liminary steps toward the formation of a chess and whist club, which will open Sep-tember 15 or October 1. The Kentucky Commonwealth, edited by Dr. E. W. Kelney, will begin a solution tourney of two more problems on September 6. Louis Faulsen, the celebrated chess amm-teur, died in London Angust 19, in his 50th year. We take the following account of his life from the London Chess Monthly of June, 1895; He was the youngest son of Dr. Carl Paulsen, the strongest chess player in the Principality of Lippe-Detmold, Germany. At the age of 4 years his father taught him the rudinents of the game. In 1854 he and his brother Ernest came to this country and went into business at Dubuque, L., where he defeated Mr. Littleton at the odds of the knight. In 1857 he visited Chicago and played successfully against their strong-est players. The same year he con-tered the first American Chess Con-gress at New York and won the second prize, Paul Morphy being first. He lost against him five games, won one and drew two. It was at this congress that he first tried his skill as a blindfold player. Out of five simultaneous games he won four and drew one, thus beating Philidor's neord of Drink Pilsner beer. He again visited Chicago, then Daven-port, Rock Island, St. Louis and Pittsburg. In each town he played ten games blind-fold. C. H. Freeman and A. J. Heffner have for more than a month been busily engaged in getting ready a series of analyses for publi-cation this fail. The initial move in these analyses is 10 lå, but instead of calling every rame opened by this move by the name of Kelso, the various dofenses adopted against this move will be appropriately named, as: Kelso-single corner, Kelso-cross, etc. Each defense will be treated in a separate pamph-let, and they will be sold at a moderate price. The first part will appear at an early date. Even now the manuscripts are being passed back and forth between the two analysts, each submitting to the other his work for examination, in order to make the analyses as perfect as possible. *-Reporter*. The circus has now commenced as to who will be the anthority on checkers in Amer-ica. Since A. J. Cochran on his betirement from the U.S. Chess Association have been well earned. In a peculiar sense Mr. Cochran is a man of densin chess affairs. For ability in organ-ising we have not met his equal, and this has been shown in club work, in the conduct of tourneys, and the creation of new associa-tions. The last numed field especially is juli of difficulties. All who know what he has-accomplished will hope that he will maintain, in some way, his active interest in the game.—*Cincinnofi Commercial Gazetie.* Mr. Frankenstein's special prize for the most brilliant game in the recent Divan tournament has been awarded to Mr. S. Tinsley.

The following two games are the first in-stalment of a restricted match of ten games between Mr. J. W. Edgerly and a Monsiour Alphonse, a worthy Frenchman. We would like to hear from the critics in regards to the quality of the games. Mr. Edgerly invites criticism. Tinsley. THE MAN WITHOUT A STOMACH

THE MAN WITHOUT A SIUMACH May exist as a museum freak, but most of us recognize the stomach as necessary to life and comfort. Most of us experience a little trouble from this source occasionally, wrong action of the stomach causing dyspepsia, atc., and often the trouble extends, involving the liver and howels, whence we find billousness and constipation. We find also that the bowelgand kidneys (nature's sewage system) become clogged with effete matter, from which comes impure blood, boils, blotches, pimples, scrofula, scrofulous swellings and cancerous complaints. The Burdock Blood Bitters taken at the beginning, or at any later stage, arrests the trouble, restores the dis-ordered organ to activity, thereby removing ordered organ to activity, thereby removing every vestige of disease. B. B. B. is an abso-lutely pure extract of roots and herbs, which cannot injure even the most delicate consti-tution, and as a cure for dyspepsia, billous-ness, constipation, bad blood, etc., succeeds in 99 cases out of 100. je29-91-rrs-eosu

To To swallow caused me great suffering, and the food I attempted to swallow would nearly choke me. The act of chewing my food was attended with almost unbearable pain. "I had some of the best physicians in the

two cities attending me, yet they all were in doubts as to my true aliment. They did everything in their power yet I steadily grew worse and worse. Together with the above trouble, I suffered greatly from neuralgic pains, supplemented by nervous pros-tration, until I became so had that I shared the belief of my friends that I would never regain my health. "I at last decided to seek the assistance of

the physicians of the Electropathic Institute at 507 Penn avenue, to alleviate, if possible,

QQ my sufferings. "Their first treatment was followed by marked improvement, and in a short time my pains, aches and allments disappeared as if by magic. Although 83 years old, I am enoying as good health to-day as ever before in my life."
