STEEL RAILS REMAIN INACTIVE.

STEEL RAILS REMAIN INACTIVE.

Eastern Mills Will Probably Have to Close Down Entirely.

STATE OF THE FOREIGN METAL TRADE

ISPECIAL TELEGRAM TO THE DISPATCH.

NEW YORK, Ang. 20.—The Jam Am Telegram of the County of the Support, and the County of the Supposed corner, throughout most of the session, and afraid to trade on account of the supposed corner. There was quite a demand here for corn for direct shipment to England. September in different parts of the pit at the Same time sold at the opening from 67 cents up to 69 cents, but very few bought it at the higher price, and its tumble was quick, 63½ being marked in the first ball minute's trading. It recovered again to 67½ cents very quickly, and later it reached 68½ cents. It broke later to 68½ cents, but the market railled some with the late strength in wheat, and closed at 67½ cents.

NEW YORK, Aug. 20.-The Iron Age reports the condition of the iron and steel markets as follows:

American Pig-The New York market has shown very few changes, the only item of interest being unconfirmed rumors of the selling of Southern gray forge on the basis of \$9 50. Northern brands are quoted at \$16 75@18 00 for No.- 1; \$16 00@16 50 for No. 2 and \$14 00@14 50 for gray forge. Southern irons sell at \$16 00(a)17 00 for No. 1: \$15 25@16 00 for No. 2; \$15 50@16 00 for No. 1 soft, and \$14 00@14 50 for gray

market has remained exceedingly dull.

There are reports than one of the leading rail mills has asked that deliveries of foreign spicgeleisen be postponed on account of the closing down of the works. We continue to quote, nominally: Spicgeleisen, \$27.50@28.00

and ferro names. Spiegeleisen and Ferro Manganese-The

closing down of the works. We continue to quote, nominally: Spiegeieisen, \$27,306,25 00, and ferro manganese, \$63,306,06 00.

Billets and Rods—In domestic billets the market is dull, while in foreign billets there has only been one inquiry of consequence. Importers name \$31,506,81,75 for foreign stock. Pome-tic open nearth billets are held at \$37,062,50 00 at tide-cater. We note the sale of a few thousand tons of foreign where rods for shipment to the Pacific coast at prices lower than those which could be made by home producers, chiefly on account of low freights from Europie to Pacific coast ports. Conferences the ground of the producers of t harope to Facilic coast ports. Conferences are reported to be going on between American whe red manufacturers, a gathering of this kind having anken place at a leading seaside resort. From the West come reports of a large business in domestic rods, the details of which, however, are not yet avail-

Steel Rails—Eastern mills do not report a Steel Rails—Eastern mills do not report a negle transaction of consequence, and there little business in the market. The Eastern fills are rapidly exhausting their orders, and it seems probable that some of them ill be forced to close down entirely at an irly date. In fact, one of the mills has always notified those with whom it has connects for one, pig and spieged that deliveries must be stopped for the present. The price maxims anchanged at \$30.75631.00 at tideater.

ingle transaction of consequence, and there illite business in the market. The Eastern illis are rapidly exhausting their orders, illis are rapidly exhausting their orders, illis are rapidly exhausting their orders illis to read to close down entirely at an arrive date. In fact, one of the millis has always notified that some of them ill his construction of the millish has always and the work of the construction of the millish has always to the construction of the present. The price was the stopped for the present. The price was the stopped for the present. The price was the construction of the price with a Canadian road, very little ensures is reported. Quotations for spikes with a Canadian road, very little ensures is reported. Quotations for spikes cannot for work for architectural purpose which is now coming up is small, after have shown a tendency toward weaks, the only large contract now on the arket being a lot of 1,201 tons of tank plates. In the store of the contract of the spikes, the only large contract now on the arket being a lot of 1,201 tons of tank plates. In the store of the contract in the spike of the spike of the contract of the spikes. The only large contract now on the arket being a lot of 1,201 tons of tank plates, 1,506 2,266 core again at 1,506 2,266 core against the spike of the spike tic on clock. Steel plates are 1.5562.15c for ank, 2.5-c2 ic for shell and 2.562.7 for flange, in dock. Bars are 1.76 life, on dock.

