competition from other countries, and espe Last Saturday this well produced 18,000 bar-rels, or an average of 750 barrels an hour. cially from Russia, We seek to discourage all speculation in With such a showing it is little wonder that the men who have all of their money our products and to economize every detail of transportation and distribution, and through the avenue of local distributors to invested in the business stop, and ask when such phenomena are going to cease, through the avenue of local distributors to bring American petroleum within the reach of the scantiest purse. We trust thereby to sustain and develops a large, permanent and fairly remunerative commerce. While the motive of this polley is to pro-tect and extend our own interest, its progress and fraition must favornely affect both the producer in America and consumer in Eu-rope, the former because sustaining the utilization of his product against forcign competition, and the latter because of the economies resulting from our system of dis-

and let the price of oil go up to a point where a man who does not have a superfine gusher can make money by drilling.

Increased by Drilling.

Gackert, Steel & Co.'s No. 1 on the Meyey farm, which is located about 600 feet southwest of Greenlee & Forst's well was drilled deeper yesterday afternoon, and in-ercased its production from 50 to 85 barrels competition, and the latter because of the economies resulting from our system of dis-tribution. There is a clearly defined mutu-ality in this policy, and we have none of the sinister and niterior designs which have agi-tated the imagination of our critics. The Standard Oil Company has no under-standing or agreement of any name or nature with the Messys Rothschild, or the Nobale or any other Parisian interact and an hour. It is nearly eight weeks old and has produced, all told, 1,000,000 barrels of

There is one well in this field which is watched with almost as much interest as the big Mevey well. It belongs to W. P. Rend, of Chicago, the wealthy coal operator. He decided sometime ago to drill a test well at his Laurel Hill coal mines, half a mile cast of McDonald statio. This he did, and yesterday morning the bit struck the Gordan sand and is reported on the best kind of authority to be making 15 barrels an hour. It has a strong pressure of gas, This well is important as it is now the furthest to the east on a 45 degree line. It will cause the drilling of a large number of wells and consequently open a big block of valuable territory. At the rate of 15 har-rels an hour it is one of the best Gordon sand wells in the whole field.

nature with the Messrs. Rothschild, or the Nobels, or any other Russian interest, and never hus had, nor could any understand-ing transpire in the future, on any such basis as recently suggested by press articles, viz. a combination to exact an extortionate or artificial price from the consumer. This would be absolutely in conflict with the his-tory and policy of the Standard Cli Com-pany at home or abroad. In a word, the aim of the Standard Oil Company in Europe is to cheapen its prod-ucts and extend its business. When our policy, as now briefly outlined, shall become more fully developed and more widely un-derstood, it will receive the commendation, not the censure, of an impartial press, and justify the encouragement, and not the justify the encouragement, and not the ucnace, of legislation, **Testerday's Local Features**

ence, which listened to the strains from an invisible choir. At the end of every piece the venerable secretary of the committee would step from behind the screen, explain the character of the music, indicate why it had been selected and give the results of the experiments made in the wards of hospitals. e effect of the whole soothing, but rather wearying. The voice of the soprano was disagreeable in quality and irritating. The chief fault of the music medicine is that it is impossible to find a ward full of patients where the cases are so much alike that any particular kind of music would be suited for all. Lively, flippant and sprightly measures might irritate some, while soft, solemn music might cause patients of morose temperament to become melancholy and weep.

committee and has written favorably about the experiment. Several American physicians are studying the idea for the purpose of introducing it in America. The general verdict at the rehearsal in the Westminster Palace Hotel on Monday was distinctly AN EXPERIMENT. I sat beside a New York physician who had come to hear the music, and learned from him that in his opinion there could be no doubt that with the proper kind of se-lections great results could be reached in many cases of nervous diseases. The main thing was to discover what sort of music is There

Judges of Common Pleas No. 1.

HANDEL ROUGHLY HANDLED.

The Well-Known 'Squire and Tipstaff Negley Come to Blows.

