THE AMATEUR ROWERS,

They Close Their National Regatta by Some Very Exciting Races.

WASHINGTON, Aug. 19.—This was the second and last day of the regatta of the National Association of Amateur Oarsmen. The attendance was large. In the finals in the senior singles, Caffrey, of the Lawrence Club of Massachusetts, lowered his own previous record made last summer by 7 seconds, and did it apparently without much effort. He was fresh at the finish and had the race been longer would certainly have increased his lead by several lengths.

The first race of the day, the junior singles, started promptly with four starters, Fleming and Dyer of the Crescent Club of Boston, Wright of Toronto, and Berry of the Passaic Club. Wright was a decided favorite and was the first to take the water. He lead easily all the way, finishing winner by six lengths, Berry second, Time, 10:16 1-15; second, 10:17.

by six lengths, Berry second. Time, 10:16 1-16; secund, 10:17.

There were five starters in the race for the pair cars from the Argonaut Club of Toronto, two from the Atalanta Club of New York, two from the New York Club of New York. The Arielis came over the line three lengths behind the Arilingtons and two lengths absend of the Neptunes, Potomacs last. Time, 9:11 for the winner: 9:23 for the second boat, Caffrey won the senior scalls in 10:03, Higgins second in 10:03, and Hedley third.

The Albanys of New York won the double scalls, the Vespers of Philladelphia second, and the Varunas of Brooklyn third. Time, 8:37.

The eight-oared race was won by the Fairmount crew, New York, Atalanta crew second, and the Columbia crew third. Time, 7:47%.

The Sheriff's Men Stop a Fistic Contest and Arrest the Principals.

FINDLAY, Aug. 19.-A desperate bareknuckle fight for \$75a side took place this morning in Lib-erty township, about four miles from this city. The principals were Patrick Kane and Ben Davis, both powerful men employed in the Briggs rolling mill. Sixteen savage rounds were fought and both mill. Sixteen savage rounds were fought and both men came up staggering and bloody for the seventeenth, when someone raised the cry of "The Sieriff is coming." and the referee hastily decided the fight a draw, in order that the crowd might take to the adjoining woods. Both men had been terribly punished, Kane, however, having the worst of the battle. Both eyes were nearly coosed, while his face was a mass of bruises.

Over 200 sports were present at the fight, which was a highly scientific one, neither man being able oget in a knockout blow. Both principals wertimuediately arcested upon their return to the city, and several prominent spectators are keeping very shady.

"Resolved, that we deem it both patriotic

and judicious to pay our taxes in money, and not in coupons, and we hereby earnestly be seech the taxpayers in the larger cities not to sacrifice our State upon the altar of commercial cupidity." commercial capidity."

This was adopted. The committee to whom was referred so much of President Page's address as treated of the debt, submitted its report to the convention, which was adopted. This report declares that the Alliance fully appreciates the importance of settling the State debt providing it can be done without in any way increasing the present rate of taxation.

TO AN OLD SWISS WATCHMAKER.

The Groom Arrested for Abduction and He Hints at Dark Doings.

LEGACY OF \$30,000 PLAYS A PART.

[SPECIAL TELEGRAM TO THE DISPATCH.] NEW YORK, Aug. 19.-In November, 1890. efore she was 15 years old, Clara May Rawson, the daughter of Albert L. Rawson, of Hillsdale, N. J., and the granddaughte of Laura Keene, the famous actress, married David H. Jaccard, the Swiss watchmaker, who is now 40 years old. This afternoon Mr. Jaccard was arrested on a charge of abduction and had to give \$500 bail to appear when wanted. On Tuesday afternoon Mr. Rawson, the father of the girl, went to Justice Cummings' office, in Hackensack, and made an affidavit, which said:

"That on the 19th day of November, 1890, David H. Jaccard did convey the said Clara May Rawson, a woman child, unmarried, under the age of 15 years, against the will of said Albert L. Rawson, her father, and did take the said Clara May Rawson to Paterson, Passaic county, before James Dimond, justice of the peace and requested the said true. tice of the peace, and requested the said Justice to marry him to said Clara May Rawson, and the said Justice did then and there marry the said David H. Jaccard to the said Clara May Rawson."

A WARRANT FOR JACCARD. Justice Comming issued a warrant for Mr. Jaccard's arrest and instructed Constable Haring to serve it. Mr. Jaccard is a tall, strongly-built man, with a full brown beard, in which you can count the gray hairs, and sharp brown eyes. He was boil-ing with indignation at his father-in-law over what he termed a "terrible, dreadful shame"

shame."

"I have been in this country only five years," he said. "My wife died two years ago, and I never expected to marry agam. About a year ago I came here and met the Rawsons. I guess they thought I was very rich. I have a little money, but I am not a millionaire. I became acquainted with Miss Rawson, who is very tail and well-developed for her age. Last November her stepmother asked me if I wouldn't marry the girl. I consented, and we went to a Judge in Paterson. I asked no questions about the girl's age, but Mrs. Rawson told the Judge that she was If years and 8 months old. She looked every day of that, and I did not suspect anything that day. Mrs. Rawson gave permission for the marriage and explained that her husband was too sick to come.

