SOME GENUINE SURPRISES IN FIG-

URES AND BUSINESS.

The End Better Than the Beginning-

Prices Take a Little Tumble, Which Is

Improved by Buyers-No Trouble to

The outcome of the market yesterday was

something of a surprise, as were also some of the figures. The first two calls were low Cen. firsts.

of the figures. The first two calls were slow and utterly featureless. The last was full of snags and business.

The market went off without any apparent cause other than what might be accepted as a disposition of sellers to meet the views of buyers. There never has been much difficulty to sell on concessions.

With a fair support, the drop in Philadelphia Gas was difficult to understand. Has the supply given out? was asked more than once. So far as could be learned there was no change in conditions. The promise of a good supply for the winter had not been withdrawn nor modified. Some one wanted ready money.

Luster had one of its could do to the supply given one of the could be supplyed to the winter had not been withdrawn nor modified. Some one wanted ready money.

phia Gas was difficult to understand. Has the supply given out? was asked more than once. So far as could be learned there was no change in conditions. The promise of a good supply for the winter had not been withdrawn nor modified. Some one wanted ready money.

Luster had one of its good days. It opened at 11%, sold up to 11%, and closed at 11% with the demand unsatisfied. It was said all three of the mills were at work with good results, but nothing definite was given out. The promised statement is overdue.

Foliowing the general trend, Electric weakened a trifie on news that Boston was rather bearish. Switch and Signal improved a fraction. It was stated there were orders for several hundred shares at 8. The result of the meeting of stockholders at Swissvale appears in another column.

Among the Tractions the only special strength was in Central and Pleasant Vailey, each of which improved a fraction. The unlisted Tractions were slightly weaker. The sale of a big bundle of Chartiers at 4 called up memories of the time, less than a year ago, when it found buyers at 40 and over. Sales:

First call—10 shares of Luster at 1134.

Second call—30 shares of Luster at 1134.

Third call—10 shares of Luster at 1134.

Second call—30 shares of Luster at 1134.

Bids and asking prices at each call follow

Diagnal for the winter was and all three was a first to see the control of the series of the second of

Flour, Feed and Grain. There were no sales on call at the Grain Exchange to-day. Receipts as bulletined, 18 cars, as follows: By Pittsburg, Ft. Wayne burg, Cincinnati and St. Louis, 2 cars of hay, 2 of oats. By Baltimore and Onio, 2 cars of substitute. 2 of oats. By Baltimore and Onio, 2 cars of hay. By Pittsburg and Western, 1 car of hay. Oats and hay are weak and lower, as our quotations will disclose. Fancy patent flour is off 25c per barrel in the past week, and at the decline is rather quiet. Wheat has recovered slightly from the downward tendency noted at the beginning of the week, and is now a shade above the dollar line. All along cereal lines markets are in such an uncertain condition that buyers are disposed to go very slow. There is little life to trade, and, as to dealing in futures, there is little or nothing done by regular operators.

Following quotations are for carload lots on track. Dealers charge an advance on these prices from store. O. 2 red, \$1 00@1 01.

TIDY LIGHT CATTLE

Brought Higher Prices This Week Because of Scarcity.

COMMON GRADES WEAK AND LOWER

Prime Beeves No Longer a Quotab Juantity at Liberty.

SHEEP ARE LOWER AND SWINE HIGHER

OFFICE OF PITTSBURG DISPATCH,

WEDNESDAY, Sept. 16, 1891. Markets opened at East Liberty stock yards Monday morning with 100 loads of cattle ou sale, and before the day was over cattle on sale, and before the day was over 10 addition carloads were received. The total for the week so far has been about 115 carloads, against 140 loads last week. About 40 loads this week were from Chicago. The quality showed no improvement over late receipts. Prime heavy beeves are over late receipts. Prime heavy beeves are conspicuous for their absence, and light primes are very scarce. The bulk of this cek's offerings consisted of medium and

