

ANOTHER GREAT DAY.

Exposition Saturdays Drawing the Largest Crowds of the Week.

ONE MORE POPULAR PROGRAMME.

Visitors Express Hearty Appreciation of the Sights to be Seen.

SOME OF THE PROMINENT EXHIBITS

"People's day, which comes every Saturday, is just what its name signifies. It is the day upon which all formal restraint is thrown to the winds and the people take possession of every inch of the Exposition. There was one of the largest crowds of the season at the Exposition yesterday, and their enjoyment of everything could not be mistaken. Colonel Capra had a splendid musical programme, as usual, all of his selections being of what is known as the "popular."

The exhibitors seemed as if they wanted to make an extra good display yesterday, and it was remarked by many visitors that they had never seen the hall look more attractive. In addition to his regular programme, Colonel Capra last night gave the sextette from "Lucia di Lammermoor," which was considered Prof. Innes' best piece last year.

PUMPS THAT CAN AND DO PUMP.

Those who have not seen this exhibit near the tank in Mechanical Hall, should not fail to do so without delay, and for the benefit of those who are not present, a few lines on the subject will be of advantage. The first of these deep well pumps is the "Single Acting," which is designed for non-fluctuating service, the special feature of which consists in its long stroke, which insures a saving of steam, less wear and greater speed. The second pump is the "Double Acting," which is provided with two valves, connected to concentric valve stems, which operate in opposite directions, one ascending while the other descends, thus producing a steady flow of immense bulk. It is guaranteed to lift from two to three times as much water, with the same steam pressure, as any other artesian well pump now made. The steam valve motion which they employ on both of these pumps assures almost noiseless action and greater working capacity than from any other known. The crowning feature of these pumps is the remarkable conical or taper valve which is used, the area of whose upper port is greater than the inlet port. The conical part closest consists of a series of truncated rings, whose centers coincide with the axis of the valve, and which fit upon conical seats. The upper port actually closes the pump, and the steam valve motion which they employ on both of these pumps assures almost noiseless action and greater working capacity than from any other known.

HANDSOME FURNITURE.

Hopper Bros. & Co., 507 Wood Street. Well, the days are rapidly passing in which people can take solid enjoyment in contemplating this inviting, bewitching exhibit in north gallery. Hopper Bros. & Co. are continually launching new, who have all the new styles and designs in household furniture, and in getting up a display for the Exposition they simply draw upon their boundless resources and continue to give pleasure to their hosts of friends. It is a surprising stock that is carried by this firm, full to overflowing with everything desirable for a real homey home, not simply an abiding place. In this vast stock the variety is so great that personal individuality can be gratified; you can stamp your houses with that indescribable something which marks your personal tastes. It is not only that this stock is so large, but that it is so genuinely good, it is all well and tastefully made, and is meant to last a perfect lifetime, for they use only the best materials. They know, too, how to counsel and advise you, otherwise you may judge for yourself, facts to be appreciated by buyers. Under all circumstances there is perfect courtesy, and stranger still, promptness. When you give your orders they will be filled satisfactorily. Add to this the important fact, for they use only the best materials, and the many reasons for the great popularity of Hopper Bros. & Co. will be readily understood.

Henricks Made Company, Limited.

If you want to see world renowned pianos look at the exhibit of the Henricks Music Company, Limited, in south gallery, the largest and leading music house in Pennsylvania. They show this year the magnificent, the famous Lindemann, the durable Wheelock and the ever popular Stuyvesant. These pianos are all splendid pieces of mechanism encased in cases of the hand-somest of the hand and cabinet woods, such as rosewood, mahogany, oak and walnut. This firm handles also the well-known Palace and Kimball organs. The store is at Nos. 101 and 103 Fifth Avenue, where this great variety of pianos and organs are sold at low prices and easy terms, and where visitors will find courteous and obliging salesmen who use every effort to assist you in making a good selection, as they understand thoroughly the good points of these musical instruments.

Oil Well Supply Company.

This exhibit in the annex is the exponent of an industry which brings comfort and luxury to the residents of Pittsburgh and vicinity, and it is therefore of paramount importance that all should be acquainted with the ways and means whereby the results, so valuable to every one, are attained. No one, however small their knowledge of this art, can be otherwise than deeply impressed with the conviction that this wonderful exhibit represents the study and labor of years to reach the perfection here displayed, and those who are acquainted with the necessities of this work cannot but admire the ingenuity and perseverance so substantially indicated. Here is shown an array of all the tools which are or may be used in the various operations involved in drilling and boring; all the appliances for forcing dry holes; means to recover casings and drilling apparatus in case of accident, as well as all the piping, connections and valves to be employed in handling and conveying the products of the wells, and the vigorous, but compact, engines for driving the machinery.

The New Processes

Demonstrated by Mr. B. L. H. Dabbs in his photographic display in Art Gallery are called the "Merz" or "Gravure" and the "Sepia." The first is without luster, and is the equivalent of satin finish in gold and silver, while the latter, or sepia, has a softness and finish difficult to classify, but they are both lovely. That they have received the endorsement of Mr. Dabbs is tantamount to saying that the processes cannot be excelled.

A Host of Munchers.

The popcorn munchers were out in full force last evening, and the feeble minority that did not participate in the glorious festival were to be commiserated. One popcorn ball is no longer the style; the present fad is

to buy it put up in paper bags and treat your friends; then make an assault upon the cold, delicious lemonade, for Baker's is the best ever made; then lay in a store of the taffies and candies to enjoy on the street cars, and you will be able to feel that you have taken in the Exposition in the latest and most approved fashion.

