# THE CORN CROP SAFE.

The Warm September Wave Proves to Be a Godsend to the

CORN GROWERS OF THE WEST.

Great Crops Cannot Fail to Bring Prosperity in All Lines.

### RIO COFFEE PROMISES TO GO LOWER

OFFICE OF PITTSHURG DISPATCH, TUESDAY, Sept. 29.

The warm wave of September has proved of incalculable advantage to the corn crop of the country and now the last of the cereals is safe. Some statisticians estimate that the hot September weather has been worth \$25,000,000 to the maturing corn crop. While we are sweltering under the heat, and grambling as is our privilege, the farmers of the great West are happy over the kindly Providence which postpones the season of frosts, and gives the last of grain crops the opportunity to follow in the wake of wheat, outs, rve, fruits and vegetables, and thus insure the year 1891 to be the best all-round car for farm and garden products on record. With the immense crop on this continent comes the news from large sections of Encomes the news from large sections of Kurope that this is a senson of scarcity, and that our great surplus will all be needed. All signs point to an era of prosperity as the result of our unprecedented crop. A letter reactived from Central Iowa, by one of our leading business firms this morning, reports that throughout that section, the corners is now out of all danger, and this insures an bundance and low price of hog products. An old book somewhere speaks of a "year of the right hand of the Most High."

Such a time is the year 1891 when the land we love has vielded larger returns to the busbandman than any year of our history. With the plenty here and the scarcity beyond the seas, an era of prosperity is assured to our land, and all departments of trade will, without doubt, share in the farmer's

The Coffee Crop.

The crop of Rio coffee has of late been oming to the front in quantities even bebelievers in the greatness of this year's yield. Until within the past few weeks, under speculative influences or for some un-known cause, the new crop was withheld and prices were held up much longer than general calculations warranted. The drop general calculations warranted. The drop did not come until a couple of months after the time predicted. Within the past week or two the tide has broken over the artificial barriers reared by speculators, and now we are having the abundant supplies which were locked for weeks ago, and the downward movement is under full headway. Here is what the Boston Heruld has to say of the coffee situation and outlook. "The Rio coffee market is decidedly lower, owing to the very heavy stocks at Rio and

ring to the very heavy stocks at Rio and be feeling that there is really an enormous rop in sight. There is now but little doubt crop in sight. There is now but little coubt among those best posted in the trade that the time has come for Rio coffe, s to be lower, after being wonderfully sustained for several years. The position at Rio certainly indicates a very easy market. The coffee people there are very anxious for bias, and are accepting of bias; no matter how low they are, if they are not beyond reasonable districts. New York advices also indicates. figures. New York advices also indicate a cak market, with prices on spot coffees off

The Speculative Situation.

The New York speculative market was wired Saturday as steady to 5 points decline. The Rio cables denote a weak market there. The daily Rio cable reports receipts of 13, 600 bags, with 17,000 bags of Santos. The stock at Rio is reported at 345,000 bags; same time last year, 130,000 bags. The weekly Rio cable quotes the market weak, with exchange at 155,41. The daily average of receipts for the week has reached the high figure of 17,600 bags, which goes to show that coffees are pouring in at Rio. The chipments to Europe for the week were 30,000 bags, and to the United States 50,000 bags. The New York visible supply of coffee is now reported at 318,004 bags; same time in 1893, 40,370 bags. The total receipts of Rio coffee on the crop, that is, up to September 17, have been 1,028,000 bags; same time in a style 1,070,000 bags; same time first year, 507,000 bags; same time in 1889, 405,000 bags; same 000 longs, with 17,000 bags of Santos The ime in 1889, 495,000 bags.
"The Java supply is light, and is likely to ontinue so, and the only feature that mitigates the scarcity of Javas is the fact of a very heavy crop of Santos coffees."

# THE FAILURE THE FEATURE

Of the Grain and Provision Market at Chicago - Wheat Suffe: s Less Than Corn. and Provisions Least of All-The Effect Is Not Lasting.

