IRON TRADE REVIEW.

Sales Show Up Well, but Business Is Still Dragging.

NO CHANGE IN BESSEMER NOTED.

Steel Slabs, Billets and Muck Par Holding Their Own Here.

A FULL STOCK OF RAW IRON ON HANDS

OFFICE OF THE PETERBURG DISPATCH, ?

FRIDAY, Oct. 2. How Iron and Steel-The market since our last has exhibited but few changes. Dealers generally continue to put off the purchase of large blocks of iron and other leariptions of material, seemingly to be waiting for information that comes not. Prices for most kinds show scarcely any teration, any changes that have taken place being in favor of holders, particularly in the purchase of small amounts. It is evident that the continued strikes and disagreements between capital and labor have mode dealers, to a certain extent, very induce, owing to a dispute in the Sharpsville egion, seven furnaces were banked, so to

remain until matters can be adjusted. Rolling Mills on Double Turn.

The rolling mills are filling up with work, and many of them are on double turn. It is o ted that the steel rail from trade is reits customary activity, and orders ing in more freely from the rail-Viewing the iron trade as a whole, e present conditions are certainly more institutely and the outlook more enumating than two weeks ago. This is due doubtedly to the peneral helpful influential process are safe prices but no one should not be present when the advection of the real prices are safe prices but no one is both enough to predict when the advect will set in. The action of buyers during past few days gives evidence that are willing to invest in favorite brands ig to invest in favorite brands on offered; but they have not ut at which they are willing to m with a valley furnaceman smarroanion with a valley furnaceman, at Trade in the Shenango and Mage Uniters us in good shape. Most furnare well sold up. He was firmly of intential in the dyname in pig from was raff. As we have before stated, there exists furnaces that refuse to sell bessener or gray forge at present Tirey are able to hold on, and propose

stock of raw iron on hand is fully up the the requirements of the trade. Besseint of sales reported. Gray forge change in value; sales large. Stee into and billiets sales have been liberal or some time past. Skelp iron in fair de and; narrow and wide grooved maintains west situated from declined 2½ cents. Old mand steed rails are searce, particularly sormer. Mack har steady: prices unanged, steed wire rods declined a shade, up material market active. New steel is are solving at last week's prices. Far Levest—We have no improvement to ac invalues. Sales of gray forge during clast 21 hours large. Bessemet sales show treasured by well. Old from and steel rails o scarce and command good prices. Moorand, & Med lenne saffairs are said to be in o scarce and command good prices. Moor-ad & McCleane suffairs are said to be in

Ond shape.
The sale of 5,000 tons of steel billets reported last week at \$24.25 was an error and should have read \$25.25. The types are re-

BIG EUYING AT CINCINKATI.

The Iron and Steel Trade Is Now Very Active at That Point.

CINCINNATI, Oct. 2. - [Special.] - Rogers, own & Co. say: The healthy condition of iron market has been demonstrated more clearly by the course of business durgithe past week. There has been heavy ats during the next three to six months, or impaces as a rule have not attempted vers have not placed their orders, but are will repeat offers made a few weeks is quite safe to be disappointed, for Southern companies are well were it not for the conservative est the probable advance. is all branches of the de are active, and the genel trade are active, and the gen-branes producers and consumers etal. Northern mill trons have the Wheeling district at prices athern brands out of that mar-asual difference in prices ex-surplus of Southern mill grades been disposed of to rolling mills West Virginia, and an advance been sustained. We quote for No. 1 foundry and No. ... \$14 TABLES 25

SIGNS OF IMPROVEMENT.

Large Orders for Iron and Steel Coming Into the Cincianati Market. INCINNATI, Det. 2 - [Noccial I-Rogers,

In recent reports we mentioned the thriving condition of the stove trade, and now we notice that locomotive and engine builders are beginning to place large orders for raw iron and steel to cover contracts on hand and in sight for their finished product, and so it is all along the line. One by one the different branches of the iron business respond to the better feeling now pre-

respond to the better lecting now prevailing.

