made by his brother. United States Civil Service Commissioner Roosevelt, with the approval of Elliott Roosevelt's wife. Elliott Roosevelt is the third child in the order of birth of Theodore Roosevelt, a member of the Union League Club and the founder of the Newsboys' Home and the Prison Reform Association. He is about 33 years old. He is tall, manly and of a frank and pleasant countenance. Theodore Roosevelt avers in the papers in the case that the mental faculties of his brother have been failing for two years. Mr. Roosevelt says he is "unable to say how far the result is due to indulgence in drink or other excesses." He alleges that the property of his brother in this State consists of real estate, bonds and stocks, and is worth \$170,000.

CHRISTIAN CHINAMEN ACCUSED.

CAICAGO, Aug. 17 .- Chicago's Chinese residents until a few days ago believed that Wong Chin Foo, the New York Chinaman had led such a good crusade against Cnicago highbinders that they were about driven out of the city. Now it is well known that 10 highbinders are here, and the latest coup — that of detaining several bonafide Chinese Chicago merchants, en route here, at Niche Winnipeg-is a part of their work. The Hung Suen Tong, or the Chinese Masonic fraternity, has been active in stamping out the highbinders, and its Chicago secretary. Beal then told how down Hip Lung, Chow Tal and myself, so Lem wrote a letter to the United States officials, signing the name of William Taylor, in which he claimed that Hip Lung and others were doing a wholesale business in securi-ing passports for alleged Chicago Chinaman and then selling them through Canadian agents at from \$300 to \$500 apiece.