CHICAGO-The simultaneous announceeent on the New York Stock Exchange and he Chicago Board of Trade of the failure of the long-established, well-known and cealthy New York commission firm of S. V. White & Co., with its branch house in Chicago, at the opening of business this morning, overshadowed all other items of news caused instant demoralization in all of the trading pits, including grain and hog oducts. The panic was short lived, how-er, and after a partial recovery the mar-its became comparatively steady, though at a lower range than that of terday, and the pits assumed their nor-l appearance. Corn was the most afted, as it was in an attempt to corner the creal that the broken firm was forced to December wheat started with sales at any-

December wheat started with sales at any-where between \$3,600%c, against \$100% at the close yesterds, but as sales for account of the broken firm were not heavy the mar-ket milled gradually to \$95%, but the feeling was nervous and on receipt of a cable say-ing that the Berlin market was demoralized and & lower, broke to 30c. It rallied to \$95%, broke again to 30c and closed easy at that puries. Corn opened tumultuously excited, with

sales all the way from 475 to 495 c, against 515 c at the close yesterday, brokers who had deals with White & Co, making haste to close them out. The offerings were immense, being absorbed chiefly by receivers and shippers; but the market stood well at the snippers; but the market stood well at the reduction under the immense load of offerings, and after a time advanced to 49% c. The immrket thethated for some time between 40% to, then advanced to 49% and closest at 40% c. September, in which the main deal was, closed y esterday at 50% c. It opened to day at 48% 650c and touched 48% c, but closed at 49% c. pened to-us, as read to decide at closed at 40 gc.
Only were quiet and weak, in sympathy
life care, but closed steady at a reduction

h corn, but closed steady at a reduction mly 1,201 compared with yesterday, og products were less Hog products were less affected than wheat and corn as White & Co. lad only small lines in them, and after fluctuations within a moderate range, closed with insignificant changes from yesterday's last

## WHAT THEY ARE DOING.

THE MOVEMENTS OF OPERATORS IN ALLEGHENY COUNTY.

Little Change in the Production of the Big Wells Yesterday-A Well in Southwest McCurdy Showing Light-Reports From

Other Outlying Pools. There was little outside of the McDonald field yesterday to excite the average oil man. In the southwest McCurdy field. Kennedy, Fitzgibbons & Co.'s No. 1, on the Moore farm, was three bits in the sand and doing from eight to ten barrels an hour. It is in a good location and with deeper drilling may increase its production mate-rially. There are several wells in this localrially. There are several wells in this local-ity which will reach the Gordon sand the last of this week or the first of next. There are none of them, however, close enough to the sand to cause any excitement. Back of Noblestown the wells of Guffey, Murphy, Jenniags & Co., on the Herron farm, and their No. 1 on the Bell farm should be through the Gordon sand to-day. They should get the fifth sand by Saturday at most. W. P. Black's well, down in McDonald borough, is in the Gordon sand and showing for a good well in that stratum. There are many operators who believe that the McDonald field proper, or at least that part of it which is confined to the borough limits, has seen its greatest production. If this should be the case there are many operators in the field who will be grievously disappointed. Greenlee & Forst's No. 1 on the Mever farm is in the Gordon sand. McClurg & Davis' No. 1 on the sand to cause any excitement. Back of Noblestown the wells of Guffey Gordon sand, McClurg & Davis' No. 1 on the Young lot is down 1,800 feet. Wallace & Co. are down 1000 feet on the Wallace, or lumber yard lot. Kerner & McClurg's well on the Blair lot will be started drilling to-day. There was little change in the gauges vestering.

Light Wells Completed.

CANONSBURG-The Fisher Oil Company's No. 1, on the Wilson farm, is through the 50-foot sand and is estimated as good for from 50 to 100 barrels from that stratum. John McKeown & Co.'s No. 3, on the Curry farm, is 600 feet deep.

