-Looking backward over the week it reminds one of nothing less than a chrysanthemum garden. We have been marrying in chrysauthemums, calling on chrysanthemums, buying chrysauthemums and doing everything but eating chrysanthemums.

I have learned one thing since I have been brought into intimate relations with this Japanese beauty, and that is that in one respect they are entirely different from human beings. The man or woman who grows very big in the head is undoubtedly neither a useful nor" ornamental member of society. With a chrysanthemum it is totally different. At the chrysanthemum show, I believe, if they could have uttered their thoughts, there would have goue up one huge ery of "measure me" that had rent that bower-like ceiling to the four winds of heaven. As it was every single blosson held its head in the best position for showing off its diameter. A swell-headed man or woman is a nuisance. but a swell-headed chrysanthemum, well, we take the swell out of our purses trying to buy them, in order to prove ourselves very swell indeed.

SUNDAY, NOVEMBER 15,

JOU THEATER. DeWolf Hopper QUESNE THEATER ...... Casino Comie Opera 

The above are the theatrical attraction

Music and opera will compete at three theaters this week. Juch at the Grand Opera House, Hopper at the Bijou and L'Allemand at the Duquesne, are the several exponents of various forms of opera, from he grand to the ridiculous. "Jane," a light comedy, will be seen at the Alvin Theater. The other houses supply light forms of entertainment.

The past week revealed nothing new at the theaters except young J. K. Emmet. The verdict upon him is generally that of THE DISPATCE last Tuesday. Mr. Emmett is a graceful, good-looking young fellow, a tair actor, but not a comedian. His father's peculiar magnetic qualities he lacks, although he is as pleasant a fellow as one may meet in many days.

One of the few cheerful things fall brings to Pittsburg is DeWolf Hopper in comic opera. There is nothing suggestive of death or decay about him, but he usually comes here in November. This year he brings with him an operatic burletta, so-called, which really made a hit in New York in mid-summer, a pretty big thing to do. It is called "Wang," and is by J. Cheever Good-win and Woolson Morse. DeWolf Hopper is

called "Wang," and is by J. Cheever Good-win and Woolson Morse. DeWolf Hopper is always welcome in Pittsburg, but I guess even his most fervent admirers would rather see him in a clever piece, than such a disappointing hodge-podge as "Castles-in-the Air" was last year. "Wang" is said by really capable judges to be just the thing for Hopper and the clever people with him, who include Delia Fox, Jeannette St. Henry, Anna O'Keefe, Marian Singer, Agnes Reiley, Samuel Reed, Alfred Klein, Edmund Stanley, Camm Mauvel and other artists of a like standing in the ranks of comic opera. The story of "Wang" sounds funny anyhow. Here it is: "Wang" the Ergent of Siam, is nucle and guardian of Mataya, the Crown Prince, not yet of age, and who is far from amenable to his uncle's rule. The Regent has for six years been obliged to administer the functions of his office, in a most poverty stricken state, owing to the fact that the treasure of his brother, the late King, Mataya's father, has never been discovered. The Regent dis-covers, through the interception of a letter intended for the Crown Prince, that a treasure chest is in the custody of the widow of the late French Consul, Gen-eral Frimousse, to whom it has been con-fided by the heir apparent's father, to be de-livered to him when he attains his majority and is crowned King. After a series of com-plications the chest is delivered to the Re-gent, but finally reaches its rightful owner, who, to partially console his uncle, resigns his right of succession to the throne. The first performance in this city in

