MINERS GET EXCITED

Over a Report From a Coal Operator That Forty Miners Are

WORKING AT THE OLD RATES.

A New Piano and Organ Factory to Be

Built at Kensington. MISCELLANEOUS INDUSTRIAL ITEMS

Considerable excitement was stirred up last evening when the announcement was made that about 40 out of 72 mines in the Pittsburg district were at work at the old rates. This information was given out by

W. A. Black, Secretary of the Chartiers

Valley Coel Company. The list furnished

by him follows: Panlinndle Bailroad-Midway, Biack Diamond, Primrose, Jumbo, Willow Grove, Allison and W. P. Rend & Co.'s Miller's Ron mines; Baitimore and Ohio-Eureka, Waverly, Port Royal and Scott's Ocean mines: Pittsburg, McKeesport and Youghioghony— Parr, Bonning and Whitsett mines; Pittsarg. Virginia and Charleston-Acme, Allen, ne, Smook and Lynn mines; Pennsyl land Gas Coal Company, tour mines; the Penn Gas Coal Company, seven mines; Westoreland Coal Company, four mines; Hamp-Duquesne, Springhill, F. L. Stevenson and Ullery & Co.'s mines.

FUETHER CLAIMS BY OPERATORS. Mr. Black continued his information to the effect that the mines working are running coal only to yards and local trade. No coal is being mined for the foreign trade except at the old rates. Mr. Black also denies that the New York and Cleveland Comsany's mines are working at the advance, and says that all the mines mentioned above are in operation at the old rates.

When this information was given out it pread like wildfire throughout the mining istrict. The men along the lines of railway affected by the strike hustled around the mines to learn what truth there was in the statement. President Costello started on a personal investigation and before 10 o'clock last night he had reports in from his subordinates in every direction. The man-ner in which the report had been given out and the confidence expressed by the operators ndicated that they thought the strike was roken and that in a few days they could claim a victory over the men. Mr. Costello expressed himself very differently. After hearing from the districts, he said: "Why, I can say that the miners are not working at the Black Diamond mines. A few men may be in the Jumbo mines, but they are not overanised. At Scott's Costan mines. not organized. At Scott's Ocean mines there are 12 Hungarians and I am very sure that no great number are at work along the Baltimere and Ohio, and those who are on duty are imported.

NOT ALL IN THIS DISTRICT.

Besides, all the mines mentioned in Mr. Black's list above West Newton are not in the Pittsburg district. The mines he mentions on the Pittsburg, McKeesport and Youghiogheny road are in the Connellsat Linnekin's, 638 Penn avenue, Pittsburg, and 174 Federal street, Allegheny. Tus There may be a few men at work along the Pittsburg, Virginia and Charleston, but the nines are not in anything like practical peration. As for the seven mines of the Penn Gas Coal Company, they are not in this district, and I believe we have an agreement that will show how the New York and Cleveland Gas Coal Company is work-

I want to say in a general way that this is the most complete cessation of work that ever occurred in Pittsburg. There have ways been in the outlying portions of our strict a small number of miners whose serial a shall number of maters whose perators would never concede any price till it was established by the major ortion of the district. In nearly 1 of those outlying mines, the coal is of an inferior nature, hence they have seldom ever had the district price. If they ever paid it it was only when the regular district price was so low that the

The developments will be watched for in the future with great interest.

A VERY STUBBORN FIGHT.

The Printers' Strike Narrowing Down to One of Endurance.

The printers' fight still grows more stubborn. Yesterday a new lot of men arrived and the printers, as usual, succeeded in converting a few of them over to their ranks. The fight has now narrowed down to one of endurance and the opposing forces are under the direct leadership of Secretary are under the direct leadership of Secretary Knapp, of the Typothere, and President Present, of the International Typographi-

Percy Smith said vesterday that the em ploying printers were in very much better shape than they had been at any time since October 1. Secretary Knapp says the Pittslorg employers are doing better than did those of Chicago, and they won.

The union printers, however, are keeping

up spirits, taking encouragement from their claimed successful attempts to get the men brought here to leave the city nearly as

Good Wife Suggests Cuticura Remedies Uses Them 7 Months, and Is Entirely Cured.

I was in the war during 1853-94 and took a heavy cold at Gettysburg, from which I never fully recovered. In 1878 I broke out in sores all over my chest and shoulder, which seemed impossible to cure. I tried all the famed doctors I could find, and to no avail. I expended some five thousand dollars trying to find a cure, but could not, and finally giving myself up to die, my good wife suggested to me. One day, to try the CUTICURA REMEDIES, which were successively advertised and used. I followed her suggestion, and am happy to say by diligent application of your CUTICURA REMEDIES for seven months I was entirely cured after spending five years of time and money without avail, and am a sound and well man to-day. You may refer to me if you wish, as I will tell any one who may call on me my experience.
