VIGOROUS POLICY OF SUPPRESSION

Plotting to Spoil the Fair.

CHICAGO, Nov. 13.—This evening a bill was filed in the Circuit Court by Thomas Grief to restrain Mayor Washburne, Super-intendent of Police McClaughry, Inspector Lewis and Captain Mahoney from entering upon the premises owned by complainant, or from interfering with any meetings or as-semblys held in the hall. The case will probably come up before Judge Tuley tonorrow morning.

Both Mayor Washburne and Chief Mo-Claughry to-day in speaking of the arrest of Anarchists advanced the belief that the object of the meeting and the organized plot of the Anarchists were not to commit any acts of violence nor to throw bombs, but to keep up an Anarchistic agitation to convince foreigners that Chicago will not be a safe place to come to in the World's Fair year, either to exhibit good or to see them. A Stern Policy of Suppression.

"The action of Inspector Lewis in breaking up the meeting has my entire approval," said the Mayor. "The incendiary utterances of the Anarchists must be stopped, for they are likely to do Chicago incalculable injury—an injury far greater than any damage they could do by overt violence. They might blow up a building or two, but they could not get control of the city, and aside from any loss of life there might be the loss would not be over, say, \$100,000. But the effect of this agitation if allowed to continue, and I believe that is its object, would be to give Chicago a bad reputation, to keep millions of capital away and work irreparable harm to the World's Fair by frightening foreigners who believe Chicago an unsafe place to which to send their goods or to come to themselves."

"What will your policy be?"

"To suppress with a firm hand all meetings held to advocate Anarchistic principles."

Major McClaughry expressed the same view of the purpose of the present agita-

Cursed the Police Force. Officer C. J. Gould, who took part in the raid, was the first witness. "Myself and seven other officers," said he, "went to the saloon at 54 West Lake street. It was crowded with men. They were excitedly discussing several meetings and cursing the police force. Then we went unstairs on the officer Wessler was the next witness and told about the same story. This officer had an armful of red flags which he had torn from the platform of the hall. One of them had the words "American Group No. 1," inscribed on it in gilt letters. "That's a terrible thing to have on a flag," said Mr. Cox. "Why did you bring that

flag along?"
"Because it is the emblem of anarchy, and we wanted it for evidence."
Lawyer Cox began the examination of the 17 defendants and completed that of four of them. Each will be examined singly, and the case gives evidence of being a long one. The defense attempted to prove by its witnesses that the meeting raided by the officers was a peaceable one, and had no connection with any anarchistic movement

An Alliance Insurance Society Forced Give Up the Ghost.

TOPERA, Nov. 13 .- [Special.]-State surance Commissioner McBride recently notified the Alliance Mutual Benefit So ciety to discontinue the transaction of its life insurance, because it had failed to comply with the law governing life insurance npanies. The commissioner expected that the irregularity would be speedily remedied, but he was greatly surprised this afternoon at receiving a letter from G. H. Fleetham, Secretary of the company, stat-ing that it was the intention of the company to discontinue business. In his letter Sec-retary Fleetham said: "After the McGrath interview and the light vote in the State, we have come to the conclusion that it is of little use to try and build up a society among the Alliance, so we have quit and have notified our agents to that effect."

MAJOR M'KINLEY GIVEN PULL CREDIT

SPECIAL TELEGRAM TO THE DISPATCH.] WASHINGTON, Nov. 13 .- Ex-Governo Joseph Benson Foraker, of Ohio and rebel flag and ballot-box fame, has invaded the National Capital. It is stated that the fiery Buckeye leader came to formally declare war on the Administration unless the pressure which is being brought to bear against him in the Senatorial contest is removed. However, as he announced himself for another candidate than Harrison

some months ago it is difficult to see what he could expect to ask for at the hands of the President's friends. Another and more plausible story is that he came here to seek Blaine's aid in the struggle against Sherman, on the ground that the forces which are opposed to him are also largely unfavorable to the man from Maine. The ex-Governor to-night declined to discuss either of these reports, but talked freely about the Ohio situation. In

response to questions he said: Gives Major McKinley Full Credit. "The victory was not only a great one,

