FOSTER'S STATEMENT OF THE TROUBLE

(SPECIAL TELEGRAM TO THE DISPATCH.) WASHINGTON, Sept. 2.—The action of Secretary Foster in allowing the discharged plate printers of the Bureau of Engraving and Printing to have their names placed on the "chance roll" of the bureau, while apparently a victory of the Knights of Labor, is said by the Treasury officials to be really a victory of Chief Meredith over the organization. Several months ago Captain Meredith discharged the men for "cause," which was explained to mean drunkenness, insubordination, etc. The influence of the Knights of Labor was brought to bear, and a demand made for the immediate reinstatement of

it as a legacy from the Windom administra-Then ensued a long and bitter quarrel be-tween the discharged men and the Knights of Labor on the one hand and the Treasury Department and the Federation of Labor on the other. The latter organization has a large membership among the employes of the Bureau of Engraving and Printing, and they were determined to prevent the reinstatement of the members of the rival organization.

ANSON GOES FURTHER TO THE PRONT. Eesults of the Grand Circuit Races and Turf Events

General Sporting News. There is at least one sure thing to bet on in baseball, and that is that no League team can win every day. This being so, we needn't for one moment expect our sluggers to become an extraordinary exception. They didn't win vesterday, of course; but they have done nobly since they came from the East, vesterday's being only their third defeat in 12 games. This is excellent work, and could it be sustained

for a season, why, all the eranks in Pittsburg would be in eestacies. But no such wonderful work is expected, and therefore the defeat of yesterday can be comfortably overlooked

But the game, aside from the victory or defeat feature of it, was one of the most exciting ever seen on a local ground. In many respect: it was poorly played, but then the bad playing was on both sides, and this evened matters up so nicely that not antil the last mon in the ninth inning, on the Pittsburg side, was out was hope, and good hope of victory, entirely lost. Just fancy it! Shugart was the last man at bat and had he made a good single hit he would have scored two runs, and that would have ande the score 7 to 6 in favor of the home

avers. But he struck out. From the start to finish the contest was nip and tuck and everybody was excited. tainly the real cranks were seldom on sents, but the visitors always had a tile better of the argument. Gleason was and King was hit very hard just at opportune moments. True, King's support wasn't ve.v good, but that of Gleason's was worse, so that King ison to complain Had it been pos reason for the home players to win on errors they done so, as the Phillies gave them every chance. And it was this erroraking that caused all the fun, and the

A sacrifice hit each by Lally and Reitly scored In the third inning the Phillies made two runs on a single by Gleason, Hamilton's sacrifice, Thompson's single, a passed ball, and King's wild throw past second base.

Reilly's base on balls, Corkhill's single of King's secrifice. The home players tied score again in the sixth on a good single h by Miller and Beckiev and a sacrifice Handon. But in the second half of the ling the Quaker City lads also scored a run and that gave them the lead again. single by Clements and a triple by Dele-banty to right field gave them the run. In the eighth inning a fumble by Reilly, a single by Mayer, an error by Miller, a sacri-fice by Glenson and a single by Hamilton netted two more runs for the visitors.

A VERY LIVELY STAGE the ninth Hanlon led off and got his base on balls. Lally made a single. Reilly flied out and Corkhill made a single to right and Thompson fumbled the ball, Hanlon and Thompson fumbled the ball, Hanlon scoring and Lally reaching third. King's sacrifice hit secred Lally and excitement was now high. Corkhill had reached third on Laily's scoring. Bierbauer knocked a grounder to Shindle and the latter threw the ball wild to first, but Corkhill did not score on the error, although Bierbauer was safe. The latter stole second and Shugart was at the plate, but he struck out and the argument was ended. The score:

SHOOTING AT MT. GRETNA. The Sixteenth Takes First Place at the Five Hundred-Yard Range. each team who continued firing during the storm of yesterday were allowed to shoot over, and succeeded in bettering their score great deal of good. The scores are increasing gradually, but do not quite reach those

of last year. In this morning's shoot the Sixteenth again forged to the front, with is points to spare, in consequence of which Lieutenant Connelly is wearing a smile as broad as himself. Private Minler, of the Sixteenth, scored 33 out of a possible 103, the highest yet made on the range. Private Morse of the Ninth's toam, was seized with an attack of billousness at the 500-yard range, but after receiving medical attention pluckily resumed shooting, and made 25 out of a possible 35. The teams fluished in the following order:

Sixteenth, 437; Ninth, 419; Thirteenth, 439; Twelfth, 530; Sixth, 336; Firsteenth, 337; Fourteenth, 536; Fifth, 534; Second, 334; Eighth, 338; Tenth, 381; First, 573; State Fencibles, 336; Caralry, 355; Eighteenth, 338; Fourth, 355; Third, 330; Battery, 330. The 630-yard range still remains to be shot over from this afternoon's shoot, as darkness settled down and the bombardment had to close. It will be finished in the morning. The four best men in the practice shoot will be elected from the regimental teams and will shoot for the regimental prize to-morrow. The brigade teams will be selected to-morrow night and will consist of the 15 best shots on the regimental teams—12 shooters and 3 as reserves.

CAROUSING PASTORS AT GREENVILLE. Committee of the Pittsburg Luthern Synod Collects Sensational Testimony.

spent the evening in drinking beer and conducting themselves in an unbecoming manner, has been making a searching investigation, and is collecting sensational evidence, which will be presented at next year's meeting of the Synod.

The evidence seems to show that 15 or 20 of the ministers assembled in a room at the new Hotel Taylor and had a good time drinking beer, some of them going far beyond the bounds of temperance and good order. Most of them are new members of the Synod, and it is stated that several of them came lately, from Germany. There was no disorder, but the committee is said to be in possession of facts establishing the drinking.

roll, the Secretary said: "Seven men were discharged by Captain Meredith, chief of the bureau, for good and sufficient cause. They were members of the Kuights of Labor and that organization demanded an investigation of Captain Meredith's action, with the object, of course, of having the men reinstated. The demand was refused.

"Then after that there had been much correspondence and several hearings, to say nothing of a full airing of the subject in the newspapers. I offered to waive all the questions in dispute as to the action of the Chief of the Burcau in discharging the men and to allow them to go on the "chance" roll; that is, to be placed on the same footing with other applicants for places in the petitions are in circulation here asking for the repeal of the ordinance prohibiting the obstruction of sidewalks. The majority of the business men seem to like the ordinance and will not sign the paper. The largest paper has received no more than a dozen ing with other applicants for places in the bureau, in fact to treat the men as orignal applicants for places, as if there had been no discharges or no controversy whatever. "This offer was also declined and then came Mr. Powderly's open letter, and, as you

know, the alleged threats of political inter-ference. The Knights of Labor, therefore, did formally decline to accept my proposiion, but the discharged men, as individuals tion, but the discharged men, as individuals, did not, for six out of the seven have applied for the privilego and the privilego has been granted of having their names placed on the 'chance roll.'

"The seventh man, Mr. Jordan, has not yet applied, and I don't think he will. Thus you see that three months after the Knights of Labor organization formally declined my proposition, looking to the ultimate reinstatement of the discharged employes, the men themselves acting in an individual capacity, agreed to it. That is all I have to say on the subject."

JORDAN RULED OUT. Jordan, the one man of seven who the Secretary thinks will not ask to be reinstated, is the man who was most persistent and loud in boasting of the power of the Knights to control the affairs of the bureau, Knights to control the affairs of the bureau, and indulging in threats of political boycotting in Ohio. The Secretary's feeling of confidence that Jordan will not apply to be reinstated probably grows out of his knowledge that Jordan feels sure his application would not be granted. Secretary Foster is greatly gratified that the names of the discharged men are now on the "chance roll" as a result of their own act, and Chief Meredith is even more so, for he evidently feels that if his action in discharging them had not been indorsed by the Secretary, the administration would now be looking about for a new Chief of the Bureau of Engraving and Printing.

