FEATURES OF TRADE.

Hot September Weather Curtailed the Dairy Product Supply.

PRICES ARE NOW TENDING HIGHER.

Receipts of Coffee Large and All the Signs Point to a Prop.

FOOTWEAR PROMISES TO GO HIGHER

OFFICE OF PITTSBURG DISPATCH, P. TUESDAY, Oct. 6, 1891.

By reference to domestic market column it will be seen that dairy products are tending toward a higher level of prices. For a week or two past there has been a scarcity of high grade creamery butter in this market. From all trade centers comes the report of short supplies in dairy product lines. The shortage is explained by the hot September weather which dried up pasturage and lessened supplies of mi.k all over the dairy regions of the West. The Sep-tember heat, while of immense advantage to the corn crop, was other than advantageous to dairy products. September make of cheese is expected on the market this week and supply will fall below expectations of a month ago. Prospects are for higher price of cheese in the next week or two. The Sep tember drought according to some estimates lessened the milk supply almost 51 per cent and we are now reaping the fruits of this shortage in advancing prices of dairy products.

The Coffee Outlook.

In the past week coffee has declined 1/20 per h in a jobbing way, and it is by no means certain that bottom prices are yet reached. Receipts are still very heavy in New York. The total of Rio received last week was 100,000 bags. A large proportion of this has gone into consumption, having been sold to arrive. There is a diversity of been sold to arrive. There is a diversity of views among jobbers as to the future of coffee markets. Some hold that bottom has been reached, and that now is a good time to buy. Others hold that we are not yet at the bottom Following are latest statistics of visible sumply of Rio coffee as compiled by the Boston Herald:

The daily Rio cable reports the market

by the Boston Heroid:
The daily Rio cable reports the market steady, with receipts of 13,000 bags, with 20,000 bags of Santos. The stock at Rio is reported at 341,000 bags: same time last year 162,000 bags. The weekly Rio cable quotes that market steady, with exchange at 15½d. The daily average of receipts for the week has reached 17,500 bags. The shipments to Europe for the week were 46,000 bags, and to the United States 35,000 bags. The New York visible supply of coffee is now reported at 457,224 bags; same time a year ago, 72,777 bags: same time in 1889, 485,712 bags. The total receipts of Rio coffee on the crop to September 24 have been 1,243,000 bags; same time last year, 726,000 bags; same time in 1889, 576 bags. The receipts in both Rio and Santos to September 24 have been 1,722, coo lags. The stocks in Rio and Santos in New York and affost for the United States show a total of 1,000,974 bags.

As to Footwest.

As to Footwear.

The shoe and leather trade which has been depressed the past few months begins to give evidence of revival. The large number of assignments of Boston shoe houses had a depressing influence on trade in the months of July, August and September. In the past week there has been a favorable the past week there has been a favorable turn to trade, and it is evident that the worst is past. The Chicago Shoe and Leather Review has this to say of the situation:

"Two years ago the leather trade passed through a financial crisis, and was rebuilt upon a sounder basis, a basis of reform and retrenchment, which is now virtually doing a world of good for the tanner and the leather dealer. The curtailment in the production of leather has, perhaps, never been so marked since the period of our Civil War, as it has been the present season. Leather has not been piled up in the great store houses in the face of an absence of demand this year. On the other hand the output of leather has not exceeded the demand, but stocks have been growing beautifully less. leather has not exceeded the demand, but stocks have been growing beautifully less. The law of supply and demand is more equally balanced at this time than for years. There is no question on this point. If this state of affairs shall continue it will do more than any other one thing to re-establish credit and confidence in the trade of this country."

GRAIN AND PROVISIONS.

Wheat Stronger Under a Preponderance Oats Quiet - Provisions Weak and

CHICAGO-Wheat was strong and higher to-day on a combination of bullish news and cal sentiment. It was reported early that Russia would soon prohibit the exportation of all cereals, and this was given added strength later by a Paris cable dispatch that Russian wheat exports were about to be pro-hibited, and that the Paris market was strong and advancing. The London Times was quoted as saying that the English wheat crop was not turning out as well as was expected. Rains were still reported in the Pakotas: the receipts at Minneapolis and Dullith were very light; and the continued cold weather in the winter wheat belt, it was hought, would restrict the acreage of winter wheat for the next crop. Domestic markets showed much firmness and continued to 500 her

On the other hand, as hearish items, Liverwas 160 lower, and the British visible pool was 50 lower, and the British visible supply find increased 2,000,000 bushels during the past week. Shorts were nervous and disposed to cover, but found very little wheat for sale, which only increased their desire to get it. They were aided in the early part of the session by good purchasing orders from New York. There was free buying by the leading commission houses, and the trading became somewhat excited.