The first performance in this city in English of Pietro Mascagni's opera, "Caval-leria Rusticana," will be given at the Duquesne Theater Monday night by Rudolph Aronson's Opera Company, from the New York Casino. While in Europe last summer Mr. Aronson purchased the orchestration from the composer, and received from him an insight into the hidden mysteries of the peculiar hamonization that the score does not evidence. It is promised that the production of the work here will in every instance resemble the one now running in New York except in the cast, and the names of Pauline L'Allemand as Santuzza, Villa

made a wonderful his, I see, in "Miss Hel-yet," in which she burlesques Spanish songs and dances. "Miss Helyet," by the way, is likely to be a remarkable success. It is something novel, not quite a comedy or s comic opera; but a little of both. Mis. Les-lie Carter, who surprised people a year ago by stepping from a divorces nuit to a stage success with wonderful case, in the title role has also added to her fame as a comedienne possessed of finesse deli-cacy seldom found away from the French stage. The story of "Miss Helyett" is de-cidedly Frenchy, even with the risky situa-tions invented by the original author, Boucheron, toned down by Belasco. Audran turnishes the music and it is said to be eatchy and very light. Eate Davis' success is the fulfilment of a prophecy made in these columns three or four years ago, and it is rather pleasant, I may confess without erotism, to see the metropolitan journals recognizing Miss Davis' ability as THE Dis-parch did when she was comparitively un-known.

1891.

The new scenery which has been put on at the Duquesne Theater lately is the work of Albert Bender, and it is really very good work. Mr. Bender has under way an interior that is said to be unique in design.

An anonymous correspondent informs THE DISPATCH that the late J. K. Emmet and the editor of this paper were both so fortunate as not to know him, the nameless corre-spondent. The information is reassuring and in fact full compensation for the silly abuse which accompanied it.

Joseph J. Dowling and Sadie Hasson will present a couple of interesting plays at Harris' Theater this week. On Mo day, Tues his Theater this week. On Monday, Thes-day and Wednesday "The Red Spider," Thursday, Friday and Saturday "Nobody's Claim." Both plays will be staged in a su-perior style and a number of pleasing specialties introduced. A trained donkey and an educated horse will be used in the production to give additional realism.

The Rentz-Santley Novelty Burlesque Company is the standard attraction at Harry Williams' Academy this week. The perform-ance is said to be up to the usual mark, for in the company are such people as Miss Frances Wyatt, Miss Nettle Pare, Mile. Har-beck, Miss Lottie Elliott, Miss Nellie Harris, Will C. Matthews, Whitey and Leonard, William Harbeck, Mile. Lucille and 20 other artists.

> The Austrian Juvenile Band has landed in this country and its first performances in Boston seem to have settled the question o

Its merit in American ears, for the criticism its merit in American ears, for the criticisme are very favorable. Enthusiastic Manager Binkely writes: "The little children who make up this band are children in years; they are giants as musicians. No band in this country is their equal." That's a pretty big claim, but we shall have a chance to judge for ourselves shortly. HEPBURE JOHNS.

World's Museum-Theater.

The attractiveness of Allegheny City's only place of amusement continues un abated. The Museum-Theater has been crowded during the past week, Electra being

the principal magnet. An unusually strong and eminently meritorious list of attractions will be presented to their patrons by the en-terprising managers this week. Prof. Mat thews' Troupe of Acting Goats, the in num-ber, will be one of the attractions. Prof. thews' Troupe of Acting Goats, the in number, will be one of the attractions. Prof. Matthews has just returned from a tour of Europe, where he has been entertaining kings, princes, dukes, earls, etc., with his wonderful goat comedians, acrobats, danc-ers, musicians, etc. Some of the feats per-formed by these goats are said to be aston-isving. This is their first appearance here. E chards, the great English lightning cari-caturist, who has a reputation for painting an exact likeness in four colors in one mo-ment, has been engaged. He can and will paint anyone's portrait in this time. The renowned Scotch Albino, C. A. Boring, will wake the echoes with his bag-pipe, and the old Scottish ariswill be made familiar once more in na-tive style. Miss Annie Bell, the famous heavy weight-beauty, and "Electra," the lady who has puzzled everybody, and as a well-known electrician, who visited the Museum one day last week, called her, "The Living Storage Battery." are also to be seen. In the theater Shintaro's Troupe of Im-will give an entertainment that is certaining a novely. These are the same Japanese who have been imported by Barnum & Bailey as their next season's attraction. Between the acts several good specificies or well-known attractions of such a varied and pleasing ma-ture, if crowded honses every afternoon and evening are not the rule at this popular house, we are very much mistaken in our anticipations. In the Second Brigade mest of the organizations have increased the totals over inst year, particularly is such the case in the Four-teenth Regiment and Battery B. In the Eighteenth Regiment the number will be somewinst below that of last year, and sev-eral of the companies have not succeeded in qualifying the regulsite number of 50 men. This failing off was due mostly to the fact that the regiment was badly handicapped by having no range until early in Septem-ber.

