The Three A's and the Dayton Football Team Have Quite an Exciting Struggle.

EACH SIDE SCORED SIX POINTS.

The Princetons Defeat the University of Penpsylvania Team in an Excellent Contest.

SOME GOOD ASSOCIATION GAMES.

The McDonald Champions Again Benten-General Football News.

There was plenty of fun at yesterday's Rugby football game at Exposition Park and no mistake. The contending teams were the Three A's and the Daytons. The contest resulted in a tie, but the visitors are probably yet of the opinion that they won y a score of 6 to 0. The referee, however, decided the game a tie and the home players, therefore, can claim they were not beaten even if they did not win. The attendance was good, and the weather firstclass. The contest was a rough one from first to last and bleeding noses and bruises generally were numerous. That was just what the crowd wanted and there was a general feeling of regret when the contest

The home players failed to win simply because they had a poor team on the field. Valentine, Brainard and J. Oliver were absent, and this weakened the local forces very much. Had these players been on deck the game would have been won with comparative case by the home team. Several times there were good chances for touch-downs, but the home players failed to ac-cept or make capital out of these chances. Valter McClintock was also knocked out to considerable extent by the rough wor int characterized the game. This, course, added to the bad condition of the

seems strange that Rugby football car It seems strance that Rugby football cannot be played without players treating each other in the very roughest and toughest manner. Once or twice yesterday Dayron players deliberately "punched" McClinicek's nose until it bled so profusely that time had to be called. True, once or twice a Pittsburg player sent one of the visitors to the ground in a very rough way, but the home players had provocation, as it was only a question of give and take. Percy Preston started to unnoire the game but was Preston started to unnoire the game, but was soon relieved by Mr. McCord, Van Loan ons umpire, and he was relieved by Mr. Flenigan. The first half was played witnest a point ing scored. The home team had one or two good chances and were within ten yards of the Dayton's goal, but a touch down olmirably, but he was not supported as we as he might have been. The scrimmage tere extremely lively.

In the second half the crowd and player

pesame considerably excited. The local ush line showed strus of weakass and the isitors began like demons. Before many ninutes passed A. Dickey made a spiendid outh down, and D. Bickham kicked roal. touch down, and D. Bickham kicked real. Then the struggle became more exciting than ever. The home players braced up and their rushing and tackling were very much improved. About 15 minutes before time was up Single, for the visitors, got the ball and made a great run, but just as he got behind the line he dropped the ball and a touch back was the result, McClintock getting the ball. The Pittsburgers were ordered to the 25-yard-line and the Dayton fellows so far lost their head that as soon as the ball was put into play they allowed Ollie Thompson to make a touch down. Thompson kicked goal and tied the score. Time was then up. Of course there was great excitement, the I course there was great excitement, the iters objecting to the play, but the ref-e declared it legat. The final score was: moe A;s, 6; Dayton, 6. Last evening referee McCord stated that he had written for advice regarding his de-cision which gave the Three A's a touch down and goal. It is likely that the decireversed, as he says he did not see the ball in play.

HARVARD TEAM'S PROSPECTS.

Some Gossip About the 'Varsity Football Players and Their Practice.

CAMBRIDGE, Nov. 7-[Special.]-It is hard to see how Harvard's eleven can possibly play a good team game in the battle with Yale. Team work is the result of acquaintance and familiarity which players get with each quired when the men who are expected to day eventually are not getting the practic those positions daily. Not until Tuesday can the first real progress in team work begin. The eleven will then be ready for the final preparation. Their make-up de-pends on many contingencies. Dan Shea u be considered as not a possibility, as he still has water on the knee and will not play any more this year. The appearance of Jos ins started the report that he was into training for his old place at left. c. That is an impossibility, however, is so much reduced from the typhoid ver that he is only just able to

be only two positions in the rush line that can be considered as settled are right end with Hallerwell and right tackle with Newell. It is safe to say that no teams in the country have a better right wing. On the left, Emmons or Mason will hold this end, with one of them or Waters at tackle. It is at half back that Harvard will loon It is at half back that Harvard will loom up at Springfield, but brilliant half backs will not wait behind a rush line that has tatally weak spots. Here is a quartet half backs as good as any college ever showed: Lake, Corbett, Fearing and Grav. Back of all Captain Trafford will play. The responsibilities of his position do not seem to interfere with the game which he has formerly played; in fact, he is doing more work than hast year, as he does considerable rushing with the ball.

