THE FIVE DOLLAR RATE.

WHY IT WAS EXTENDED TO NOVEM. BER FIRST-THERE SHALL BE LEFT NO ROOM TO DOUBT.

As has been said, Dr. W. H. Copeland was president of his class at Bellevue Hospital Medical College, New York, where he grad-nated, the most famous institution of its kind in the country. His diploma bears the written indorsement of the medical authori-ties of New York, of the denns of prominent medical colleges in Pennsylvanis, Dr. Hall's cretientials are no less abandant and un-qualified. He also is formally indorsed by the secretarics of various county and State medical societies. The diplomas of both gentlemen bear the formal written indorse-ment of the Western Penasylvannia Medi-cal College, of Pittsburg. For considerations stated in these column last week, and in order by practical tests to give the public abundant opportunity to test the superiority of their skill and their meth-ods, Drs. Copeland and Hall extended their rate of \$5 a month for medicines and treat-ment through October. All patients apply-ing for treatment before November 1 will be treated for \$5 a month, and all medicines furnished free, each month's treatment, in-cluding medicine, to cost \$5 UNTIL CURED. Drs.