We quote for cash, f. o. b. Philadelphia:

AN ADVANCE IN PRICES

In the Southern Iron Market and the Gen eral Tone Is Quite Firm.

BIRMINGHAM, ALA., Oct. 2.—[Special.]—Actual sales of iron are being made at an advance over previous quotations. In-quiries are free and the general tone is firm. A hopeful feeling prevails, well grounded finest structures of the kind in this or any on slight advances, though the larger producers are not diposed to stickle on the price at the expense of piling up stacks. The large production continues to move to market, there being continues to move to market, there being sufficient uncertainty to prompt the keeping down of stocks and sufficient belief in the future to prevent large sales for long time delivery. One of the largest companies here sometime since made a sale for luture delivery of 40,000 tons, and quite recently a smaller sale at bottom prices, but these are exceptional. This company is, however, now making other sales for immediate delivery at the advance noted. The nominal quotations now given out f. o. h. at the turnace are: No. 1 foundry, \$12.256;12.56; No. 2 foundry \$11.56; No. 3 foundry, \$10.56; gray forge, \$10.00. These aligures are shaded according to the extent of the order.

While there is no danger of an immediate effect on the course of iron production, yet a question which has been staved off a long time has forced itself to the front. The political war cry has been raised that the convicts must be taken out of the mines in this county, and all candidates for the Legislature are taking it up. The Alliance candidate for Governor has pledged himself to remove them, and the fight may be said to

date for Governor has pledged himself to remove them, and the fight may be said to have opened in earnest. As over 2,000 con-victs are now engaged in mining coal here, the question is a serjous industrial issue.

INQUIRIES COMING IN.

An Increased Demand for Certain Grades of Iron at St. Louis.

St. Louis, Oct. 2 .- [Special, [-Rogers, Brown & Meacham say: The past week has developed a moderate number of inquiries, while a few medium sized orders have been placed at irregular figures. Consumption mtinues to improve, and with few exceptions Southern furnaces present a strong front. There is a quiet, but steady trade in Ohio softeners at unchanged figures. In charcoal irons there is an increased demand, prices remaining firm. We quote for cash I. o. b. St. Louis. Hot blast coke and charcoal:

WRINKLES IN TRADE

Conversion of the Allegheny Central Hotel Into a Flat.

GOOD THINGS AT WILKINSBURG.

A Two-Hundred Acre Farm in the Surveyors' Hands for Subdivision.

FEATURES OF MONEY AND SPECULATION

Allegheny Central Hotel is being converted into a flat, or apartment building. It will be supplied with an elevator, and have a cafe on the top floor. The interior finest structures of the kind in this or any other city. The cost of the improvement will reach \$15,000 or \$20,000.

The Central has had a long but not wholly successful career as a hostelrie. It was erected in 1868. The location is one of the best on the Northside. In its new form it should be a paying investment. The owners are George Shields and W. H. Graham. Movements at Wilkinsburg.

Wilkinsburg promises to furnish two good real estate items before long. Mr. Peter Dick, of Campbell & Dick, has made an offer of about \$18,000 for the Hubley property on Penn avenue, below Wood, and it is now under serious consideration. The lot is about 200 feet square. The house is a large two-story brick. If his offer be accepted Mr. Dick will improve the place and occupy Mr. Dick will improve the place and occupy it as a residence.

Two brothers, who own a stone quarry in Westmoreland county, are looking for a site whereon to erect two stone residences which will cost \$35,000 each. They want a frontage of at least 200 feet on a good street, and are willing to pay a good price for it. They have one or two sites in view, but are open for offers.

Another Large Sub-Division. A tract of 200 acres, owned by Alexander

Dempster, formerly City Engineer, at Par-nassus, on the Allegheny Vailey Railroad, is being plotted, and will soon be placed on the marke: through the agency of A. Leggate & Son.
The lots will range from one to five acres, and supply a much-needed want for large sites for suburban homes.

