The Predicted Reaction to the Cereal Boom

Is Already Here.

GROCERIES SHOW NO NEW FEATURES

TUESDAY, Aug. 18. COUNTRY PRODUCE—(Jobbing prices)—

At the Monday meeting of the Elgin board

prices of creamery butter were advanced 3c

per pound, making an advance of 6c in the

past two weeks. The new rates will be due

in this market on Friday. Our jobbers re-

port an unusual searcity of choice creamery

utter. Cheese is firm at quotations. Lim-

burg cheese is a shade higher. Fruits and

vegetables are still a drug. Nearby garden-

ers report that products in their line are

lower than for years, and that it hardly pays

o bring tomatoes, cabbage, etc., to market

Choice Jersey potatoes are in better demand and prices are advanced. Sweet potatoes

and prices are advanced. Sweet potatoes are weaker. Cantaloupes are coming in too freely for demand, and 100 crates have been condemned by Fruit Inspector Kilgore since Saturday. Peaches are improving in quality, and demand is also improved. All tropical fruits drag with the exception of lemons, which are firm and active at outside quotations.

Foreign carpets wools have been in moderate demand. and closed at 284c. September sold from 184c down to 284c, closing at 284c, while May started at 284c, advanced to 324c, weakened to 32c and closed at 32c.

guist soid at \$7c@\$1 00 and closed at \$66cc sellers. September soid at \$5c@\$2 00 and closed at \$5c@\$2 00 and closed at \$6c@\$6. October was traded in at \$26@\$16. October was traded in at \$26@\$16. October was traded in at \$26@\$16. The market was active and quite exected.

The trade in provisions was fairly lively toolay. In pork the prices fluctuated considerably. Opening sales were made at \$2.60 for decline, followed by a further reduction of \$2.60. At the reduction the demand improved and prices advanced \$25.60 for the demand improved and prices advanced \$25.60 for the demand was only fair and the trading light. Prices opened \$2.60 for the trading light. Prices

pares stendy. Short libs were many nerve, rices raided 25/25c lower at the opening, at quickly reliaed again. Toward the close close sectled back to medium figures, but hanced again and the market closed firm. The leading tutures rauged as follows, as for silver, 99c per ocace.

A Long Controversy Over an Acre at Shadyside Concluded.

Ground Upon Which Shadyside Station Stands Now Owned by The Railroad.

THE FEATURES OF LOCAL SPECULATION

Liggett Bros. yesterday concluded for Mrs. Hitchcock a settlement with the Pennsylvania Railroad Company, for one acre of land on which Shadyside station stands. The price paid by the railroad company was \$11,250 cash, subject to all sewer and street improvement charges. The property has been in dispute between the parties since \$885, when the railroad company appropriated it for station and yard purposes, and have since made extensive improvements, having now on it one of the handsomest stations on the western end of the road. Considering the fact that the value of the land must be taken as of the value of the time when the company took possession in 1885, the price obtained is considered a liberal one, although the property at its present value would bring at least \$20,000.

Aids to Success. The following description of "The Suc-cessful Real Estate Broker" is taken from the Baltimore Record: "A successful broker should be thoroughly acquainted with the general laws of realty, and particularly so with the laws affecting real estate in his locality. He should keep apace with all recent legal decisions where there is a bearing upon the subject of realty and transfers, that e may readily and with safety transact all business brought to him by his patrons. He should be accurate and clear in descrip-tions, avoiding superfluous matter that night lead to entanglement or cause lega

omplications.
"His position is more delicate than that of the lawyer, who can appeal to the court, the jury, or to decisious corresponding to the cause of issue. It would be difficult for a lawyer to settle a matter at issue between lawyer to settle a matter at issue between disputants, yet the real estate broker has his task to perform. It often occurs that the parties to a trade or sale consider that the other is obtaining the best of the bargain, and it is no easy matter to reconcile them. There never was a graver mistake committed by persons who form a mistaken idea of economy, refuse to place their property in the hands of the experienced real estate broker, who can more unreservedly and clearly represent the advantages of property to the purchaser than the owner."

It might be added that from a Pittsburg standpoint the most successful real estate standpoint the most successful real estate broker is the one who can show the biggest

The October Hegira. There are two flitting seasons in Pitts-burg—April and October. There were fewer changes in April than usual, owing to the scarcity of small houses. It is a little too early to forecast with much accuracy the October movement, but the indications are that it will be restricted to actual necessities. It is certain that it will not be as large as if there had been no carpenters' strike as if there had been no carpenters' strike, which left a great many people without means to improve their condition by moving into better quarters than they now occupy. It also prevented a large number of people from building. For these reasons it is likely there will be comparatively few changes in October. No material alterations are expected in rental rates.

A Loss to Pittsburg. It will be the occasion of regret to the friends of Mr. Henry Fisher, the well-known oil producer and operator, to learn that, owing to the illness of his wife, has con-cluded to remove from Pittsburg and make his future home in California. With this purpose in view he has placed his palatial home on Winebiddle avenue, East End, with its entire furuishment, in the hands of Liggett Bros. for sale.

Business News and Gossip. The steady improvement in general trade is the avant courier of the fall movement. Good times are coming.

The granger stocks seem to be in favor, and the strongest bull talk is entirely re-

Local securities having passed the sur without any bad breaks, are in good shape George Thompson is talking of building a three-story apartment house on Fremont

street, Allegheny. The subsidence of the wheat flurry was great relief to many who were on the ragged dge. A good many Pittsburgers took a hand in the deal. At the meeting of stockholders of the Pitts. burg and Chicago Gas Coal Company vester

day it was voted to increase the capital stock from \$200,000 to \$350,000, and to increase the from \$200,000 to \$350,000, and to increase the indebtedness of the company from \$100,000 to \$175,000. The money is needed for improvements and extension of business.

