MR. O'NEIL RESIGNS.

The Well-Known President of the Local Baseball Club Steps Down and Out.

M'GUNNIGLE CALLED TO ACCOUNT.

Jake Beckley Expected to Sign a Contract To-Day to Play for \$3,000 Next Season.

PALO ALTO LOWERS HIS RECORD.

Meeting of Local Football Pinvers-General : Sporting News of the Bay.

J. Palmer O'Neil is no longer President of the local ball club. He resigned that position at a meeting of the directors held at the Hotel Anderson vesterday afternoon. His resignation was accepted, and H. B. Heq. Vice President, is now in charge.

The action of Mr. O'Neil was somewhat nnexpected, and caused quite a surprise in local baseball circles. Both before and nfter the meeting he stated that the best of feeling is existing among the directors, and that everything is going smoothly along.

"Why did you resign then" was asked. Well, I resigned entirely because of business reasons. At present I have not the time at command to look after the club's affairs as they ought to be

BEEN A TAITHFUL WORKER.

I have worked faithfully and energetically for the club's interest, and on that score I retire without the least repreach of conscience. I will still remain a director of

While the uncompromising enemies of Mr. O'Neil will be glad at his resigning, many well-wishers of the club will regret it. He has had his faults as a President, but it is just as true that there never was a busier man in the base-ball business than Mr. O'Neil. Men of less energy and activity than he could have moved along without causing as much hostile criticism, but the bitter opposition hostile criticism, but the bitter opposition that has been leveled at him has almost entirely been the result of his working so bard and playing such a prominent part in the basefull affairs of the country. Mr. O'Neil has done more in two years to advert the Discharge as besshell city then all his the Pittsburg as a baseball city than all his opponents put together. True the quality of hall playing has not been good, but the local putronage of the team and the national popularity of the team have been exceed-ingly increased by Mr. O'Neil's efforts. These are facts that should not be forgotten. It is also worthy of note that he won for Pittsburg the celebrated contest for Bier-baner & Mack. A more important man in cutional baseball affairs cannot be found in Pittsburg to take his place.

SOMETHING ABOUT M'GUNNIGLE. Manager McGunnigle's actions were also discussed by the board. It was no secret that the directors were strongly inclined to release Mr. McGunnigle at once, but more conservative indgment prevailed, and it was resolved to summon the manager to appear before the board as soon as possible. It is quite true that the manager's absence some explanation, and he may be able to explain matters satisfactorily when he

turns, if he does return at all. Jake Beckley was also on hand and his case was discussed. Efforts were made to sign him, but they failed. It is expected that Director Kerr will sign him to-day, as the matter has been left with Mr. Kerr. Backley has been offered an increase of \$200 hist season, and the directors are willing to pay him \$3,000 for next season. Quite a confortable, salary. Miller har signed for \$3,000, and Shugart is to get \$2,800. When compared with these figures, Beckley has in about when he is offered \$3,000. But he argues that he has better offers from other clubs outside the Navienel League. This may be true, but the question is: Can be afford to jump his contract for a few extra dollars? The ansucr to that question belongs to Beckley

WILL SUE PFEFFER.

The Chicago Cub Will Try and Hold Him to His Contract,

Chicago, Oct. 27,-[Special.]-There will probably be another famous baseball lawsuit this winter, with the Chicago Club and Fred Prefer as the central figures, in the Iffinois courts. Under Clause 19 of the new National League contract, clubs claim to have a sure thing on the players they want. The important clause reads as follows:

"It is hereby expressly understood and acreed for the consideration above mentioned that the party of the first part shall have the option or right to renew this contract, with all its terms, provisions and conditions, for another period of seven months, beginning April 1, 1891, and for a similar period in five successive years thereafter, and the said party of the second part hereby agrees to perform similar services and be subject to all the obligations, duties, and ligbilities prescribed in this contract for the period or periods of such renewal or renewals, provided only that written notice of the exercise of such option of renewal be served upon the said party of the second part prior to the 31st day of October of the current year of this contract and of the current year of each renewal thereof,"

The written notice mentioned was served on Pfeffer. The Chicago club has reserved him, and Auson and Hart want him worse than ever, now that the American Association has broken into Chicago. Pfeffer is popular, and if he could be tied up with an nuction the local association team would

application for an injunction against Pfeffer playing with any except the Chicago National League team will probably be filed early, and another case similar to that against John Ward will hold the attention of the baseball world for mouths. Already Pfeffer and the men behind him-a strong group—have taken legal advice. The opin-ion is that the option clause is defective, and upon it Pfeffer went ahead. He signed no contract because the Chicago League club has agreed to pay him some \$400 in monthly instalments till February, 1892, although the sums are really hold-backs from his salary for the senson of 189L.

WATERBURY, Oct. 27 .- The new manager of the Athletics of Philadelphia wore a look of disappointment here this evening as he bearded a train for New York City after bearing big Roger Connor say: "Money is no object: I am going to play ball for prin-ciple next senson." Mr. Barnie came here from Philadeiphia and made Connora handsome offer, but it was declined with thanks. Barnie came here at 4 P. M. and shortly after the interview scurried out of the city, evading all reporters.

