

PIATT'S LAST WORDS.

Many Friends Attend the Dead After to the City of the Dead.

PREPARED FOR HIS DISSOLUTION.

Governor Campbell One of Those Who Served As Fallbearers.

NEWSY NOTES FROM NEARBY TOWNS

WEST LIBERTY, O., Nov. 15.—Donn Piatt was buried to-day at Maocoe. The ceremony was the simple service of the Catholic Church, and his remains were laid to rest in the family tomb without the least display of pomp...

Donn Piatt contracted the illness which resulted in his death while on a trip to Cincinnati to attend a reunion of a literary club, of which he had long been a member. At this meeting he prophesied his early death. He was somewhat from that meeting, at which he said in a speech: "In another year Donn Piatt will have joined the silent majority."

DEAILED BY A FROG.

A Cincinnati, Hamilton and Dayton Passenger Train Wrecked.

LIMA, O., Nov. 15.—[Special.]—A passenger train, southbound, on the Cincinnati, Hamilton and Dayton Railroad, was wrecked here at 2:40 this morning at the north end of the draw, about a mile north of the passenger depot. The train was struck by a locomotive and engine from the west, and the front truck of the engine struck the frog at the switch, throwing the engine, baggage car and mail car from the track.

An Increased Marine Corps Asked For.

WASHINGTON, Nov. 15.—[Special.]—In his annual report to the Secretary of the Navy, Colonel Heywood, commander of the marine corps, speaks of the severe strain put on the marines at navy yards by the increased demand for sea service, resulting in dissatisfaction and the loss of many old soldiers. He urges an increase of the corps. Also, it is recommended that the provision of the act of Congress to prevent desertions from the army be extended to include the marine corps, as well as the provisions of the act requiring examinations for promotion.

WHAT A DAY BRINGS FORTH.

THE VARIED DOINGS OF A WIDE, WICKED AND BUSY WORLD.

Living on Butter Milk.

BREADCROCK, Nov. 15.—[Special.]—The sufferer from the disease which Mrs. Mary McVeigh, one of the best known old ladies in Breadcrook, has gone through for the past several months is something wonderful. Nearly a year ago she discovered a cancer forming in her throat, and it was with difficulty that she could take any nourishment. It finally went into her mouth and her ability for eating solid food was at an end. Times have the ulcerated parts been removed, but with no effect, and it is just 14 weeks since she has been able to eat. It finally went into her mouth and her ability for eating solid food was at an end. Times have the ulcerated parts been removed, but with no effect, and it is just 14 weeks since she has been able to eat. It finally went into her mouth and her ability for eating solid food was at an end.

Clonston Acquitted on One Count.

PARKERSBURG, Nov. 15.—[Special.]—The jury in the Clonston case was given the charge by Judge Borman at midnight last night, and half an hour later returned a verdict of not guilty. The particular indictment upon which Clonston was tried is charged with obtaining money under false pretenses by selling to the Parkersburg National Bank witness the certificate which he knew to be fraudulent. While the evidence in this case is not so strong as in the State, because of legal technicalities, failed to make out a case. The prosecution claims to be ready to go to trial on another of the remaining 10 indictments.

A Farmer of Easy Political Virtue.

ERIC, Nov. 15.—[Special.]—Frank Collins, the man who organized and was lecturer of the Farmers' Alliance in Erie county, has come to grief. During the last campaign it is alleged that Collins visited the headquarters of both the Republican and Democratic parties and offered to use his influence for a consolidation. Collins' services were secured, and now the Alliance, of which he was a member at Wares, has published a hard denouncing him.

A False Report of Hog Cholera.

PENNSYLVANIA, Nov. 15.—[Special.]—Last week a correspondent from Franklin stated that Mr. and Mrs. Weber, near this place, were made dangerously ill by eating pork which was tainted with hog cholera. Mr. Weber says the only foundation for the report was that he and his wife were afflicted with a slight rash at the time, which soon passed away, and that they experienced no illness.

NINA FORBESWAS ANARCHY.

She Loved August Spies for Himself, and Not for His Cause.

CHICAGO, Nov. 15.—[Special.]—Pretty Nina Van Zandt-Malato, the ex-proxy wife of August Spies, who arrived in Chicago yesterday from her wedding trip, said to-day: "I have forever severed my connection with the Anarchists. Their actions of the last ten days have been such to condemn them in my mind, and I believed they should be ostracized by the American people. The statement that I ever sympathized with the would-be destroyers of our Government is false. I loved August Spies, and not the cause he represented."

Tired of Humoring His Son.

A Cincinnati Merchant Quits Business and Sours on a Gambling Boy.

CINCINNATI, Nov. 15.—[Special.]—An indulgent father has at last grown tired of paying his son's gambling debts, and is now selling out his stock to retire from business. Abraham Jacobs, who has for many years conducted a furnishing goods store on Fifth street, has been one of the most successful men in his line in the city, and is greatly respected by all who know him. He has a son with the reputation of a high roller at the races and about the pool rooms. The young man plunged wildly on the race, but lost steadily. In the past two years his losses amounted up to \$20,000. When he couldn't pay he would give a note for the amount. These his father cashed for him again and again, until it seemed as if the son were taking advantage of his aged

MUST CUT DISTRICTS.

The Baker Ballot Law Necessitates Dividing Polling Precincts.

HARD WORK FINDING BIG ROOMS.

The Late Voters May Find Themselves Left on the Outside.

MORE WORK FOR THE COMMISSIONERS.

The work of setting the machinery ready to put the Baker ballot law into operation will begin in Harrisburg on the 25th inst. Then the board appointed under Section 20 of the act of June 19, 1891, will meet in the Supreme Court room to examine and inspect such styles, samples and patterns of shelves, or compartments and guard-rails as may be submitted. At the same time the board will examine patterns of improved ballot boxes as may be submitted.

Must Construct Polling Places.

Philadelphia, Pittsburg and Allegheny City must be divided whenever at the next preceding election more than 200 voters shall have been polled in a district, and rooms must be provided large enough to be fitted up with voting shelves and guard-rails, in accordance with the requirements of the new law. Election districts containing 250 voters will require, if square, 15,245 feet, if not square, not less than 250 square feet of floor space, and districts containing more than 250 voters will require still larger rooms.

Over the ocean the prospect is but little more encouraging.

The fact that the open market for Great Britain, and every other country, which is of use to us. The big Republic already has treaties of commerce with Brazil, with Cuba, with Porto Rico and with San Domingo, and negotiations are in progress with many other nations. We have not only our home market, but we have the market of the great American continent, with Canada left out. Over the ocean the prospect is but little more encouraging.

FOR DYSPEPSIA.

Use Horford's Acid Phosphate.

Dr. Lorenzo Waite, Pittsfield, Mass., says: "From its use for a period of about eight weeks, to the satisfaction of all other remedies, I attribute the restoration to health of a patient who was emaciated to the last degree by the effects of chronic dyspepsia and dyspepsia. This patient's stomach was in such an irritable condition that he could not bear either liquid or solid food. An accomplished physician of many years' experience, whom I called in consultation, pronounced his case an incurable one. At this stage I decided to use Horford's Acid Phosphate, which resulted as above mentioned."

Reduced Gas Bills.

The only way in which gas bills can be reduced is by the use of gas saving stoves and gas light fixtures. Demmler Bros., 525 and 527 Smithfield street, Pittsburg, Pa., carry a large line of the very best gas stoves, ranging in price from \$3.50 to \$25 apiece, according to size and finish, and their gas light fixtures are very simple, cheap and easily put into operation.