Duquesne Traction was still below zero yesterday. It was offered at 13½.

The last contract necessary to complete the electric branch of the Clitizens' Traction Company to Guyasuta has been let. This is for the crection of the poles agd wires. The branch will be running by November I:

At the meeting of stockholders of the Pittsburg Forge and Iron Company yesterday, the only change made in the directory was the substitution of Secretary Richardson for James K. Verner, deceased.

Homewood Methodists have commenced the erection of a church to cost \$12,500.

the erection of a church to cost \$12,500 Movements in Realty. Straub & Morris sold two lots in Schenley View, Nineteenth ward, for \$500 each, cash; also a lot on Juliet street, Fourteenth ward,

for \$1,200. George Schmidt sold another five-roomed house, being on lot No. 166 in his Eureka place, Oakland, to M. Cenroy for \$2,000. Reed B. Coyle & Co. sold for S. W. Gaulta lot on Gladstone street, Twenty-third ward, being 25 feet front by 145 feet to Parnell Street, for \$350.

Black & Baird sold to Mrs. Bridget Kelly, through E. S. Fleisher, lot No. 52 in R. H. Hay's plan of Valley View place addition, Nineteenth ward, near Rebecca street, for

Nineteenth ward, near nececca screet, for for \$350.

R. G. Bailey sold for Mary Boyle lot No. 56 in the Boyle plan, Tenth ward, Allegheny City, 30 feet front on Center avenue by 116 feet deep, for \$185.

Charles Somers & Co. sold another lot in the Nineteenth ward, city, for William Corbett and A. J. Brady to Henry 8worer, embracing a frontage of 25 feet on Rossetta street by a depth of 100 feet, for \$750 cash.

John K. Ewing & Co. sold to Robert Hawk for Frederick G. Rohrkaste, a lot 20x100 on Sheridan avenue, Tenth ward, Allegheny, in Rohrkaste sub-division, for \$275.

Union Pacific Losing Its Preponderance Atchison Leads in Activity, but Louisville and Nashville in the Upward Movement

-The General List Is Higher. NEW YORK, Aug. 18.-The stock market to day was again active and strong, with an unmistakable broadening tendency and materially higher figures were reached in every-thing on the list, and this in the face of heavy realizations and the strenuous efforts of the bears to prevent any further advances in prices. The relative importance at present of the Union Pacific affair was at present of the Union Pacific affair was seen in the steadily diminishing volume of business in that stock, although the Gould shares were still sluggish and feverish.

Atchison was agaid the leader in point of activity, while Louisville and Nashville still led the upward movement, closely followed by Rock Island. The operators confined themselves entirely to the Western stocks, and the interest in the movements of the Grangers was greater than in that of any other group of stocks on the list. While everything shared in the general advance, the important movements were confined to those stocks. There were a few shares advanced, as usual, among the low-priced specialties, Buffalo, Rochester and Pittsburg and Pittsburg and Western preferred being most conspicuous, but the Industrials were quite neglected, with the one exception of Chicago Gas, which in the early trading was specially strong.

The news from the meeting of the creditors of the Union Pacific was reassuring, and, while that stock failed to answer until late in the day, prices in the general list crept up from 1 to 2 per cent, with specially sharp gains in a few low-priced shares. After the announcement of the arrangement agreed upon, by which the floating debt of the Union Pacific is to be taken care of, there was a selling movement in that stock which wiped out all of its advance, seen in the steadily diminishing volume of

debt of the Union Pacific is to be taken care of, there was a selling movement in that stock which wiped out all of its advance, and realizations in the general list became more abundant and prices yielded all along the line, the last hour being marked by a steady though slow decline. This downward movement, which was helped by the efforts of the traders to bring about a reaction, was sufficient in many cases to entirely wipe out the early gains, and many of the active stocks actually closed lower than last evening.

The trading in railroad bonds was again most gratifyingly large, and the temper of the meritat was decidedly strong a symments, 3,000 head; market dult at yesterday's prices.

choice mixed \$5 15@5 45; choice light, \$5 15@
5 55; pigs, \$3 50@5 00.

action predicted in this column yesterday is here. Markets are weaker all along the line of cereals, and bull speculators who failed to unload are now on the stool of penitence. The only good ground for the late bull movement in wheat and flour was the short crop in Europe, and this was worked for more than was in it. The excess in this country will more than make up for European shortage. Corn is steady, and oats and hay are weak.

THE MONETARY DRIFT.

There was considerable activity in checking and depositing at the city banks yester-day, and the discount demand was good. The tone of the market indicated gradual and permanent improvement. Rates were unchanged at 6@7 per cent on call and time loans. Funds were abundant for all legiti-mate business purposes. Bank clearings were \$2,081,778.93 and balances \$248,636.00. were \$2,031,778.93 and balances \$248,636.00.

While the national bank circulation continues to decline the total amount of all kinds of money in circulation continues to increase. The twelve months since August 1 of last year witnessed a decline of about \$17,000,000 in the volume of national bank notes. On the other hand, the total circulation was increased by over \$68,000,000. Of this increased circulation over \$32,500,000 consisted or gold coin. There was an increase of nearly \$3,502,000 in subsidiary silver. There was a falling off in the volume of gold certificates amounting to about
