THEY MEET IN PHILADELPHIA

Under the Shadow of Independence Hall and the Liberty Bell.

(SPECIAL TELEGRAM TO THE DISPATCH.) PHILADELPHIA, Oct. 12 .- The Pan-Republican Congress held its first session this morning in the Common Council chamber, where the inspirations associated with Independence Hall filled the members with a feeling that the historic place was of all in the world most fitting for the initiation of their great work for human freedom and unity. Men and women of distinction from different parts of the country were gathered to inangurate a movement which they felt might have a greater influence upon the future of mankind than any hitherto entered upon in the annals of time.

and the Mayor of Philadelphia, there were present Governor Hoyt, of Wyoming; Dr. Champion S. Chase, of Omaha; Dr. John Clark Bidpath, of Indiana; Judge Arnoux, Captain John Palmer, Commander in Chief of the Grand Army of the Republic; Dr. of the Grand Army of the Republic, Dr. H. P. Lewandowski, Theophila Kraemer, Peter L. Wokziohi, of New York; H. B. Blackwell, Lucy Stone Blackwell, Austin S. Cushman, of Massachusetts; Colonei J. E. Peyton, of New Jersey; H. C. Parsons, of Virginia; E. A. Jefferson, of Illinois; Rev. George Dana Boardman, D. D., Allen B. Borke, Rachel Foster Avery, Lincoln L. Evre, Henry Pettit, Hugh McCaffery, of Philadelphia, and many others.

OBJECTS OF THE MEETING.

The meeting was held to prepare the way for the great congress of 1893, during the Columbian Exposition, at which all the Re-publics of the world are to be represented, with the object of advancing republican government. If the meeting this morning was rather small in numbers, considering the magnitude of its undertaking, there was power in the enthusiasm displayed which promised all that is needed for success.

It was 10:30 when the Chairman of the local committee, Dr. Persifer Frazer, called the members to order and stated the objects and progress of the movement, which has been gradually approaching the present stage of organized endeavor through many years of struggle for liberty and justice. It combines, said Dr. Frazer, in its purpose all human efforts in the direction of the ends, and has the encouragement of men of high thought and character in 11 countries.

ADDRESSES TO SEPARATE CLASSES.

It was the thought of those with whom this movement began that the four hund-redth anniversary of the discovery of this continent should be celebrated by a convocation; first, of representatives of all Governments based on an acknowledgement of the rights of man; and, secondly, of representatives of the people of high purpose everywhere, independently of the form of Government under which they live; these two bodies to consult together on the means of widening the domain in which men may enjoy the rights claimed by the Declaraion of Independence.

Sub-committees have been appointed to draft the several addresses to the separate classes whose union is essential to the success of the congress. Dr. Frazer concluded his remarks by inviting Dr. John Clark Ridpath to act as chairman in the absence of Judge Arnoux, President of the congress, Dr. Ridpath, after saying that toward this Mecca of human liberty the eyes of many peoble will now again be turned with renewed hope hereafter, as in the past, introduced Governor Pattison, who was cordially re-ceived and delivered an address of welcome, in the course of which he said:

lined by George Washington in his will, whereby he left a large share of his prop-erty for the establishing of a national uni-versity to educate citizens in Statecraft, its doors open to the youth from every land." The only news received by the board here of the trouble at Ichang came in a let-ter from the missionary at Shanghai, dated September 4. This letter simply inclosed a telegram which had just been received from Hankow, giving the bare fact that there had been a riot. Nothing has yet been learned by the board as to the extent of the damage done. The next report from the foreign mission fields, which will be issued by the board in a few days, will say: AN ENCOURACING REPORT. TESTING TYPE-SETTING MACHINES.

Four Different Varietles Contesting for the Premium at Chicago.

CHICAGO, Oct. 12 .- The type-setting machine contest began this morning. The machines in competition, the Mergenthaler linotype, the Rogers typograph, the Mo-Millan type-setting machine and the St. John type-bar, are undergoing a rigid test as to their endurance, speed and availability for daily newspaper use. They are being operated eight hours a day and careful watch is kept of the work of each.

Copy of every description that a printer is called upon to set up-manuscript, re-print and telegraph "filmsy"—is being given to the machines. The product is carefully read by proof-readers, and the time taken for correction, repairs and stop-pages of all kinds is charged up against each machine and deducted from its time. Letters and telegrams of inquiry from publishers in every quarter of the United States show the interest felt in this, the first, type-setting machine contest ever

MARCHING ON THE CAPITAL.

