

GOSPEL IN THE AIR. Fortieth Anniversary of the Camp-meetings at Tarentum.

CHILDREN'S DAY A BIG SUCCESS. A New Departure That Proved a Step in the Right Direction.

MUCH INTEREST SHOWN IN THE CAUSE. Yesterday was the fortieth anniversary of the establishment of the Methodist camp-meeting at Tarentum.

Manager Johnston yesterday put a gang of cleaners to work, and the floor will be scrubbed, windows shined, and everything possible done by the management to have their part of the work in readiness.

It is the hope of the directors and the management of the exposition that this will be the most successful held for many years.

Mr. Gladden is an earnest worker, and being possessed, besides, of remarkable executive ability, has been able to get excellent results.

MADE FOR THE CHILDREN. The morning exercises were opened by Rev. Mr. Vogel, of the Southside, with a sermon, the moral of which was pointed out for the children.

CHILDREN'S DAY. The children were taken care of by Mrs. Oldham, who had a very impressive address, which was listened to with interest.

THE NEW DEPARTURE A SUCCESS. Contrary to the expectation of some people, the children enjoyed the new departure.

Not Considered a Drawback by Those Who Needed Him in Business. HIS ENERGY WAS ALWAYS A PASSPORT.

General Green B. Raun, Frank A. Smith, General Secretary, and a number of gentlemen interested in the Universal Refrigerating Company, met at the Duquesne Hotel yesterday for the transaction of business.

Up to April last we absolutely knew nothing about his previous record. Had we known, I am sure that it would have effected a change.

Count de Mikiewicz, continued General Raun, in an Eastern paper, accuses me of a serious mistake.

SUED THREE TIMES. A Triple Attack on James A. Chambers—Suits Entered for Protected Notes.

MILLER THE HUSTLER. ITALY'S GRAND MISTAKE. AN OUTCROWDING A NATURAL ALLY TO JOIN THE DREIBUND.

Why With Circumstances Apparently Favorable the Country Is Poverty Stricken—Dependent on France, Which a False Policy Has Made an Enemy.

Rome, Aug. 20.—The papers are now declaring that the deficit for the last fiscal year will prove to be 50,000,000 lire (218,000,000 dollars) or 20,000,000 lire (87,000,000 dollars) more so far officially reported.

The financial situation has become still more trying because of the recent fall of gold. Why this has occurred just at the present time, when there is a promise of abundant crops, when all the real conditions are so favorable, is a puzzle to Italians.

All parties apparently fail to realize that France is and has been for years the natural outlet for a large proportion of Italian exports, and that Paris has been the money center to which Italy has relied and must continue to rely as a market for her bonds.

Competent observers think that many causes contribute to the present monetary situation, but it is certain that a lack of confidence at Paris, the great money center of continental Europe, is one of the chief causes, and that this confidence can be restored by the abandonment of the policy of those in power.

The emigration of Italy is theoretically a source of revenue to the country, but it is a veritable paper currency. Gold and silver (5 franc pieces) command a premium varying from 1 1/2 to 2 per cent.

Parrell's Rule or Ruin Policy. Bitterly Denounced by O'Brien in a Letter to Evicted Irish Tenants.

LONDON, Aug. 20.—Mr. O'Brien, in a long letter bidding evicted tenants not to despair, but to hold out pending the settlement of the dispute over the Paris funds.

A New Cannon Invented. Rome, Aug. 20.—Signor Marco Spinetta, of the arsenal at Spezia, has invented a new rapid-firing cannon of 47-10 millimeter diameter, which is capable of discharging 30 balls a minute, and is said to be superior in range to any rapid-firing gun yet produced.