WAITED SEVEN MONTHS.

WAITED SEVEN MONTHS, "The next day I saw Mr. Rawson and he old me that the girl was only 14 years old. and that I would have to wait seven months until she was 15 before I could have her. I waited, and three months ago my wife came to me and we have been living happily together. My wife's mother was a daughter of Laura Keene, and when she died she left-about \$30,000, to be divided between her two children. As my wife is not yet of age she cannot have the money, but a month ago she asked her father for an account of the money. He told her he would have to see his lawyer, and he put the matter off from time to time until my wife believes that he isn't able to account for it.

"He is afraid, perhaps, that I will press the matter, and therefore he tries to get me out of the way. There are more things about this which will come out in time, and the world hold its cars not to hear, for it is so shocking." waited, and three months ago my wife cam

THE NEW PARTY IN ILLINOIS. Preliminary Steps Taken to Launch It on the Sea of Politics. CHICAGO, Aug. 19 .- At the Grand Pacific Hotel to-night were taken the first practical stens toward the establishment in Chicago of the People's party. To-night's confer ence was a secret one, held because of the

presence in the city of W. F. Rightmier, Secretary of the National Citizens' Indus-trial Alliance, as well as of the National Board of Organization of that body. For three months the preparatory work has been carried on in Chicago, and the leaders claim that in almost all of the wards secret clubs have been formed, while nearly 10,000 clubs have been formed, while nearly 10,000 names have been pledged to support the candidates of the third party.

The result of the conference will probably be a third party ticket. Delegates from the various ward organizations were present. The conference was stated to be eminently satisfactory in its results. Mr. Rightmier will probably leave for Milwankee to-morrow, to carry on in Wisconsin the same work he has been engaged in in this State.

Mr. Magee explained that it would do away with a great deal of controversy and secure harmony. This is E. F. Acheson's idea, and he has been working for the last five years to get the Republicans to indorse it. Both resolutions were adopted.

Chairman Andrews offered his resignation, and asked that the rule of 1888 for electing a chairman be rescinded. He also moved that the old rule of leaving the chairmanship to the candidates and the permanent chairman he reaffirmed. Both these rules were adopted.

ing the course of the Republicans of the Fifty-first Congress in incorporating the law of the land, make the following declaration:

We heartily indorse the broad and statesmanlike administration of President Harrison, which has exhibited an intelligent and inflexible purpose to execute the Federal laws, maintain the dignity of American institutions and insure the continuance and growth of prosperity and peace in the Nation.

We view with peculiar satisfaction the direction of affairs of the Postoffice Department by one of our own citizens, the Hon. John Wanamaker, whose clean, businesslik: and comprehensive administration of its affairs has advanced the postal operations of the nation to a plane never previously attained.

ously attained.

We cordially indorse the action of the Re-We cordially indorse the action of the Republican Congress in passing the McKinley bill, in conformity with the national pledge to protect the material interests of American labor. This benificent measure has, in spite of malignant Democratic abuse and misreresentation, already brought about, and will in future continue to bring about a broader and more settled prosperity to all classes, particularly to the operative, the mechanic, the miner and the farmer.

A TARIFF ON SILVER. We favor bi-metallism and indorse the ction of the Fifty-first Congress in providing for the purchase and coinage of all the silver produced from American mines and we recommend such tariff duties as will protect our country and its currency from the debasement which will surely follow if this nation is made the dumping ground for all the silver of the world.

dication of this law may prove to be essential to a fuller accomplishment of its purposes, and, in the event of negative action in November next upon the question of holding a Constitutional Convention, we promise, with a view to eliminating the pro-

holding a Constitutional Convention, we promise, with a view to eliminating the provision in our present Constitution compelling the numbering of ballots, to enact the necessary legislation for submitting a special constitutional amendment upon this particular subject to the people of the State at the carliest dat possible.

Furthermore, in compliance with pledges made to the people, the Republican party, having in view equalization of taxation, has enacted measures whereby, mainly through an increase in taxation on corporations, the State appropriation to the public schools has been increased from \$2,000,000 to \$5,000,000 annually, and the personal property tax returned to the counties increased from \$500,000 to \$1,700,000 annually. It has further provided for the return of retail liquor licenses, aggregating \$2,500,000, to the respective counties, cities, boroughs and townships. We pledge ourseives to renewed efforts in the same direction, to the end that our revenue laws may be so revised as to treat with equality all the various industries of the Commonwealth, thus relieving the land of the farmer from the unfair discrimination to which it has heretofore been subjected.

We denounce the unscrupulous partisanship of Governor Pattison in vetoing all the apportionment bills passed, in compliance with constitutional direction by the late Republican Legislature, and in negativing other legislation, particularly the compniother legislation, particularly the compul-sory educational bill, having in view the material and moral interests of the people

official malfeasance. Dishonesty is nonpartisan. Tweeds and Bardsleys arise in all
parties. The Republican party has always
shown itself ready to punish official dishonesty wherever found, and we urge the before-mentioned officials to prosecute to conviction any and every guilty official without
regard to his polities.