low grade eartle. Buyers were on hand in full average num-ber and markets opened on Monday 10c per cwt above prices of the previous Monday on all desirable butcher grades. Good feeders were in good request and supply was not nearly equal to demand. Shortly after markets opened there came the news from Chicago that receipts there were 25,000 head, and under the influence of this report markets here soon lost their grip and the close was favorable to the buyer on all excepting light tidy butcher beeves which were mostly sold at the opening. There was nothing on sale that brought over \$5.50 in carload lots, and very few reached this figure. Good fresh cows were in request at \$45 per head. The run of sheep and lambs was large, the total being \$5 loads against 25 loads last week, and 20 the week before. Markets were very slow at a decline of 15c per cwt. on lambs and nearly as much on low grade sheep. The better grades of sheep were sold at nearly last week's prices. Hegs cago that receipts there were 25,000 head, and sold at nearly last week's prices. Hor elected corn-fed ripe hogs, weighing 200 to 0 225 lbs, were in active demand at 15@20c

better prices than a week ago. The hog market has steadily gained all the week, and top price this morning was \$575 per cwt. Ill Assorted Hogs. An old-time Liberty stockman has this to say of the complaint made by some shippers that carleads of hogs shipped to this point do not get as fair a show as at Buffalo and other centers. The complaint is that carother centers. The complaint is that car-leads are divided up and sold in bunches in-stead of by the carload. The reply which this old-timer makes to the complaint is that large numbers are sent to the East Lib-erty yards which are ill assorted. A car will often contain all kinds from the tag ends to the best confied, and it becomes a necessity to sert them in order to sell. If shippers will sort and put the same grades into each car they will have no grounds of complaint. ear they will have no grounds of complaint. Those shipped to Buffalo are better sorted than those shipped here.

A Leading Firm's Review. The following is report of the week by Holmes, Rowlen, Briggs & Co.: We report 100 loads of cattle on sale Monday, which owed no improvement in quality. Good,

fat butchering cattle appear to be scarce in all markets from East to West, which is a common complaint at all stock yards of the inferior grades of cattle, and it now looks as though it could not be remedied until the present growing corn crop is con-verted into fat cattle. All fair to good grades was 10 to 15c higher this week, while common could not all be sold at last week's prices, and several loads have to be carried over for want of buyers. We quote no prime beeves on sale. Good, 1,490 to 1,590, \$4.50 to \$5.90; good, 1,290 to 1,590, \$4.50 to \$5.90; good, 1,990 to 1,390, \$3.90 to \$4.50; mixed, 500 to 1,290 half fat heifers and steers, \$2.75 to \$3.50; bulls and cows, \$2 to \$3.25; stockers, 700 to 900, \$2.50 to \$3.50; feed-ers, 1,990 to 1,390 to 1,500 to 1,500 to 1,500. common complaint at all stock yards of and lambs 35 loads, quality ommon; market dull at 10c to 15c lower; we note 50 to 100 fts. sheep. \$4 65 to \$4 90; 80 to 90; 1 25 to \$4 50; 70 to 80, 83 50 to \$4; culls. \$1 50 to

WHEAT WEAK AGAIN.

The Collapse of the European War Scare Knocks the Bottom Out of the Market-

Corn and Oats Quiet and Easy-Provisions Heavy. CHICAGO - Wheat opened decidedly lower this morning on weaker cables and the collapse of the European war scare. There was free selling at the outset, December going at 96,4696%c, but the shorts, who have profited by recent experiences in wheat, when they were badly squeezed because they waited too long, began to take their profits freely, and their buying soon put the prize up to 37%c. Then came the lantic scaboard, showing an aggregate of over 1,000,000 bushels, which gave added strength to the market and caused a spurt of buying which put December up to 97%c. The price hung about that figure for some

The price hung about that figure for some time.

Later it was reported that Bradstreef's made an increase of over 5,000,000 bushels in the available supply east of the Rockies during the last week, and weakness was developed. December sold back to 96%c. There was a recovery during the last hour, as Bradstreef's report, when posted, showed that the increase was not as large as at first reported, being 4,290,000 bushels for both coasts. December sold up to 97%c again, broke to 96%c on weak closing cables, improved some, and closed steady at 97c, a loss of %c compared with the closing figures of yesterday.

