THE PITTSBURG DISPATCH. FRIDAY SEPTEMBER 11, 1891.

THE DEMAND STEADY

For All the Standard Brands of American Foundry Iron.

DULLNESS IN FERRO MANGANESE.

Inquiries for Steel Rails Are Becoming Nore Numerous Lately.

STATE OF THE FOREIGN METAL TRADE

"SPECIAL TELEGRAM TO THE DISPATCIL.]

NEW YORK, Sept. 10 .- The Iron Age reorts the condition of the iron and steel inters as follows:

American pig-The demand for standard brands of foundry irons continues steady nough to absorb current production, so hat there is little or no pressure to sell.

Off irons can only be placed at a sacrifice, however, and forge grades continue weak, Southern iron selling on the basis of \$9 50, Birmingham, Northern brands are quoted at \$16 75(2518 00 for No. 1; \$1 600@16 50 for No. 2 and \$14 00@14 50 for gray forge. Southern irons sell at \$16 00(017 00 for No. 1. \$15 25(216 00 for No. 2: \$15 50(216 00 for No. 1 oft and \$14 00@14 50 for gray forge. The w prices at which Bessemer pig is selling Pittsburg are the subject of much com-

The state of the s his accusation is found to be correct e is little doubt that the combination is inflict upber that the continued not list long. The agents of a er of foreign makers have been restive under the restrictions which greement imposed, and have ques-i freely the wisdom of a policy which cally turned over to the leading Amerroducer the whole of the country nducer the whole of the country (the Alleghouy Mountains, whereby hugest part of the mild steel pro-n this country is made. Spiegriedisen s very dull at nominally 837 50628 00. and Reds-The market is dull, are been only shall sales of billets, stness being captured by Western at low prices. We quote foreign 501 256211 50, and domestic wire rods, ter delivery, \$57 50628 00. (a) Eods and Bars-During the past dis the market has stiffened very

### Fig from Is Inactive but Tin Plate Shows In-

matitus are the strongest of having advanced 2s owing to reports approved feeding in the steel and finished trades. Exports last month \$4,000 tons,

- in August, 1890 im has been more active, t in other speculative glit stocks and firmness of chief ave also favored improvement, early in the week, with sales of bars at as low as £52 is id on but interly turned stronger unofficence of increased consumptive plate-market has been somewhat errore. Concession in price by makers the for ordinary Bossemers led to a er of parchases for San Francisco account, but total sales for San Francisco ac-count, but total sales not large. More invertion inquiries aflort, without actual business of also magnitude. The prices of neurit considered much too low by makers, many of whom prefer stopping work to practice further concessions in price. Ex-perts last though where 14,000 tons, of which how one went to America. In August, 1899, for four was 35,000 tons, including 25,000 tons to America

close was 57%c, against 55%c at the close yes-terday. Contrary to expectation the bears did not make a further raid on corn today. The clique apparently had the market well in hand, and, under cover of the strength of wheat, put the price of the ruling option up like above the closing price of yesterday. October opened at 37% against 55% c at the close resterday.

# and closed at 5/c against 50% c at the close yesterday. Oats followed the course of the major coreals, being weak early and strong later, and closing near the top figures of the day. The provision market was irregular, open-ing weak and closing strong, and in that re-spect it merely responded to the action of the grain market. The packers were bidding for the October option and selling the Janu-ary. There is an actual discount of 12% in January compared with October riks. Janu-ary pork still maintains a good premium from the fact of its superiority in a specula-tive sense, but to-day it gained only 15c on yesterday's closing prices, while October ad-vanced 27% c. One cause for the stocks of cut meats in the country, showing a decrease of 18,000.000 pounds since July 1. The leading futures ranged as follows, as cor-rected by John M. Oakley Co., 6 Suth atreet,

good call for discounts and loans, liberal TRADE **Beal Estate Deals, With Interesting** Features, Closed Up. A CHRONIC CROAKER UNMASKED.

Interest in Oil Revived by a Large Increase in the Certificates.

FEATURES OF MONEY AND STOCKS

The report of the pipe line companies for August, posted on 'Change vesterday made quite a stir in gil circles. Its immediate effect was bullish. Certificates increased 954,000, making the total now available for

trading purposes 3,212,038. This shows that the certificate factory is again in operation and giving the boys more oil to handle. Nearly all the brokers spoke confidently of a lively market before many

weeks roll by. ...

