CROWDING INTO LINE.

OKLAHOMA CITIES WILL BE DECI-MATED BY THE RUSH.

Segro Colonists Will Have Trouble Both With Indians and Cowboys-Steer Punchers Threaten to Exterminate a Whole Community of Expectant Settlers.

GUTHRIE, O. T., Sept. 18 .- The long delayed news from Washington announcing the opening of the ceded Indian lands for next Tuesday, was received here this morning and caused intense excitement. The ceded reservation comprises almost as

much territory as Oklahoma proper. The land lies directly east of Oklahoma. The two regions are separated by the Indian meridian line. Thousands of people have been camped

on the meridian line for days. Hundreds of campfires have been burning around Oklahoma City and Guthrie for weeks, and the streets have been blocked with every conceivable kind of vehicle, all ready to start for the promised land on receipt of the word from Washington. The Oklahoma and Guthrie business houses will be sadly crippled by the great exodus from these two cities that is now taking place. Many of the merchants are closing their stores and join-ing in the general rush. The receipt of the news from Washing-

ton was the signal for the exodus to commence. Thousands of people swarmed the streets. The news spread rapidly. The intelligence was the signal for the big caravans of the home-seekers to commence to move. Everybod v is now making the best the crowd that is already waiting for next

Tuesday.

The Indians do not object seriously to the occupation of the lands by the whites, but they hate the negro. In the treaty with the Sac and Fox Indians the words "open to white settlement" occur. These words are apt to cause some trouble. The Indians say that they will insist on their stipulation and will not permit negroes to take lands in their country.

The town of Langstown was founded sev-eral months ago by negroes. There are sev-eral thousand of them there and more are arriving daily. The negroes contemplate settling in a body in the Cimmaron Valley cowboys from the Cherokee Strip also have their eyes on the locality, and ed to but for any cause, failed to a title in fee to a homestead under ex-law, or who made entry under what is as the communited provision of the a row and attempted to shoot Eggleston, editor of the Herald. Last night they returned, all drunk, and fired a score of shots into a crowd of negroes on the street. Several received slight wounds. The cowboys left, swearing they would return to-day and wipe out the town. The negroes have all armed themselves, and if they do return many will likely be killed. A force of officers has left for the scene.

The man from Maine, the most stalwart Republican of them all, has been honored again. This time by having one of the daintiest crackers ever made named for him. Marvin's Blaine wafers are just new and certainly nothing crisper or nicer in the way of a cracker was ever given to the people of America. Blaine wafers are put up in boxes made in imitation of drums, and promise to become fully as popular as the man for whom they are named.

This is Blaine's great day. Free boats leave at 9 A. M., free trains at 10 A. M. and 12:30 P. M. An immense crowd will throng

A ROMANCE OF THE WAR.

Story of the Famous Escape Made by Colonel Thomas E. Rose. It is not generally known that the hero o the story which has made the play "A Fair Rebel" was a native Pittsburger, who re-

sided in this city for many years before the war and was stationed here for some time afterward. Colonel Thomas E. Rose is his name, and when the war broke out he was principal of what was then called the South Pittsburg School, now known as the Thirtieth ward public school. He formed Company B of the Seventy-seventh Pennsylvania Volunteers.

A number of veterans in this city were his chums, and City Treasurer Denniston, speaking of him yesterday, said the circum-stances of his wonderful escape from Libby Prison were still familiar to his mind. He rose to the rank of Colonel and was recaptured at the battle of Chicamauga and taken to Libby Prison. Together with Major A. G. Hamilton, of the Twelfth Kentucky Cavalre, he planned the famous escape that liberated 63 prisoners. From the fireplace in the dining room of Libby they cut an S shaped opening through a solid brick wall, large enough to admit a man's brick wall, large enough to admit a man's
body, down into the cellar below; commonly
known by the prisoners, because of the
number of rats infesting it, as "Rat Hell."
From this place they tunneled 50 feet underneath the open lot to a shed at the east
of the prison, and from there to liberts.

Colonel Rose was afterward recaptured,
and taken back to Richmond where he was
paroled. In the company with him was Mr.
Frank Sill now special officer at the post-

Frank Sill, now special officer at the post-office. Subsequent to the war he returned to this city and was in command of the recruiting office here. He remained here for two years. He afterward went to Fort Worth, and at present is the commander at Fort Duchien, Utah. He is a member of Post 157, of this city, and one or two of the veterans residing here participated in the remarkable escape with him.

PRURITUS 15 YEARS Under Doctor's Treatment Four Different Times. No Relief Whatever.

Cured by Cuticura.

I have used the CUTICURA REMEDIES, and found them to be just, as you represented. They have given me a perfect cure. I have been troubled with pruritus for over fifteen years, and have been under the doctor's treatment four different times, with no relief whatever, until I tried the CUTICURA REMEDIES. After using them just one week, I found that life was not such a burden after all, and am satisfied that I shall never be troubled again. Such faith I have in your remedies. You can send anyone that is troubled with pruritus, and I will satisfy them what it has done for me. I will not restrict you from publishing this communication, but would rather not. The remedies are so good that it would be rather selfsh in me not to speak of their good qualities.
