They are of every make and style, many of the square pinnos being good for years of use; especially would these pinnos be serviceable in music schools and colleges to practice on. PITTSBURG GAS COAL & COKE CO

AT PAR.

OFFICERS:

R. H. JACKSON.....Solicitor

This company, as its name implies, is a

corporation organized under the laws of West Virginia for the purpose of mining

coal and manufacturing the same into coke

The lands owned and controlled by the

company consist of two tracts, containing

4,000 acres, having a frontage of 234 miles on

the main line of the Baltimore and Ohio

Railroad, and situated at Farmington (three

miles from Fairmont, and in what is known

Geographically, its location is all that could be desired, the distances from Fair-

mont by the main line and branches of the Baltimore and Ohio Railroad being as fol-

lows: To Grafton, 22 miles: to Wheeling, 77 miles: to Baltimore, 316 miles; to Sandusky,

BE OPERATED CHEAPER UNDER THE

SAME RATES OF LABOR THAN THE COAL OF ANY OTHER REGION IN THIS

operation, both mining coal and making coke, so that the Pittsburg Gas Coal and

Coke Company is making no experiment in

developing their property. While perhaps

it is unnecessary to state the fact, it is guar,

stock will be used in the legitimate estab-

be appropriated to any but strictly business

purposes, such as the acquiring of real

machinery, building of coke ovens, and other

proper expenditures necessary to the

placing of the company in successful opera-

Pittsburgers are well aware of the large

amount of money that has been made in this business. The trouble heretofore has

been that the man of moderate means has

not had an opportunity to invest on the

ground floor, and, taking into consideration

the fact that the lands of this company

have been purchased at prices far below the

cost of those in which our Pittsburg million

aires have made their money, we feel justi-

fied in anticipating that this stock will be