December opened at 25,23% c, advanced sharply to 25 c, but cased off to 25% c, and stood at 25% at the close yesterday. During the last hour wheat became easier, and after selling at 25% c fell to 25% c, but closed steady at 25% c. The most urgent shorts had covered by noon, and some of the early buyers began to realize on

ne of the early buyers began to realize on the advance. Late cables reported Berlin 315 marks, equal to 3c a bushel, lower on wheat; Antwerp 25 centimes lower, and Paris 20 centimes lower, Late Liverpool cables, however, reported the market firm

cables, however, reported the market firm and lagher.

Corn was quite irregular, and at one time had a severe slump, but the strength in wheat finally caused it to recover part of the decline. October one-ned unchanged at being and rold quickly to 52½c. Then, on free selling by some of the log operators, the market became very heavy and there was a quick drop to 52½c, but when the pressure was removed the market recovered forme and was helped by the strength in wheat, selling back to 52½c, and off to 52c. During the last hour the market became firmer on the light estimated receipts for to-norrow, October advancing to 32½c, but it soon eased on the free selling and rumors of more new corn arriving in Kausas City and St. Louis in fine and dry condition, and sold off to and closed at 51½c.

Outs were quiet and with narrow fluctuations closed at yesterday's last prices.

Hog products were weak and lower, influenced a good deal by the weakness in corn and the absence of buyers, and the close shows a loss of 1624c. 20c on pork; 74600c on lard and a like amount on ribs.

The leading futures ranged as follows, as cor-rected by John M. Oakley & Co., 45 Sixth street, members of the Chicago Board of Trade:

EVIDENCES OF AN ACTIVE MARKET.

The Local Speculative Pulse Beats Stronger All Along the Line.

The Wittmer Brick Company has pur neres, and is organizing a company to put

The cool weather has given a fresh in pulse to business in all lines. Sales of nearly \$200,000 worth of real estate were reported in this column yesterday, showing that this great interest is sharing in the general re-

A large number of important enterprises are on the slate for next year. These include several business blocks, three or four office buildings and one church in the downtown district. A large hotel is also in contemplation. Altogether, judging from the amount of business in sight, and also from the position of the market, it is venturing little to predict that 1802 will be a redletter year in Pittsburg realty.

Movement in Acreage. It was reported yesterday that a tract of about 100 acres, on the Panhandle Railroad, a short distance below the city, was about

winter, the conditions justify expectations of an active movement. Inquiries are numerous and sales frequent, and in many instances of great importance, unless checked by something not at present in sight or anticipated, the improvement will go on. A heavy spring trade is thought to be practically assured. The outlook for Pittsburg realty is full of confidence and promise.

promise.

The extension of rapid transit facilities will be an important factor in future operations, and is being watched with great interest by owners and dealers in realty. It will bring into market a large scope of territory at present unavailable for residence purposes. This will augment the supply of lots and keep prices within reasonable bounds.

Two of the three big deals in realty, mentioned in this column a few days ago as "cooking," were consummated and reported yesterday. The other and largest will come

is a good sign. The city is prosperous and the people have money.

It is expected that the bridge over the

The Sharpsburg and Lawrenceville Bridge Company has declared a dividend of \$1 per share.

Share.

Kailroad reports continue favorable.

Hocking Valley earnings month of September increase, \$42,861; nine months increase, \$207,510. The increase for the month is 14 percent and for nine months 9 percent.

From the rejuctance of holders of local stock to part with their goods they evidently believe the market is coming their way.

Oil made quite a spurt yesterday. The pit, although by no means exciting, presented a striking contrast to the drearness of a few weeks back.

Movements in Realty.

Baltenspeiger & Williams sold to B. J. Williams, of the firm, lots Nos. 10, 11, 12 and 15 in the A. L. Watkins Stanton avenue plan, each having a front of 24 feet on Cole-ridge avenue, for \$2,400. Mr. Williams will break ground for three frame dwellings on

Nos. 30 and 31 in the Adam Roll plan in the Twenty-second ward, inving a frontage of 80 feet on the south side of Kensington street by a depth of 83 feet, for \$1,000.

