

PRIME BEEVES Here on the Market This Week and Prices on the Advance. POOR STOCK SLOW AT OLD PRICES. Good Feeders Not in Sufficient Quantity to Meet Demand.

At the opening of markets Monday morning there were 73 loads of cattle on sale against 78 loads last Monday, and 110 loads the week before, mostly common and medium grades. There were no strictly prime heavy beefs offered and the proportion of light prime butcher stock was small. Quality of offerings was, however, a shade better than the late average.

At the opening of markets Monday morning there were 73 loads of cattle on sale against 78 loads last Monday, and 110 loads the week before, mostly common and medium grades. There were no strictly prime heavy beefs offered and the proportion of light prime butcher stock was small.