THE GYMS VICTORIOUS.

They Defeat the Western University Team in a Very Pleasant Geme.

An interesting game of Rugby football

Both teams were weakened by the injury of players at were weakened by the injury of players at practice, the Gyms missing the heavy work of Coats and Hoppenstall and the manin; of Dan Bart. The Universities played their usual plucky game, and at times seemed able to cope with their heavier opponents. The features of the game were several runs by Kirchner and Proctor for the Gyms, and the kicking of Steele, the full back of the Universities. University of Pennsylvania. PHILADELPSIA, Nov. 7.—[Specia',]—Prince-ton defeated the University of Pennsylva-nia this afternoon in the cricket club grounds by a score of 24 to 0. Over 15,000 people were present to witness the game; The grand stand was packed to its utmost capacity, and the fair sex was well represented. The colors of the University of Pennsylvania were prominent everywhere. Blue and red bonnets were in profusion orange and black flags were to be seen all around the field, while the portion of the grand stand was literally decorated with yellow chrysanthemums, worn for the most

yellow chrysanthenums, worn for the most part by the young women. In the hour before the game began a cohort of Princeton entered the field on the western side. There were several Pennsylvania tallyhos packed with Pennsylvania men, who carried long red and blue streamers and yelled themselves hoarse before the game began. Thousands of dollars were staked at odds of 2 to 1 in favor of Princeton.

On the whole the game was the best ever seen between the two colleges. Princeton had her best team on the field, and so had Pennsylvania. The game was in marked contrast to that of last year in respect to slugging, and was a gentlemanly one throughout. There was no unnecessarily rough playing. The "end game" was the game that won to-day. Princeton made all her touch-downs but one by long runs around Pennsylvania's end: in fact this was the only way she could make substantial gains. Pennsylvania also made her biggest gains by working the ends.

BEATEN AGAIN.

The McDonald Champions Are Defented by the Hemestead Football Kickers.

One of the best football games ever played in this State was that of yesterday at Homestend between the team of that place and the champion McDonalds. The teams are members of the local football league and their game was one of the championship

series.

The champions were again beaten, but only by I to 0. Fully 1,000 people saw the contest, and when it was ended the Homestead players were carried off the field by an excited crowd. The champions declared that they had been beaten on their merits and in one of the best games in which they have ever taken part. Everything was pleasant from beginning to end. Golden kicked the goal and it was an admirable kick. The team lined np as follows:

IT WAS A TIE.

The Pittsburg and New Castle Football Teams Play a Good Game.

The Pittsburg and New Castle teams of the local lootball League played a tie game at Recreation Park yesterday afternoon. The play all round on both sides was good and the visitors demonstrated the fact that they can play the game. The attendance was good. Each team scored two goals, one of the vis's gones being made by a Pitts-burger who made a bad kick, the ball going goal for New Castle.

Last evening the Pittsburg club entertained the visitors with a splendid banquet at George Tann's Hotel, Tenth street. It is needless to say that there was a first-class sprend, just as George always does things, and that the boys had a good time. The teams in the game lined up as follows:

Another for the Crescents.