We are in favor of the prompt repeal by
the Legislature of all mercantile taxes levied
by the State, and of such amendments to the
revenue and other laws as will effectually
promote the orderly receipt, the lawful and
safe custody, and the prompt and proper disbursement, not only of the moneys of the

and townships, and the laws should be so

bursement, not only of the moneys of the Commonwealth, but of all its cities, boroughs and townships, and the laws should be so improved as to absolutely prevent the use of all public funds, small or great, for the personal benefit of public officials.

We reaffirm the unswerving devotion of Pennsylvania Republicans to the supreme and sovereign right of every lawful citizen, rich or poor, native or foreign born, black or white, to east one free ballot in public elections and to have that ballot duly counted, and we demand effective legislation within constitutional limits to secure the integrity and purity of Federal elections throughout the Union.

EXPERIENCES OF A VERMONTER

The Richest Ore in the World in the Vicinity of Harney Peak.

MINED JUST LIKE GOLD AND SILVER

CHICAGO, Aug. 19 .- Henry C. Wicker, of the Harney Peak Tin Mining and Milling Company, of Hill City, S. D., dropped in at the Wellington Hotel yesterday on his way to visit his birthplace in the Green Mountain State. He was for several years connected with the Northwestern Railroad, but is now devoting his time to developing in mines at Hill City.

"My company owns about 1,000 claims on long range of land in the shape of a horseshoe that stretches around Harney Peak. This horseshoe track is from 25 to 30 miles long and from two to four miles wide," said he Republican State Convention, with the Mr. Wicker. "We have already sunk a shaft 300 feet deep, but we will go 1,000 feet any way. We have already purchased machinery sufficient to have a plant running by next February that will crush 250 tons of tin rock a day. Tin mining is carried on in just the same manner as gold and silver mining-we sink shafts to a certain depth, run out levels, and do stopping, the same as in other mining. There is just as much hard work and the same expense in tin as in gold or silver mining."

STILL AN EXPERIMENT.

"Is it vet established beyond doubt that the mining of tin in the Black Hills can be made to pay?"

"Well, it is a matter of experiment in some respects so far. I am confident, how-Black Hills to supply the entire trade in the United States. The tin ore is found in a United States. The tin ore is found in a species of granite. It appears in the form of black oxide of tin and is seen in small crystnis, about the size of a grain of wheat generally. Now, the tin rock up there yields from 2 to 5 per cent of black oxide of tin. That means a yield of from 40 to 100 pounds of oxide of tin to a ton of rock. This black oxide of tin contains 74 per cent of metallic tin. When our 250-ton mill gets in operation we can, on a calculation that the rock will contain only 2 per cent of black oxide of tin, turn out three and three-quarters tons of metallic tin a day on an average. This will sell for \$500. So, you see, it looks now like a paying investment. There are two things now definitely settled: The richest tin-bearing rock in the world is found around Harney Peak; second, the tin if of superior quality. The essays show that some of the black oxide of tin, when melted, yields \$9% per cent of pure metal. But with all these bright prospects before us, the question we are yet trying to solve is: "Can tin be found in commercial quantities in the Black Hills?"

this nation is made the dumping ground for

We reaffirm our devotion to the welfare of
those who sacrificed property, home, health
and life for the nation's honor during the
late war and we cordially approve the action
of
of snecessive Republican Congresses, particularly the Fifty-first, in spite of malicious
and unrelenting Democratic oppression, in
providing proper and adequate financial aid

to the widows and orphans of those who
have entered the bivouac of the dead.

The Republican party of Pennsylvania has never hestated to pleage itself
to reforms demanded by public sentiment,
and has never faitered in carrying out the
promiser so made. In accordance with
pledges given we have recently placed upon
our statute books numerous laws having for
their object the amelioration and advancement of labor in this Common wealth, thereby winning the unqualified and public approval of the wage carners of the Common
wealth.

In accordance with promise contained in
our platform of last year, and mainly in
compliance with the expressed wishes of
various labor organizations, we have made
provisions for the submission to the people,
in November next, of the question of holding a Constitutional Convention, with a view
of the National Convention, with a view
an absolutely pure and unrestricted ballot.

We pledge the party to such changes and
improvements, if any, which a practical appilleation of this law may prove to be essential to a fuller accomplishment of its purties in the fair the same condition that those of

They Start Two Lumber Yard Fires With Cans Filled With Oil. CLEVELAND, Aug. 19 .- Ten days ago an in cendiary fire was stated in the Sturtevant Lumber Company's yards. This morning the firemen were called to the same place. The watchman saw two boys running away from a burning pile of lumber. He gave chase and caught them. They were Kazer Mikaldo and Joe Traves, and they confessed that they had helped start both fires.

They gave the names of their accomplices as Michael Dickey and Frank Twordridge. The boys are all under 15 years of age and live in the vicinity of the lumber yards. live in the vicinity of the lumber yards.
