This company, as its name implies, is a corporation organized under the laws of West Virginia for the purpose of mining soal and manufacturing the same into coke or other products of coal. The lands owned and controlled by the company consist of two tracts, containing 4,000 acres, hav-ing a frontage of 2½ miles on the main line of the Baltimore and Ohio R. R., and situated at Farmington (three miles from Fairmont, and in what is known as the Fairmont field), Marion county, W. Va. Geographically its location is all that could be desired, the distances from Fairmont by the main line and branches of the B. & O. R. R. being as follows: To Grafton, 22 miles; to Wheeling, 77 miles; to Baltimore, 316 miles; to Sandusky, 294 miles: to Cumberland, 124 miles; to Cincinnati, 310 miles: to Chicago, 537 miles; to Pittsburg, 143 miles (or via Fairchance, 100

The Fairmont district is the same coal bed nined throughout the Connellsville basin, and in the Westmoreland and Pennsylvania gas coal basins, and the seams have a thickness of from 9 to 11 feet of salable coal. As regards the quality of the coal, the United States Geological Report (pp. 379-429) contains the following analysis of both Connellsville and Fairmont coke, to which

we invite careful attention: Fixed SulCarbon, Ash, phur, Authority,
Connellaville, 86, 376 9, 113 0, 821 A. S. McCreath
Fairmont, ..., 91, 850 6, 810 0, 480 D. T. Day, Within the past year over halt a million dollars have been invested in this field by such men as Hon. James G. Blaine, ex-Senator H. G. Davis, Senator A. P. Gorman, Hon. T. B. Elkins, Senator Don Cameron, J. M. Hustead, P.Y. Hite, etc. Experts claim that this coal can be operated cheaper under the same rates of labor than the coal of any other region in this country, without exception.

Many large plants are now in successful

operation, both mining coal and making coke, so that the Pittsburg Gas, Coal and Coke Company is making no experiment in developing their property. While perhaps it is unnecessary to state the fact, it is guar-anteed that the whole amount of the capital stock will be used in the legitimate estabishment of the company; not a dollar will be appropriated to any but strictly business purposes, such as the acquiring of real estate, the sinking of shafts, putting up of machinery, building of coke ovens and other proper expenditures necessary to the placing of the company in successful opera-Pittsburgers are well aware of the large amount of money that has been made in this business. The trouble heretofore has been that the man of moderate means has not

had an opportunity to invest on the ground floor, and, taking into consideration the fact that the lands of this company have been probased at prices those in which our Pittsburg millionaires have made their money, we feel justified in anticipating that this stock will be quickly subscribed for by careful investors. The company will issue 50,000 shares at the par value of \$5 per share, and subscriptions for same will be taken at the office of Morris

Pa., payable as follows: SI PER SHARE ON APPLICATION. 81 PER SHARE DECEMBER 1, 1891. 81 PER SHARE JANUARY 2, 1892. SI PER SHARE FEBRUARY 1, 1892, \$1 PER SHARE MARCH 1, 1892.

& Aisbitt, No. 78 Diamond street, Pittsburg,

Subscribers have the option of paying in full for their stock at time of subscription, in which case interest on the anticipated payments will be allowed at the rate of 6 per ent per annum. We invite subscriptions from capitalists. business and professional men, clerks, sales-men and the public generally. The shares are unassessable, devoid of risk and profit-able returns reasonably sure.

The subscription list will open Monday, October 26, 1891, and close as soon as all the stock has been subscribed. Mr. Walter Morris, of our firm, has visited Mr. Watter Morris, of our firm, has visited the Fairmont coal field, made a personal ex-amination of the property of the Pittsburg Gas, Coal and Coke Company, compared it with other property in that field, has also in-vestigated the methods under which the

MORRIS & AISBITT,

company proposes operating, and as a result feels justified in recommending subscrip-tions to their capital stock.