NEW YORK, Nov. 7 .- [Special.]-About 3,000 spectators saw the most exciting game of tootball played this season at Eastern Park, Brooklyn, this afternoon. It was the match between the Orange and Crescent Athletic clubs, on which the championship of the American Football Union practically hings Strange to say, after the Orange team's pre-vious excellent work against other teams, they literally proved fruit for the stalwart Brooklynites. The Crescents ran up a grand total of 28 points to 0, but notwithstanding this the Orange men played as fine a game as ever, and it was only the phenomenal and

magnificant team work of the Crescents that gave them victory.

Made Harvard Hustle. CAMBRIDGE, Nov. 7 .- [Special.]-"Hi Yi" for Starg's team," was what a few straggling substitutes of this band of Christian workers yelled when they scored against Har-vard, for Harvard beat Stagg's team on Jervis field this afternoon 44 to 4. Harvard men are wrathy that the Stazg team scored, although they worked hard for the four points and deserved them. The game on the whole was one of the most interesting of this year, as Stagg's men contested every point closely, and time and time again bucked the Harvard line for all they were worth.

Lots of Slugging.

New York, Nov. 7.-[Special.]-The Manhattan Athletic Club team defeated the New York Athletic Club team by a score of 16 to 6 at Manhattan field this afternoon. The serious injury of the New York's Captain is partly responsible for this result. The game was marked with lots of slugging. Captain Wurtenburg was knocked down in the heginning of the game and was carried senseless from the field, blood rushing from his car, the drum of which was broken. He may be permanently deaf in the injured ear may be permanently deaf in the injured ear.

ITHACA, Nov. 7 .- [Special.] - Cornell defeate Lehigh this afternoon by a score of 24 to 9 Since the opening of Percy Field no gamhas ever drawn such a large number of spectators as were present to-day. Cornell won the toss, and the score at the end of the first half was 16 to 0. Time, 45 minutes. The sec-ond half was very fleredly contested, the ball changing sides frequently.

An Exciting Contest. STRACUSE, Nov. 7 .- [Special.]-The first game in the intercollegiate football series between Syracuse University and Colgate was played here to-day. Colgate won after an exciting contest by 22 to 16. Whitfield, of the Syncuse team, had his collar bone broken, while several others were more or less injured.

Beat the Wesleyans. New Haven, Nov. 6.-[Special.]-The Yale Varsity football team played its first cham-

pinship game to-day, meeting the Weslevan eleven on the Yale field. Yale won by a score of 76 to a McClung, Hartwell and Heffelfinger were absent. NEW BRENSWICK, N. J., Nov. 7 .- [Special.]-Foot ball game between Rutgers and the

University of New York team was a perfect farce as far as the latter was concerned, the Rutger men running the whole field at will and doing as they pleased, winning by a score of 70 to 4.

Beat the Bloomfields. McKERSPORT, Nov. 7. - [Special.] - The Bloomfield local football teams played an exciting game here this afternoon, the latter winning by 4 to 0. The visitors had a strong rush line, but lost in weak goal keepers.

A Harvard Player Injured. Boston, Nov. 7 .- John Cranston, the ef ficient center rush of the Harvard football Eleven, severely wrenched one of his knees in practice yesterday. His injuries will in-capacitate him for work on the team this season.

J. Palmer Sells 50 Shares of Local Ball Club Stock,

BUT HE IS STILL IN THE RING.

C. T. Powers to Replace Jim Mutrie as Manager of the New Yorks.

GENERAL SPORTING NEWS OF THE DAY

Readers of THE DISPATCH will not be surprised to learn that J. Palmer O'Neil sold almost all his stock in the local baseclub yesterday. A few days ago this paper stated conclusively that Mr. F. E. Baldwin, Mark Baldwin's father, was negotiating for Mr. O'Neil's stock. Yesterday Mr. O'Neil sold 50 shares for \$2,500. the purchaser being Mr. Baldwin. It may be that the deal will lead to more significant results, but for the present Mr. O'Neil says his transaction has no ulterior meaning.

It may have, nevertheless.