Interesting Game Expected.

What promises to be an interesting footbell game will take place at Liberty Park next Saturday between the teams of the Washington and Jefferson College and the East End Gyms. The latter are a strong team and great things are expected from

Selected Their Team.

A special meeting of the Pittsburg Football Club was held last evening at the natatorium. There was a good attendance of members. Several of the team had grievances to discuss. As a result matters | were lively for a time, but harmony finally foot race between Tom Hammond and

prevailed. After considerable discussion the following team was selected to play against the champion McDonalds next Saturday: Goal, Macpherson; backs, Powell and Atwell; half backs, J. Smith, Buick and G. Attwell; forwards, Waldron, Brien, Wardle, Chapman and McEwan. Captain Childs has generously given up his position as captain of the team for Saturday The game will commence at 3:45.

YALE'S FOOTBALL TEAM.

Players Who Are Likely to Be on the 'Var-

sity Aggregation. NEW HAVEN, Oct. 27 .- [Special.]-The Yale field was a popular resort with the students this afternoon. Aside from the regu-lar practice of the 'Varsity and Freshmen football teams the Freshmen Class athletic games, postponed from last Wednesday, were run off. The cold weather made it a perfect day for football, and all of the novces were given a chance to show their skill. Walter Camp, Heffelfinger, Bull and Captain McClung coached the 'Varsity players, Bayne looked after the interests of the col-lege side. The result of the afternoon's

work was one touch down for each side.

Some idea of the probable composition of Yale's team can be formed from the fact that Spaulding has been ordered to provide suits for the following men: Hartwell, Crosby, Winter, Messler, Mills, Wallis, Stillman, Heffelfinger, Morrison, Sanford, Hincky, Gochran, Barbour, Dwyer, Norton, C. WILLIAMSTOWN, Oct. 27 .- The overthrow of Stagg's strong team on Weston Field last Saturday was a revelation to many of the strength of the Williams eleven. But the team is now in hardly such excellent condition as most persons think, because of injuries sustained by some of the strongest men. Garfield, who did such brilliant work in "bucking the tiger," was rather seriously hurt, and not able to practice to-day. This puts the two Garfields on the shelf. Sawtelle, the big guard, who is one of the most reliable men on the line and indispensable in his position, was also unable to take part in the practice game to-day. With these men absent the team is considerably weakened, Garfield being the only man who can work well in the backs with Street. With matters as they are, some apprehension is expressed regarding the result of the game with Stevens next

The California Stallion Palo Alto Trots a Mile in 2:10.

STOCKTON, Oct. 27 .- Palo Alto, the old hero of the Stanford stables, beat his record te-day, trotting a mile in 2:10 flat. He made the quarters in :32, :3114, 33 and 3314. It was a game race against Father Time from start to finish, and the old campaigner did not make a skip in the entire mile, When he went to the quarter in 32 seconds horsemen said the pace was too fast, and when he reached the half in 1:03 1/4 they said he could not keep his feet, but Palo Alto was out to-day to best all his efforts, and

send him again in a few days on this track, if the weather holds good.

WANTS TO FIGHT CORBETT.

Peter Maher, the Irish Champion, Eager for the Big Californian.

NEW YORK, Oct. 27 .- [Special.]-Peter Maher, the Irish champion, who knocked out Jim Daly in Philadelphia on Saturday night without much trouble, is anxious now to get on a match with some of the stars. He arrived in this city last night, accompanied by Billy Madden. Madden went to the newspaper office where Jim Corbett has a deposit of \$1,000 to fight any heavy-weight in the world. Madden made known his business. The money was not accepted, the reason given being that it was after banking ours and it could not be placed in the safe, as the cashier had gone home.

Madden said: "It's just this way. After Maher knocked Daly out Corbett intimated that he would like to have a chance at Peter, just to convince the public that he was his master. I approached Corbett and asked him if it was true that he wanted a great the letter. go with Peter. He shook his head and laughed, and hinted as much as if Peter wasn't in his class. I couldn't get any direct reply from him, so I came over here to cover his deposit to show him that I mean business. This talk of his about Peter not being in his class is all nonsense. If he can whip my man as easily as he imagines he can, why he can enrich himself to the extent of \$15,000, and that's not to be picked up every day."

Three Persons Killed by a Disaster in a Mine Sapply Factory.

CLEVELAND, Oct. 27 .- The factory of the United States Mine Supply Company was completely destroyed by explosions followed by fire shortly after 12 o'clock this afternoon. Three persons were killed and several injured. The factory was recently established in an old brick stable which originally cost \$10,000, and made fuses, cartridges, etc., for mining operations, us-ing different preparations of gun cotton, dynamite, nitro-glycerine and gunpowder. The first explosion was a heavy one, I lowing the roof nearly off and shattering the

The shock was felt half a mile away Shouts and screams were heard inside the building, and then all of the 12 employes excepting three, tumbled pell-mell out of the windows and doors. Several other lighter explosions followed, sending bricks in all directions, and in a few minutes the flames were at work. The streets are filled with fallen trees and debris from de-molished buildings. Both the Nickel Plate and Lake Shore telegraph wires are tangled up on the ground. row's boiler works at New Castle have quit work until their wages are paid. A CONTRACT has been let to the Citizens' Company to place 70 lights throughout the borough of Braddocks. They were lit up for the first time last night.