### Little Business in Pig Iron, but Pig Tin

New York, Aug. 20.-The foreign metal arkets are thus reported by the Iron Age: In the London market for pig iron warrants business has been small during the past week and prices have undergone little change. Local deliveries of Scotch pig are reer, although consumers hold back in exand is better and stocks in public stores ave been reduced to 591,000 tons. Cleveland warrants touched 40s under the influence of a reduction in the stock in store to 154,000 tons and rumors of a strike by engine men. Latest sales of warrants were at 47. 3d@47s

Pig tin transactions have been on a more al scale during the last last of the week, prices inve averaged higher, chiefly un-the influence of scarcity of prompts, ade speculative interest, however, conitside speculative interest, however, con-nuce interente. Copper has ruled stronger ider the influence of a good demand for sh warrants and a moderate offering fol-wing somewhat neary "bear" selling early the week. The turn has encouraged contions for long account, and freer buy-g on the part of consumers, together with ad statistical position, has also helped to filen the market. The thi plate market is in with 15s at Swansia named as strictly of any pressure to make sales or part of manufacturers. Old from is offered rather more freely by some sellers and purchases could probably be made at prices slightly lower than those generally

### Metal Markets.

New Youk, Aug. 20.—Pig fron quiet and undininged. Copper nominal: lake, August and September, \$12.00. Lend steady; donestic, \$1.20. Tin steady and less active;

### COKE MARKET DULL

There is a Good Demand, However, for the Midsummer Season.

SPECIAL TELEGRAN TO THE DISPATCH, COTTOALE, Aug. 20.-The coke market is in about the same condition as reported last The changes are most noticeable then there is an improvement or depreson in the iron market, and of late there has on but few, if any, changes in that market, been but few, if any, changes in that market. The demand for coke is, however, certainly holding up well, and shipments are heavy for the and-summer season. No ovens are being blown out, and while none are being placed in resumption, there is considerable new oven-building going on. The rist of ovens burning in the region still process about the 12,700 mark out of a total of overs flower.

S cars per day and aggregating over 35 cars per day and aggregating 6 cars, showing a slight upward dency. The increase was 75 cars, pments were distributed as follows: To ats west of Pittsburg, 3,000; to Pittsburg 1 river tipples, 2,800; to points east of slourg, 57; total 5,000 cars. The shippers for the previous week footed up to 5 cars.

### FEVERISH GRAIN MARKETS.

A Clique, Aiming at a Corner in September Corn, Depresses That Cereal-Wheat | \$6 6214. Again Bullish, Advancing as High as \$1 08 1-2-A Panic of Shorts in Oats.

CHICAGO. The grain markets were again feverish, and subject to rapid and wide variations in price in the early trading this Wheat and outs continued excited, with occasional spells of duliness, and closed with decided advances, but corn, after opening decidedly higher, grew dull weak and failed to respond othe later advances in the other cereals. This was due to fears of manipulation by a signe which is said to comprise a number neavy local houses with Eastern backing. on September. There were also suspicions of many decreases in wheat, but the evior the day was sufficient in itself, consider

wance. Wheat opened with a bull hurrah, with December quoted at from \$1.65 to \$1.65%, against \$1.05 at the close resterday, and sold quickly up to \$1.05, lottowed by an almost as speedy decline to \$1.05. It lingered in that neignborhood for a time and then took a dip downward to \$1.00%, rebounded to \$1.05%, broke to \$1.04%. All this occurred within the first two hearts of the session. oke to al 94%. All this occurred within the first two hours of the session. ARTICLES.

WHEAT NO. 2.

