THE E. E. GYMS WIN A GREAT GAME.

Yale Defeats the Pennsylvania Team Easily-Gen eral Sporting News of the Day.

Probably the most exciting Rugby foot ball game that has taken place on local grounds so far this season was that of yesrday between the Washington and Jefferson College team and the team of the Three A's. There has been better football played, but the two elevens were so equally balanced yesterday that the argument from beinning to end was of the most exciting The contest was not finished until the moon was shining brightly and the stars were twinkling. The crowd, about 600, were wild, and vells rent the air as the local team scored a touchdown that won the game at the last moment.

Their Wenk Point

It is fair to say Tthat the bree A's had only a moderate team on the field. Their rush line was all right but behind the line they were weak Walter McClintock was saddy missed and doubtless had he been on hand, and also Germer, the visitors could not have been in it. The backs did very poor work, indeed, excepting the efforts of little Valentine. He, of course, played his usual good game. The rushing of the home team was better than it has een so far this season, and their interfer-ig was tolerably fair. Brainard, Norman IeClintock and L. Fiscus tackled admirolv. O. D. Thompson did very well, deed, in center and played his best game this season. Notwithstanding the weakness of the team, had they started out with as mel vim and determination to win as they isplayed at the finish they would have con easily.

The visitors played a very plucky game,

but their touchdown was scored almost en-tirely because of Albree's fumble. The ickers from Washington are a gentlemanly it of fellows, and Freeman, Rehn and Irwin placed very well. But they seemed to depend too much on their rushing abilities, as many a time they lost the ball by trying They Invariably Fouled.

Had they depended more on their ends and backs they would have made a petter show. John Moorhead was referee and Mr.

Each half was 45 minutes, and the second pened lively. McClintock, by an excel-ut run of 65 yards, made a touchdown, and the cheers were loud and long. That tied the score. Brainard failed to kick goal. nce or twice the visitors had the ball witha varil of the home players' line, but her failed to get it over. At this stage everybody was shouting with excitement, and the referee had a very unpleasant time Finally the home team got the ball, was passed to Valentine, who kicked it into the middle of the field and that saved

After some lively scrimmages L. Fiscu of the ball, and made a tremendous run of vards, just getting over the line for a uchdown when Rehn caught him. The score was now 8 to 4 in favor of the home team, and it was dark. McClintock punted ball to secure a free kick in front of Valentine made a good catch, but McClintock failed to kick goal, and the enme was at an end, as it was too dark to

Princeros, Nov. 14.—[Special.]—It is said that before Andrew D. #### 'RAH FOR THE GYMS.

They Defeat the Altoona Team by 20 Points to Nothing - Some Excellent Playing by Fry and Proctor-The Victory One of the Best of the Season.

A most interesting and exciting game of Rugby football was witnessed yesterday atternoon at the East End Gyms' grounds, between the East End Gyms and the Altoonas, who were re-enforced by men from several different colleges. Pretty plays were made by both teams but the Gyms, though lighter, were more active and showed better team work. The Altoonas plainly showed lack of practice as a team.

The "Gyms" won the toss and took the ball, and, through the fine running of Martin and Proctor, a touchdown was scored by Proctor in seven minutes. Fry failed to Proctor in seven minutes. Fry failed to kick good and the ball was brought out to the 25-yard line, and, on a fumble by the Altoons, the ball went to the "Gyms."

The Gyms then "bucked" the line with good effect, and Fry secured a second touchdown, from which he kicked a goal. The ball then went to the end of the field, when the Altoonss tried "bucking" the Gym line, but found them impenetrable. On a fumble by the Altoons Fry got the ball, and, having a clear field, scored a touchdown, from which he kicked a second goal. Time then was called for the first half, the score being l4 to 0 in favor of the "Gyms."

The second half began by Altoona having the ball. On a clever run by Graham the ball was carried within 20 yards of their roul, after which the "Gyms" secured the ball on three downs. After successfully "backing" the Altoona line, openings were made by Ritchey and Kirchner, the ball was slowly but surely worked toward the "Gyms" goal, and Fry unde a touch down and kicked a goal. The ball was then brought to the center of the field, but after being successfully worked up and down the field without any more points being scored, field without any more points being scored time was called, the score standing at the

#### YALE IN GOOD FORM.

Her Football Team Defeats the University of Pennsylvania by a Score of 48 to Nothing-Heffelfinger Does Some Great Playing for the Visitors-Thayer's Kicking Was a Feature.