In Luck Certain.

In Luck Certain. After trying to sell books, pictures and wringers, and nearly every contrivance im-aginable, I became discouraged and thought there was no chance for a poor man to earn a living. There was nothing to do on the farm, and I could not get a job in town, when I happened to see how a teacher made money selling platers and thought I would try my luck. I bought a \$5 Light-ning Plater from H. F. Deino & Co., Co-lumbus, O., and from that day my luck seemed to change. I carried the plater from house to house and plated knives, torks and spoons, right before the folks, and it is surprising how many want their things plated. A grand opera chorus of 50 voices and an orchestra of 35 musicians will assist in orchestra of 35 musicians will assist in the production. It will be preceded at every performance by a one-act opera comique by Frans von Suppe entitled "The t Jolly Students." The first performance of this opera in English was given in Philadel-phia on last Monday evening by Mr. Aron-son's company, an' it not only scored an immediate success but served to bring into prominence the well-known comedian Jef-ierson de Angelis, who assumes a character similar to that of Gaspard in the "Chimes of Normandy." The music is said to be of the dialogue is crisp and full of comedy. Louise Beandet, Clara Caudray, Max Figman, Edear Smith, Charles Reswick and A. W. Mafin also appear in this opera. The stage is directed by Max Freeman and the audience is under the conductorship of Paul Stein-dorff. The only matines will be given on Saturday.

One of the most interesting events the theatrical season will present is the engage ment of the Emma Juch Grand Opera Com

November 16. The repertoire is selected from Wagner, Gounod, Verdi, Balfe and the young and now famous Italian composer, Mascagni. All the operas are sung entirely in English and attention to detail for the mise-en-scene, that have made the foreign companies so successful during their metropolitan en-gagements. Miss Emma Juch is already too wells known to Pittsburg to need more than a mere mention of her coming. Signor Enrico Bevignani, the famous musical conductor, of the Covent Garden Theater, Londou is still with the company and did not leave, as some of the newsp.pers erron-eonaly stated. Siz, Bevignani has won for himself a host of admirers by his able and poetic interpretation of the music of the new opers "Caralera Rusticana," being an Italian and a personal friend and admirer of the composer. Miss Amanda Fabris, a cousin of Miss Juch, who was one of the leading prime donne of the famous Carl Ross Opera Company, though she has prac-tically retired from the stage because of hes recent marriage to Lord J. Furguesor Davis (this is entre nou-), is kindly helping Miss Juch his season by singing the roles on two nights of the week, and so well is Miss Fabris executing her part of th duties that she has been recognized by he<sup>6</sup> audiences as one of the best soprano singerr in America at the present time. Another notable addition is the f mous little teno tate of the Patti Opers Company, Mr. Albert Guille. Still another and an old favorite here is William Mertins. The other favor-ites are Miss Lizzie Macnichol, Miss Ger-trude May Stein, Sofia Romani. A new and valuable addition is Sig, Michelana, also for seven years leading tenor with Emma Abbott; Mr. William Steohens, George Gould, S. H. Dudley, F. W. Colby, and last but by no means least, Mr. Franz Vetta. The chorus and orchestra are said to be strong. and attention to detail for the mise-en-scene, that have made the foreign companies s
