Some Excellent Contests By Many Prominent Athletes at Exposition Park.

BOSTON VISITORS IN GOOD FORM.

HE WILL START TO SIGN PLAYERS.

Results of Turf Events Fast and West-General Sporting News of the Day.

Whatever power controls the weather has not the most kindly feelings toward the Allegheny Athletic Association. Whenever the members of that organization hold a field day or anything like it bad weather can be relied on. Yesterday was no exception because the day was damp and cold and before the sports were concluded rain The inclement weather fell beavily. deterred hundreds of people from attending, and as a result the crowd was much less than it otherwise would have been. Still the attendance was good considering the bad weather.

The contests generally speaking were excellent, but the programme dragged too much. The visitors from Boston did very well and took away a good share of prizes. Mr. Long is

A GOOD ALL-ROUND ATHLETE, but in some of the events he was too heavily handicapped. The same may be said of McKennau. The latter was certainly asked to concede too much start in the hop, step

and jump.

The 20-yard sprint race was an exciting The 23-yard sprint race was an exciting one, and the finish between Jarrett and Laughlin will lear be remembered. Laughlin, by the way, is a capital finisher. There was an unpleasant feature in the 100-yard race. E. V. Paul got three times over the mark before the pistol was discharaed, and, of course, be was disqualified. This caused considerable dissatisfaction, but probably Paul was more to blame than the starter. There was also all little difficulty in the 120-yard hurdle race, and as a result E. E. harnes, of the New Jersey club, refused to start. He was seniel man, but the starts conceded some of the other runners placed them too near the first hurdles, and Referee Moorhead ordered the scratch men back a Moorhead ordered the scratch men back a low yards and also the other contestants. Barnes objected to this and declined to start. The results were as follows:

A DESPERATE RACE.

Direct and Hal Pointer Go Two Heats, Each Winning One, and the Contest Is Postponed Until To-Day-Pointer Is a Strong Favorite in the Pools.

TERRE HAUTE Oct. 6 .- Nature showed up a rare autumn day, a little too cool, however, for harness horses to be at their best. All night and morning there were busy men and teams working on the track, which by noon was in good shape, not lightning fast, but sate and of the footing that horses revel in Early in the morning rumors were current that there was a hitch in the Direct-Hal Pointer match: that Monroe Salisbury, owner of the black stallion, would not start his horse, and had not worked him out yesterday, having in view a race for to-day. The rumors found little credence with the people, and by 1 r. M. fully 12,050 people were on the grounds. The 2-year-old trot and the 2-16 pace were about through, and the crowd was becoming impatient for the appearance of the champions, when President Ijams mounted the starter's stand and anno that Mr. Salisbury had declined to start Direct; that the association had offered the money in good faith, and were prepared to pay it to the winner of the race; that Mr. famlin was ready to start his horse, and rather than disappoint the people in attendnuce, would send him a mile against his record in 2:00%. At 4:30 Geers behind Hal Pointer appeared on the track, but before he had finished warming up, President Ijams announced that Mr. Salisbury

HAD CHANGED HIS MIND

and would start his stallion. At 5 o'clock the two pacers scored up for the word, Pointer having the pole. After several scores the word was given, with Direct at Pointer's saddle. The position was maintained to the quarter in 35 seconds, on they went to the half in 1:091, and it was seen that Geers had mapped his campaign to beat the black stallion in the home stretch, and that such was to Starr's satisfaction. As a double to an they passed the three-quarters in 142 and then the drive began. The lash descurded on the stallion, and gamety he answered it. Pointer as ever was maintain-ing a slight lend, and answering every stroke of the stallion, held the heat safe, when within 100 feet or the wire Starr with a new within 150 feet or the wire. Starr with a mag rificent drive brushed. Direct with a terrific

nificent drive brushed Direct with a terrific burst of speed on to him, carrying him off his teet and the heat was his, the last quarter having been done in 31 seconds, the last eighth in 1332 seconds.

Pools now sold Direct, \$50; Pointer, \$40. In the second heat Geers, knowing that he could not win the battle in the last quarter manist the phenomenal speed held by Direct, changed his tacties, and in scoring brought Direct down to the wire at a heartbreaking gait. The word was given to a breaking gait. The word was given to a splendin start, and locked they went to the quarter in 31 seconds, Pointer making Direct attend strictly to business, to the half in 1:07 and then the fight began.