Some Wildwood Wells, WILDWOOD-The Strip Oil Company's well on the Kolbar farm is pumping about 300 barrels a day. The Metropolitan Oil Com-

pany's No. 6, Kolbar, is in the last sand and is showing for a good well, McCentyr-Patterson & Jones' No. 1 on the Shaffer farm was cased yesterday. Their No. 2 on the Shaffer and Nos. 2 and 3 on the Kelso farm are drilling at about 600 feet

Oil in California. SAN FRANCISCO-A discovery of petroleum has been made in Collingo, 50 miles southwest of Fresno, Cal. The oil has been declared to be of the best quality yet found in California, being easily refined. Machinery has arrived to operate wells on a large scale.

Ten or fifteen thousand barrels changed hands. Under some buying pressure the fluish was 3/c better than the opening. Cash opened at 59c; highest, 69c; lowest, 58)4c; closed at 50%c. October was about the same, Refined at New York, 6.3066.45c; at London, 5%d. at Antwerp, 15%d. Dady average runs, 86,417; daily average shipments, 81,978.

Oil City, Sept. 22.—National Transit certificates opened at 59c; highest, 69%c; lowest, 5-1%c; closed at 60%c; sales, 189,000 barrels; clearances, 472,000 barrels; shipments, 111,401 barrels; runs, 18,354 barrels.

Brandond, Sept. 22.—National Transit certificates opened at 56%c; closed at 30%c; highest, 59%c; clearances, 374.-000 barrels.

New York, Sept. 22.—Petroleum opened steady, declined %c in the early trading, then losed at 50%c. October was about the same

FOR NERVOUS DEBILITY Use Horsford's Acid Phosphate. Dr. A. M. Bilby, Mitchell, Dak., says: "I have used it in a number of cases of nervous debility, with very good results."

Special Rates to Beaver Fair.

Acreage Rather Slow, but the Lot Market Active and Healthy.

NEW DEAL AT CLEARING HOUSE.

Local Business Not Much Affected by the

OFFICE AND STREET NEWS AND GOSSIP

The speculative craze is running high in Her conservatism has carried her safely through many dangers, and she is not likely to yield to the enticements of the new dan-ger which has sprung up in Wall street.

excellent, but the outlook is better. There is not much doing in acreage, owing to the lateness of the season, but several firms are negotiating for tracts for subdivision next spring. The lot market is active, the prosperous condition of the country and city inducing many small investments. There inducing many small investments. There are numerous projects for improvements—some of them important—which will take shape early next year. A good feature of the market is the almost total absence of speculation. Property is being acquired for homes. Dealers are closely watching various projected schemes for the improvement of transit facilities in the suburbs, especially on the Southside, and it is certain that any decided sten toward realizing these schemes

stores, which excels anything of the kind ever attempted before in that city. Every known improvement will be used in the in-ternal equipment.

Indications are that in a year or two Ruch Place will be one of the most populous lo-calities in the city. Considerable building is going on, but it will be prosecuted on an s going on, but it will be prosecuted on an extensive scale next year.

The Central police station has been brightened up with a cont of white paint.

Mr. Archie Kerr is creeting a handsome dwelling on the lower end of Neville Island.

The American Vault Safe and Lock Com-

The American Vault Safe and Lock Company has placed a mortgage with the Fidelity Title and Trust Company, as trustee, for the moncy to be used in developing its plant at Blaine.

TURNING POINT IN STOCKS.

THE MARKET WEAK FOR THE FIRST TIME IN WEEKS.

Panhandle Shares Have a Boom of Their Own-Cordage Also a Strong Feature-Very Uniform Declines in Most of the

General List. New York, Sept. 22.-The stock market for the first time in many weeks actually showed a reactionary temper to-day, and most of the stocks traded in are lower than last evening as the result of the day's operations. When it was announced that the old and powerful firm of S. V. White & Co. was unable to meet its engagements, there was a rush to sell, but when it was explained that the failure was entirely on account of a deal in corn and had nothing to do with the tock market, a better feeling was seen. The buying was checked for the time being however, and the bears went in to make the