Letters From China Whisked Across the New York, Sept. 2.- The mail from China and Japan, which left Yokahoma August 19, was safety delivered on the steamship City of New York at 5 o'clock this morning, and is now on its way to England. August 29 the Empress of India arrived with the mails at Victoria, B. C. There a special train, furnished by the Canadian Pacific, took the mail bags, 18 in number (12 for England and 6 for New York City), and started on a record-breaking ride across the continent.

At 8 o'clock last evening the special made her last stop before reaching Brockville. The last 18 miles had been covered in 11 minutes. Down she came at a dash the remaining 61 miles to Brockville and arrived at 220, having crossed the continent in three days. The trial was a grand success. soo,000 for the erection of this Home. Four months is the time allotted the commission in which to make a selection, and two have expired.

The Commission has been looking over the eastern end of the State and came on here at the solicitation of committees of citizens from Uniontown, McKeesport and of this city. Yesterday and Tnesday was spent in the neighborhood of Uniontown and the Pittsburg committee consists of the following gentlemen: Robert Pitcairn, Thomas M. Marshall, J. M. Guffey, Dr. E. A. Wood, Rob Elliott Dr. C. C. Wiley, T. M. Marshall, of Allegheny; Major Moreland, C. F. McKenna, J. B. Larkin, Dr. W. H. Daly, Colonel Hudson, J. S. Scully, Judge Mellon and R. D. McJonnigie. The members of the committee will take the commissioners on a trip up the Ligonier Valley this morning in a special train turnished by Mr. Pitcairn. New Florence and other points west of Altoona will be visited.

There is a strong expectation that the Home will be established in Western Pennsylvania. This section of the State is worse off in the matter of accommodation for the insane than elsewhere in it. With only about half a million less population than the Eastern end this section has but two hospitals, while the East has four, namely. Norriste wn. Harrisburg, Danville and Blockley, near Philadelphia. So much are Dixmont and Warren overcrowded that this city and Allegheny are between them taking care of 400 insane people in their Poor Farm, which rightfully should be provided for by the State. The 250 insane persons which this city takes care of costs about \$5 per week each, while the amount in the East per capita is about one-half that. There is hardly a doubt that when the commission is acquainted with the necessity for the establishment of a Home in the West that it will recommend the selection of a site this side the mountains. the Republican party in Ohio. After several months of controversy six of the seven men discharged by Captain Meredith have been placed on the "chance roll," and the long and bitter fight is apparently ended for the present at least.

Captain Meridith now feels that he is justified in claiming the outcome of the fight to be an evidence that he and not the Knights of Labor is running the Bureau of Engraving and Printing. The placing of the names of the discharged men upon the "chance roll" does not mean that they are now employed by the bureau, but simply that they take their places with the long list of applicants who have a "chance" whenever vacancies occur. There are a large number of names on the "chance roll" now, and according to the statement of Captain Meredith, it may be a week or it may be six months before there will be vacant places for the restored men.

THE MEN APOLOGIZE. Bicycle Records Broken. SPRINGFIELD, MASS., Sept. 2.—The fast bicycl

retary Foster's action is based. What is not generally known, however, is the fact that before the names of the discharged men were placed on the "chance" roll they agreed that their discharge was justified by their actions, and promised hereafter to abide faithfully by the rules of the bureau. This is why Chief Meredith feels warranted in claiming that he has demonstrated clearly that he is managing the affairs of the Bureau of Engraving and Printing entirely independent of dictation from the K. of L. Secretary Foster evidently is very much gratified to have settled the controversy on a basis that gives the discharged men another chance, while at the same time the action of Chief Meredith in discharging them is independent officer, feels free to speak his mind, and he does not hesitate to give out the impression that the interference of the Knights in the affairs of the Department was rebuked by him and what he regards as their unreasonable demand refused. office last evening, and each put up \$0 and signed articles of agreement to run a foot race of 100 yards on September 12 for \$200 a side.