Coming to a Head. Several plans have been submitted for the Newsboys' Home, to be erected on the site donated by Mrs. Schenley, at the corner of Old avenue and Shingiss street. They differ considerably in style and cost, but all of them contemplate a structure which will be them contempate a stream useful as well as ornamental.

The committee having the matter in charge will meet next week, when a selection will be made. The building will then be put under contract.

Business News and Gossip. New York had a little boom yesterday. Stocks were higher.
It will take about \$55,000 to buy the Marshall-Kennedy mill property.

The Evans estate sub-division, McKeesport, is the only plan of lots on the market

within the city limits. Of five or six rapid transit schemes under onsideration by the West Enders, one or two will likely be adopted. The latest idea is to build a road directly from the Point bridge to Crafton. This will do for a starter. The Tenth ward, Allegheny, is the most progressive part of the Northside. Lots are progressive part of the Northside. Lots are going off very fast and building is active. The proposed electric road on California avenue is helping business in that quarter. James S. McCartney has sold to Peter Hermes a residence property in the Sixth ward

or \$7,500. The City Deposit Bank announces a dividend of 5 per cent.

Talk on the street yesterday was favor able to a successful issue of the Chambers embarrassment. Central Railroad of New Jersey announces dividend of 134 per cent, payable Novem-

ber 2.

As advertised in another column of this paper, Samuel W. Black & Co. will have another auction sale of fine level lots at Hazelwood this afternoon at 2 o'clock. Being in the city and on an electric line enhancement is certain.

Movements in Realty. veniences, with lot 20 feet front, sit

for \$8,500: a 180 several lots in the Keystone plan, Crafton, at from \$20 to \$500 each; also several lots in the Keystone plan, Crafton, at from \$20 to \$500 each; also several lots in Munhall Terrace plan, at from \$25 to \$450 each.

A. Z. Byers & Co. sold for Mrs. Selona B. Jenkins to E. Dougherty a new frame house of five rooms, attic, hali, etc., with lot 25x10 feet, fronting on Duquesne nvenue, Duquesne Park, Allegheny City, for \$2,200.

Black & Baird sold for Julius Groetzinger to Edward O Brien lots Nos. 23 and 24, in George A. Reineman's plan, in the Thirteenth ward, fronting 42 feet on Millwood avenue and extending back 130 feet to an alley, for \$1,500.

S. A. Dickie & Co. sold for John H. Hughes to T. C. Hosack a lot on Bennett street, Twenty-first ward, 25x133 feet, for \$45.50.

Baxter, Thompsom & Co. sold lot No. 10, Ruch place plan, 22 feet to Millwood alley, for \$300.

The Bullding Record.

Eight permits were issued yesterday for 18 improvements, the cost of all being estimated at \$56,650.

H. S. A. Stewart, nine brick dwellings on Hays street, Nineteenth ward; cost, \$45,000. Mrs. McCoskey, three brick two-story dwelling on Corrad street, Twenty-first ward; cost, \$4,500. Mrs. McCoskey, three brick two-story dwellings on Corrad street, Twenty-first ward; cost, \$4,600. Andraw Beckman, frame addition to dwelling on Lowan street, Twenty-first ward; cost, \$4,600. HOME SECURITIES.

SOME THINGS ON THE RUN.

AN EASY DAY ON 'CHANGE, WITH

Philadelphia Gas Taken at a Disadvantage and Clipped a Fraction-The Tractions Finding New Supporters-Airbrake and Luster Follow the Gassers-Electric Stronger.

The bears made an impression on Phila delphia Gas yesterday, using as an argument the uncertainty of the outcome of the pending litigation. If the company lose, it vill no doubt be at some disadvantage, but if it wins, it will be in a position to wipe out the floating debt. These considerations should be allowed to offset each other pending a settlement. The rest of this group was weak in sympathy with the

The tractions appear to be making new friends every day. Talk about any of them losing money is less pronounced than formerly. They are all getting in good working order, and there is less friction between ing order, and there is less friction between them. Combinations are still talked of, but nothing definite has been divulged. They were all steady to strong yesterday except Duquesne, which lost ground. At the last call 10 was bid. For Manchester 374 was bid, and 10% for 200 shares of Birmingham, offered at 17—an improvement.