Real estate brokers and dealers without exception, so far as known, entertain sanguine expectations of a large business the coming fall. The summer hill has whetted the appetites of buyers and steadied the market. It is not likely that there will be much change in values. They are strong, and will remain so. About the only exceptions will be in the cases of owners of lots pressed for money by reason of the strikes. Business properties present a firm front. Their comparative scarcity in desirable localities puts buyers somewhat at the mercy of owners. The trend has been upward for several years, and there is nothing in sight upon which to base anticipation of a reaction. Rapid transit, while proving an important factor in building up the outskirts has also been a boon to buyers. It has opened up all the districts around the city. Formerly the buyer was restricted in his choice of location to the East End or the Northside, but now he has a wide field for selection, and if he cannot secure terms in selection, and if he cannot secure terms in one place to suit he can go to another. This competition has a restraining influence upon owners of suburban properties. From these and other considerations which will occur to the reader, it is considered safe to say that values will remain at about their present level during the remainder of the year. Next year the country will experience the full effects of the big crops, and values may swing upward. swing upward.

A New Eldorado. Reports are coming in of large finds of gold in Middle and Western Washington and also in Colorado. Neither region has been fully explored. The former is being rapidly populated, and while the latter has been long settled the population is a drifting one. The mining spirit has been de-voted almost exclusively to the production of silver, and the undeveloped portions of Colorado have been neglected. An expert Colorado have been neglected. An expert states that this region contains free gold ores capable of yielding, generation after generation, many times the yearly output of California. It is believed by the best informed men that it will be turning out \$150.000,000 of gold per year within the next ten years. If these reports turn out to be true, the production of gold will be greatly increased. At present it hardly reaches \$40.000,000 per year.

Business News and Gossip. People living out Second avenue are clamoring for all night cars. It may turn out that the abandonment of mature. The place is growing.

## A REVIVAL OF CONFIDENCE

MARKS THE DAY'S TRANSACTIONS IN STOCKS AND BONDS.

Time Money Easier-The Near Future Without a Discernible Cloud-Grangers by Far the Most Prominent, But Industrials Also Active-A Bond Revival.

New York, August 20.-The stock market to-day again gave evidence of the revival of confidence among all classes of operators, and the course of prices during the day was most discouraging to those who are looking for a material reaction in stocks. London was again a heavy seller, and bear manipulation was not wanting to make a serious depression, but the volume of buying for the outside account was such that not only were the free offerings absorbed, but marked ad-

vances in many cases were seen. Another evidence of a general increase in confidence in higher prices in the market, was the easier tendency in time money, with a relaxation of the late severe scrutiny of collaterals, while the long expected revival of interest and business in the bond market is one of the most influential factors in the situation. The Union Pacific matter is out the electric road through Knoxville was pre-mature. The place is growing.

Solution. The thior facility market has no cloud upon it; and while it still lacks breadth the number of stocks still lacks breadth the number of stocks traded in from day to day shows a most encouraging increase.

The Grangers, as usual of late, absorbed most of the attention of operators, and while St. Paul and Atchison were most largely traded in, Burlington and Rock Island displayed the most propounced strength. Out.

traded in, Burlington and Rock Island dis-played the most pronounced strength. Out-side of Union Pacific the Gould stocks were given more attention, and the Industrials again became prominent both for activity and strength. Sugar, Cotton Oil and Cord-age all scored handsome gains. Sugar was specially strong, while new life was given Cordage, and it spurted up 2½ per cent to 94. The market finally closed fairly active and still rather heavy at but slight changes for the day in most cases. Railroad bonds showed a falling off in activity, the transactions footing up 41,561.

activity, the transactions footing up \$1,561,000, but the strength shown was more steady than that in shares, and the final changes this evening slow many marked gains. this evening show many marked gains.

The following table shows the prices of active stocks on the New York Stock Exchange vesterday.

Checking Well Up and Other Lines in Better Shape.

Money was moderately active yesterday, the demand being from mercantile source with a good supply and rates steady on the basis of 6 per cent for call loans and 7 for time. No one spoken to had any expecta-tion of anything approaching a squeeze in this market. Currency was scarce. Increased pay rolls account for it. Bank clearings were \$2,019,473 04 and balances, \$357,-

ings were \$2,019,473 04 and balances, \$357 478 36. The Wall Street News says: "Indication The Wall Street News says: "Indications are that the demand for money in New York will not be as great as has been anticipated. The West is keeping bigger reserves of its own, and the money poured out by the Treasury last autumn is still in circulation. Stringency at New York has been caused in recent years by the locking of huge sums in the Treasury and this will not occur this year.

figure. The bulge was based on another big oil well at McDonald and the good condition of the company generally. Many think the stock will go still nigher.