A transaction in Allegheny City real estate was brought to a head yesterday which con-fidently shows that foresight was as rare 44 years ago as it is to-day. Northside land owners at that time, in their forecasts of the future, had no expectation that buyers in future, had no expectation that buyers in 1891 would pay \$3,000 a foot front for ground that had cost the original owners \$5 or \$5. A. Loggate & Son sold a lot 35x30 on Ohio street, between Arch street and Burgess alley, with an old frame building occupied as an agricultural implement store, for \$20, 60. The last previous sale of this property was in 1847, when it was purchased by John Arbuckle for \$1,600. Mr. Arbuckle was the founder of the iamily of that name, and the pioneor cotten mill operator in Western Pennsylvania.

Pennsylvania. Work on the Schenley Park branch of the

Second Avenue Electric Railway is being pushed as fast as possible. Rails were de-livered yesterday at the park end of Greenfield avenue, and they will be laid at once, as the contract has been let. It was sem-officially stated vesterday that the road would be in operation by October 1.

A croaker was cornered yesterday after-noon. He was in a real estate office, looking and talking as blue as indigo. "Business is flat on its back and everything is going to sticks," he remarked. "What makes you think so?" asked a bystander. "A comparison of the statistics of last year and of this is proof enough." "Yes, but last year, while active in spots, ended with disaster, from

which we have not fully recovered. The which we have not they recovered. The business of the city is heavier than in any other year, with the exception of 1890. What can you say to that?" "Well, things look shaky and uncertain to me." Then the bystander put in a clincher "Of course, with your views you are afraid to invest, and are doing noth-ing. I heard you were after a big slice of fant End real estate?" "Tes, there is a piece of land out there I would like to puy, but the outlook is so bad I am afraid." This let the cat out of the hag. He was croaking for a purpose. By throwing cold water on everything he hoped to so discourage the owner of the property he wanted as to cause him to sell at a reduction. This is always the ease with people who go around with funereal look and voice preaching calomity from morning till night. They are not so disinterested as they seem. They have axes to grind. Fortunately, they find few listen-ers and still fewer believers. With facts to the contrary before them, it is uphill work to make people believe that they are rush-ing to destruction with the speed of a comet. H. P. Slaughterbeck, a well-known East pusiness of the city is heavier than in any

H. P. Slaughterbeck, a well-known East Ender, has purchased from Mrs. Elizabeth Sargent 150 feet on Mellon street by nearly Sargent 100 feet on Melion street by nearly 200 on St. Clair, Nineteenth ward, for \$12,000, or about \$33 a foot front. Property in the same neighborhood was in demand at \$35 a foot a year ago, when owners had extrava-gant ideas. Asking is one thing and getting is another. Although there is no general surrender of advanced ground, and no ex-pectation of it, a few owners in need of ready money are making slicht concessions.

There is hope for the oil traders yet. Ten of Senator Flinn's houses at the corner of Greenfield avenue and Lydia street

checking and depositing, and sufficient funds to keep things moving. Currency

funds to keep things moving. Currency was somewhat easier than of late, reflecting the movement from West to East. Interest rates were steady at 627 per cent. Ex-changes through the Clearing House were \$2,349,386 arand balances \$291,473 35. The Journal of Finances \$291,473 35. The Journal of Finances publishes letters from leading bankers from all parts of the South. They show that immediately after the Earing failure bankers began to curtail their operations. The effect of this has been to place all banking interests on a solid basis. It also resulted in the borrowing of less advance money by cotton planters; hence, the present crop has less indebted-ness against it than the crops of former years. A period of activity and substantial development is universally predicted. At New York yesterday money on call was easy, ranging from 2 to 5 per cent; has loan 2½, closed offered at 2. Prime mercan-tile paper, 5½(27. Sterling exchange quiet and steady at \$4 85% for 60-day bills and \$4 85 for demand.

for demand.

Exchange on New York, 17 to 20 cents discount per \$1,000.

### HOME SECURITIES.

NO SCARCITY OF QUOTATIONS, BUT TRADERS NOT IN IT.

Buyers More Liberal in Their Views, but

Not Up to the Sticking Point-No Pronounced Gains or Losses-Sales and Final Figures.

