

of the world shall have by concurrent action fixed the ratio between gold and silver. The Republican party stands, therefore, for a dollar worth 100 cents whether it is made of silver or gold...

What the Silver Producers Want. The silver in the silver dollar averaged to the government the credit of the silver dollar, and the government puts its stamp upon it...

Position of the Republican Party. The Republican position is that if there is to be any profit in the matter of money-making, that profit should go to the government of the United States...

The Lessons of Experience. It never has and it never will. [Applause.] And if there is anything we have a right to demand of our government...

They Voted Together Once. He and I voted together once [laughter]. He was not willing then to change it [applause]. He is willing now [cheers].

Taking Up the Tariff Issue. Now the other issue is the one relating to the tariff. The Governor does not like protection now. [Laughter and cheers.]

A Low Tariff Increases Importations. A low tariff has always increased the importation of foreign goods, multiplied our foreign obligations, produced a balance of the trade against the country...

Do you think that a customer in London is better than a customer in New York? Do you think a customer in Berlin is better than a customer in St. Louis?

The Splendid Home Market. You have built up this splendid market. You built your schoolhouses and your churches, you have built your canals, and you maintain your State institutions of every character...

More and better than that in the first ten months under the law we sold more American products in Europe than we ever sold in any ten months from the administration of George Washington to the administration of Benjamin Harrison...

What the Tariff Protection of Farmers. What is the protection of the tariff of making papers in the United States? Contrast the United States with free trade England. The population of England is 37,000,000. The population in England are 888,000...

A Slip at Governor Hill. Except pearl buttons—Governor spoke about pearl buttons—well, we did raise the tariff on pearl buttons. We raised it to put our pearl button men to work, [applause]

Democrats Never for Free Sugar. Every Democratic tariff law that was ever proposed had a tariff on sugar; the Wood bill and the Morrill and the Mills bill...