Chartiers Gas was refused at 7. From the last showing of the company it is hard to account for the disfavor into which it has fallen.

Philadelphia Gas was steady, with a considerable number of orders unfilled. It is said its earnings the coming fall and winter will be greater than for two or three years.

Arrangements have been made to meet any reasonable demand for gas.

Luster was clipped a fraction. An insider said yesterday a report of operations at the mine would be made the early part of next month.

Electric, responding to a movement in New York, was bid up to 11½ without sales, It is the opinion of several well-posted brokers that this stock will soon be an active factor in the market. Reorganization is so nearly completed that there is no longer reason to anticipate a failure.

The regular tractions were weaker, if anything, and the same may be said of the unlisted group. Manchester was offered at

balances, \$1,700,170. Rate for money, 4 per cent. Exchange on New York, 15 to 17 cents per \$1,000 discount.

New Obleans—Clearings, \$77.887.

Chicago—New York exchange steady at 65c discount. Money quiet and unchanged at 6 per cent for hoth call and time loans.

Bank clearings, \$14.288,000.

Cincinnati—Money, 4½66 per cent. New York exchange, 60@70c discount. Clearings, \$1,712,150.

St. Louis—Clearings, \$3,551,530: balances, \$142,922. Money, 6@8 per cent. Exchange on New York sold at par.

BLAINE has no peer among new towns!

changed. Hot weather seems to stimulate demand for ham and bacon at the expense of fresh meats. 

for the Time.

SUGAR VERY FIRM AND COFFEE WEAK OFFICE OF PITTSBURG DISPATCH, A THURSDAY, Aug. 20.

THE SIX OCEAN GREYHOUNDS.

Under Like Conditions They Would Cross

It is generally conceded that there are

six ships which are about equal in point of

speed. These are the Majestic and Teu-

tonic, of the White Star Line; the City of

Paris and the City of New York, of the

Inman Line; the Fuerst Bismarck, of the

Hamburg-American Line, and La Tournine,

As between these vessels a fast voyage is

matter of conditions outside of the ship.

It has been said, and it is very likely true,

that under the same condition these vessels

would travel at the same rate of speed.

People are likely to lose sight of the per-formances of the ships of the Hamburg and the French Lines, because the greatest in-terest centers in the time from Queenstown

to New York, and neither of those two lines touches at Queenstown. As a matter of fact the City of New York has made a record

that has not been equaled, in that she made over 500 miles for four days. The City of

Paris over 500 miles for three successive days. The Majestic made over 500 miles on

one day only. Had the City of Paris had the most favorable conditions on her famous voyage there is little doubt but that she would have made the journey in much

INGALLS' BOOK ON PALESTINE.

The Brilliant Ex-Senator Is Likely to Go

Ex-Senator Ingalls, while abroad, will

visit Palestine and thoroughly explore the

theater of the great movement and tragedy which inaugurated the Christian era. He

will spend several months there, and it is

not improbable that the public may profit

by his visit in the way of a book. The

volume, if written, will not be merely a

record of travel, relieved by picturesque

descriptions of the country as it appears to-

day, but will be of a- more ambitious and

important nature and deal with the great

spiritual questions suggested by the pro-

oundly interesting environment.

Mr. Ingalls has always exhibited a fond-

ness for speculation of that character. He is an agnostic, but at the same time a close

LATE NEWS IN BRIEF.

-After six years' retirement Jack Haver-

-The great English weeklies publish

-The pallium was conferred upon Arch-bishop F. K. Katzer, the successor of the late Archbishop Heiss, in Milwankee yes-terday.

-Hundreds of American patents have been cancelled in Germany, owing to ignor-ance of law on the part of American in-ventors.

—Wiggins, the Canadian weather prophet, says that telegraph wires, by proventing the accumulation of electricity, causes droughts and floods.

—A freight train on the Valley route, near Cleveland station. Miss., was derailed by a bull yesterday. A brakeman and two tramps were killed.

-Nat Constock proposes to walk all the way from St. Louis to Chicago on a wire, which he is to stretch himself on telegraph poles as he goes along.