There was a rushing husiness on call yeserday in putting figures on the board, but otherwise very little was done. The fact that buyers were putting aside their narrow

views and reaching out was encouraging. The event of the day was the sale of a big

block of Pleasant Valley Railway stock at a good price. It is thought that under the leadership of this corporation the rest of the street railways will soon improve their standing.

street railways will soon improve their standing. The natural gassers appeared to be in less demand than usual, but they held their own. There has been some talk of a divi-dend by the Philadelphia Company in Oc-tober, but from information obtained yester-day there appears to be no ground for the surmise. Surplus earnings, whatever they may be, will be applied to the debt, which is being wiped out very fast. Electric was off a little on weak support in Boston, which must be depended npon to furnish the inspiration, as the local demand is exceedingly light. Luster improved a fraction, as did also Switch and Signal. Sales were:

ales were: First call—150 Pleasant Valley at 22%.

Second call—No sales. Third call—17 Electric at 14. Bids and asking prices at each call are apended:

special train bound for the Nebraska Fatr and the regular passenger train on the Union Pacific collided yesterday morning near Lincoln. Both engines and the mail car were demolished. Two passengers—Vic-tor Haines and George Orton—were probably fatally injured fatally injured.

7

fatally injured. - Eev. George F. Nightingale, pastor of one of the largest colored isaptist churches in the country, of Memphis, has advised his people, it is said to arm themselves with Winchesters to exterminate the whites. A large number of his flock were for following his advice, but others would not do so. A free fight among the factions was the result, in which the furniture of the church was smashed and a number of men injured. The police have arrested many of the ring-leaders.

The Strength of Vanderbilts a Supporting Element-Cordage an Exception to the General Decline - Final Losses Not Large-Railroad Bonds Weak.

- 50

NEW YORK Sept 10 .- The stock market to day exhibited during most of the session a marked decrease in the amount of business donc, while the speculation had a hesitating tone, which clearly reflected the attitude of the speculators pending the determination of the attitude of the Gould party in the

market.

market. The general view is still decidedly bullish. The new strength displayed by the Vander-bilts is a strong supporting element in the market. Lake Shore sold at the highest

bilts is a strong supporting element in the market. Lake Shore sold at the highest price it has reached in years, touching 119, and while it reacted sharply for a time it was well held late in the day, and C. C., C. & St. L. was the strong point in the list: but the movements in the Nickel Plates and the Chesapeake and Ohio gave signs of having reached their inits for the present. The Villards were stronger, but made no marked advances, while specialties like New Eur-land and the like were remarkably quiet, and uo movement among the Industrials occurred except a partial recovery in Cord-age after its sharp decline of vesterday. The market opened generally fractionally higher than last night's figures, but bear pressure knocked Cordage down over 1 per cent farther, while Missourf Pacific and Bock Island exthiled special weakness for a short time. The effect on the latter was probably due to the general expectation that the Government crop report would show a lower average for corn than last month, and this factor entered into the course of all the Grangers. The demand, however, soon changed the tone of the spec-ulation, and the Vanderbils, especially C. C. & St. L. and Lake Shore, led an upward movement which lasted throughout the forenoon and placed most of the active stocks at large fractions above their first prices.

stocks at large fractions above their first prices. The buying power fell away after that time, a heavy failure in London added its influence to the bear pressure and prices re-ceded all along the line, Lake Shore being one of the weakest on small transactions, though, as a rule, the Gould shares led the list. The decline was not checked until the last few minutes, when a feeble raily oc-curred, closing the market firm, but at close to the lowest prices of the day. The final changes are generally small fractional losses, but Lake Shore is 1½ lower and Lack awanna 1 per cent, while Cordage is up 1 per cent.

cent. The total sales of stocks to-day were 362,357

THE BIG PITTSBURG EXPOSITION opened in a blaze of glory on September and all indications point to a successful show. Most of our country cousins will visit it before the close. City folks will thus have an opportunity to show their hospital-ity in return for favors received. We learn with regret that Max Klein, owing to a press of business, was unable to arrange a display the city should by all means take a peep at his model establishment, No. 82 Federal street, Alleghenr, which is within a stone's buy of the Ft. Wayne and West Penn de-pots. They can then return home with the satisfaction of having seen the largest and best equipped wholesale liquor house in this section of the State-the headquarters of those world-famed brands of absolutely pure whiskies. "Silver Age" and "Du-quesne." The former sells at \$150 and the latter at \$125 per full quart. Max Klein, it may be added, also keeps in stock Bear (reek, Guckenheimer, Fluch, Gibson and Overholt, and the finest old whiskies, bran, dies, wines, cordians, etc. Call and see him.