W. A. Herron & Sons sold on Smith street, Hazelwood, near Second avenue, a frame nouse of six rooms, lot 25x120 feet, for \$2,400

cash.
A. Z. Byers & Co. sold for the Ridgeview A. Z. Byers & Co. sold for the Ridgeview A. Z. Byers & Co. sold for the Ridgeview and Company to Miss Josephine Shuelenberger lot No. 23 in their plan, Eleventh ward, Alleghenv City, on the line of the California Avenue Electric road, having a frontage of 25 feet on Massachusetts avenue, and extending through 125 feet to a 20-foot ally, 100 seed.

for \$600

W. A. Herron & Sons sold on Virginia avenue, Thirty-fifth ward, a brick house six rooms and modern fixtures, for \$2,000 on monthly payments.

S. A. Dickie & Co. sold for Messrs. Bell & Caldwell to O. S. Decker, a lot 40x102 feet, on corner of St. Clair street and Friendship avenue, with two-story brick house, for \$8,500.

\$8,500.

J. E. Glass sold for A. C. Watkins his handsome Queen Anne residence situate on
O'Hara street, near Emsworth avenue, with
lot 83x95 feet, for \$9,000.

The Building Record.

story dwellings to stores, on Third avenue, Second ward: cost, \$2,500. D. Douglass, frame to twoward; cost, \$2,500. McCandless street, Eighteenth ward; cost' \$1,000. Marks Wohl, two frame two-story dwellings, on Forbes street, Fourteenth word; cost, \$5,000. John H. Knight, frame two-story dwelling, on Southern avenue, Thirty-second ward; cost, \$1,800. O. W. Flowers, frame one-story and mansard dwelling, on Natchez street, Thirty-second ward; cost \$1,500. Three others costing \$1,500.

PINANCIAL TENDENCIES.

The Outlook Encouraging for an Abundant and Comfortable Market.

While the local money market is somewhat sensitive, there are influences at work which it is thought will not only prevent a stringency but result in greater case. Interest and dividend disbursements this mouth will set free a large amount of funds, which will seek reinvestment. Receipts of gold from Europe are heavy. The demand from the West is falling off. These are important

HOME SECURITIES.

HOLDERS TIGHTEN THEIR GRIP AND OFFER GOODS SPARINGLY.

The Active List Narrowed to Two of the Tractions-Other Properties Wanted in Vain-Bullish Feeling and Values Stiffer -Status of Electric.

There was considerable snap in the market yesterday, particularly at the last call. Buying orders appeared to be numerous and bidding was brisk, but there was hardly anything for sale.

There was no business except making quotations at the second and third calls.

At the first 100 shares of Pittsburg Traction

sold at 40, and 170 shares of Birmingham Traction at 17. The feeling was bullish-especially on the part of holders. All of the Westinghouse

part of holders. All of the Westinghouse interests were strong. Electric and Switch and Signal improved their position, and Philadelphin Gas and Airbrake held their own. Sight concessions would have resulted in heavy sales.

Pittsburg Traction advanced a fraction at the middle call. The rest of this class of properties held advanced ground. Luster weakened a trifle. New York and Cleveland Gas Coal was bid up to 39%c, offered at 4lc. Banks and insurance received little attention.

Mr. George Westinghouse indulged in Mr. George Westinghouse indulged in some talk during the day. He said the Elec-tric and Manufacturing Company would soon be in better condition than ever before. It will be free from floating debt, He added that certificates for assented stock would be ready in a few days. The majority of the stock is held outside, taking the control away from this city.

stock is held outside, taking the control away from this city.

The Duquesue Traction road is making a brave effort to overcome its difficulties, and all who have a regard for Pittsburg's prosperity hope it will succeed. It was stated yesterday that the small cars, so far as they have been tried, have proved satisfactory.

QUIET WALL STREET.

THE STOCK MARKET DULL, TO THE SURPRISE OF OPERATORS.

An Absence of Buying Orders—A Depressed Opening Followed by a Better Feeling-Atchison Still Leads in Activity-Erie Securities a Late Feature.

New York, Oct 6 .- The stock market today, to the surprise of the street and many operators failed to display either the volume of business or the width of fluctuations naval of late and the market at times was positively dull. The absence of buying or-ders of moment was most marked, and throughout the day the professionals and the trading element hammered the list per-

the trading element hammered the list per-sistently.