GEORGE COOK, a Youngstown carpenter was run over and killed Monday night by stepping upon the wrong track in order to get out of the way of an approaching train. W. H. SYKES, a McKeesport contractor,

has secured the contract for a new three-story brick convent building for St. Peter's Catholic congregation of that place. The structure will cost \$100,000. Social circles in Walden, Kanawha county, W. Va., are all agog over a quiet marriage between Miss Mary Douglass, the beautiful 17 year old child of Captain William Doug-lass, and J. L. Cordill, a day laborer. She had descreted a wealthy man, to whom she was engaged, for her new choice.

WON FREEDOM BY FRAUD

A New Jersey Criminal Will Probably

Spend Many Years in Prison. JERSEY CITY, Oct. 27 .- A new and most emarkable feature in the case of Charles B. Stoddard, now in iail for swindling by means of forged checks on various persons in the city, has just come to light. A little less than two years ago Stoddard, then masquerading under the name of Henry B. Davis, was convicted of similar offences in Nashville and was sent to prison for six years. He was put to work in the mines. This year, however, he obtained his freedom by a bold and ingenious ruse. The discovery of this fraud has led Governor Bushana of Tanasasas to the discovery of the fraud has led Governor to the sent to Buchanan, of Tennessee, to make a requisi-tion on Governor Abbett, of New Jersey. Governor Buchanan a few months ago re-

ceived a petition purporting to be signed by 50 of the leading residents of Covington, by 30 of the leading residents of Covington, asking for Stoddard's release, accompanied by a letter presumably signed by M. W. Babtist, of the firm of Babtist & Bendle, well-known attorneys of that place. The letter, which was forged, as well as the signatures, weaves a story of romance about signatures, weaves a story of romance about Stoddard, or Davis, and recites in detail how he was the victim of a conspiracy planned and engineered by a wicked and avaricious stepfather, and abetted by the latter's wicked brother. The Governor not only set him at liberty, but provided him with money and a suit of clothers. The fraud was only discovered when the Governor make the supposed view. ernor spoke to one of the supposed signer of the petition. He denounced the whole thing as a fraud, as investigation subse-quently proved it to be. Stoddard's trial will take place in a few days, and under the laws of New Jersey he can be sent to prison for ten years. After that he can be sent to Tennessee, but not before.

LEVYING ON HUMAN BONES.

Sheriff's Officers in New York Engaged in

an Uncanny Search. NEW YORK, Oct. 27 .- The Sheriff to-day went on a hunt for a lot of skeletons under a writ of replevin for about \$3,000, which the National Bank of Deposit of New York obtained against Sardy, Coles & Co., who failed a few weeks ago.

The bank claims a lien on the property for advances made. After a long search, the Sheriff's officers discovered in Maiden Lane four entire articulated skeletons, eight skulls, innumerable bones and other por-tions of anatomy, which they were very chary in handling. The replevin calls for more skeletons, but they have not yet been found.

The Honest Sportsman's Gun.

Outing. 1 I would advise no man to use a gun larger than a ten gauge, and honestly believe that it would be better were the "shoulder cannons," such as four gauges, not manufactured, and the same also might be said of repeating magazine shotguns. The ordinary sizes, ten and twelves, are already too dead-ly in practiced hands for the welfare of our diminishing supply of game. Neither is it good sport to take too great advantage of opportunities. Two barrels and a killing power, say as far as 60 yards, should be enough to satisfy an honest sportsman.

Why Evans Took His Own Life. Boston, Oct. 27.-A morning newspaper prints a story to the effect that the suicide of Irving A. Evans, the broker, was due to the action of a partner in a certain large business transaction, who refused to per-form his part of the contract in a deal which involved the loss of some \$350,000. This loss, it is supposed, in the weakened condition, both financially and mentally, in which Mr. Evans found himself, drove him to sui-

Too tat. Fat is a vulgar word. Too much Adiposis or Obesity sounds better. But fat is plainer. There are two kinds of fats.

The unhealthy adipose tissue, resulting from sedentary habits or from forcing the appetite through stimulants; or from impure blood, or it may be hereditary. This is the kind that lays the possessor liable to heart disease, apoplexy, vertigo, etc. Then there is the genuine, healthy,

life-giving tissue, the result from regular and moderate habits, or if irregular habits, the taking regularly and according to directions, the famous Carlsbad Sprudel Salts. The salts will reduce unhealthy tissue and build in its place that firm and solid flesh, which is the certain sign of perfect health. It is virtually taking the Carlsbad treatment in your home. Every drugstore has them. The genuine have the signature of "Eisner & Mendelson Co., Sole Agents, New York," on the bottle.
