-The children of the two cities have literally reigned supreme in the society Pittsburg and Allegheny during the past week. From Monday morning un til Saturday evening the little people have had it all their own way and have been as busy as the proverbial bees. The first three days the Exposition, with all its wonders and delights, gastronomical and otherwise, was turned over to Pittsburg's young students and a goodly sight they presented. Tint they availed themselves of the pleas-ures offered even the most cynical could not doubt.

In every nook and corner of the big building were to be seen groups of fresh faces eagerly peering at the works of intricate machinery, gazing rupturously at the pict-ures, bric-a-brac. flowers, luxurious furni-ture and the pyramids of red and white pop corn. Above all things they enjoyed the free distribution of tea, little crackers with tiny bits of jelly or chow-chow in the cen-ter, to say nothing of the picture cards galaxy (with the advertisers' names and adgalore (with the advertisers' names and ad-dresses printed across the pretty parts.) The way the youngsters are still talking about the Exposition is proof of how much they have enjoyed the big show, and if they do not get opportunities to attend ere the season closes there will be much sorrow in little hearts and tears flowing from youthful eves

little hearts and tears flowing from youthful eves. But the Exposition has not been the only entertainment peculiarly adapted to the tastes of the children. The "Faries' Car-nival," with its quaint characters and fresh young fairies, such as were surely never ex-celled in fairyland, has been a revelation to the children. The mischievous trickeries of *Pack* and *Mol*, the graceful movements of the *Ogre*, have all been enjoyed to the ut-most. It was as if a story book had run and and had spilled its people all over the great stage. And the children in the pageant: What of them? Had they ever such glorions fun as was afforded in this playing at acting-making believe they were daying at acting-making believe they were he very beings about whom they had read so ter in the picture books given them as then in the picture books given them at tristmas? Health for Little Folks.

-It is a pleasant reflection, now that the leaves are already beginning to turn, and the evening nir breathes of the autumn, that over 300 city children have been able to enjoy the pleasures of the country during the summer through the efforts of the Allemusic. Those present were: Misses Mamie Conard, Mable Davis, Carrie Ruse, Sclode Conard, Minnie Prophator, Gertie Porter, Nellie Conard, Gertie Watson, Millie Henry, Katie Parceil, Lizzie Young, Sallie Henry, Mamie Jahn and Sadie Heil. Thegentiemen were: Evan M. Roberts, Thomas Reynolds, John K. Henry, David Carney, Fred Thomas, Harry Thomas, William Ruse, Ernest Miller and Robert Conrod. A more noble object could hardly be conceived than to take the little dwellers of narrow streets and alleys from their close, stuffy, environments, and give them an opportunity to inhale health and strength, amid green fields and under forest trees. The women who have devoted themselves to this work can hardly be commended enough, even though we know they do not seek the praise of any one for doing that which gives them so one for doing that which gives them so much pleasure. They could not be made happier by the commendation of the com-munity than they are when they see the glow of health returning to pale faces, and hear little voices growing stronger under the influence of kindly mother nature's tender care. The Fresh Air Fund needs money. The more financial help it receives the more children it will be able to give an outling next summer.

Of the performance of the well-known German dialect comedian in "Keppler's For tunes," which will be seen in the Bijon for one week commencing to-morrow night, the Cincinnati Enquirer has the following: Gus Williams is one of American dialect comedans, and in his play, "Keppler's Fortunes," he has a great chance to show his pecular talents. If is a pretty production, replete with humor and made more effective by nany pathetic incidents. The inimitable Gus mot with a great welcome at Heuck's ast night. The house was crowded and the performance was given a most enthusiast eception. All the interest centers around the work of Williams as Keppler, the Ger man, who is a strong, but somewhat contra dictory character. Miss Laura Loraine, dictory character. Miss Laura Loraine, a pretty soubrette with a sweet voice, made a hit in her songs, while H. B. Bradley, as *Dunc Nelson*, the old sport, was a splendid piece of character acting. These were the strongest people in the cast, and fortunately had the most to do. Mr. Williams has a number of new songs, every one of which made a hft. His burlesque on "Conrades" was encored three or four times, and in all his musical efforts the conical Gus showed that he has as strong a hold upon the popu-lar heart as ever. Since its former produc-tion here "Keppler's Fortunes" has under-gone many changes for the better, and many aughable features have been added. It is a clean, attractive performance, and everyone

they ought to have been. Still the popular greeting this talented actor encountered was invorable enough to compensate somewhat for its lack of volume. It is true also that neither "St. Marc" nor the double bill of "Fra Dono" and "Ruy Blas" give Mr. Haworth or Miss Kathryn Kilder the roles best suited for them or a satisfactory dra-matic vehicle. "St. Marc's" merits have been discussed and its weakness pointed out in these columns already. It is a cheap piece of tinsel and fireworks. "Fra Diano" presents the painful improbability of a pious priest committing murder and suicide, with out any adequate provocation, for the mem-ory of an injury 17 years old, even coupled with the new wrong intended, cannot be said to justify or require such violent crimes. "Ruy Blas" is a better work, of course, though not a play of remarkable merit. Mr. Haworth played the title role with wonder-ful spirit and insight on Thursday night--a performance far superior to the first on Wednesday afternoon. Miss Kidder was also well suited in the role of queen, which is, however, but a slightly sketched character, not half developed by the author. Miss Kidder undoubtedly may mount to any height in emotional drama, for which she has great qualifications. The main need in Mr. Haworth's company contains several young people of ability, notably Miss Keith and Mr. E. J. Morgan. "What can be done by means of hard work. successful. The new first part, "The Power of Hyp-notism," introduces the entire company, and contains some new and taking specialties. The "Dancing Jockeys" is a pretty feature performed by six nimble-footed young men with rich and appropriate costumes. "The Gathering of the Clans" is one of the great-est marching acts ever conceived, executed by 16 people and with the necessary effects, never fails to make a big impression. The afterpiece is a very funny one, entitled "The Reception of the Colored 400," Introducing George Gorman as Stanley McGinnis. While Gorman's Minstrels is a new one to Pittsburg theater-goers, the Gormans them-selves are by no means strangers, having been seen here a number of times with Hav-erly's original mastodons. They were for the above company, and all the big acts and original aiterpices-were the work of these clever people. "O'Dowd's Neighbors" lays claim to being a farce comedy, but it is so full of melody that it has already won the title of comic opera, as modern comic operas go. It is stated that every member of the cast has a good share of musical work to do in the course of the play, either as vocalist or instrumentalist, and, as a whole, it is said, the music is the brightest element in the performance, some-thing which can always be said of opera, comic or serious. Gems of grand opera may seem a little incongruous wedged in between burlesque situations and topical songs, but they offer their own excuse when well sung, and the sextette from "Lucia di Lammer-moor" is said to loom up brightly beside the more catchy melodies of some bright new songs. Among these is "Maggie Murphy's Home," with a refrain which was no doubt born in the ballroom, so well has it caught the swaying waltz swing.