There was no change in the miners, except Luster, which was clipped a fraction. Electric was a little stiffer on news that Boston was buying. Airbrake submitted to a slight concession. The works at Wilmerding are now running on a five-day seven-hour basis. There were no sales at the first call. At the second 70 shares of Luster changed hands at 12, and 29 Citizens Traction at 11. The third call was like unto the first. Between calls 50 shares of Philadelphia Gas were marketed at 11.

A Brisker Movement at the Banks—No Pinch for Funds.

The local money market was more active yesterday than on any previous day of the week, occasioned by a better call for loans and larger discounting. Depositing also showed improvement. These items plainly indicate expansion of business.

There was no pinch in funds nor change in rates, which were on the basis of 667 per cent. Bank clearings were above the recent a average, argregating \$2,218,903 24. Balances were \$35,888 82.

THE SUNDAY DINNER.

Fruits on the Wane and Ocean Products in Light Demand.

The cost of market basket filling has not fruit lines grapes have the lead, and peaches are on the wane. The latter are near their end for this season and prices show an upward inclination. Tropical fruits are a shade firmer than they were a week ago, but retail prices remain unchanged. Late advances in prices of butter have the effect of bringing oleo to the front and the genuine article is barely steady at last week's prices. Strictly fresh eggs are in short supply and markets are firm at prices quoted. Water melons are now a thing of the past, and cantaloupes soon will be. The hot weather of the week past has been adverse to trade in the line of laxe and ocean products. White fish and large salmon are scarce. Standard oysters are in good supply, but select are scarce. Soft shell crabs are done for the season, and frogs are in limited supply. Florists report a slight improvement in trade, but prices remain as they were a week ago. Staple meats rarely change in price, whatever the ups and downs of live stock. shade firmer than they were a week ago.

they were a week ago. Staple meats rarely change in price, whatever the ups and downs of live stock.

Following are latest retail prices of market basket filling:

MEATS—Best cuts of tenderloin steaks, 25c per fb; sirioin, 18623c; standing rib roast, 18623c; chack roasts, 12c; corned beet, 8630c per fb; spring lamb, 25c; leg of matton, 125c for hindquarter and se for lorequarter; loin of matton, 15c; lamb chops, 25c; stewing pieces, 6e per fb; veal roasts, 125,6645c per fb, and cuttets, 25c. Pork chops, 125c, and steaks, 19c, an advance of 2c per fb on rates which have prevailed for some months past.

VEGETABLES AND FRUIT—Cabbages, 5630c; potatoes, 15c per half peck; wax beans, 20c a half peck; wax beans, 20c a half peck; squash, 5c apiece; onlons, 25c a half peck; from the complex, 4 for 16c; eggplants, 5630c; eletror, 2 bunches for 5c; beets, 4 for 16c; eggplants, 5630c; eletror, 2 bunches for 5c; the 4 for 16c; eggplants, 5630c; eletry, 5c a bunch; caull-flower, 18c25c apiece; api

Grapes and Peaches in Short Supply, and Market Firmer.

VEGETABLES IN FAVOR OF BUYERS.

The Upward Movement of Cereals Arrested, but Prices Steady.

COFFEE LOWER AND SUGAR STEADY

OFFICE OF PITTSBURG DISPATCH, COUNTRY PRODUCE (Jobbing Prices)-Receipts of grapes and peaches are light, and markets are tending upward. Householders who failed to lay in supplies of

peaches last month will pay higher prices now. As home-raised fruits wane, those from the tropics are growing firmer. Lemons are very scarce, and choice stock sells readbuyers. Sweet potatoes are heavy stock at prices quoted. Choice dairy products are fairly steady at old prices. Strictly fresh eggs are scarce and firm at prices quoted. Produce men are carrying light stocks in both fruit and vegetable lines, and, with the advent of cooler weather, prospects are good for better prices.