Mr. Baldwin is now a full fledged stockholder of the club, and as he has taken an active interest in baseball for many years the club will probably be benefited by his appearance as one of its capitalists. He is an enthusiast as far as the national game is concerned, and every inch a gentleman. He may become one of the directors, and probably a worse step might be made by the present powers than making him a local magnate. The fact of Mark being one of the team will have no effect on the father.

The public need not for a moment think that Mr. O'Neil is out of it entirely. He is not. He has sufficient stock left yet to qualify him as a director and he will remain one until he is voted out. He is willing to represent the club at the National League meeting if the balance of the directors want him to do so. He is one of the National League and will, therefore, be at the annual meeting. He had a long talk with Galvin yesterday, and it is probable that Jimmy's trouble with the club will be settled shortly. It may have, nevertheless.

MUTRIE IS DOWNED.

The Genial New York Manager Is Released

and C. T. Powers Replaces Him. NEW YORE, Nov. 7.—[Special.]—C. T. Powers was to day signed to manage the New York Base Ball Club for the season of 1892, and will at once enter on his duties. This action, of course, relieves Mutrie of the manage ment. With the action taken to-day the chief cause of disagreement between J. B. Day and J. W. Spaiding is removed, and the prospect is good that in the future the Board of Directors will work together barmoniously to the benefit of the club. There

monionsly to the benefit of the club. There is no question that John B. Day will be relected Fresident of the club, and is equally certain that J. W. Spalding will be re-elected Treasurer and will accept.

Manager Powers was asked to indicate on what platform he asked the suffrages of the New York patrons, and the sharp-eyed Jerseyman replied: "I have had a long talk with the directors, and I want to say that they have not the slightest intention of pursuing a niggardly policy in regard to the team. On the contrary, it is to be a liberal policy. They are ready to pay first-class salaries to good men. I shall start West on Monday in search of players. I have a large number of excellent men on the list, and I expect to see them before I return. I realize that the loss of Rusie and Richardson is a severe one, and it will take time and money to replace them. The directors are ready to make the proper expenditure, and I think there is no doubt that the gap in the ranks will be satisfactorily filled. I have an understanding with the directors which gives me control of the team, and I shall exercise my rights."

Mere About Buckley.

St. Louis, Nov. 7.—A telegram received from Wheeling, W. Va., states that Catcher Buckley, of the New York Giants, was signed to play with the St. Louis Browns next year. Jack Stivetts will, it is said, be a member of the Browns in a short time. Captain Com-iskey has concluded to play with the Cin-cinanti League team, he and Mr. Von der Ahe not being able to come to terms regard-ng salary.

field of a fruitless fight last night. Fruitless in the fact that his favorite, Campbell, was defeated, but he claims a victory in one sense. A more hand to hand and desperately tought contest never took place in politics. "All the Republicans out there are humpbacked from the test they were put to," said

he, "and I don't see where our party has suffered such a disgraceful defeat, considering that the whole nation was fighting us. My friend Campbell is not at all discouraged, and you will see him, like the cork, bob up on top when his opponents are sitting around thinking. Look at New York, Massachusetts and Iowa. They distinguished themselves, and, my boy, just keep your eye on Ohio when "time" is called for the great fight of '92. EXTENDED FOR THE REMAINDER OF THE YEAR, BUT CONFINED TO CATARRHAL TROUBLES.

In the almost overwhelming nade to the offers of Drs. Copeland and Hall during the last two months to trent ALL DISrate of \$5 a month, there was abundant evi-dence that the public appreciates the medi-cal skill that is made accessible to all, rich and poor alike. The strength of the physicians and the resources of their laboratories have been taxed to their utmost. Drs. Copehave been taxed to their utmost. Drs. Copeland and Hall would gladly continue the rate as it stands, but to meet the demands it occasions is almost a practical impossibility. They have decided, however, to show their recognition of the popularity of the method inaugurated by continuing for the remainder of the year the five dollar rate ron CATARRHAL TROUBLES ALONE. Their charges for the treatment of other diseases will be moderate and in proportion to the cost of the medicines required, and for the remainder of the year—up to January!—the charges for medicines and treatment for catarrh will be the same as in the past two months—\$5 a month until cured.