but it was satisfactory in every respect. The battle was fought upon national issues, the tariff and the silver question receiving most attention. The tariff was given special prominence from the beginning by reason of the candidacy of Major McKinley. The Major made a most brilliant campaign. He showed both great ability and great versatility. He spoke in almost every county in the State, and everywhere with great effectiveness. He had much help on the stump, but to him mostly than to anyone else is due the credit of the result. He dodged nothing, but fearlessly met every

issue and won. "So far as the tariff and the silver ques tions are concerned, Ohio has spoken not only for this year but also for next year. Senator Sherman discussed the silver question more particularly probably than any other questions, but he dealt with all with his usual distinguished ability, and contributed his full share to the result. We have no faction I difficulties in Ohio, and have no fear with respect to the campaign of next year.

"What is the condition of the Senatorial

"I hardly know how to answer that question. I have been exceedingly busy since the election looking after my own affairs and really know nothing about the matter except only as I have been informed by the newspaper and letters. I can say, however, there is no fight in any proper sense of the word. There is no bitterness entering into the controvery and will not be any. The relations between Senator Sherman and myself are entirely pleasant, and whatever the result may be as to the Senatorship it will

be accepted in good nature by all." "Which one of you is in the lead?" "Senator Sherman says that he is, ac cording to some recent interviews. He should not make such a statement without information to justify it, but if he is, a good many people are misinformed. I am entirely content to wait for the action of the caucus. In the meanwhile I am entirely satisfied with the situation."

"Is there not a strong pressure to return Senator Sherman?"

No Outside Dictation Wanted, "Yes from some quarters, particularly from outside the State. We are not surprised at this, for Senator Sherman has earned the confidence and respect of the whole country by the illustrious services he has rendered. At the same time the Republicans of Ohio will deal with the matter nnon their own responsibility and according to their preferences and desires. They are as a rule simple-minded enough to think they know what they want, and to understand their own business, and to be able to

A COLUMBUS FAMILY CREMATED.

Their Fate Not Suspected Until Many Hou After a Tenement Fire. COLUMBUS, Nov. 13 .- At an early hour this morning a row of cheap frame buildings on North High street was destroyed by fire. At 5 o'clock this evening the firemen found the remains of human beings and began a thorough investigation. Four bodies

were taken out and removed to the Coroner's office. An entire family was burned, and this explains why the dead were not missed. The bodies so far found are those of a little boy of 2, a girl of 4, another girl of 6, and the father and mother. The head of the family is said to be Charles Bethers, a laborer, but

Year of Peace and Beneficence to Be Thankful For-A Twelve-Month of Marvelous Prosperity-Appropriate Observ-ances of the Day-Rest and Recreation . WASHINGTON, Nov. 13 .- The following as issued this afternoon: By the President of the United States-A Procla

prosperity which has crowned the year now drawing to a close that its helpful and reassuring touch has been felt by all our peo-ple. It has been as wide as our country, and so special that every home has felt its comforting influence. It is too great to be the comforting influence. It is too great to be the work of man's power, and too particular to be the device of his mind. To God, the beneficent and the all-wise who makes the labors of men to be fruitful, redeems their losses by His grace, and the measure of whose giving is as much beyond the thoughts of man as it is beyond his deserts, the prisse and gratitude of the people of this favored nation are justly due.

Now, therefore, I. Benjamin Harrison, President of the United States of America, do hereby appoint Thursday, the 26th day of November, present, to be a day of joyful thanksgiwing to God for the bounties of His providence, for the peace in which we are permitted to enjoy them, and for the preservation of those institutions of civil and religious liberty which He gave our fathers the wisdom to devise and establish and us the courage to preserve. Some surprise was expressed in this city upon the receipt of the dispatch announcing the extraordinary activity which was being displayed by the Russian Government in connection with the internal disturbances which are known to exist in the Empire. It was thought at first that the Government's action was due to the troubles arising from the searcity of food in many districts of Russia, as for some days past dispatches have been received in this city depicting

the starving peasants.

Many acts of lawlessness have been -04 ported as having been committed by men