New York, Nov. 14 .- [Special.]-Yale began ber championship tootball game with the University of Pennsylvania on Manhattan Field this atternoon with great caracstness. For about 40 minutes her face wore a serious expression and then it blossomed out into a smile. During the second half of the game Yale men were injured with regularity and gave way to inexperienced players, who had. their first taste of genuine football. This gave Yale good practice, and spared men who will be needed most in the same with

who will be needed most in the game with Harvard at Springfield next Saturday. In other words, as soon as Yale had tested the strength of Pennsylvania's game and demonstrated her own superiority she took things more easily, so as to run no risks of being materially crippled at the critical time of her football campaign.

In the first half Yale made 36 points and in the second only 12, her score being 48. The University of Pennsylvania did not make a point. A week ago Princeton played Pennsylvania. In the first half Princeton made 4 points and in the second she scored 29. With these performances to act as a guide, there does not appear to be any doubt about the relative strength of Yale and Princeton. The game to-day was witnessed by over 8,000 persons, and the most notable thing about them was their apparent lack of enthusiasm. persons, and the most notable thing about them was their apparent lack of enthusiasm. Captain McClung, of the Yale eleven, did not play at all. He watched the game from the side of the field. Barbour, the quarterback, gave the signals, assisted by Hartwell, who played on the end. McClung looked pale, but his friends said he would be all right next Saturday. The playing of Eliss, McCormick and Heffelfinger was the feature of Yale's game.

McCormick and Heffelfinger was the feature of Yale's game.
Heffelfinger, the mighty guard, went through Pennsylvania's line at will, and his interference was especially fine. He seemed to be everywhere, and his great strength and knowledge of the game told in Yale's favor. Pennsylvania could gain little ground maginst the Yale line. Her game went largely into punting. Thever, her full back, kicks well and was called upon very often. Camp and Knipe, her half backs, played with pluck and spirit, but the punting of Thayer was the only thing which took the pig skin into Yale's territory.

## ROUGH TIME OF IT.

The Genevas Defeat the West Penn Medi cal Students Very Easily. BEAVER FALLS, Nov. 14 .- [Special.]-The

Geneva College Team and a team from the West Penn Medical College, of Pittsburg, played a highly exciting and very rough game of football at this place this afternoon. The Genevas secured ten touch-downs and nine goals scouring 38 points to the visitors none. The medicine men had the heavlest team, but they lacked the skill and training of the Genevas and were not in it from start

to finish.

The features of the game were the sprinting of the Geneva half-backs Bill and Dadds and the playing of Gevenas' full-back. Stetratt McAllister, a theological student, son of Rev. McAllister, of Pittsburg, who was playing with the West Penn's, got a badeut above the eye, the eye put in mourning, his nose skinned and his lip cut. He is booked to preach here to-morrow at the R. THE Chiesgo Association team as well as Anson is after "Jiggs" Parrott, third baseman of last season's Portland. Ore, team.

SELLEE has signed to manage the Boston League geam for 1862 and is credited with a resolve to release John Clarkson as a "has been."

lease John Clarkson as a "has been."

MUTRIE'S dismissal may have been a wise move on the part of the New York League club's owners, but it is doubtful. "Truthful" Jeems may not be a great manager in a strict acceptance of the term, but he is a good hustler, joillier and advertiser, and they are qualities not to be succeed at. Besides, you can count on the fingers of one hand all the good managers in the country.

"ANOTHER thing I'd like to have corrected." says President Wagner, "Is the impression given out by the New York papers that we are willing to sell the Athletic club for \$75,000. I never made such a statement. I did say, however, that I would take \$75,000 for my share, which is not so large as that of hy brother George. We might consider an offer of \$200,00. Nothing smaller would receive attention.

General Sporting Notes

JUST wait until Mitchell and Slavin arrive her and then there'll be some talking.

THE KANSHA CITY-Chicago team shooting match has been postponed until next spring.

E. C. MCCLELLAND wants to run Peter Priddy in a rink. That means no race will take place between these men.

BECKLEY has left for San Francisco. ED HANLON is sorry that King is going to New York. THE general opinion is that the 25-cent scheme of the League is only a bluff. CATCHER EARL, will not sign with Boston until be receives his advance money. BERRALUR has been heard from. He is killing lots of ducks in the Erie district. THOMAS HESS, who played with the Albany last season, has signed with Baltimore, CROOKS, Knell and Duffee, of Columbus, are

Medical Discovery invigorates the liver, purifies and enriches the blood, and rouses every organ into healthy action. It prevents and cures all diseases arising from a torpid liver or from impure blood. Dyspepsia, Indigestion, Biliousness, Scrofulous, Skin and Scalp Diseases—even Consumption (or Lung-scrofula), in its earlier stages, all yield to it.

The makers of the "Discovery "claim for it only what it will do. They quarantee that it will do it. If it fails to benefit or cure, in any case, they'll return the money. Nothing else that claims to purify the blood is sold in this way; which proves, no matter what dealers may offer, that nothing else can be "just as good."