by three years of cordial support have the people of Pittsburg testified to the superb prafessional skill, and personal honesty and fidelity of Dr. Copeland and his associates. That their practice is to-day larger than it ever was before, and their advertising and ever was before, and their advertising and business in every way more extensive, is abundant proof of the public confidence which, from the thoroughness of their professional work and the frankness of their professional work and the frankness of their professional work and the frankness of their printed atterances, they merit and enjoy. Each week, during the three years that their work has been before the public of Pittsburg, there has appeared in the daily papers a new statement of some man or woman in the community who gives, from personal experience, testimony as to their ability to cure the diseases mentioned in their specialties. These witnesses have been no make-shifts. They are men and women, well known in their neighborhoods and the community. Neither have the statements been repeated from week to week, but next week a new, simple, direct and unequivocal statement has appeared. LOUISVILLE, Nov. 7.—Business dull. Weather clear and pleasant. He says: "I am glad to add my testimony to the evidence in favor of Drs. Copeland and Hall's skillful and faithful methods of treatment. I believe that even where catarrh has progressed so far that some doctors would call it consumption, they can effect a cure. My confidence in them is based on what they have done for me. My work exposed me to all sorts of weather. From frequent colds my case ran into a chronic catarrhal condition, with its continual raising and snuffing and lacking and coughing. I had stopping up of the nose, dropping of mucus into the throat, weakness of the eyes, dark spots flitting over my eyes and dizzy spells. My throat would get sore. I had a bad cough. My stomach troubled me for years. My appetite was gone. I could not sleep. Every time I went to bed the mucus would drop into my throat and nearly strangle me. I would get up in the morning feeling more tired than when I went to bed. My bowels were in bad shape, and, in short, I had the whole catalogue of miseries that come from neglected catarrh. Drs. Copeland and Hall have made a new man of me and I feel better than ever I did before. Can I say more?" ting of Blood, Bronchitis, Asthma and all lingering Coughs, but for Consumption itself in all its earlier stages. It's reasonable. All these diseases depend on tainted blood. Consumption is simply Lung-scrofula. And for every form of scrofula and blood-taint, the "Discovery" is a certain remedy. It's so certain, that its makers guarantee it to benefit or cure, in every case, or the money is refunded. With a medicine that is certain, this can be done. There's a cure for Catarrh, too, no matter what you've been led to believe. If there isn't, in your case, you'll get \$500 cash. It's a bona fide offer that's made by the proprietors of Dr. Sage's Catarrh Remedy.

They are willing to take the risk—you ought to be glad to take the medicine.

The Patent Medicine War.

At a recent convention in Minneapolis, Minn., the matter of druggists substituting "something just as good" for some of the more popular patent medicines and propriatary articles, brought forth much comment and excited no little interest among the and excited no little interest among the manufacturers of patent medicines and retail druggists. It is simply the culmination of a long and bitter war between these two interests. Patent medicines were introduced some years ago when doctors were few and a doctor's service difficult to obtain. Later on they came into more general use on account of the large fees required by physicians, who after diagnosing a case, prescribed medicines, for which a high price had to be paid, making it a costly luxury for a person to lose his health.

In a measure, patent medicines have been a blessing to the poorer classes, but with the dawning of a new era concerning physicians' fees, they are no longer necessary. Drs. Copeland and Hail, known and established as successful physicians and special-Drs. Copeland and Hail, known and established as successful physicians and specialists, not long ago for a stated period reduced their fees for treating patients to the extremely low price of \$5 a month, including treatment and all medicines necessary. The medicines used by Drs. Copeland and Hail are prepared in their own laboratory by a skillful and practical druggist, under their personal supervision. Their drugs are purchased direct from the manufacturers and are always pure and fresh. This in a measure explains the success and popularity of these physicians.