A battle royal occurred in Judge Mc-Clung's branch of the Criminal Court yesterday afternoon. The participants were 'Squire Herman Handel and Tipstaff Negley. While no blood was spilt the excite ment was great, and there is bad blood between the veteran Democrat and the old Forty-niner. The trouble was caused when 'Squire Handel entered the court room by the door in the rear of the Judge's bench guarded by Tipstaff Negley. The 'Squire stood inside the door for a minute or two when he was directed by Negley to take a scat. He declined and was told he would have to take a seat or go out. He would do neither, so he said. A word or two passed. whereupon Negley attempted to push him

It was no go for an instant, but the Forty-niner got a good hold and gave a good heave. The valiant 'Squire selzed the rail-ing of the Judge's bench, and but that it was strongly fastened, bench, Judge and all might have gone flying out the door. As it was the 'Squire's grasp loosened and, in spite of his words to the contrary, out of the door he went. There were some wild passes made in the air, but no one was hit, and the doughty 'Squire departed vowing represented to be and the the word of the the source of the s

PITTNBURG AND LAKE ERIE RATLROAD COMPANY-Schedule in effect June 14, 1891, central time-P. & L. F. R. R.-Depact-Foc (leveland, 4:20, 55:00 a. m., 71:50, 4:20, 50:00 a. m.,

cluch were partially obscured Monday the shadows which hung around the Elliott No. 2, and which is making only 50 barrels a day, were more than doubled yesterday by those which emanated from the Herron No. 1. The Ellioty will be shot with 100 quarts of nitro-glycerine. It is owned by buffey, Murphy & Co., and the Herron by Guiltey, Jennings, Murphy, Galloway & Co. The Herron well is about two miles portheast of the Elliott No. 2, but is on a good line from the Elliott No. 1. It is located about 700 feet due north of the famous Matthews well. It had been making about 400 barrels from the Gordon sand, and when drilled into the fifth sand late Monday night fifth sand late Monday night it instantly increased to nearly 1,100 barrels a day, or 45 barrels an hour. It is now shut The Bell No. 2, of the same parties, dewa. which is located about 1,000 feet south of the Herron No. 1, was 20 feet above the fifth sand when THE DISPATCH scout was at the well yesterday afternoon. It is pro-ducing about 175 barrels a day from the Gordon sand.

Their Herron No. 2 is on top of the Gordon No. 3 is down 1,300 feet; No. 4 is drilling at 1,500 feet, and there is a rig up for Herron No. 5. Their No. I Bell is doing 100 barrels an hour. The last casing has been put in Bell No. 3, and a rig is up for Bell No. 4. Their No. 1 on the Matthews heir's prop-erty is ready for the casing. They leave rigs up for Nos. 2 aud-3, Matthews heirs.

Almost a Dry Hole. Guffer, Gailey & Co.'s well on the Connell farm, although not exactly dry, will not produce over 20 harrels a day. The Forest Oil Company's No. 2 Herron is on top of the Gordon and their No. 3 Herron is down 1,300 feet. Garland & Hays' No. 3, to day. They drilled their No. 2 Miller deeper into the sand yesterday and increased it from 1.5 to 25 barrels an hour. E. W. Frink & Co. on the Charlier lot will case to-morrow. R. W. Evans & Co. on the Thomasy lot are down 200 feet. The same parties are drilling at 1,500 feet on the Ewing lot. The Devonian Oil Company's No. 2 Fayall and No. 1 Elliott are drilling in the Gordon sand. Their Elliott No. 2 is 900 feet deep. Their Far-all No. 3 is down 1,900 feet; and No. 4, 900 feet. Dibert & Co., on the Johns lot, our location northeast of the Conk well is in the Gordon sand and the Cook well, is in the Gordon sand and filled up 1,599 feet. It is not over 300 feet west on a 45 degree line from the Fanny Johnston well, and should get the fifth sand this week. Greenlee & Forst's Nos. 2 and 5 on the Me vey, are each down 1,600 feet. Pew & Emerson will get the fifth sand next week in their No. 1 Miller. Pew & Idmerson's Johns lot well is still

dead. George S. Martin & Co. are in the shell above the Gordon in their Heiser lot well and their Druart venture is down 1,900 teet. The Royal Gas Company's No. 7 Ed McDonard is drilling at 1,100 feet. It is located just above the railroad station. One of the same company's wells on the Belgian lot is 1,100 feet deep, and the other is down 1,400 felet. Boscher & Co. are spudding in their N(), 2 on the U. P. Church lot.

What the Drill Is Doing.