The Invalid's Friend. Invalids become weary of lying upon a bed, so that a convalescent will take no rest except upon a couch or lying upon a chair. In this condition of affairs one turns with relief to the comfort and pleasure afforded by those inestimable treasures, the Stevens Adjustable Reclining Chairs, which may be turned into five different objects and which will assume 50 separate angles or positions. These chairs are not articles requiring to be replaced very frequently. The writer has at this time a chair purchased from the Stevens Chair Company 11 years ago, and which is to-day as substantial as at first, and is an ornament to the parlor and a source of comfort to the family. Decks for offices and houses are another specialty of this firm.

Not on Fifth Avenue. While this is the case, the ladies will find that they will be amply repaid for going a very short distance out of their way to examine the endless variety of beautiful goods at Cavitt, Pollock & Co.'s, No. 385 Penn Avenue. It is but a few doors above Ninth street, and they will there find an assortment of dinner ware, toilet ware, rich cut glass, art pottery, piano, baroque and vase lamps, etc., that they can find in no other house in the city. If you wish to buy a nice wedding present this is the place to go.

ACHIEVED GREATNESS! "Some men are born great, some achieve greatness and some have greatness thrust upon them."—Shakespeare. BUT it's different with their clothes. They are mostly born without clothes. Nearly all have clothes thrust upon them when they are small. Afterward they have to achieve their clothes. Some achieve good clothing and some don't. It's owing to where they buy it. Those who buy the clothing of the MISFIT PARLORS Get the best. It is easier, too, to achieve the Misfit Clothing Parlor's clothing—it costs less. People are getting weary paying the exorbitant prices to high-priced tailors just for the sake of saying "made expressly for me" when they can secure the same in EVERY PARTICULAR from the Misfit Parlor's ONE-HALF the tailor's charges. The clothing sold by THE MISFIT PARLORS has achieved its reputation through intrinsic worth, and merits the esteem of the people by its better values. We have achieved THE HEIGHT OF EXCELLENCE in our fall goods—patterns, style and quality all the best—and values better than ever. Suits at \$10 that were made for \$20. LEVINS, Solicitor of Patents, 131 Fifth Ave., above Smithfield, next Leader office. No delay. Established 20 years. HAIR ON THE FACE, NECK, ARMS OR ANY PART OF THE PERSON QUICKLY DISSOLVED AND REMOVED WITH THE NEW SOLUTION MOPENE. AND THE GROWTH FOREVER DESTROYED WITHOUT THE SLIGHTEST INJURY OR DISCOLORATION OF THE HAIR. MODERNE'S HAIR RESTORATIVE IS ACCURATELY PREPARED. In Liverpool, an incomplete mixture was accidentally spilled on the back of the hand, and on washing afterward it was discovered that the hair had been completely removed. We purchased the true and named it MOPENE. It is perfectly pure, free from all injurious substances, and so simple any one can use it. It acts mildly and safely, and you will be surprised and delighted with the results. Apply for a few minutes and the hair disappears as if by magic. It has no resemblance whatever to any other preparation ever used for a like purpose, and no scientific discovery ever attained such wonderful results. IT CANNOT FAIL. If the growth be light, one application will remove it permanently; the heavy growth such as the beard or hair on the mole may require two or three applications before all the roots are destroyed, although all hair will be removed at each application, and without the slightest injury or unpleasant feeling when applied or even afterwards. MODERNE'S HAIR RESTORATIVE. Recommended by all who have tested its merits.—Used by public of refinement.— Gentlemen who do not appreciate nature's gift of a beard, will find a profitless boon in Mopene, which does away with shaving. It dissolves and destroys the life principle of the hair, thereby rendering its future growth an utter impossibility, and is guaranteed to be as harmless as water to the skin. Young persons who find an embarrassing growth of hair coming, should use Mopene to destroy the hair. Mopene sent by mail, in safety mailing cases, postage paid, (securely sealed from observation) on receipt of money by letter, with full address written plainly. Correspondence strictly private. MODERNE MANUFACTURING CO., GINGHAM ST., U. S. A. CUT THIS OUT LOCAL AND GENERAL AGENTS: THE HIGHEST GRADE HAIR PREPARATIONS. AS IT MAY NOT BE WANTED. You can register your letter at any Post-office and receive its safe delivery. APPEAR AGAIN WE OWE \$1,000 FOR FAILURE OF THE SLIGHTEST INJURY. EVERY BOTTLE GUARANTEED.

HOW DO YOU LIKE OUR WIDE-BRIM DERBY? THE METROPOLE. \$1 90, \$2 40, \$2 90, \$3 40. It was with some misgivings that we placed on sale two weeks ago the new "Wide-Brim Derby," which we issued simultaneously with the New York hat. Contrary to our expectations, we have sold such a great number in these 14 days that all doubts as to its success are fully dispelled, and feel now assured that it'll be a great "seller." The brim of the "Metropole," although wide, is not "wingy," a feature decidedly objectionable in most of the wide brims now before the public. Come and see the hat. It'll suit you. RUBEN, The Hatter and Furnisher, 421 and 423 SMITHFIELD STREET. P. S.—Mail orders promptly filled. A SURPRISE To Spectacle Wearers Are Chessman's Celebrated \$1.00 SPECTACLES. Thousands of people are singing their praises, having secured perfect comfort through its use. Chessman Optical Co. NO. 42 FEDERAL ST., Allegheny. Artificial eye wearers are appreciating the fact that better satisfaction is given at Chessman's than they ever had before.