When an invalid can secure the services of a skillful physician and all the medicines

When an invalid can secure the services of a skillful physician and all the medicines necessary to last a month, prepared under the physician's own supervision, for the cost of one or two bottles of patent medicine which may and may not cure him, more likely the latter, the question of substituting "geometria second" by retail stituting "something just as good" by retail druggists will have but very little interest

PERSONAL ATTENTION.

Continued Evidence of the Results Obtained by the Skillful Personal Care and Attention of Drs. Copeland and Hall.

When the tendency of the catarrhal progand the hacking cough, loss of flesh, pains in the chest, and failing strength give their in the cheek, and intend states and the consumption, the patient should spare no pains and lose no time in arresting what is practical and imminent danger. With the coming on of a winter, which, if the predictions of the weather prophets are true, will be an unusually severe one, the care of cases like these becomes of even more than usual importance. Catarrh and consumption, which so hand in hand, in this climate of ours, should be met at this season with the most faithful, persistent and skillful care. "I had read the published statements of many persons who claimed to have been cured by Drs. Copeland and Hall, but placed little confidence in them, though my husband believed them to be true, and when our son. William, who had been afflicted for so long, and whose condition became critical, he urged me to take the boy to those doctors for treatment." The speaker was Mrs. William Martin, of Munhall, Pa. unmistakable evidence of a predisposition

Continuing she said: "Our son has had more or less catarrhal trouble all his life. He was annoyed with what seemed to be a cold in the head, with an almost continual discharge from the nose, drippings into the throat and pains in the forehead.

"We paid but little attention to this, and not until other more serious symptoms began not until other more serious symptoms began to appear did we think of doing anything for him. His appetite became poor. Every-thing he are seemed to give him much pain

thing he ate seemed to give him much pain and uneasiness in the stomach.

"Dizzy spells would come over him so that he could hardly stand or walk. We were compelled to take him from school. He gradually grew worse. He lost flesh rapidly, became lean and bony, his face wore a pale and death-like appearance; he occasionally spit blood, and we were sure he was taking consumption. consumption.

"As I said, my husband urged me to take him to Drs. Copeland and Hall. I did so, had him examined and placed under treatment. To my surprise he began to improve at once, has continued to get better until he is now a strong and hearty lad, attending school every day."

Mrs. P. G. Klippet, corner Rowan avenue and Grape street, E. E.: "In the case of our little boy, Joseph, the catarrh had affected his eyes and ears, causing ulceration of the eyelids and a constant discharge from the car. Drs. Copeland and Hall cured him."

Mrs. Mary J. Jamison, 117 Main street, Allegheny: "Lung trouble kept me confined to my bed for over a year. I had been subject to catarrh from childhood. Drs. Copeland and Hall cured me."

Miss Susie Liska, 15 Sherman avenue, Allegheny: "I cheerfully recommend Drs. Copeland and Hall. They have more than nulfilled their promises to me: they have given me the priceless boon—good health."

Miss Mary Williamson, of Turtle Creek;
"They have benefited me so much that I am healthier and happier than ever before."

Miss Mary Schafer, 56 Long street, Allegheny; "Under their treatment every symptom of catarrh has disappeared without pain and I never feit better in my life." Their Credentials.

Dr. W. H. Copeland was president of his class at Bellevne Hospital Medical College, New York, where he graduated, the most famous institution of its kind in the country. His diploma bears the written indorsement of the medical authorities of New York, of the deans of prominent medical colleges in Pennsylvania. Dr. Hall's credentials are no less abundant and unqualified. He also is formally indorsed by the secretaries of various county and State medical societies. The diplomas of both gentlemen bear the formal written indorsement of the Western Pennsylvania Medical College of Pittsburg. For nearly three years, the work of Dr. Copeland's office has been before the public of Pittsburg.
