

TRouble IN SAMOA.

A German Official Who Virtually Assumes a Dictatorship,

Called Down by the Consuls.

In Case of War the Whites Will Not Now Be So Safe as Formerly.

Our Title to Pago-Pago Very Good

APIA, SAMOA, Oct. 15.—Baron Seft Von Pilsach, President of the Municipal Council and adviser to King Malietoa, has resigned. The reason he assigns is that certain white residents of Samoa have been writing letters to the King about German king and other matters and that the King wrote direct to them in reply. Pilsach explained that no one should either write or speak to King Malietoa before first securing the President's permission, thereby actually assuming the position of dictator of the islands.

Before he resigned a memorial to three powers had already been prepared by the Consuls of three treaty powers and will be forwarded. The memorial petitions the three Governments for the recall of Baron Pilsach on account of "inexperience and reckless behavior in office." The memorial is also signed by Robert Louis Stevenson and by nearly all the residents of Apia, with the exception of some of the Germans.

THE DISPUTE WITH THE CONSULS.

The Baron intimated to the Consuls that he would hand over the funds which are here and at Sidney to them, but afterward wrote saying that in looking over the treaty he could not see that he had power to do so, although he had drawn \$6,000 from them in the form of duties collected by them before the arrival of the President, and two days before he resigned Baron Pilsach stated that he intended to hand over the accounts of the municipality, and funds to Mr. Weber, manager of a German trading firm, who had been appointed president pro tem.

The Consuls, however, contended he was exceeding his powers, and that while he remained in the country he could not delegate his powers to others, as the treaty does not make provision for a case of this kind. He afterward requested permission to withdraw his resignation, but the King told him it was out of his power and must go to the treaty powers. It is contended that he is incapable of filling the position, and it is further contended that the position should not be filled at all, and that taxpayers should be allowed to elect a Mayo and allow him a small salary for expenses.

REVENUES CONSUL IN SALARIES.

The papers are full of discussion as to the expenses of the Government, and it was shown in one communication that while the total revenue collected was but \$29,000 the expenditures for salaries and other items were \$22,000 for salaries for officials under the Berlin treaty, with many items for which no provision had been made.

Matafua has at last been proclaimed a rebel, all chiefs who supporting him have had their lands confiscated and everybody is forbidden to assist them in any way. The American Consul has been instructed by his Government to inform Matafua that the Government was annoyed at the latter's attitude, and that he should at once break up the party at Matafua. There are only about 300 in the party, but it is stated that fully half the population are against the Matafua Government, chiefly because of its inaction.

ATTITUDE OF THE NATIVES IN THE SAMOAN GROUP HAS CHANGED TOWARD THE WHITES IN THE LAST FEW MONTHS, MUCH OF THE FORMER FRIENDLINESS HAVING DIED OUT.

WRITERS ARE NOT SO SAFE NOW.

This some of the prominent chiefs ascribe to an impression that the whites were responsible for all the trouble in Samoa, and they express the opinion that if another war broke out the whites in some of the outlying stations would not be as safe as formerly.

The United States Government has perfected its title to import and commanding points at Pago-Pago, and the coaling station is regarded as one of the strongest positions in the South Pacific. The matter was adjusted before Consul General Sewell left here for the United States.

PROF. SMYTH CONGRATULATED

On the Settlement of the Andover Case in His Favor.

ANDOVER, MASS., Oct. 29.—[Special.]—The settlement of the great Andover case, which has been for five years pending in various stages in different courts, is a matter for general congratulation among all the lovers of fair play and progress in theological matters. Andover is abuzz with rejoicing. The students are jubilant, and Prof. Smyth's reception, arranged some time since for this evening, proved an occasion of deep and special interest. While the Board of Visitors could reopen the case, any further investigation could not avail, as the trustees must unite with the visitors, and the latter are with Prof. Smyth. Practically, therefore, the case is settled.

Not only theologians, but members of the bar throughout the country have been greatly interested in the Andover trial. All along the years while the case has been pending, Prof. Smyth has been perfectly calm in the full belief that justice would be done. He has waited long and waited patiently, and now he has triumphed. He is receiving a multitude of congratulatory telegrams from all quarters, and with the exception of a few intensely conservative men the rejoicing is high and universal.

BURGERS MAKE A GOOD HAUL.

They Rob a Lady Street Railway Magnate of Her Diamonds.

DOVER, Oct. 29.—[Special.]—Last night burglars entered the residence of Mrs. Dove, ex-President of the Dover Horse Railway Company, and stole a large amount of valuable articles, including a gold watch, diamonds and jewelry, in all to the amount of \$2,000. They chloroformed Mrs. Dove in her chamber, and took from the top of the bureau all the diamonds and jewelry she had worn at the Collins-Seaver wedding last night. The drawers of the bureau were also opened and rifled.

Among the articles taken was a solitary diamond pin valued at \$800, a solitary earring valued at \$1,400, a petite Phillipi watch, solitary earrings, African cut, valued at \$1,200, single solitary earring valued at \$500, diamond and cameo set valued at \$600, another diamond pin, gold and silver bracelets, Boston and Maine mileage books, and a number of shares of Boston and Maine Railroad stock.

A Boy Burglar Walks Out of Jail.

NEW YORK, Oct. 29.—[Special.]—John Kane, the 18-year-old burglar, who, with several other boys, broke into St. James' Catholic Church on Jay street, Brooklyn, on the night of September 27, has escaped from Raymond street jail. He was convicted of burglary in the third degree last week, and was in the jail awaiting sentence. Wednesday was visiting day, and as he was missed when the prisoners were sent up again in their cells, it is supposed he slipped out disguised probably as a woman.