A DESPERATE STRUGGLE. With every nerve drawn to its utmost tension the game horses fought it out down the third quarter. Their pace was quickened to a killing pace, and victory could only be to the one that could live through. No endeavor to save the horses for the final brush. The battle was on and was to be

fought out-endurance and gameness would

tell the tale. All was hazard. In 33 seconds they were to the third quarter. The lash then began to fall upon the stallion, and the two drivers, using every endeavor and art known to the profession, urged on the flying steeds. Slowly but sarely Hal Pointer closed upon the stallion. At the distance stand he is at his neck, half way home he is even, and so they remain to within 30 feet of the wire, when Geers rallies Pointer and he goes under the wire winner by a nose. Pandemonium broke loose. Cheer after cheer greeted the victor. Darkness coming on the race goes over to-morrow, when the track will be to an edge and sensational time certain.

tain.

This evening the inwardness of Mr. Salisbury's action comes to light. Direct was short of work for a bruising race. By delaying the start the race could not be completed to-day, and the two heats would serve to put Direct in shape for to-morrow. In the 2-year-old race Triumph won as he liked, losing the first heat through swerving at the first turn. In the 2-16 pace pools sold, Lee H, \$50; field, \$50.

DORTCH WINS A HEAT. In the first heat Frank Dortch and Lee H

In the three last heats Grant's Abdallah, Lee H and Frank Dortch had it from wire to wire, but each ended in Grant's Abdallah having mos speed. The Uniontowns Won. MANNINGTON, W. VA. Oct. 6 .- [Special.]-There was an interesting game here to-day between Mannington and the Uniontown teams for a purse of \$300. The large purse and an anticipated great game called out an excited crowd and betting on the outside was heavy. The only feature of the game was the battery work of both teams. The score resulted Uniontown, 4; Mannington, 1. The Uniontown battery was composed of Altman and Quinn, who virtually won the

Will Meet at Rushville, NASHVILLE, Oct. 6 .- Hal Pointer and Direct have been matched to pace here during the Comberland Fair Association inaugural meeting for a purse of \$3,000. Secretary Russwurm closed the contract at Terre

Haute, Ind., yesterday. IT IS MANAGER M'GUNNIGLE.

He is Re-elected to Take Charge of the Local Baseball Team.

The absurd and absolutely incorrect state-ments published regarding Ed Hanlon being slated for manager of the local team were completely knocked on the head last eve ning by the directors of club unanimously re-electing Manager McGunnigle to fill the position for another year. There never was the least intention to elect any other man and his terms were accepted by the entire board without a whisper. The fact is commentary enough on the will-o-the-wisp stories that have been floating around.

The meeting of the directors was of the most harmonious kind, President O'Neil being in the chair. Outside of re-electing Manager McGunnigle, the business transacted was entirely of a routine kind. Mr. McGunnigle's salary was increased, and he will commence to-day signing players for next year. The players whom he will likely try and sign among those at present on the team are: Baldwin, Galvin, Miller, Beckley, Bierbauer, Mack, Corkhill, Shugart and Maul, Manager McGunnigle will also at once go after three new players whom he feels sure of securing. The manager had a good offer to go to Baltimore, which he declined, preferring to stay in Pittsburg for another season, firmly convinced that he can put a winning team in the city.

ONLY A BISCUIT A DAY.

THE FAMINE MAY DRIVE RUSSIANS INTO OPEN REBELLION.

Citizens and Officers Following the Czar's Example of Dispensing With Luxuries and Devoting the Money Thus Saved to

Relief-Poor Workingmen Do the Same. ST. PETERSBURG, Oct. 6.-Entire States are being deserted on account of the famine. A new law has been enacted forbidding the sowing of seed this fall, so that the acreage will not be sufficient for the home supply, still less for export. So great is the distress that people have been driven to pillaging each other, first setting fire to villages and then robbing the inhabitants. By the united charities of the Government and the people a biscuit a day is allowed every individual in the famine district. The distress is a greater menace to the Government than all the efforts of the Nihilists. The famine may cause a revolution where love of liberty has failed. Aid is being sent in by the Holland Hebrews and Nihilists and

by America. The latter has sent \$5,300.

The newspapers of St. Petersburg denounce the conduct of the merchants and members of the nobility for seeking profit from their stores of corn, while the poor peasants are starving. They make a strong appeal to the Government to remove the edict prohibiting the export of rye, and sub-stitute therefor a heavy tax on the exportation of all cereals. Reports from the Baku district and elsewhere are to the effect that thousands of persons are dying of starva-

The officers of the Imperial Guard have decided not to dring champagne at any of the regimental banquets, and to contribute the money which would in the usual course of events have been so spent to the peasants of the famine-stricken districts. All classes of citizens here, following the example of the Czar, who has decided that no court balls will be given during the coming sea-son, and that the money usually spent for this purpose shall be devoted to the relief of the sufferers by the famine in his country, have resolved to abandon all entertainments during the winter and contribute the money thus saved to the fund for alleviating the distress of the famishing people. AN EX-MAYOR'S SUICIDE.