Corn opened casy on account of the fine, warm, maturing weather in the corn beit and in sympathy with the lower prices for wheat. October started at 33%c356, against 54%c at the close yesterday: advanced with wheat to 34%c, broke to 53%c, recovered some, but weakened again selling off to 53c and closing easy at 53%c. The market was very weak during most of the session, due chiefly to the fine weather.

Outs were quiet and easy in sympathy with corn.

The provision market was heavy from

FIFTH AVENUE.

The East Liberty District a Bad Place for Chronic Croakers.

BUILDING UP THE WASTE PLACES. The Project for an Opera House Abandoned

for the Present; While A MARKET HOUSE FINDS LITTLE FAVOR

The East End district is more than holding its own in material development. A large number of fine residences are in various stages of completion, of which between 20 and 30 are stone. Lots are being taken up very fast for improvement. Considerable vacant ground remains, but it is nearly all plotted. Side streets are receiving almost as much attention as the main thoroughfare. Evidences of thrift and progress are as thick as leaves in Val-

Two projects of a public character, which have been staple topics of discussion in East Liberty for a year or two-an opera house and a public market—have been abandoned. In regard to the first, Mr. Denniston, of Denniston, Elderkin & Co., said yesterday: "Plans were completed several months ago by Mr. C. M. Bartberger, for an opera house on Collins avenue, near Penn, but the erection of the Masonic Temple, containing three large halls for the Temple, containing three large halls for the various lodges and public bodies, the fitting up of a fine hall over the Pittsburg Gas Company's East End office, and the prospect of the erection of a large building by the American Mechanics for their own use and that of other secret societies appearing to fully meet the demand for piaces of this character, it was decided to drop the opera house scheme and put up several small business houses on the lot. This is not an abandomment—only a postyonement. The time is not far off when an opera house in East Liberty will be a necessity."

The market house scheme found considerable support among the people, but the busi-

able support among the people, but the business element opposed it from the first. The gentleman quoted above gave some informa-tion on this subject yesterday. He said: "The idea of building a large market house in East Liberty was never popular enough to afford assurance of success. It is not considered a necessity from the fact that groceries and butcher shops abound on almost every street. These have their regular cusevery street. These have their regular customers, which include nearly the entire population, who have become so wedded to the present method of obtaining supplies that it would be almost impossible to switch them over to a regular market house. Several years ago Mr. Voetter erected and fitted up a market bouse on Frankstown avenue, but the people would not patronize it. After struggling along for some time, he rented the concern for a grocery and butcher shop. It will be some years before the necessity for such a place will be so pronounced as to justify its erection."

Mr. A. H. Wilson has purchased from George Buchanan the entire outfit of the Exchange Hotel, East Liberty, and has as sumed control. He will make extensive improvements on the buildings and grounds. The real estate is owned by the Allertons.

Business News and Gossip. Mrs. Gusky's fine stone mansion on Fifth avenue, between Roup and Lincoln, will be finished in a month or six weeks.

The Fifth Avenue Market House has survived its usefulness. Demolition is pro-ceeding very slowly. The site will be occupied by a fine building for military pur

Traction was offered at 17% and Duquesne at 13%.

It was the general impression on Fourth avenue yesterday that the Moorhead-Mo-Cleane trouble would be amicably settled.

W. F. Maxon returned from his vacation yesterday and donned the harness at once. He is one of the hustlers on 'Change.

There are rumors of a combination under one management of the Great Northern, Canodian Pacific and Soo systems.

There is a story that the Gould interest is seeking to get control of Richmond Terminal.

minal.

New York opened active and strong, but reacted slightly at the close.

The Shamokin Coal and Coke Company, of Mayberry, McDowell county, W. Va., has been authorized to increase its capital stock Charles E. Cornelius has commenced the erection of ten comfortable dwellings on Butler street. H. A. Davis has broken ground for ten houses of similar design adjoining.