most of the affair. There was, in addition, considerable manipulation of money rates, and loans were made as high as 12 per cent, while all offer-ings were withdrawn at the close, and bidders were offering 25 per cent, though this was after lenders had withdrawn from the Exchange and everyone who really wanted to torrow had been supplied. The bears used their most strenuous efforts to force values lower, but a good demand confronted them at every decline, and prices yielded very slowly after the first scare in the early

dealings. The market opened at irregular changes from last evening's prices, and white Union Pacific was up 1½. Northwestern was down 3½ per cent. The active stocks were more prominent than usual of late, and the losses in them were remarkably uniform, ringing generally from 1 to 2 per cent, the latter in Reading. Among the susceptive between Reading. Among the specialties, however there were some sharp advances, and the Pittsburg, Cincinnati, Chicago and St. Louis common rose 4 per cent and the preferred nearly 3 per cent, retaining most of the immore confidence was shown in the after-

More confidence was shown in the afternoon, but the rally was confined to fractional
amounts. Sugar was especially weak. The
market final y closed rather heavy after the
rally, with most stocks near the lowest
prices of the day. The final changes of note
included, declines: Atchtson, 1½ Missouri
Pacific and Reading, 1½; Sugat, 1½, and
Bug Four, Burlington, Northwestern, Lake
Shore, New England and Wheeling and Lake
Erie preferred each I per cent, Cordage being up 1½ per cent.
Railroad bonds were quiet, the sales reaching only \$1,642,000, while the tone of the dealings was barely firm and no material changes
occurred among the active issues.
Atchison inc. 65% 65% N.W. consols, 1314613145

were 6@7 per cent. Owing to the dearth of speculation call money was slow. Currency and exchange were on about even terms. Small notes were in better supply. Financiers expressed great confidence of a sharp bringe carry in the coming month. Bank clearings were \$1,997,701.75 and bainnee \$227,226.93.

A New York banker expresses himself in this fashion: "It is stated that the banks and bankers of Europe are endeavoring to check the flow of gold from Europe to the United States by raising the premium on bars and coins, and, in short, doing everything they can to thatend, short of accusally suspending specie payments. There is doubtless some exaggreation in these statements. Allowing, however, that they have some foundation, such proceedings would be of no avail. Exchange rates here on Europe would be for no avail. Exch

GRAPES TOO PLENTY.

Receipts in This Line Unusually Large and Prices Lower.

CREAMERY STEADY AT OLD RATES. Corn, Hay and Millfeed Are All Heavy

Stock at Reduced Values. SUGARS ACTIVE AND COFFEES SLOW

OFFICE OF PITTSBURG DISPATCH, 7 TUESDAY, Sept. 22. COUNTRY PRODUCE-Jobbing prices-The supply of grapes to-day was the largest of the season. The Liberty street produce commission houses were barricaded by long

lines of grape baskets, reaching in many cases to the awnings. As a result of the large supply prices declined until 20c per basket became the top price for Concords. Receipts of peaches were light, and Monday's prices were fairly well maintained, The first cranberries of the season put in an appearance within a few days, and are duil stock. Vegetables of all kinds continue slow. At the regular Monday meeting of the Elgin Board an advance of 1/2c per pound was established on creamery butter, and markets were strong and active at the advance. With so small a rise there is not likely to be an advance in our own markets this week. Strictly fresh eggs are firm at the outside quotation.

BUTTER-Creamery, Eigin, 28@28\4c; Ohio brands, 24@25c; common country butter, 16@17c; choice 24@23c; common country butter, 16@17c; choice country rolls, 25@22c. The movement in this department of trade is free. Wholesalers all appear to be sending forth goods. Rio coffees are weak at the late decline, and prospects of for a still further drop ere many days. Sugars are firm and active at the advance noted last week. The consumption of sweetening goods is unprecedented—a factaceounted for by the low price of fruit.

by the low price of fruit.

LOOK OUT

for counterfeits, imitations, and substitutes, represented as genuine, but sold at less than regular prices by dealers in medicines not authorized to sell Dr. Pierce's genuine medicines.

