

METAL MARKETS DULL.

Most of the Furnace Companies Hurdling Hard for Business. The Plate Market Quiet and Low Prices Continue to Be Made.

A LITTLE DOING IN MANUFACTURES

Special Telegram from the Dispatch. New York, Nov. 12.—The Iron Age will see tomorrow, in its review of the metal markets: American pig—Sellers generally report the market exceedingly dull. With the exception of one or two producers of standard grades, the majority of furnace companies are seeking business quite liberally. We note Northern brands, \$18 1/2 to \$19 for No. 1; \$16 1/2 to \$17 for No. 2; \$14 1/2 to \$15 for gray iron.

GRAIN AND PROVISIONS.

A Strong Opening in Wheat Succeeded by a Nervous and Unsettled Market—Fluctuations in Corn and Oats—Provisions Higher in spite of Large Receipts.

CHICAGO.—The wheat market opened strong but soon became unsettled and nervous. Early in the day reports of cold weather in the West being stronger cables and the expected Russian wheat, all tended to give the market an impetus, and there was a gradual rise until a material advance was reached. This advance, however, had the unfortunate effect of causing a score of nervous traders to attempt to unload while the market was momentarily at the tide, and from selling quickly brought a decline which was not completely swept away by the advance of the early hours.

TWO MORE BIG DEALS.

The Rowand Residence at Edgewood Sold to a Physician. A Transfer on the Northside.

Application of a Substitute for Stone and Brick Building. INDUSTRIAL DEVELOPMENT AT BLAIR. Two important transactions in real estate were consummated yesterday. Mr. A. H. Rowand sold his Edgewood residence to Dr. R. F. Duke for \$32,000. It consists of a large and elegant frame house and six acres of ground.

HOME SECURITIES.

Clear Evidence that Electric is Getting on Its Feet. The Company Begins the Payment of Notes Held by Pittsburgh Banks—Business Drops Out of Sight, but the Tone Remains Distinctly Bullish.

The best feature of the market yesterday—the only one in fact—was connected with the Washington Electric Light Company commencing redeeming the paper held by the Pittsburgh banks. This shows that the promise to pay off all its indebtedness was made in good faith. Mr. Westinghouse stated that the work of putting the affairs of the company on a solid basis has been practically accomplished.

POULTRY IS PENTY

And Thanksgiving Turkey Promises to Be Lower in Price. Lima Beans From California.

Cereals Steady All Along the Line and Hay a Shade Weaker. NEW ORLEANS MOLASSES IS LOWER. Office of the Tribune Dispatch, Thursday, Nov. 12. COUNTRY PRODUCE (Jobbing prices)—Trade in this department is still quiet all along the line. Poultry is in bountiful supply, and prospects are good for a cheap Thanksgiving turkey.

COAL STOCKS TRACKED.

Cotton Oil and Distillers Show Much Strength. These Present the Only Features of a Dull Share Market—Most Securities Close Fractionally Lower, Though Firmly Ruled During Most of the Day.

New York, Nov. 12.—The stock market, when hammering was not in progress, presented a very quiet appearance. No material progress was made in either direction, while a firm tone prevailed as the bears to-day concentrated their attacks upon the coal shares, and while the cotton oil and distillers showed a material extent, their success in the rest of the list was not flattering.

LATE NEWS IN BRIEF.

A case of leprosy has been discovered in Cincinnati. The Berlin banking firm of Friedlander & Somerfeld has been officially declared bankrupt. The Emperor Francis Joseph, of Austria, visited the city of Innsbruck on his way to the Peace Congress. A widespread revolutionary plot has been discovered in the United States.

Annual Orders for Steel Rails.

Steel rails.—The event for the week has been the placing by the Pennsylvania Railroad Company of its usual annual order. The quantity involved is about 600,000 tons, which is distributed equally to Carnegie, the Cambria and the Pennsylvania Steel Company on the line of the road. So far as can be learned, the order is the largest ever placed by any one company in this country.