Movements in Realty. A. G. Pentecost sold for the estate of Walker Reed, at Coal Valley, 75 acres of land for \$12,750. The purchaser was W. B. Mc-

Gogney. Samuel W. Black & Co. sold the property at the northeast corner of Fifth avenue and Washington street, a two-story brick business house and dwelling, for \$12,500 cash. Reed B. Coyle & Co. sold a house and lot on Sylvan avenue, in their Marion Place

plan, for \$2,000.

Kelly & Rogers passed the papers and closed up the sale of four houses on How street, between Shady lane and Highland avenue, for W. G. Johnson to Mr. Criley, of Chartiers, for \$31,000. They also sold about for \$20,000, and 46 lots on Daulphin, Rebecca, Kincaid and Rossetta streets, in the Nineteenth ward, near Penn avenue, for J. C. Dick, J. B. McCabe and Dr. McConnell to J. B. Holland, John Barth, J. L. Smith, M. C. Harrison, J. H. O'Brien, L. L. Laughlin and

REGULAR YESTERDAY. ome Shares Higher, but More Lower-Heavy Foreign Buying-Among Specialties Are Union Pacific, Ontario and Western, Kansas and Texas and Reading.

THE STOCK MARKET WAS VERY IR

New York, Sept. 16 .- The stock market today displayed more activity than for a long time, but at the same time it was irregular

le grades grades advance; sest corn. The feether set of the Exchange yesterday the stock of the Board of Directors of the Exchange yesterday the Stock of the Board of Directors of the Exchange yesterday the Stock of the Board of Directors of the Exchange yesterday the Stock of the Board of Directors of the Exchange yesterday the Stock of the Board of Directors of the Exchange yesterday the Stock of the Board of Directors of the Exchange yesterday the Stock of the Board of Directors of the Exchange yesterday the Stock of the Board of Directors of the Exchange yesterday the Stock of the Board of Directors of the Exchange yesterday the Stock of the Board of the Exchange yesterday the Stock of the Board of Directors of the Exchange yester succeeded by a slow but steady depression in the afternoon.

Union Pacific was the special point of attack for the bears, the only reason given for the selling being rumors of a forthcoming unfavorable statement; but quantities of other leading stocks, including some of the Vanderbilts, were thrown upon the market, and hence most of the active stocks are slightly lower as the result of the day's opertions. The effect of the stories in regard to the securing control of the Ontario and Western by the New York Central was again seen in the former, stock, but realizations prevented any material advance in it. Kansas and Texas preferred was another especially strong point in the list, and both the common and preferred were unusually active for them. Late in the day, however, Reading became the chief buil card on the expectation that upon the dissolution of the pool in the stock it will be in demand and the dealings in it will be more wide-spread and its value in the market enhanced. After Union Pacific, which was strong in the early dealings, the Grangers were pressed or sale most urreently, and many of them spread and its value in the market enhanced. After Union Pacific, which was strong in the early dealings, the Grangers were pressed for sale most urgently, and many of them show large fractional losses for the day.

The market finally closed active and heavy to weak at small fractional losses from first prices as a rnie. The final changes of note include advances of 2½ per cent in Kansas and Texas preferred, 1½ in Rending, 1½ in Ontario and Western and 1½ in Cordage, white Burlington scored a loss of 1 per cent.

The total sales of stocks to-day were 504,824 shares, including: Atchison, 87,217: Canada Southern, 7,360: Chicago Gas, 9,650: Delaware, Lackawanna and Western, 3,983: Eric, 18,170: Kansas and Texas, 6,510: Lake Shore, 4,856: Louisville and Nashville, 12,720: Missouri Pacific, 11,855: North American, 902; Northern Pacific, 17,835: Northern Pacific preferred, 30,235; Pacific Mail, 5,460; Reading, 42,640; Richmond and West Point, 5,780: St. Paul, 29,718; Texas Pacific, 2,900: Union Pacific, 22,-220: Western Union, 3,556; Wabash, 6,103.