Illness and Business Troubles Prompts a Corry Man to Self Slaughter.

CORRY, Oct. 6 .- [Special.]-The saddest event that has occurred in this city for a long time was the death this morning by suicide of Hon. A. F. Bole. He was not feeling well last night, and this morning his daughter Katie, before going to school, went into her father's bedroom to kiss him, as was her custom. As she turned to go out she noticed that he drew the bed coverthe tatal shot was heard. Mrs. Bole and a lady friend were at his side in an instant, and Dr. Phillips, who was passing, was called in, but death was instantaneous. The ball entered his right temple and passed nearly through the head. Mr. Bole had borrowed the revolver from Attorney Olmstead but a few days ago, preparatory to making a trip to Arkansas.

The pricipal cause of the suicide was busi-

ness embarrassment, though Mr. Bole had been sick for some time. He was heavily engaged in lumber interests at Walnut Ridge, Ark., and as lately there has been no market for lumber there he became greatly involved. For some years he has been deaf in one ear, and eminent specialists said he was gradually becoming incurably and totally deat. This information affected him greatly and he was heard to say he might as well be dead. Mr. Bole had been District Attorney for two terms, and had an excel-lent law practice. He held the office of Mayor for one term, positively refusing a re-election. He was 43 years of age. He carried a life insurance of \$10,000.

VARIOUS ROUTES TO DEATH

Taken by Four Unfortunates Who Put an End to Their Lives Yesterday.

NEW YORK, Oct. 6 .- [Special.]-Henry J. Pronk, a Frenchman, came to this country two or three years ago with \$45,000 to establish an art business. He seems to have paid more attention to the races than to his business. He lost largely. On one day in April he lost \$7,000, and in May one day he dropped \$1,000. Since then his wife has supported him by doing general housework. To-day she found him in a closet dead. He had hanged himself.

Joseph Schmidt, a locksmith, was found hanging by the neck this morning when the shop was opened. He was 67 years old and did not care to be 68. Park Policeman James Higgins found a suicide to-day. In his pocket was a letter from Chattanooga, dated September 13, offering a job at stone cutting to Allen Gilchrist. David Rothschild, 24 years old, shot himself in the breast to-day and is likely to die.

A GRAND JURY'S LEGALITY

Called in Question by the Attorney General of California.

SAN FRANCISCO, Oct. 6 .- Attorney General Hart to-day filed in the Supreme Court a petition for a writ of review to test the validity of the present Grand Jury. This is in connection with the Chute case. The court ruled that the province of the Supreme Court was to decide cases and not answer questions, and that a person under indietquestions, and that a person under indictment was the only one to question the legality of the Grand Jury. Such person could apply for a writ of prohibition. The Attorney General's application was dismissed. He thinks this establishes the legality of the Grand Jury.

IT HAPPENS TO BE A CORPORATION.

Be Found Tet Alive.

MINOR NEWS FROM THE THREE STATES

No Hopes That the Entombed Miners Will

PRECIAL TELEGRAM TO THE DISPATCH. NEW CASTLE, Ost. 6.-There is war be tween the New Castle Electic Street Railway and the County Commissioners. All the road bridges in the city are owned by the county as a whole, and are not the property of the city. The street car line has begun the work of laying a track from the Union depot via the East Side to the Diamond on the West Side. In order to complete the line the county bridges will have to be crossed.

This morning the County Commissioners served a preliminary injunction on the railway company, restraining it from laying a track on these bridges. The Commissioners were compelled to take this step to satisfy the demands of the Farmers' Alliance, which objects to street cars because they frighten horses. It is said the Alliance opposed to all corporations, and as the street car company is one this may be the real cause. A hearing will take place Saturday before Judge McMichael.

NO HOPE FOR ENTOMBED MINERS.

The Work of Finding Their Bodies One of the Greatest Difficulty.

Porrsville, Oct. 6 .- The rescuers at the Robinson Colliery at Gelearbon have to-day given up all hope of reaching the entombed miners alive. Although as large a force of men as can be handled in such a limited space as the Crosby gangway will permit have been kept at work steadily the rescuers at noon to-day had only reached breast No. 6, and the gangway is still blocked as far as breast No. 4. The rescuing party is unable to proceed more rapidly owing to the treacherous condition of the roof, it threatening to fall at any moment. When the run occurred all the timber in the gang-

Several times squeezes have taken place, breaking the new timber and making the work of the rescuers very hazardous. Michael Grant, the young driver who had his skull crushed, les in a precarious condition and his death lies in a precarious condition and his death is momentarily expected.