BUTTER-Creamery, Elgin, 28(2)e; Ohlo brands, 26(2)e; common country butter, 16(6)7c; choice 562%: common country butter, 16@17c; choice ountry rolls, 2962%; Brans—New York and Michigan pea, \$2 3562 00; ingrow, \$2 3662 00; Lima beam, 4 5645c 音 形, Breswax—35636 音 h for choice; low grade, 22

The looked-for decline in coffee is here, and our prices are reduced in accordance with the facts. Sugars are fairly steady. Demand for sweetening goods is not so active of late, and all prospects of higher prices are knocked out. The movement of general groceries is free, and, as to prices, the situation is practically as it has been for weeks past. Canned fruits of all kinds are heavy stock for reasons that are obvious. heavy stock for reasons that are obvious.

A GRIST OF BULL NEWS.

The List of Influences Which Boomed the Wheat Market Yesterday-Corn Active and Buoyant-Oats Firm but inactive-Hog Products Are Strong.

CHICAGO -- Wheat was very strong to day and scored an advance of 2@21/4e. tendency of prices was generally upward from the start. The reasons assigned for the advance were the recent rains and bad weather in the Northwest, which, it is claimed, have affected the wheat in the shock, larger clearances from the seaboard, the covering by shorts, and the generally ily at outside quotations. Vegetables of all stronger tone of cable advices. The markinds are slow, with situation in favor of ket, no doubt, was a short one, operators being of late inclined to the selling side, and the rather firm undertone induced many

and the rather firm undersone induced that to cover.

Early Liverpool dispatches quoted that market quiet and a shade lower, but last cables quoted a steady market, with no decline except for California November delivery, which was held lower. London was unchanged and so was Antwerp, while Berlin was 19,602c higher, and Paris flour was higher and wheat unchanged. Private cables said wheat in Paris was strong, and a Liverpool cable said that the French were bidding for red wheat. The official report of the French wheat crop estimated the Liverpool cable said that the French were bidding for red wheat. The official report of the French wheat crop estimated the yield at 230,000,000 bushels, against the final report for 1899 of 325,000,000 bushels and for 1899 of 316,000,000 bushels and for 1899 of 316,000,000 bushels. The estimate of this year's crop is somewhat in excess of previous reports, but did not have any special effect upon the market. The exportelearnness were larger and aggregated 709,000,000 bushels. New York reported 15 loads taken there for export to-day. The Londou stock of wheat was reported to have increased 500,000 bushels, and the stock of flour is also reported as showing a large increase. Domestic markets were higher and the receipts in the Northwest were larger.

New York and St. Louis operators were active buyers in this market. Liberal rains were reported in Kanasa. Nebraska and Missouri, where moisture was greatly needed for the fall plowing. December opened at 57%, against 97% at the close yesterday; sold up to 99%c, off to 97%c, up to 79%c, off to 99%c. Off to 89%c, on to 99%c, off special property of the strength in the wheat pit and the active covering by shorts. The inspection sheets showed only 71 cars of corn inspected in, where 130 had

shorts. The inspection sheets showed only 71 cars of corn inspected in, where 130 had been looked for, and the out inspection was 71 cars of corn inspected in, where is mad been looked for, and the out inspection was liberal, amounting 242.000 bushels. Shorts started at once to covering, and the offerings being light a strong feeling ruled. October opened at 550074c, against 52c at the close yesterday, sold up to 553c, broke to 553c, reacted some, and when wheat moved upward and the estimate of only 100 cars for to-morrow became known there was a quick jump to 543c. This was the top figure, and reaction set in during the last hour which carried the price down to 553c. It advanced again, however, and closed 54c.

Onts were firm in sympathy with corn, but trading was light.

Hog products were higher, owing mainly to the big reduction in the stocks of most articles during the past month. Ribs were reduced the most and were strongest, with shorts active buyers. During the last hour, however, there was a partial reaction, and the close shows an advance of 1754025c on pork, 214074c on lard and 10025c on ribs.

The leaning futures ranged as follows, as corrected by John M. Oakley & Co., 4 Sixth street.