Union Veteran Legion Men Assembling in Washington, En Route to Reading.

One hundred and sixty delegates to the National Encampment of the Union Veteran Legion at Reading to-morrow and Thursday left in special Pullmans for Washington over the Baltimore and Ohio last evening. The company included delegates from this city and Sharon, Steubenville, Butler, New Castle, Rochester, Beaver Falls, Youngstown, O., and Newark, O. Others were to be picked up at McKeesport from that city, Scottdale and Uniontown. Many more will leave this morning. About 150 will comprise the Pittsburg delegation.

At the Capital the veterans will be re-ceived by the Washington encampment of the Legion and royally entertained. Presi-dent Harrison will receive the visitors during the day. At night the delegates, rein-forced from the State generally, will jour-ney on to Beading. General Butterfield was generally mentioned last night as being favorite for National Commander to succeed A. G. Miller, of Philadelphia.

He was arrested some days ago and left for Victoria under a guard of soldiers. The corpse is rotting away, but no one is bold enough to cut it down. Felippe Sinas, another member of Garzas' band, was caught on the 8th inst., and has been removed in the same way. The soldiers excuse the deaths of these men by stating they were killed under warrants

A political prisoner is given to understand that he must make a break for liberty, and that if he does not he will be shot anyhow. The victim is allowed to get a start of ten yards of his captors, and is then tumbled on his fact with bullets through his back. It is noticeable that these "escapes" never occur in a thickly wooded or bushy country where the pris-

oner would have some chance to dodge. The military rule instituted by the Mexcan General along the Rio Grande since the Garza outbreak is an exceedingly strict one, and the people are afraid to be seen in groups of two and three.

Pacific Railroad to-day began forcible evictions and the destruction of dwellings on its right of way on the levees in Kansas City, Kan. The evicted families are "squatters" on the Union Pacific lands at The Point, and have lived there for years unmolested. Six of the houses of the squatters on the right of way were torn down and scattered in all directions. One engine, with a con-struction car attached, a mass of chains and struction car attached, a mass of chains and ropes and about 20 men did the work. A large heavy rope was run around the houses, the other end of which was attached to the train. When the engine started there was a crash, a shower of splinters and the house had disappeared. The place was the scene of the greatest excitement. Most of the shanties had been vacated for some time, although the furniture remained in two or three where owners refused to move.

The Juch Company Stranded. PROVIDENCE, Oct. 12 -- [Special.] - The Emma Juch Opera Company is stranded in this city, a fact more astonishing because they cleared \$2,700 in Boston and nad an ap-parently successful stay in this city. In spite of that success, when they sought to leave for Buffalo last night they found that the question of bills was detain-ing them. The only explanation of the difficulty that can be obtained is given by one of the company, who says a portion of they cleared \$2,700 in Boston and had an apone of the company, who says a portion of the earnings had been used in the interests of another combination in which the man-agers of the Juch Company were also in-

The fact that a trail of blood was found all along the route of the retreating thug who shot Policeman Grogan, and that Clark denied that he knew she was a woman, has given rise to the suspicion that Helen trapped Clark to cover the retreat of a third person who was probably her lover. Grogan was confident he had winged the fleeing footpad, but neither the man Clark her the woman beneticed here a control nor the woman Forstund bears a soratch. Some of the exploits Helen claims credit for are already discredited. Her descrip-tion tallied with that of the author of two or three bold acts in Butte. Clark has been positively identified by the wounded officer and by both the victims of his robberies, and a watch belonging to one of them was found on his person. The girl is held as an accomplice, but the only evidence against her is her own confessions and the watch of one of Clark's victims, found on her person.

Charitable Work for Poor

The semi-monthly report of the Pittsburg Association for the Improvement of the Poor shows the number of new applicants to have been ten. During the period just ended there were 429 families visited and 217 aided, which includes 849 persons. There were 695 visits made to the poor and 84 for the port. Situations were ob-tained for nine persons and day's work for 36. Eleven were placed in the Sabbath school, six in the public school and one in a school, six in the public school and one in a hospital. As to groceries distributed there were 656 loaves of bread, 232 pounds rice, 215 pounds oat meal, 304 bars soap; diet dispensary, 71 pints beef tea, 329 pints milk, 59 pounds tea, 257 pounds sugar. There were given out 261 grocery orders, 725 bushels coal, 98 garments and 26 pairs partly worn shoes.