To guard against fraud and imposi-tion, the makers of Dr. Pierce's genuine medicines now self their world-famed remedies only through druggists, authorized as agents, and under a positive guarantee of benefit or cure, or money refunded. Authorized agents only can, under these regulations, furnish Dr. Pierce's genuine medicines, which always have been, are, and always will be, sold at the following prices:

Dr. Pierce's Golden Medical Discovery (the remedy for all diseases arising from a torpid liver or impure blood), . . . Dr. Pierce's Favorite Prescription (the

and derangements), . \$1.00 per bottle. Dr. Pierce's Pleasant Pellets (the original and best little Liver Pills), . . . . . . . . . . . 25 cents per vial. The genuine guaranteed medicines can be sold only at these prices. But they're

or cure. On these terms, will it pay you to take any risk?

Suspension of Deacon White.

New York, and as it is "catching," it becomes necessary to utter a word of caution against yielding to its seductive influence. It is an old saying that Wall street is a financial graveyard. When such experienced men as "Deacon" White are overtaken with disaster, there would seem to be little chance for the small fry. Specula-tion is good in its place, but it is easily abused, and then it becomes a positive evil, diverting attention from legitimate enterprises and unfitting its votaries for the sober affairs of life. The huzards are too great for ordinary people to assume. Forburg will be visited by this maelstrom of madness and blindness. Her industries are of too substantial a character to be subordinated to booms or crazes of any kind, and the temper of her people is not of the sort that follows the wind and grasps at straws.

The condition of Pittsburg real estate is

opened to travel in two or three weeks.

Nearly all the real estate brokers have orders for property which they cannot fill, owing to the bullish views of owners.

The Wilkinsburg Electric Light Company's plant is ready for operation with the exception of the second of the second call was a goose egg. At the third 100 shares of Luster sold, b. o. 20, at 12½. Bids and asking prices at each call follow: the exception of the dynamo, which is ex-pected every day. Between 500 and 600 lights will be turned on as soon as it arrives.

lots in the Crafton Place plan, at Crafton, Pittsburg, Cincinnati, Chicago and St. Louis Railway, each 50x100 feet, at \$500 each. The purchasers all contemplate improvement by the erection of residences. They also sold for Samuel Watson, in his Watson Place plan, Tenth ward, Allegheny, lot No. 231, cor-

C. Millian, Monongahela City, Pa., lot 38, in block 5, \$250.

Black & Baird sold to F. H. Boyles lot No. 74, in T. A. Gillespie's plan of Herron Hill, having a frontage of 27 feet on Madison avenue by a depth of 100 feet, for \$500 cash. A. & Pentocost sold lot 22, in his Valley view plan, Chartiers Valley Railway, to Emanuel Frank for \$375

Baxter, Thompson & Co. sold lot No. 9, in Ruch Place plan of lots, fronting 22 feet on Kirkpatrick street by 115 to a 20-foot alley, for \$300.

Balance in Gold.

home with the satisfaction of having seen the largest and best equipped wholesale liquor house in this section of the State—the headquarters of those world-famed brands of absolutely pure whiskies, "Sliver Age" and "Duquesne." The former sells at \$1.50 and the latter at \$1.25 per full quart. Max Klein, it may be added also keeps in stock Bear Creek, Guckenbeimer, Finch, Gibson and Overholt, and the finest old whiskies, brandies, wines, cordia.s, etc. Call and see him.

remedy for woman's chronic weaknesses

the cheapest medicines sold, because you pay only for the good you get. The money is refune I if they don't benefit

opened in a plaze of glory on September 2, and all indications point to a successful show. Most of our country cousins will visit it before the close. City folks will thus have an opportunity to show their hospitality in return for favors received. We learn with regret that Max Klein, owing to a press of business, was unable to arrange a display this season, as in former years. Visitors to the city should by all means take a peop at his model establishment, No. 82 Federal street, Aliegheny, which is within a stone's throw of the Ft. Wayne and West Penn depots. They can then return home with the satisfaction of having seen the largest and best equipped wholest largest have been the satisfaction of having seen the largest and best equipped THE BIG PITTSBURG EXPOSITION
