1889, he was sent to the Columbus Penitentiary by Judge Johnston, of Ohio, for a robbery he had committed at Mahonington. He was not released from the prison, he says, until January 3, 1891. During his confinement he was No. 20,468, and the name under which he was convicted was John Mack. Cowdry is 38 years of age, about 5 teet 9 inches in height and weighs about 180 pounds. He is a well-propor-tioned, strongly-built man, of dark complexion, hair, mustache and eyes. But for a lowering expression caused by heavy, bushy evebrows he would be considered fine looking. A photograph of him being shown to Mr. Rudert and several other witnesses, they all identified him as being one of the bold band that had robbed Rudert's store and killed the proprietor's cife in such a cold-blooded manner. It was also learned that Condry was wanted at Benwood, W. Va., where a reward of \$250 was offered for his arrest for shooting the wn marshal trying to prevent his escape from prison.

## THE REWARDS FOR HIS ARREST.

The Gilkinson Detective Agency sent out circulars bearing photographs and de-scriptions of Condry and Peter Griffen, alias Peter Lee. It offered a reward of \$500 for their arrest and conviction of the Tarentum nutrider, and \$250 for Condry's arrest on the Benham charge. On the same circular new descriptions of Henry Anderson, alias "New York Shine," a colored man, and an-other man known as "The Dutchman, "alias "The German," for whom no other name could be secured. These were also believed to have been connected with the Rudert murder.

"New York Shine" was arrested last winter by Detective Fitzgerald, but had no difficulty in establishing an alibi. He is now in the Workhouse for larceny.

On the evidence gathered by County Detective Langhorst, the Gilkinson Agency and the Pittsburg police, true bills were found by the grand jury against Griffen, Condry, "The Dutchman" and Alex. Detectives Shore, Fitzgerald and Coulson

after hearing Condry's statement as to the whereabouts at the time of the murder said they believed him. Fitzgerald says he never really believed that Condry was present at the Tarentum murder, although some rather strong evidence was brought against him. Coulson was of the same opinion.