The opening showed that the efforts for lower figures begun yesterday had not been given up, and these efforts received encour-ment from the heavy selling for foreign ac-count right at the opening, which resulted in making the first prices in the active stocks generally large fractions lower than last evening's figures. The early demand, how-ever, was sufficient to turn the course of prices in the upward direction, and for some time the market presented a strong front, with Missouri Pacific, Rock Island and the Bituminous Coal stocks showing great Bituminous Coal stocks showing great

with Missouri Pacific, Rock Island and the Bituminous Coal stocks showing great strength, Tennessee Coal rising 3 per cent to 41%. The hammering, however, was incessant, and when the demand slacked away prices went back again, and in the downward movement Rock Island was specially prominent under heavy pressure. Atchison still led the list in point of activity, but there was a marked falling off in the volume of business from that of the last few days, and its movements were made in narrow limits throughout the day.

The general list displayed little or no feature of interest at any part of the day, but as a rule Missouri Pacific, Wheeling and Lake Eric preferred, Lake Shore, Lackawanna, and Chicago, Burlington and Quincy showed the greatest strength. In the afternoon the Eric securities became the great feature of the day, and the stock became the leader in activity, while rising 1½ per cent from the forenoon. The preferred stocks and the bonds followed and the strength shown had a good influence on other parts of the list, most stocks again being brought up beyond their opening figures. Some of this improvement was lost late in the day, but the market finally closed quiet but firm, generally at insignificant gains over first prices, and with most of the list practically at last night's figures. Eric is up 1 per cent and Tennessee Coal 1% but the rest are only slightly changed for the day.

Railroad bonds were affected by the hesitating temper of the stock list, and while the transactions covered an unusually large number of issues the final changes are quite irregular, although advances are in a uniority. The total sales were only \$1,291,000. The highest and closing quotations were:

Drygoods Market.

New York, Oct. 6.—The cooler weather imparted a better tone to the drygoods market, and business on the spot was somewhat improved. The most prominent feature as regards new business was the order trade for next season, which gradually widens out. Stocks of seasonable goods continue moderate in both staple and fancy fabrics, with prices firm.

Metal Markets. New York, Oct. 6.—Pig iron dull; American, \$15 75@18 00. Copper steady; lake October, \$12 30: November, \$12 35. Lend dull domestic, \$4 523. Tin quiet; straits, \$20 15.

The Price of Bar Silver. New York, Oct. 6.—[Special.]—Bar silver in London, 44 3-18d per ounce; New York deal-ers' price for silver, 96% per ounce.

Gratifying to All.

The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy Syrup of Figs, as the most excellent laxative known, illustrate the value of the qualities on which its success is based and are abundantly gratifying to the California Fig Syrup Company. A Good Suggestion.

If you have valuables keep them where they will be safe. The safe deposit vaults of the Farmers' Deposit National Bank, 66 Fourth avenue, offer you security, strong vaults, perfect ventilation, good light, spacious coupon rooms, separate apartments for women. Boxes rented at \$5 and up-THE PEOPLE'S STORE-FIFTH AVENUE.

ideas in trimmed hats and bonnets.

Elgin Butter Higher, and All Choice Dairy Products Firm.

GOOD POTATOES IN SHORT SUPPLY.

Oats, Shell Corn, Wheat and Flour Are Steady at Quotations.

COFFEE AND SUGAR ARE BOTH QUIET

OFFICE OF PITTSBURG DISPATCH, }
TUESDAY, Oct. 6.

COUNTRY PRODUCE-Jobbing prices-At the Monday meeting of the Elgin board creamery butter prices were advanced 21/c per pound on prices of last week. As our markets are bare in lines of good creamery the advance in prices at Elgin will go into effect at once. Our quotations are moved upward in accordance with the facts. Cheese of September make is expected on the market before the week is out and prospects are for higher prices. Strictly fresh eggs are scarce and firm at outside quotations. Choice potatoes are in limited supply and markets are steady. Sweet potatoes are slow and dell at reduction already noted. In fruit lines grapes have the lend. There were fully 13 carloads on the market Monday and 10 carloads to-day. Concords are the leading variety, and supplies are in the main from Western New York and Northwestern Pennsylvania Translations are in the growing from the main from the control for the same growing growing the control for the control of the contro sylvania. Tropical fruits are in growing demand and prices show an upward ten-