—Two farmers near Jackson, Tenn., Joe Hardin and his nephew, J. L. Edwards, quarreled over Jeents until in a fight the younger man was stabled to the heart.

-After Lynn Fuller gave up the ghost at Steven's Point, Wis., it was found that the cause of his death was a 3-cent piece in his intestines. It has started inflammation and

-The Dominion Government has dis-

missed from its service Mechanical Engineer Arondi and Superintendent of Stationery Bronskill. They were implicated in the boodle scandals.

-During the hanging of Murderer Conway -During the hanging of Murderer Conway at Liverpool yesterday the force of the doomed man's fall from the scaffold was so great that his head was practically torn off, being only held to the body by the muscles of the neck.

The greatest electrical storm that ever struck St. Paul visited that city yesterday. At intervals of two or three minutes great purple tongues of fire shot down through the clouds, and appeared to enter the earth, with terrific reports.

-Clark Thurston, Vice President of the

American Screw Company, of Providence, is visiting Germany to find a proper location for the erection of a factory. At present the company has a small factory in operation in Berlin, but it intends to put up large works somewhere in the Empire.

COUNTRY PRODUCE-(Jobbing prices)-Our quotations on creamery butter are again advanced, in accordance with the facts. It is seldom that choice creamery is as scarce in this market as it has been the past few weeks. Eggs are quiet, and 161/2c per dozen is the prevailing price for job lots. Produce commission houses are overstocked with peaches and melons, and the situation all along the line of fruits and vegetables is favorable to the buyer. Gardeners from nearby complain that, while stuff is plentiful, it is hard to sell at very low prices, necessitating much work and little pay. At the Diamond markets the best tomatoes and the Diamond markets the best tomatoes and cucumbers are slow at 50c per bushel basket. There have been sales in the pust day or two at three baskets for \$1. Last season at this time tomatoes sold here at \$1 per basket and apward. Potatoes are steadily gaining in quality and demand is improving, with prices higher than they were at the beginning of the week. Receipts of bananas are light the past week in comparison with receipts a few weeks gone. But as it is there are more than enough to meet all demands, and markets are weak.

BUTIER-Creamery Figh. 26626: Ohle brands.

BUTTER-Cremmery, Elgin, 25627c; Ohio brands, 25623c; common country butter, 15616c; choice country rolls, 17518c.

OATMEAL-\$7 50@7 75 16 bbl. Flour, Feed and Grain.

There were no sales on call at the Grain Exchange to-day. Receipts as bulletined consisted of 19 carloads, 17 of which were by Pittsburg, Ft. Wayne and Chicago Railway, as follows: 7 ears of hay, 3 of oats, 5 of flour, 1 of malt, 1 of middlings. By Pittsburg, Cincinnati and St. Louis, 1 car of hav. 1 of onts. The cereal st nation is about as it was at our last report. The reaction from the recent bull movement has left markets in a recent bull movement has left markets in a quiet condition. Buyers are very cautious, and there is little inclination to deal in fugures at this stage of the market. There are rumors that some jobbers are cutting on our flour quotations, but stock cannot now be replaced and sold under these figures without loss. Shell corn is firm at prices quoted. Oats are inclined toward lower prices. Hay is quiet and mill feed steady.

Following quotations are for carload lots on

"My pillow is so hot!" is the frequent plaint of the tired invalid who vainly seeks some cool spot on which to rest her fevered head. "Change the pillows frequently," we are told by an authority on nursing, "as nothing is more restful to a patient in summer than to have a cool support to head and back." The following suggestion therefore, may prove to be of service:

Take writing paper of any kind—old letters and envelopes can all be made of userand cut in strips of two inches long and about half an inch wide. Cyrl these with a dull knife, and after stuffing the pillow case with them sew up the end. The result will be a very comfortable pillow through which there will be a constant circulation of air, and which will remain perfectly cool.

LADIES' and children's blazers at bargain prices, at Rosenbaum & Co.'s.

Oats are inclined toward lower prices. Hay is quiet and mill feed steady. Following quotations are for carload lots on tack. Dealers charge an advance on these prices from store.