The Hoyal Gas Company's Nos. 5, 6, and 7, on the Sauters farm, just south of the Miller farm, are drilling at depths ranging from 7 00 to 1,400 feet. Their No. 4, on the Sauters, is down 1,900 feet and will get the Gordon this week. Roland & Co., who have duad the tools fast in the shell on top of the fifth sand, on the McLain lot, for several days got a spear down alongside of thern yesterday afternoon, and expected to get the bit loose last night. If this proves un uncessful they will put in a small shot and blow the bit off. Joavis & McClurg's well on the Ewing

and Young lots is making 125 barrels a day from the Gordon. It will get the fifth this week. The Wallace Oll Company, well on the lumber vard let will reach the Gordon byj next Monday. Guckert & Steele's Me-

THE TRAINMEN'S BROTHE. HOOD.

a Recalcitrant Lodge in North Dakota Compelled to Apologiz,

GALESBURG, ILL., Oct. 6 .- This morn-

ing's session of the convention of the Brotherhood of Railway Trainmen was taken up with the case of Lodge 126, Grand Forks, Dak. This lodge, some time after the Northwestern difficulty, sent out circulars condemning the course of Grand Master Wilkinson. This was in violation of the constitution, which provides that the circulars must be submitted to and be approved by the Grand Master. Mr. Wilkin on deprived the lodge of its charter. The lodg: sent a delegate to the convention. On the hearing this morning the delegate made an apology for his lodge and said that the lodge had been misinformed. The con-vention unanimously sustained the position of the Grand Master the apoleon rate and THE strongest indorsement of Mellin's Food is the multitude of healthy, active children who have been reared upon it. It has been thoroughly and successfully tried for years by thousands of mothers. of the Grand Master, the apology was ac-cepted, the lodge reinstated and the dele-

gate seated. Mr. Wilkinson, in his annual report, in If you have valuables keep them where they will be safe. The safe deposit vaults of the Farmers' Deposit, National Bank, 66 Fourth avenue, offer you security, strong vaults, perfect ventilation, good light, spaalluding to the discharge of the 400 switch-men on the Northwestern Railroad and the filling of their places with Brotherhood men, says that he distinctly advised against the Brotherhood men taking the places of cious coupon rooms, separate apartments for women. Boxes rented at \$5 and upthe switchmen.

ward.

NO EXTRA MEN NEEDED.

Allegheny Stall Holders Must Hereafter Keep the Place Clean.

Grand Opening in Cloak Department The Allegheny sub-committee on city Commenced yesterday; will continue to-day property met last night. Pay rolls to the and to-morrow. Don't fail to come and see those exquisite Paris noveltics in wraps, amount of \$556 13 were approved. Among the items on the Market house payroll were jackets and capes. CAMPBELL & DICK. several for extra men employed in cleaning the Market house. These were objected to COME and see our window display of our new short bosom shirt; the most comfort-able shirt to wear. as there are two regular sweepers employed. Market Constable Lang explained that the

extra men were necessary on account of the immeuse amount of offal left by the occu-

pants of stalls. Chairman Koehler read an ordinance pro Neckwear, handkerchiefs, hosiery, aprons, viding that the occupants of stalls remove all offal under penalty of a fine of \$1 upon all to be sold at once. Come for bargains. conviction for each offense. Constable Lang said that he had not known of the ordinance, and that when he had spoken to the people of the stalls about

One hundred Italian silk slumber robes, \$1 25 each. Blanket department. Boggs & BUHL. leaving so much ofial their reply was: "What the — is it your business?" The committee decided that they would

approve the pay roll for extra men on this occasion, but would not do it again. They Fisk, Clark & Fingg Kid gloves \$2 a pair; the only house on Sixth street handling the above celebrated Make of gloves. HANNACH, 30 Sixth street.

QUITE A CONTRAST.

This was very apparent in the contrast be-tween the allegro for planette and violin of a most lively character, and Schumann's beautiful music written to Robert Herrick's

Charm me asleep and melt me so with thy delicious numbers. That being ravished hence I go away in easy slumbers.

slumbers. The effect of the lullaby was sleep in-ducing, while the allegro sounded sharp, almost harsh. Rut the most startling evi-dence of the effect of inappropriate music was the shock to the andience when a hurdy gurdy in the street outside the hotel struck gurdy in the street outside the hotel struck up "The Wearing of the Green." Every one in the room seemed startled by the in-congruous sound. The audience was in one mood and the music was in another.

A Good Suggestion.

VIGOR OF MEN

Eastly, Quickly, Permanently RESTORED,

miss Mary Williamson, of Turtle Creek: "They have benefited me so much with local treatment that I am healthier and happier than ever before." Miss Mary schafer, 56 Long street, Alle-gheny: "Under their treatment every symp-tom of catarrh has disappeared without pain and I never felt better in my life."