APPEOPRIATE PLACE OF MEETING. I bid you welcome to Pennsylvania. It cas a very wise and extremely appropriate suggestion which led to the selection of this state for your meetings. It must have been inspired by motives truly patriotic. The ages of history do not reveal a place more inlowed by associations with the cause of numanity. Here, within a stone's throw, in arpenters' Hall, met the Congress of 1774, arpenters'

himanity. Here, within a stone's throw, in Carpenters' Hall, met the Congress of 174, and assorted their rights to the enjoyment of life, liberty and fortune-declared the people to be the source of authority, and laid the foundation of a Government based upon freedom and equality. Within the walls of this old building was kindled the faune of freedom that is yet destined to light the world. From its tower rang out the sound of the bell proclaiming "Liberty throughout all the land, unto all the inhabitants thereof." Here rested the remains of the great emancipator, Abraham Lincoln, when borne to the place of burial. The ear of the true patriot cannot full to here discern the sound of the voices and the fall of the footsteps of Washington, Adams, Jefferson, Franklin, Henry, Han-cock and their noble associates. With each inspiration the members of the Congress will be double equipped for the task before them.

m. distinguished American orator has said A distinguished American orntor has said that "we inhabit a country which has been signalized in the great history of freedom." We live under forms of government more invorable to its diffusion than any which the world has elsewhere known. AN OBJECT LESSON TO NATIONS.

After a century of trial we are prepared to offer to the nations of the earth the success of a numerous people organized on the principle of the political equality of all the principle of the political equality of all the citizens. I would not disturb the repose of even a dotestable despoisin. But if an abused and oppressed people want their freedom; if they seek to establish it; if, in truth, they do establish it, we have a right a- a sovereign power to notice that fact, and to act as direumstances and our interest require.

May your work eventuate in bringing the world to a knowledge of their benefits. No

Arighter crown could adorn the twentieth century than the triumph of such a cause. As the fifteenth and sixteenth centuries were periods of discovery, the seventeenth and eighteenth of reformation, the nine-teenth of invention, may we indulge the bope that the twentieth may be distin-guished by the political freedom of man-king.

After considerable discussion over its constitu-tion, the Committee on Address to the People of the World was announced, as follows: Dr. Toole, Smithsonian Institute; J. H. Morgan, New Jersey; Colonel Austin H. Cushman, Massachusetts; Mrs. Lucy Stone Blackwell, Massachusetts; General W. O. McDowell, New Jersey.

A COMBINATION OF ADDRESSES.

It was 3:15 P. M. when President Judge Arnoux called the Congress to order. It was reported that all the addresses which had been furnished from which to select the address to the people of the world had been examined, and it was the recommendation of the committee in charge that that address should be made up by combining the best portions of all those submitted. Colonel Allen was called to the Chair while Mr. McDowell read the resolutions upon which it was proposed to base the Human

Freedom League. Colonel Allen made an address of great force, denunciatory of monarchy in general and of Russian tyranny and brutality in particular. Dr. L. A. Stager, of New fork, representing Switzerland, was chosen Secretary. The resolutions reported by the Committee on Organization, which were unanimously adopted, set forth the nature and objects of the league, to which, as charter members, will be eligible the Soof the Cincinnati Sons of Revolution, Daughters of Revolution Loyal Legion, Grand Ar y of the Repub-lic, Womans Relief Corps, Sors of Veter-aus, Confederate Veterans Associations and such other societies as are approved by the authorized committee.

He is also well known throughout Allegheny county and Western Pennsylvania. Many people know how he had suffered for so long a time from catarrh, dyspepsin and a diseased condition of his lungs. His stomach gave him an endless amount of trouble, He had belching of gas from his stomach after esting, sour taste, and often feit like vomiting his food. His appetite was poor, and as his liver was much en-larged it gave him great pain. In fact, he would often be taken with such sharp cramps and pain across his stomach and howels it seemed as if he could not live. He had palpitation of the beart, dizziness, weakness and pain across the small of his back and a numb, lifeless feeling in his limbs. He could get but little sleep, and as every change of the weather gave him cold, he took on a lingering cough. His breath became short and he felt pain and sore-ness in his lungs and under his shoulder blades. Night sweats weakneed him very fast, and he gradually grew worse un-til he lost 30 pounds of flesh.
