

HARD ON RAILROADS.

Effects of the Miners' Strike Beginning to Show Themselves.

TWO BIG MEETINGS YESTERDAY.

A Portion of the Scale Settled at the Edgar Thomson Steel Works.

MISCELLANEOUS INDUSTRIAL NOTES

The Pennsylvania Railroad is the next to feel the effects of the miners' strike. The company has been compelled already to bring coal from the main line to supply its engines along the Monongahela divisions.

More men are reported to be on their way to Pittsburgh and it is expected by Monday that an attempt will be made to operate the mines with foreigners. If this is done, however, trouble is expected.

The miners' officials are not very much afraid of the mines being filled with imported men. In fact, President Costello says he does not believe it can be done.

Local consumers are also having a hard time of it. The dealers have put up the price to 10 cents a bushel in some instances. Coal was delivered to consumers on Robinson street, Allegheny, yesterday at that price.

The miners figure it out very differently, and according to their figures the demands could be granted and a profit of 18 cents a ton would still be left for the operators.

Mr. Costello expressed himself yesterday as very hopeful as to the outcome. He and President Egan went out to Lucysville, where a large meeting of miners was held.

WORKMEN HOLD MASS MEETINGS. The following was received from Monongahela City last night: The entire Monongahela and Youghiogheny coal districts where the miners are on strike was the scene of several mass meetings this afternoon and evening.

THE CHARLETTON PLATE COMPANY has been getting its polishing machinery into working order, and is now turning out an increased amount of glass.

THE CITY OF Blairsville are making an effort to establish a rolling mill at that place. About \$50,000 has already been subscribed.

THE PRIVATE car of Charles L. Pullman was taken yesterday in charge of the delegates. It has been brought east several members of the family.

THE ALLIANCE convention next week will be the most important session ever held. The scheme for placing one Alliance co-operative store in each county in the State will be passed upon.

SENT HOME to Scranton. Daniel O'Hara, a stranded traveler, was an applicant for aid at the Department of Charities yesterday. He is over 70 years old. He said he had been living in Iowa for the past year, and not being able to work, he started in his old home in Scranton.

SHARPSBURG'S NEW INDUSTRY. A Company Formed to Manufacture a Fine Grade of Steel Wire.

A new industry is to be established in Sharpsburg by the first of the year. The Kidd Steel Wire Company, which is operating temporarily at Harmsville on the West Penn road, has bought the Bolivar works at the end of the Sharpsburg bridge.

More Non-Union Men Secured. Word was received at Amalgamated head-

A SHOW ON THE WHARF

An Open Air Exhibit of Street Cars on Water Street Next Week.

PROGRAMME FOR THE CONVENTION.

Pittsburg May Get the Presidency of the Street Railroad Association.

SOME PAPERS THAT WILL BE READ

Everything is in readiness for the reception of the delegates to the convention of the American Street Railway Association to be held in this city next week. It is not expected that many of them will arrive, however, before Monday or Tuesday, although the representatives of some of the companies and firms that will have exhibits at the Monongahela House and other hotels, are now here to put in readiness the displays.

Lewis D. Coffin, of the Citizens' line, who is Secretary of the local committee, was a busy man yesterday. He is beginning to have many callers in connection with the arrangements for the convention and his duties are by no means light.

PLENTY OF FOOD FOR THOUGHT. "A Perfect Electric Motor," by H. A. Everett, Secretary of the East Cleveland Railway Company, Cleveland, O.

"Public and Street Treatment of Corporations," by G. Hilton Scribner, President Central Park, and North and East River Railway Company, New York.

"The Independent Storage or Primary Battery System," by Knight Nefel, electrician Lancaster Street Railway Company, Lancaster, Pa.

"The Dependable Overhead or Underground System of Electric Motor Power," by George W. Mansfield, of the Atleboro, Mass. Electric Street Railway Company, Atleboro, Mass.

"The Government Refused to put mail boxes on the cars in Cleveland on the ground that it labor troubles occurred with the men operating the cars, the collection of the mail would be hindered.

It has been decided to devote all of Friday following the convention to an excursion on the river, including visits to Davis Island dam and the usual points of interest up as far as McKeesport. The Mayflower will leave the Monongahela wharf at 10 o'clock Friday morning. Thursday evening the annual banquet, mentioned elsewhere, takes place.

A large platform 200 feet long is being erected on the wharf, where the exhibits of street cars, machinery and other heavy material will be displayed.

THE PRESIDENT officers of the association are: President, Henry M. Watson, of Buffalo, the President of the Buffalo Railway Company; First Vice President, William J. Smith, General Manager of the Omaha Street Railway Company; Second Vice President, Charles O. Kelly, of New York; Secretary, Thomas J. Keefe, of New York; Treasurer, Henry M. Little, of Cincinnati; and Thomas C. Keefe, of Canada.
